(*iii*) that all bottles shall bear a label or mark showing the name and address of the manufacturer.

NOTE.—The Medical Officer of Health will be the sole judge of whether a vessel or cistern is clean or not and in case of dispute in any matter pertaining to articles of food or drink as contained in these by-laws the decision of the Medical Officer of Health shall be final.

Washing and Bathing.

23. (*a*) No person shall wash any clothes or animals or bathe at any place on the fair ground other than that approved by the Medical Officer of Health and specified by the Committee and no person shall use such a place which is set apart for the use of the opposite sex or at times other than those specified by the Committee.

(*b*) No infected articles or clothes which have been used by or have come in contact with a person suffering from an infectious disease shall be washed at the public washing or bathing places unless they have been previously disinfected to the satisfaction of the Medical Officer of Health.

Conservancy and Health.

24. No person shall ease himself at any place on the fair ground other than that set apart for the purpose.

25. No person shall deposit refuse at any place on the fair ground other than that specified for the purpose.

26. The Medical Officer of Health may—

(*i*) fix places for the deposit of refuse, rubbish or other waste matter of any kind and give directions regarding the time at which and manner in which such refuse, rubbish or waste matter may be kept on any land or building or removed along any road or pathway ;

(*ii*) direct the owner or occupier of any land or building not to cause, or knowingly or negligently allow, any waste water to collect on any land or place not set apart for the purpose ;

(*iii*) arrange for the removal of filth, rubbish, manure, or other waste matter from any latrine, urinal, cesspool, or other receptacle for such matter ;

(*iv*) establish medical inspection posts in connection with the examination of travellers by rail and road and may also arrange for adequate accommodation for the isolation of cases of infectious diseases ;

(*v*) refuse entry to the fair ground to any person suspected to be suffering from any contagious disease and who refuses to allow himself to be examined

at any such examination post, or gives a false answer to any question addressed to him by the medical officer or official in charge of such post and who disobeys any order of such officer or official in respect of his removal to a hospital or his detention in a place set apart for the purpose.

(*vi*) order the removal of any person suffering or suspected to be suffering from any infectious disease to a suitable hospital and order all persons who have been in contact with a case of infectious disease to be isolated for a specified period ;

(*vii*) order the cleaning and disinfection of any land, building, drain, latrine, urinal, cesspool or any bedding, or clothing or any other article which is in his opinion infected or likely to carry infection ;

(*viii*) prohibit the letting of a house or building or part of a house or building which has not been disinfected to his satisfaction ;

(*ix*) prohibit the entrance into the fair ground of persons coming from a town, village or locality which is infected with cholera, plague, smallpox or any other communicable disease unless such persons submit to appropriate preventive inoculation.

27. It shall be the duty of the owner or keeper of a lodging house, hostel or serai to inform the Medical Officer of Health immediately of any case of illness on his premises.

28. Any licence issued under these by-laws may be cancelled by the Medical Officer of Health for a breach of any of the conditions of the licence. The decision of the Medical Officer of Health shall be final.

29. Any person who commits or abets the commitment of a breach of any of these by-laws except by-law 10 for which a penalty is prescribed separately shall, on conviction by a magistrate be punishable with a fine which may extend to rupees fifty and if the breach is a continuing breach with a further fine which may extend to rupees five for each day after the first during which the breach continues.

The 7th August, 1940.

No. 2821-C.-40/32601.—In pursuance of the provisions of sub-section (1) of section 121-A of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to extend the provisions of the said section to the Municipality of **Panipat**, in the Karnal district.

Small Towns.

The 7th August, 1940.

No. 3221-L. G.—Bds.-40/32550.—In exercise of the powers conferred by section 51 of the Punjab Small Towns Act, 1921, the Governor of the Punjab is pleased to make the following rules :—

RULES.

1. The Deputy Commissioner of Hoshiarpur district shall, in consultation with the Town Committee of Mukerian, cause to be prepared an accurate plan of the Small Town of Mukerian, drawn to a scale not less than one inch to fifty feet showing thereon all public streets and other immovable property vested in the Committee.

2. The Deputy Commissioner shall also cause to be prepared a ***khasra*** of the streets and other properties specified in rule 1 in form 'A' appended to these rules.

3. The Deputy Commissioner shall cause the plan and *khasra*, when ready to be published in such manner as he deems fit, together with a notice intimating a date not less than two months from the date of the notice by which objections from any person with regard to entries on the plan and *khasra* may be presented to the Revising Authority appointed under rule 5 and the time and place at which the plan and *khasra* may be inspected.

4. The Deputy Commissioner shall arrange to allow any person to inspect the plan and *khasra* during the hours and at the place specified in the notice on any day which is not a public holiday.

5. The Deputy Commissioner shall appoint an Assistant or Extra Assistant Commissioner on the district staff to be the Revising Authority for the purpose of hearing objections relating to the plan and *khasra*.

6. When the plan and *khasra* have been published under the provisions of rule 3, objections in respect of entries on the plan and *khasra* may be presented to the Revising Authority, appointed under rule 5, between the hours of ten o'clock in the morning and four o'clock in the afternoon of any day not being a public holiday of the period specified in the notice issued under rule 3 *ibid*.

7. The Revising Authority shall maintain a register of objections in form B in which he shall cause to be entered at the time of receipt particulars of every objection received.

8. Any person aggrieved by any order, which the Revising Authority may pass, may, within seven days from the date of such order, apply to the Deputy Commissioner for revision of the order; and the Deputy Commissioner, after giving notice to the parties concerned and hearing any representation which they may wish to make, may confirm it or set it aside, and pass such other orders with respect to the objection which he may deem fit.

9. After the objections, if any, have been disposed of, the Deputy Commissioner shall cause the plan and *khasra* to be corrected, if necessary, in accordance with the orders passed on the objections, and shall then have the amended plan and *khasra*, or a fresh copy of it, published for general information.

10. The original plan and *khasra* shall remain in the custody of the Deputy Commissioner, and a copy thereof duly certified by the Deputy Commissioner to be correct, shall be furnished to the Town Committee of Mukerian.

11. The Deputy Commissioner may employ such staff as is required for the preparation of the plan and *khasra* and the Town Committee of Mukerian, shall be liable for the cost of pay and other incidental expenses connected with the staff and the preparation of the documents mentioned above, and also for the cost of pay or any other expenditure connected with the appointment of the Revising Authority.

PART I—A.

Punjab Government Notifications and Orders.

LOCAL GOVERNMENT DEPARTMENT.

Committees.

The 10th August, 1940.

No. 2927-C.-40/33235.—The following bylaws made by the Municipal Committee of **Simla,** in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act are published for general information and shall come into force within the Municipality of **Simla,** on the 30th day of September, 1940, from which date Punjab Government notification No. 610, dated the 24th December, 1897, shall be deemed to be cancelled :—

BYLAWS.

1. For the purpose of these bylaws " stable " shall mean any place where horses, ponies or mules are kept ; and " cowhouse " shall mean any place where oxen (for hire) or milch cattle are kept.

2. No person shall use or permit to be used any premises or part of any premises as a stable or a cowhouse unless he has obtained a licence for such use from the Municipal Committee.

3. Licence for the use of any premises or part of any premises as a stable or cowhouse shall be issued on application, to the owner or occupier of such premises, by

the Medical Officer of Health on behalf of the Municipal Committee subject to the conditions detailed below :—

(a) The licensee shall not keep or permit to be kept in the licensed premises at any time any number of animals in excess of the number prescribed in his licence or of a description other than that specified in his licence.

(b) The licensee shall not permit any person to cook in the licensed premises or to use them for human habitation, provided that a certain number of attendants, to be specified in the licence, may be permitted to sleep on the licensed premises to prevent accidents among the animals.

(c) The licensee shall provide in some convenient place a receptacle or receptacles for dung, litter, etc. Such receptacle shall be of such form and of such material as the Medical Officer of Health may direct, and shall be of a capacity of not less than 1½ cubic feet for each animal kept on the premises.

(d) The licensee shall not kept on the licensed premises any litter or dung in such a situation or manner as to pollute or to be likely to pollute any drinking water.

Where litter is required for agricultural purposes a smooth impervious platform, preferably of cement concrete, or a pit of suitable size shall be built at least 100 feet away from the stable or cowhouse or from any human habitation, on which or in which the litter may be stacked preparatory to its being used as a manure.

(e) The licensee shall cause the licensed premises to be cleaned twice daily, before 9 A.M. and before 4 P.M. and to be washed down once every week. All litter, dung, rubbish, etc., must be removed to the receptacles provided in accordance with condition (c) above which should be cleaned twice daily or should be disposed of by burning, packing or burying, where the services of the municipal staff cannot be availed of.

(f) The licensee shall, if the premises to be used as a cowshed or stable are in an isolated place, and if so required by the Medical Officer of Health, provide an incinerator for the disposal of litter, rubbish, etc., of a type approved by the Medical Officer of Health.

(g) The licensee shall cause all the interior walls of the licensed premises to be limewashed at least twice yearly and more often if so required by the Medical Officer of Health.

(h) The licensee shall give every facility to any Officer appointed by the Committee in this behalf to inspect the licensed premises and the animals kept therein at any reasonable time.

(i) (1) The licensee shall inform the Medical Officer of Health, immediately it comes to his knowledge, of any outbreak of any infectious disease among the animals kept on the licensed premises and shall segregate the animals affected pending the orders of the Medical Officer of Health.

(2) In cases when the animals kept on the licensed premises are milch-cattle, the licensee shall cause such animals to be properly washed down at least once a week.

4. No licence for the use of premises as cowhouses or stables shall be issued unless such premises conform to the following conditions :—

(a) that the height of the premises is in no part less than 10 feet measured from the floor to the wall plates ;

(b) that the floor of the premises is at least 1 foot above the level of the open space or street on to which they open, is paved with some impervious material, at least 4½″ thick and is sloped away from the heads of the animals to be stabled with a gradient of not less than one in thirty ;

(c) that the premises are so situated as to admit of their being properly drained direct into a drain, cesspool or soakage pit set apart for the purpose ;

(d) that the premises are adequately lighted and ventilated.

(e) that there is no opening from the premises likely to permit of direct ventilation therefrom into any cooking place or places used for human habitation ; and

(f) that there is provided an adequately drained area equal to not less than one-seventh of the floor area of the premises, on which the cattle may be washed down or tethered during the day.

5. The Medical Officer of Health shall in every licence specify the description and prescribe the number of animals which may be kept in the licensed premises. The number prescribed shall be such that there shall be reserved for each animal a space of not less than 10 feet in length and 8 feet in breadth, such space being exclusive of any manger or any central or side drain.

6. Only one licence shall be granted in respect of any premises notwithstanding that such premises may be occupied by more than one animal.

7. Any building of smaller dimensions than those indicated in by-law 4 (a) and (b) above, and which is already licensed on the date on which these by-laws come into force, may continue to be used provided the committee are satisfied that the drainage and ventilation are adequate.

8. Any licensee who commits a breach of any of the conditions of his licence shall be liable to have such licence suspended or revoked.

9. Any person who commits a breach of bylaws 2 and 3 and any licensee who commits a breach of any of the conditions of his licence shall be liable on conviction by a Magistrate to a fine which may extend to fifty rupees and if the breach is a continuing breach, to a further fine which may extend to five rupees for every day after the first during which the breach continues.

The 12th August, 1940.

No. 3053-Cts.-40/33372.—Whereas the Municipal Committee of **Pakpattan**, in the Montgomery District consist of 12 members of whom ten are elected and two appointed.

And whereas it is expedient in the public interest to increase the number of seats as a temporary measure.

Now, therefore, in exercise of the powers conferred by clause (a), section 14 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to direct that the number of seats shall be increased by one with effect from the date of this notification and until the results of the next elections are notified.

And further, in exercise of the powers conferred by section 12 of the Punjab Municipal Act, 1911, and in pursuance of the proviso attached to that section, the Governor of the Punjab is pleased to direct that this one seat shall be filled by appointment and that the person so appointed shall remain in office until the results of the next elections are notified.

The 13th August, 1940.

No. 3217-C.-40/33597.—The following bylaws made by the Municipal Committee of **Jagraon**, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information and shall come into force within the Municipality of **Jagraon**, in the Ludhiana district on 28th September, 1940 :—

BYLAWS.

1. No person shall import into the Municipality or export therefrom any goods or animals liable to terminal tax, except by the routes on which barriers for the collection of terminal tax have been established by the Committee.

2. Any person who commits or abets the commission of a breach of bylaw No. 1 shall, on conviction by a Magistrate, be punishable with fine which may extend to fifty rupees, and if the breach is a continuing breach, with a further fine which may extend to five rupees for every day after the first during which the breach continues.

No. 3236-C.-40/35603.—With reference to the Punjab Government notification No. 2056-C.-40/25262, dated the 8th June, 1940, and in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to make the following amendment to the rules published with Punjab Government notification No. 23039, dated the 27th September, 1923, for the Municipality of **Jalalpur Jattan**, in the Gujrat district :—

RULES.

1. The Deputy Commissioner of Ludhiana shall, in consultation with the Municipal Committee of Jagraon, cause to be prepared an accurate plan of the Municipality of Jagraon drawn to a scale of not less than one inch to fifty feet, showing thereon all public streets and other immovable property vested in the Committee.

2. The Deputy Commissioner shall also cause to be prepared a *khasra* of the streets and other properties specified in rule 1 in form "B" appended to these rules.

3. The Deputy Commissioner shall cause the plan and *khasra*, when ready, to be published in such manner as he deems fit, together with a notice intimating the date not less than two months from the date of the notice by which objections from any person with regard to entries on the plan and *khasra* may be presented to the Revising Authority appointed under rule 5 and the time and place at which the plan and *khasra* may be inspected.

4. The Deputy Commissioner shall arrange to allow any person to inspect the plan and *khasra* during the hours and at the place specified in the notice on any day which is not a public holiday.

5. The Deputy Commissioner shall appoint an Assistant Commissioner or Extra Assistant Commissioner on the district staff to be the Revising Authority for the purpose of hearing objections relating to the plan or *khasra*.

6. When the plan and *khasra* have been published under the provisions of rule 3 objections in respect of entries on the plan and *khasra* may be presented to the Revising Authority, appointed under rule 5, between the hours of ten o'clock in the morning and four o'clock in the afternoon of any day of the period specified in the notice issued under rule 3, which is not a public holiday.

7. The Revising Authority shall maintain a register of objections in form A in which he shall cause to be entered at the time of receipt particulars of every objection received.

8. Any person aggrieved by any order, which the Revising Authority may pass, may, within seven days from the date of such order, apply to the Deputy Commissioner for revision of the order; and the Deputy Commissioner, after giving notice to the parties concerned and hearing any representation which they may wish to make, may confirm it or set it aside, and pass such other orders with respect to the objection which he may deem fit.

9. After the objections, if any, have been disposed of, the Deputy Commissioner shall cause the plan and *khasra* to be corrected, if necessary, in accordance with the orders passed on the objections, and shall then have the amended plan and *khasra*, or a fresh copy of it, published for general information.

10. The original plan and *khasra* shall remain in the custody of the Deputy Commissioner, and a copy thereof duly certified by the Deputy Commissioner to be correct, shall be furnished to the Municipal Committee of Jagraon.

11. The Deputy Commissioner may employ such staff as is required for the preparation of the plan and *khasra* and the Municipal Committee of Jagraon shall be liable for the cost of pay and other incidental expenses connected with the staff and the preparation of the documents mentioned above, and also for the cost of pay or any other expenditure connected with the appointment of the Revising Authority.

BY-LAWS.

1. In these by-laws—

(*a*) "Adulterated" when applied to banaspatine or charbini means mixed or diluted with any substance of lower commercial value than banaspatine or charbini, as the case may be ;

(b) "adulterated ghi" means ghi mixed or diluted with any substance other than banaspatine or charbini of lower commercial value than pure ghi;

(c) "banaspatine" means any article of food, whether mixed with ghi or not, which resembles ghi, but is derived from vegetable fat and contains no animal fat other than milk fat;

(d) "charbini" means any article of food, whether mixed with ghi or not, which resembles ghi or banaspatine, but contains animal fat other than milk fat; and

(e) "ghi" means ghi obtained entirely from milk fat.

2. (i) No person shall sell ghi, either wholesale or retail, or import ghi for sale, either wholesale or retail, except under a licence granted by the Notified Area Committee in this behalf.

(ii) No person shall sell, wholesale or retail, banaspatine or charbini in premises not licensed by the Notified Area Committee in this behalf.

(iii) No person shall sell sweetmeats, cakes or other food prepared with banaspatine or charbini in premises not licensed by the Notified Area Committee in this behalf.

3. No premises licensed for the sale of ghi shall be licensed also for the sale of banaspatine or charbini or of sweetmeats, cakes or other food prepared with banaspatine or charbini.

4. Subject to the provisions of by-law 2, licences for premises to be used for the sale of ghi or for the sale of banaspatine and charbini or for the sale of sweetmeats, cakes or other food prepared with banaspatine or charbini, shall be issued free of charge by the Secretary of the Notified Area Committee on the application of the owner or occupier of such premises in Form 'A' and shall be granted on the following conditions :—

(a) that the licensee shall not sell adulterated ghi, or adulterated banaspatine or charbini, or sweetmeats, cakes or other food prepared with adulterated ghi, banaspatine or charbini ;

(b) that the licensee shall not sell banaspatine or charbini or sweetmeats, cake or other food prepared therewith, in premises which have been licensed for the sale of ghi, or *vice versa* ;

(c) that the licensee shall not sell any article under the name of ghi, or any equivalent term with or without the addition of any other word to such name unless such food is derived solely from milk fat ;

(d) that the licensee shall not sell any ghi or banaspatine or charbini, or use in the preparation of sweetmeats, cakes or other food any ghi or banaspatine or charbini obtained from a place from which the import of ghi or of banaspatine or charbini, as the case may be, has, under any general or special declaration notified to the licensee, been declared by the Medical Officer of Health or the Committee to be dangerous to the public health ;

(e) that the licensee shall keep ghi, banaspatine or charbini exposed for sale in clean covered vessels ;

(f) that the licensee shall keep all sweetmeats, cakes and other food exposed for sale under such covers as will prevent the articles from being contaminated by flies or other insects ;

(g) that the licensee shall not keep any ghi, banaspatine or charbini intended for sale in any place used for cooking or sleeping purposes ;

(h) that the licensee shall display at the licensed premises a sign board containing a notice in English, Urdu, Hindi or Gurmukhi characters indicating whether the premises are licensed for the sale of ghi, or for the sale of banaspatine and charbini, or for the sale of sweetmeats, cakes or other food prepared with banaspatine or charbini ;

(i) that the licensee shall display on every package or other vessel of banaspatine or charbini, exposed for sale by retail in such manner as to be clearly visible to the purchaser, a label measuring at least 4″×4″ (inches) marked banaspatine or charbini, as the case may be, in red letters on a white ground in Urdu, Hindi, Gurmukhi or English ;

(j) that the licensee shall display on every utensil on or in which sweetmeats, cakes or other articles of food prepared with banaspatine or charbini are exposed for sale by retail, a label measuring at least 4" × 4" (inches) setting forth in red letters on a white ground that the sweetmeats, cakes or other articles have been prepared with banaspatine or charbini, as the case may be ; and

(k) that the licensee shall at all reasonable times permit the Secretary or any member or officer of the Notified Area Committee authorised in this behalf to inspect the licensed premises without notice and take for examination samples of ghi or of banaspatine or charbini sold by him.

5. Licences to import ghi for sale may be issued free of charge by the Secretary to persons applying therefor and shall be granted subject to the following conditions :—

(a) that the licensee shall not import ghi from any place from which the import of ghi has, under any general or special declarations notified to the licensee, been declared by the Medical Officer of Health to be dangerous to the public health ;

(b) that the licensee shall import ghi only in clean covered vessels ;

(c) that the licensee shall not import adulterated ghi into the Notified Area for sale.

6. Any person who commits a breach of any of these by-laws or any licensee who commits a breach of any condition of the licence granted to him under these by-laws, shall, on conviction by a magistrate, be punishable with fine which may extend to fifty rupees and if the breach is a continuing breach, with a further fine which may extend to five rupees for every day after the first during which the breach continues, and in addition any licensee who commits such a breach of any conditions of such a licence shall be liable to have his licence suspended or revoked.

No. 3340-C.-40/33720.—The following by-laws made by the Municipal Committee **Kasur** in the Lahore district in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab as required by section 201 of the said Act, are published for general information, and shall come into force within the Municipality of **Kasur** on the 30th day of September, 1940 from which date Punjab Government Notification No. 27937, dated the 17th December, 1919 shall be deemed to be cancelled.

BY-LAWS.

1. The Municipal Committee shall establish one or more registration offices for the registration of births and deaths within the limits of the Kasur Municipality and may, by public notice, prescribe the office at which the reports of births and deaths occurring

in specified portions of the Municipality are to be made in accordance with these by-laws. The officer in charge of any such registration office shall be termed Municipal Registrar.

2. Every report of a birth required to be made under these by-laws shall contain the following particulars which shall be entered in a register to be kept for the purpose by the Municipal Registrar, that is to say—

(*a*) the date of the birth ;

(*b*) the sex of the child ;

(*c*) the name of the father and of the grandfather ;

(*d*) the residence of the father ;

(*e*) the occupation, caste and religion of the father ;

(*f*) the name of the person making the report and the date of his report ;

(*g*) the name of the child;

(*h*) the name of the *dai* or midwife, if any, who attended the mother at the time of the birth.

Provided that—

(*i*) in the case of an illegitimate child, the Municipal Registrar shall not enter in the register the name of any person as father of the child save at the joint request of the mother and of the person acknowledging himself to be the father. If an entry of the father's name has been made in accordance with such a joint request, the entry shall be countersigned by the person acknowledging himself to be the father. If no such joint request is made, the name, residence and caste of the mother shall be entered in place of the name, residence and caste of the father. In all such cases a note shall be made in the register to the effect that the child is illegitimate ; and

(*ii*) if the name of the child is not known when the report is made, the person reporting the birth, or, if he is dead, the father of the child, or, if the father is dead or the child illegitimate, the mother of the child, or, if both the father and the mother of the child are dead, the person in whose keeping the child is, shall, within three months of the birth, report the name of the child to the Municipal Registrar.

3. (1) Every report of the occurrence of a death required to be made under these by-laws shall contain the following particulars which shall be entered in a register to be kept for the purpose by the Municipal Registrar, that is to say—

(*a*) the date of the death ;

(*b*) the name of the deceased ;

(*c*) the name of the father, or, if the deceased was a married woman, of the husband of the deceased ;

(*d*) the sex of the deceased ;

(*e*) the age of the deceased ;

(*f*) the occupation, caste and religion of the deceased ;

(*g*) the residence of the deceased ;

(*h*) the cause of the death.

(*i*) the name of the person making the report, and the date of his report.

(2) In the case of the death of a European, the person reporting the death shall also, if possible, furnish the certificate of a medical practitioner of the cause of the death.

4. Any person reporting a birth or death may attest by his signature or thumb-impression the entry relating to such birth or death made in the register by the Municipal Registrar.

5. Every report of a birth or death required by these by-laws may be made verbally or in writing.

6. The officer in charge of a jail, lock-up, work-house, lunatic asylum, Government or Municipal hospital, college or school or any other Government or Municipal institution shall report to the Municipal Registrar the occurrence of any birth or death within the institution of which he is in charge, not later than four days from the date of such occurrence.

7. Every person in charge of a private hospital, orphanage *serai*, *dharamsala*, hotel, lodging house or other such institution shall report to the Municipal Registrar the occurrence of any birth or death within the institution of which he is in charge not later than four days from the date of such occurrence.

8. In the case of a birth or death not governed by by-law 6 or 7, a report of its occurrence shall be made within four days to the Municipal Registrar by the head of the household in which such birth or death has occurred or by any adult member or servant of such household.

9. In the case of a birth of which, for any reason, a report cannot be furnished by the head of a household or any adult member or servant of a household, the midwife or *dai* attending at such birth shall, within four days, report the occurrence of such birth to the Municipal Registrar.

10. Every customary or other sweeper shall report the occurrence of every birth and death which occurs within the premises in which he works within four days, of such occurrence to the Sanitary Jamadar of the ward in which such premises are situated, provided that no such report need be made by any sweeper working in any Government or Municipal institution in respect of births or deaths occurring in such institutions.

11. Every medical practitioner who has been in attendance during the last illness of any person dying within the Municipal limits shall report the death of such person within four days of the date of death to the Municipal Registrar, provided that if such person has died of any disease which is defined as an infectious disease, or has been notified as an infectious disease by the Provincial Government under section 3 (7) of the Punjab Municipal Act, 1911, such medical practitioner shall report such death immediately.

12. Every person finding a living new-born child exposed, and every person in whose charge such a child may be placed, shall, within eight days of the finding of such child, report the fact to the Municipal Registrar, and shall at the same time to the best of his ability, furnish the particulars specified in by-law 2.

13. If a dead body is found exposed, the officer in charge of the Police Station within whose jurisdiction such body is found shall, within eight days of the finding of such body, report the fact to the Municipal Registrar, and shall at the same time, to the best of his ability, furnish the particulars specified in by-law 3, together, if possible, with a certificate of the Assistant Surgeon Kasur as to the cause of death.

14. Every person reporting a birth or death under these by-laws shall, at the time of report, be given free of charge, a copy of the entry made by the Municipal Registrar in respect of each birth or death.

15. Any person may inspect a register of births or deaths on payment of a fee of one rupee, and shall be entitled to receive a certified copy of any entry in a birth or death register on payment of a fee of eight annas; provided that in cases where insufficient or incorrect information is supplied by an applicant, a further fee of four annas may be charged in respect of every year for which the registers have to be searched and a deposit sufficient to cover charges likely to be incurred under this proviso may be demanded before search is made. Any balance shall be refunded ; and if the entry in question cannot be found, the deposit shall be refunded in full less eight annas.

16. Any clerical error, which may at any time be discovered in any register of births or deaths, may be corrected, in red ink, by the President or the Executive Officer of the Committee or by the Municipal Registrar.

17. Any error of fact or substance in any register of births or deaths may be corrected, in red ink, by the President, or the Executive Officer of the Committee provided that—

(*a*) the Committee may, with the previous sanction of the Commissioner, of the division assign the duty of making such corrections to some other officer, and

(*b*) if any application is made for a correction in a birth or death register, the officer making such correction shall first satisfy himself that the correction to be made is a genuine one. Any corrections made shall be signed in full by the correcting officer.

18. No person shall wilfully destroy or injure, or cause to be destroyed or injured any register of births, or deaths, or shall wilfully insert, or cause to be inserted, in any such register or certified copy thereof, any false entry with regard to any birth or death, and no Municipal Registrar shall, without reasonable cause, refuse or omit to enter in a register of births or deaths any birth or death which has been duly reported to him.

19. Any person who commits a breach of by-laws 7, 8, 9, 10, 11, 12, or 18 shall, on conviction by a magistrate, be punishable with a fine which may extend to fifty rupees.

RAM CHANDRA,

Secretary to Government, Punjab,
Medical and Local Government Departments.

Committees.

The 6th August, 1940.

No. 7134.—It is notified that in pursuance of the provisions of sub-section 1 of section 50 of the Punjab Municipal Act, 1911, I hereby make an order surcharging the following members or *ex*-members of the Municipal Committee, **Ludhiana**, to the extent mentioned against their names, on account of the loss sustained by the said committee in connection with the terminal tax refund case of L. Ram Nath, which was rejected by the Committee in pursuance of its resolution No. 1574, dated the 29th March, 1938 :—

BYE-LAWS.

1. The Municipal Committee shall establish one or more registration offices for the registration of births and deaths within the limits of the Municipality, and may, by public notice, prescribe the office at which the reports of births and deaths occurring in specified portions of the Municipality are to be made in accordance with these by-laws. The officer in charge of any such registration office shall be termed Municipal Registrar.

2. Every report of a birth required to be made under these by-laws shall contain the following particulars which shall be entered in a register to be kept for the purpose by the Municipal Registrar, that is to say :—

(a) the date of the birth ;
(b) the sex of the child ;
(c) the name of the father and of the grandfather ;
(d) the residence of the father ;
(e) the occupation, caste and religion of the father ;
(f) the name of the person making the report and the date of his report ;
(g) the name of the child :

provided that—

(i) in the case of an illegitimate child, the Municipal Registrar shall not enter in the register the name of any person as father of the child save at the joint request of the mother and of the person acknowledging himself to be the father. If any entry of the father's name has been made in accordance with such a joint request, the entry shall be countersigned by the person acknowledging himself to be the father. If no such joint request is made, the name, residence and caste of the mother shall be entered in place of the name, residence and caste of the father. In all such cases a note shall be made in the register to the effect that the child is illegitimate ;

(ii) if the name of the child is not known when the report is made, the person reporting the birth or, if he is dead, the father of the child, or if the father is dead or the child illegitimate, the mother of the child or, if both the father and the mother of the child are dead, the person in whose keeping the child is, shall, within 3 months of the birth, report the name of the child to the Municipal Registrar.

3. The Municipal Registrar entering in the register prescribed in by-law 2 the particulars required by that by-law shall enquire from the person reporting the birth the name of the midwife (dai), if any, who attended the mother at the time of the birth, and if the name is given, shall enter it in the register.

4. (1) Every report of the occurrence of a death required to be made under these by-laws shall contain the following particulars which shall be entered in a register to be kept for the purpose by the Municipal Registrar, that is to say :—

(a) the date of the death ;
(b) the name of the deceased ;
(c) the name of the father, or if the deceased was a married woman, of the husband of the deceased ;
(d) the sex of the deceased ;
(e) the age of the deceased ;
(f) the occupation, caste and religion of the deceased ;
(g) the residence of the deceased ;
(h) the cause of the death ;
(i) the name of the person making the report and the date of his report.

(2) In the case of the death of a European, the person reporting the death shall also, if possible, furnish the certificate of a medical practitioner showing the cause of death.

(3) When a child under one year of age dies the registers of births and deaths should be cross-referenced, the serial number of the former being entered in the latter and *vice versa*.

5. Any person reporting a birth or death may attest by his signature or thumb-impression the entry relating to such birth or death made in the register by the Municipal Registrar.

6. Every report of a birth or death required by these by-laws may be made verbally or in writing.

7. The officer-in-charge of a jail, lock-up, workhouse, lunatic asylum, Government or Municipal hospital, college or school or any other Government or Municipal institution, shall report to the Municipal Registrar, the occurrence of any birth or death within the institution of which he is in charge not later than 4 days from the date of such occurrence.

8. Every person in charge of a private hospital, orphanage, *sarai*, *dharamsala*, hotel, lodging house or other such institution, shall report to the Municipal Registrar the occurrence of any birth or death within the institution of which he is in charge not later than 4 days from the date of such occurrence.

9. In the case of a birth or death not governed by by-law 7 or 8 a report of its occurrence shall be made within 4 days to the Municipal Registrar by the head of the

household in which such birth or death has occurred or by any adult member or servant of such household.

10. In the case of a birth of which, for any reason, a report cannot be furnished by the head of a household or any adult member or servant of a household, the mid-wife, or *dai* attending at such birth shall within 4 days, report the occurrence of such birth to the Municipal Registrar.

11. Every medical practitioner, who has been in attendance during the last illness of any person dying within the municipal limits shall report the death of such person within 4 days of the date of death to the Municipal Registrar, provided that if such person has died of any disease which is defined as an infectious desease, or has been notified as an infectious disease by the Provincial Government under clause (7) of section 3 of the Punjab Municipal Act, 1911, such medical practitioner shall report such death immediately.

12. Every customary or other sweeper shall report the occurrence of every birth and death which occurs within the premises in which he works within 4 days of such occurrence to the Sanitary Inspector of the ward in which such premises are situated provided that no such report need be made by any sweeper working in any Government or municipal institution in respect of births or deaths occurring in such institutions.

13. Every person finding a living new-born child exposed, and every person in whose charge such child may be placed, shall, within 8 days of the finding of such child, report the fact to the Municipal Registrar, and shall, at the same time to the best of his ability, furnish the particulars specified in by-law 2.

14. If a dead body is found exposed, the officer-in-charge of the police station within whose jurisdiction such body is found shall, within 8 days of the finding of such body, report the fact to the Municipal Registrar, and shall, at the same time, to the best of his ability, furnish the particulars specified in by-law 4, together, if possible, with a certificate of the Civil Surgeon showing the cause of death.

15. Every person reporting a birth or death under these by-laws shall be given free of charge, a copy of the entry made by the Municipal Registrar in respect of such birth or death.

16. Any person may inspect a register of births or deaths on payment of a fee of one rupee, and shall be entitled to receive a certified copy of any entry in a birth o. death register on payment of a fee of one rupee, provided that in cases where insufficient or incorrect information is supplied by an applicant a further fee of 4 annas may be charged in respect of every year for which the register has to be searched, and a deposit sufficient to cover charges likely to be incurred under this proviso may be demanded before search is made. Any balance shall be refunded and if the entry in question cannot be found, the deposit shall be refunded in full less eight annas.

17. (1) Any clerical error which may at any time be discovered in any register of births or deaths may be corrected in red ink, by the President of the Municipal Committee, or by the Municipal Registrar.

(2) Any error of fact or substance in any register of births or deaths may be corrected in red ink by the President of the Municipal Committee :—

Provided that :—

(*a*) the Municipal Committee, may, with the previous sanction of the Commissioner, assign the duty of making such corrections to some other officer, and

(*b*) if any application is made for a correction in a birth or death register, the officer making such correction shall first satisfy himself that the correction to be made is a genuine one.

(3) Any corrections made shall be signed in full by the correcting officer.

18. No person shall wilfully destroy or injure or cause to be destroyed or injured any register of births or deaths or shall wilfully insert or cause to be inserted in any such register or certified copy thereof any false entry with regard to any birth or death, and no Municipal Registrar shall without reasonable cause, refuse or omit to enter in a register of births or deaths any birth or death which has been duly reported to him.

19. Any person who commits a breach of by-laws 8, 9, 10, 11, 12, 13 or 18, shall, on c nviction by a magistrate, be punishable with a fine which may extend to fifty rupees.

The 26th August, 1940.

Water borne Sanitary installation.

"Water-borne sanitary installation" shall mean any urinal, latrine, water closet apparatus, slop sink or other similar fitting, the solid or liquid filth from which is intended to be discharged by a flush of water, and shall include all manholes, traps, gullies, soil pipes, waste pipes, ventilatting pipes and drains connecting the water-borne sanitary installation to a public sewer or to a septic tank or other treatment or disposal work into which such drains may lawfully empty.

"Water-borne sanitary installation" shall also includs any septic tank, absorption pit or other treatment or disposal work, if provided on the premises, or intended so to be, to deal with or dispose of the liquid or solid filth or waste liquids from the said water-borne sanitary installation.

If the waste liquids from any other fitting or apparatus such as lavatory basin, bath, or sink are discharged or intended to be discharged into the pipes or drains of any water-borne sanitary installation, such fitting or apparatus together with the pipes, connections, traps, gullies, drains and all other parts thereof shall be considered to be a part of such water-borne sanitary installation.

The term "water-borne sanitary installation" shall also include any and every addition to, partial construction, entire or partial reconstruction or alteration of a water-borne sanitary installation in any existing or new building or in any other premises as above defined.

Drainage installation.

"Drainage Installation" shall mean any drain, channel, gutter or pipes intended to collect, convey or dispose of rain water, storm water, seepage water or waste liquids (not being waste liquids discharged into a water-borne Sanitary installation). It shall also include all fittings and apparatus such as lavatory basins, baths or sinks, the waste liquids of which are discharged into any such drain, channel or pipes together with the pipes, connections, traps, gullies and all other parts thereof.

"Drain" unless otherwise particularised as a "*storm water drain*", "*rain water drain*", "*surface drain*", or "*subsoil water drain*", shall mean any conduit or pipe intended and used for the conveyance of the solid and liquid filth or waste liquids of any premises and made for the purpose of communicating therefrom with a septic tank, absorption pit, treatment works, or other place of disposal or with another drain, or with a sewer; such drain being the property, not of the Committee or of any other public authority responsible for the disposal of such solid and liquid filth or waste liquids, otherwise known as sewage but of the owner of the premises with which the drain communicates.

"Storm water drain" or "rain water drain."

"*Storm water drain*" or *rain water drain*" shall mean any channel or conduit, whether within private premises or public land, intended exclusively for the conveyance of rain water or storm water.

"Surface drain".

"*Surface drain*" shall mean any open channel, whether within private premises or public land, intended exclusively for the conveyance of water and waste liquids other than solid and liquid excremental filth.

"Subsoil water drain."

"*Subsoil water drain*" shall mean any conduit or pipe intended and used exclusively for the drainage of the subsoil under any building or premises.

"Sewer."

"*Sewer*" shall mean any conduit or pipe provided for the conveyance of the solid and liquid filth and waste liquids of a community, otherwise known as sewage; such conduit or pipe being the property of or vested in the Committee or other public authority responsible for the disposal of such sewage.

If the sewage of two or more premises is discharged into one common drain which is connected to any sewer, the common drain becomes a sewer.

Secretary or Engineer to act for Committee.

2. Where under these bylaws, any act is required or authorised to be done or permission given by the Committee, the same may be done or given on behalf of the Committee by the Secretary or Engineer or other authorised officer or servant and where under any such bylaw, notice is required to be given by the Committee, the same shall be sufficiently authenticated if signed by the Secretary or other officer or servant authorised by a resolution of the Committee.

Engineer and Medical Officer of Health to be sole judges.

3. The Engineer and the Medical Officer of Health shall be the judges of the adequacy of the means taken to comply with any of these bylaws. The Engineer shall be the sole judge of the suitability of the materials and the quality of the workmanship. He shall have power with the concurrence of the Medical Officer of Health to give in any case, permission in writing, allowing the use of materials other than those specified, if he considers them to be equally suitable and efficient.

Notices and deposit of plans and particulars.

No water-borne sanitary installation or drainage installation may be carried out without prior sanction of the Committee.

4. No person shall instal or carry out any water-borne sanitary installation or drainage installation or any works in connection therewith in any existing or new building or in any other premises without obtaining previous sanction under section 193 of the Act.

Notice of intention to construct or alter.

5. (1) Every person who intends or is required to instal or carry out any water-borne sanitary installation or drainage installation or any works in connection therewith in any existing or new building or on any other premises shall give notice in writing of such intention as prescribed in section 189 of the Act and the bylaws framed thereunder.

Deposit of plans.

(2) He shall deposit together with such notice, plans and sections in duplicate clearly and indelibly made on a durable material to a scale of not less than one inch to every eight feet (which shall be clearly marked on each drawing) and shall amongst other things show thereon every floor of every building in connection with which such water-borne sanitary installation or drainage installation is to be used and the position, form, levels and arrangements of the several parts of such building including the roof thereof and the size and position of every drain, manhole, gully, soil pipe, waste pipe, ventilation pipe and of any drain passing under such building, and the position of every bath, water-closet, slop sink, latrine, urinal, lavatory basin or other sink or trap in connection there with and the position, form and dimensions of every septic tank, absorption pit or other disposal or treatment works proposed to be installed in connection with the foregoing. He shall also show thereon the positions and sizes of all water tanks, or reservoirs intended to be used in connection with the building. He shall also show thereon the position of all windows and other openings into the building and the height and position of all chimneys belonging to the building within a distance of 20 feet from the open end of a soil pipe or ventilating pipe.

Deposit of detailed description in writing.

(3) He shall at the same time, deposit in duplicate with the Secretary a written statement giving the name of the Engineer or architect under whose supervision the proposed water-borne sanitary installation or drainage installation will be executed and of the contractor who will construct the work; also a detailed description in writing of the intended mode of construction, joining and fixing of the water-borne sanitary installation or drainage installation including the drains, manholes, gullies, pipes, baths, water-closet apparatus, sinks, urinals, lavatory basin apparatus, traps, septic tanks, absorption pits and treatment or disposal works, if any, proposed in connection therewith and of the arrangements and methods intended for treatment and disposal of the effluent; also of the source, storage, distribution and adequacy of the water supply for the building with particulars of quantity of water to be made available and the pressure thereof.

Deposit of Block Plan.

(4) He shall also at the same time, deposit in duplicate with the Secretary a block plan showing the premises upon which such building is built or is intended to be constructed, with the general arrangement of the water-borne sanitary installation or drainage installation including the external drains and sewers, latrines, septic tanks and other treatment and disposal arrangements, if any, proposed to be carried out in connection therewith, drawn to a scale of not less than one inch to every 40 feet (which shall be clearly indicated thereon), and he shall show thereon—

(a) the block plan of the whole of the buildings on the said premises with the percolation wells, tube-wells, yards, gardens or other open spaces belonging thereto; and if it is intended to treat or dispose of any sewage

effluent on the said premises by septic tank, absorption pit, subsoil irrigation or by any other treatment or disposal works, the block plan of so much of the properties adjacent thereto as may lie within 250 feet distance of any part of the boundaries of the said premises with its yards, gardens and other open spaces belonging thereto ;

(b) the streets, lanes and thoroughfares adjacent to the said premises with their designations ;

(c) the difference in level between the lowest floor of the said buildings and the adjoining street levels ;

(d) the levels of the yards, grounds and open spaces belonging to the said premises ;

(e) the alignments, sizes, depths and slopes of the proposed drains and, so far as can be ascertained, the alignments, sizes, depths and slopes of the existing drains, if any, and if such proposed or existing drains be in connection with the building, the arrangements for ventilation of the same, the existing pipes and drains and the proposed pipes and drains to be distinctly indicated by different colours ;

(f) the position of every existing or proposed manhole or access chamber, gully, junction, bend, intercepting trap or connection thereto ;

(g) the position of every existing or proposed septic tank, absorption pit, cesspool and other treatment or disposal works, if any, with the land occupied thereby ;

(h) the points of the compass.

Provided that it shall not be necessary to deposit a block plan in any case where the particulars required to be shown on the block plan are shown on the detailed plans hereinbefore required.

Approval or disapproval of plans, etc.

6. (1) The Committee, within 60 days after the deposit of the notice and plans and sections required, shall signify in writing to the person who gave such notice whether such plans and sections are approved.

Engineer and Medical Officer of Health to be consulted.

(2) Before such approval or disapproval is signified to the person who gave such notice, both the Engineer and the Medical Officer of Health shall have signified their approval or disapproval of the proposals in writing and such approval or disapproval shall have afterwards been passed by the Committee.

Committee may direct that alterations, etc., shall be made.

(3) The Committee may direct such person to make any alterations or improvements which appear to be necessary or desirable and the person shall thereupon alter the plans and sections accordingly.

One copy of plans to be returned, and to be kept at site of works.

(4) When the plans and sections have been approved, one copy thereof shall be returned to the person and one copy shall be retained by the Committee. One copy of the plans and sections approved by the Committee shall be kept at the site of the work at all times when the work is in progress and such plans and sections shall be available at all times for the inspection of any officer authorized by the Committee in that behalf.

Commencement of work

(5) The work may then be proceeded with, except such portions thereof as may be reserved by the Committee for final connection with any sewer or any storm water or surface drain vested in the Committee. Provided that if such work is not commenced within one year from the date of notice of the approval of such plans, such approval shall be deemed to be cancelled.

Unlawful commencement of work.

7. Every person, who without first obtaining the consent of the Committee in writing, commences any such work before the plans and sections have been approved, shall be liable to a penalty as specified in bylaw 62.

Notices regarding works and inspections.

Notice of covering up work.

8. Every person who carries out any water-borne sanitary installation or drainage installation or any works in connection therewith for any existing or new building or in any other premises shall, before proceeding to cover up any foundations, drains, absorption pits, subsoil irrigation pipes, septic tanks and other appliances connected with the installation, give the Engineer notice in writing that such foundations, drains, absorption pits, subsoil irrigation pipes, septic tanks and other appliances connected with the installation are ready for inspection and specify the date and hour on which he will proceed to cover up such foundations, drains, absorption pits, subsoil irrigation pipes, septic tanks, and other appliances and such notice shall be in a form of which printed copies, with the necessary blanks may be

obtained on payment of such fee as may from time to time be prescribed by the Committee on application at the Committee's office and he shall cause such notice to be delivered at the Committee's office at least four clear days before the date specified thereon.

Notice of completion.

9. Every person who carries out any water-borne sanitary installation or drainage installation or any work in connection therewith for any existing or new building or in any other premises shall give the Engineer notice in writing specifying the date and hour at which such work will be ready for final inspection and, if required, for connection with any existing sewer, or storm water or surface drain vested in the Committee, and such notice shall be in a form, of which printed copies with the necessary blanks may be obtained by payment of such fees as may from time to time be prescribed by the Committee on application at the Committee's office, and he shall cause such notice to be delivered at the Committee's office at least seven clear days before the date specified therein.

Connection with sewer and taking water-borne sanitary installation or drainage installation into use

10. No connection of any drain to any sewer or storm water or surface drain vested in the Committee shall be made nor shall any water-borne sanitary installation or drainage installation or any part thereof be taken into use, until and unless a certificate has been issued by the Engineer that the said water-borne sanitary installation or drainage installation as a whole, has been satisfactorily completed in compliance with all of the requirements of the Committee.

If in any case, it is considered necessary by the Engineer, such connection to a sewer or a storm water or surface drain vested in the Committee shall be made by duly authorised officers of the Committee and in such a case the application for the connection shall be accompanied by a copy of the said certificate and the deposit of such sum of money as the Engineer may demand to meet the cost of the connection before the connection is made.

Inspection.

11. Every person by or for whom any water-borne sanitary installation or drainage installation or any works in connection therewith is carried out for any existing or new building or in any other premises shall at all reasonable times afford any duly authorised officer of the Committee free access to such water-borne sanitary installation or drainage installation or work in connection therewith for the purpose of inspection. The Engineer shall see that the principles of the bylaws adopted by the Committee are carried out but no such supervision shall be deemed to relieve the owner of the building or his engineer, architect or plumber from the duty of taking due care in the execution of the work and providing good and sufficient materials and workmanship. The Medical Officer of Health shall point out to the Engineer any instance which comes to his notice, in which any work has been improperly constructed.

Minor alterations in case of emergency.

12. In any case in which a minor alteration to a water-borne sanitary installation or drainage installation must be carried out at once, every person who is about to carry out such alteration, shall in lieu of depositing the plans, sections and particulars referred to in the foregoing bylaws, forthwith send to the Engineer a notice in writing of any such proposed alteration. He shall also within fourteen days of the commencement of such alteration, make the deposits required by these bylaws.

Water supply.

Adequacy of water supply and of the pressure thereof.

13. Every person who shall propose to construct or instal a water-borne sanitary installation or carrying out any work in connection therewith for any existing or new building or in any other premises shall, before he shall commence the construction thereof, provide to the satisfaction and approval of the Engineer and the Medical Officer of Health a full, adequate, constant and reliable water supply for the said building or buildings or other premises at a rate of not less than twenty five gallons per head of maximum population occupying the said building or buildings per diem and at a hydraulic pressure equivalent to not less than the height of the main roof of the said buildings or buildings above ground level.

Maintenance of water-borne sanitary installation and drainage installation in state of repair and in working order.

Maintenance of sanitary installation and drainage installation.

14. (1) The owner or the occupier of any premises, shall maintain in a proper state of repair, maintenance and working order, and otherwise in a clean, sanitary condition at all times, the whole of the water-borne sanitary installation and drainage installation relating to the said premises.

(2) He shall arrange for all subsoil irrigation pipes, if any, on the said premises to be inspected periodically and shall cause them to be kept and maintained at all times clean and free in the bore from humus and all solid matter. He shall cause all the land over such subsoil irrigation pipes to be dug up or ploughed at intervals not exceeding six months, and to be cultivated continuously as a garden to the satisfaction of the Medical Officer of Health.

Subsoil irrigation works.

(3) He shall maintain all absorption pits, if any, on the said premises at all times in a clean and efficient condition free from nuisance and in working order. He shall cause the filtering media of every such absorption pit to be removed, cleaned and replaced and all solid matter to be removed therefrom and disposed of to the approval and satisfaction of the Medical Officer of Health whenever required for the efficient working of the absorption pit, and under any circumstances at least once in every year.

Absorption pits.

(4) He shall maintain and keep every septic tank if any, on the said premises at all times in a clean and efficient condition and free from nuisance. He shall cause the solid deposits to be removed from every such septic tank periodically or when required by the Medical Officer of Health or the Engineer, and under any circumstances at least once in every year, without interfering with the efficient working of the water-borne sanitary installation as a whole and shall dispose of the same without nuisance to the satisfaction of the Medical Officer of Health.

Septic tanks.

15. All drains with the septic tanks and disposal and treatment works thereof, if any, from single premises, or from a number of premises, shall be maintained and kept in proper order by the owner or the occupier of such premises at all times. Provided that in the event of one or more of such premises being sold to a different owner, the drain from such combined premises, with the septic tank and disposal and treatment works thereof, if any, shall be repaired, maintained and kept in proper working order by the respective owners or occupiers of such premises.

Maintenance of drains.

16. The owner and the occupier of any permises shall give any duly authorised officer of the Committee every facility to inspect the same at all reasonable hours of the day. Such officer may be required on such occasions to produce reasonable evidence as to his authorization.

Inspection of premises.

17. Whenever the Medical Officer of Health finds on inspection that any water-borne sanitary installation or drainage installation is obstructed, action may be taken under Section 126 and Chapter XI of the Act.

Removal of obstructions.

Storm Water Drainage.

18. (1) Every person by or for whom any water-borne sanitary installation or drainage installation or work in connection therewith for a new or existing building or in any other premises is laid out, fixed or constructed or intended so to be, shall make proper provision for the drainage of every building and premises and shall deal with the rain and surface water separately from the sewage, except to such extent as he may be required by orders in writing from the Engineer to divert the first washings of rain water from courtyards and paved open spaces into the sewers.

Provision of storm water drains.

(2) He shall provide rain water drains and shall divert all rain and surface water (except, if required, by the Engineer, the first washings from courtyards and paved open spaces) into them and away from any opening or inlet communicating with any sewer or with any septic tank, absorption pit or other treatment and disposal works and he shall further provide and maintain such kerbs or other appliances as may be necessary to restrict all rain water (except, if required, the first washings aforesaid) to rain water drains, which shall discharge at a point approved by the Engineer.

(3) He shall provide all roofs of houses or other buildings with such efficient gutters of iron, zinc or other suitable material, and rain water pipes of iron, or zinc as may be necessary to collect the rain water and to discharge it into the drains and open channels constructed to receive such water, without causing dampness in any part of any wall or foundation of such building. He shall cause all such rain water pipes or gutters to be so constructed as not to receive the discharge of any solid or liquid matter from any water-closet, urinal, slop or other sink, bath, bathroom or lavatory basin.

Rain water pipes and gutters.

(4) He shall provide in connection with such building, sufficient pipes, channels and gullies for the purpose of conveying to the drain provided for that purpose, the

first washings from courtyards and paved open spaces if required to do so by the Engineer.

Inlets to be above flood level.

(5) He shall cause every inlet into any drain connected or proposed to be connected to any sewer or to any septic tank or other treatment or disposal works as the case may be, to be made at least one foot above the level of the highest known flood at the site of such inlet. To this end, he shall provide all gullies and other openings communicating with any sewer or any septic tank or other treatment or disposal works with masonry, concrete, brickwork or other suitable kerbs of such height as will effectually prevent all rain or surface water (except, if required, the first washings from courtyards and paved open spaces) obtaining access to any sewer or any septic tank or other treatment or disposal works.

Inlets to be trapped.

(6) He shall cause every drain or channel used for the purpose of conveying the first washings from courtyards and paved open spaces, to any sewer or drain connected to any sewer, and if in any case, it should be necessary to discharge the rain water from roofs into any sewer, he shall cause the pipe or channel used for conveying such first washings of rain water, or such rain water to any sewer or drain connected to any sewer, to discharge in the open air over the grating of a properly trapped gully above the level of the water in the trap thereof, and he shall cause the drain leading from such gully to such sewer to be constructed in the manner prescribed by the bylaws in that behalf for a drain used for conveying sewage.

Subsoil water drainage.

Subsoil water drains.

19. Every person who shall erect a new building shall cause the subsoil of the site of such building to be effectually drained by means of suitable earthenware field drain pipes, properly laid to a suitable outfall, wherever the dampness of site renders such a precaution necessary.

He shall not lay any pipe in such a manner or in such a position as to communicate with any sewer or with any drain constructed or adapted to be used for conveying sewage.

Level of lowest storey.

Level of lowest storey.

20. Every person who shall errect a new building shall construct the lowest storey of such building at such level as will allow of the construction of a drain sufficient for effectual drainage of such building, and of the provision of the requisite communication with any sewer into which such drain may lawfully empty, at a point in the upper half diameter of such sewer, or with any other means of drainage with which such drain may lawfully communicate.

General designs of water-borne sanitary installations.

Every water-borne sanitary installation to be connected to a Municipal sewer.

21. (1) Every person who shall carry out a water-borne sanitary installation or any work in connection therewith for any existing or new building or in any other premises shall cause the same to be connected by means of a drain or drains with a Municipal sewer suitable for receiving the full discharge from the said water-borne sanitary installation.

Where no Municipal sewer exists, the water-borne sanitary installation may be connected as a temporary measure to septic tanks if suitable arrangements can be made.

(2) Provided that in any case where no Municipal sewer exists in the vicinity of the said building and if suitable arrangements, which in every case shall be to the previous written approval of the Medical Officer of Health, can be made in accordance with the provisions of and pursuant to the bylaws in that behalf for the disposal of the solid and liquid filth without nuisance or danger to health on the premises of the said building, the drain may be connected as a temporary measure with suitable septic tanks to be provided on the said premises from which the sewage effluent may be disposed of by subsoil irrigation by means of open jointed pipes under land belonging to the said premises or into suitably lined absorption pits as provided for and pursuant to the bylaws in that behalf respectively. Provided that an absorption pit shall be allowed only in the cases of premises in an area in which no domestic water supply is taken from the subsoil water, that is, from the water above the first impermeable geological stratum.

(3) Provided, however, that if at any future period a Municipal sewer shall be constructed within four hundred feet of the nearest point of any premises in which a water-borne sanitary installation shall have been installed, the owner of such premises, within six calendar months of receiving notice from the Committee to that effect, at his own expense and charges, shall cause the said water-borne sanitary installation to be connected with the said Municipal sewer either by gravity, if a suitable fall can be arranged, or otherwise by the provision of a suitable pumping installation to be provided and constructed by the said owner to the approval of the Engineer. In such case the use of every septic tank, absorption pit, subsoil irrigation works and other works for

treatment or disposal of sewage effluent on the said premises shall cease and determine or ever, and the owner shall at his own expense and charges cause each and every such septic tank, absorption pit, subsoil irrigation works and other work for treatment or disposal of sewage on the said premises to be disconnected effectually from the said water borne sanitary installation, demolished and filled in completely.

Only experemental solid and liquid filths to be discharged into a septic tank.

22. (1) Every person who shall construct a water borne sanitary installation in connection with any existing or new building or premises or carry out any work in connection therewith which shall be connected with any septic tank shall cause only the solid and liquid experemental filth from waterclosets, urinals and slop sinks to be discharged into such septic tank.

No other liquid wastes shall be discharged into a septic tank.

(2) He shall in such case, cause the discharge of all other liquid wastes such as the liquid discharged from baths, lavatory basins, sinks (except slop sinks) and taps provided in connection with the said building or premises, to be discharged into surface drains and to be disposed of direct either by surface irrigation of garden plots or hedgerows, or by passing the same direct into absorption pits or cesspools on the said premises (to be separately provided for that specific purpose) or into the nearest Municipal surface drain, as shall be most suitable from a public health point of view in the opinion of the Medical Officer of Health; and he shall maintain and keep all such drains, absorption pits and cesspools in a clean, sanitary condition to the approval of the said Medical Officer of Health at all times.

Discharge from water borne sanitary installation not to be disposed of except in accordance with these by-laws.

(3) He shall not cause the discharge from any water borne sanitary installation, absorption pit or septic tank to be passed into any surface drain, storm water channel, storm water drain, irrigation water channel, cesspool or unlined absorption pit or over the surface of any land, or otherwise in any manner whatsoever not laid down in these by-laws.

Septic tanks.

Proximity of septic tank to buildings.

23. Every person who shall instal a septic tank in connection with a building or other premises, shall construct such septic tank at a distance of not less than thirty yards from a dwelling house on any public, religious or educational building, or any building in which any person may be or may be intended to be employed in any manufacture, trade, or business, or any place of recreation or any public thoroughfare.

Proximity of septic tank to water supply, etc.

24. Every person who shall instal a septic tank in connection with a building or other premises shall not construct such septic tank within the distance of two hundred feet from any percolation well, tubewell, or water course or stream used or likely to be used for human drinking or domestic purposes, or for manufacturing liquids for human consumption, or otherwise in such a position as to render any such water liable to pollution, or within 16 feet of any land irrigated with canal or well water.

Position of septic tank to allow removal of contents therefrom.

25. (1) Every person who shall instal a septic tank in connection with a building or other premises shall construct such septic tank in such a manner and in such a position as to afford ready means of access to such septic tank for the purpose of cleansing such septic tank and of removing the contents thereof, and in such a manner and in such a position as to admit of the contents of such septic tank being removed therefrom, and from the premises to which such septic tank may belong, without being carried through any dwelling house or public building or any building in which any person may be or may be intended to be employed in any manufacture, trade, or business.

Septic tank not to communicate with drains.

(2) He shall not in any case construct such septic tank so that it shall have by drain or otherwise, any outlet into or means of communication with any storm water channel, sewer or surface drain.

Design and construction of septic tank.

26. (1) Every person who shall instal a septic tank in connection with a building or other premises shall construct such septic tank of good brickwork in cement properly rendered inside with cement, and with a backing of at least nine inches of well puddled clay or of at least six inches of good cement concrete around and beneath such brickwork, or shall otherwise construct such septic tank of suitable material and so as to be impervious to liquids, to the satisfaction of the Engineer.

(2) He shall cause such septic tank to be arched or otherwise properly covered over, and to be provided with adequate means of ventilation.

(3) He shall cause such septic tank to be provided with adequate means of access for inspection and cleaning, each manhole being fitted with a suitable cast iron frame and air-tight cover.

(4) He shall cause the inlet pipe into such septic tank to be effectually trapped.

(5) " He shall cause every septic tank to be constructed so as to permit of cleaning operations being carried out thereunto without interference with the operations of the water borne sanitary installation as a whole. He shall cause every septic tank intended to serve a population of 24 or more persons, to be constructed in two separate compartments so that one compartment may, when required, be put out of use for cleaning purposes."

(6) He shall cause each septic tank compartment to have an effective treatment capacity in cubic feet below its full supply level of not less than the maximum number of residents of the building for which the septic tank is installed multiplied by 2½.

Absorption pits.

Proximity of absorption pit to buildings.

27. Every person who shall provide an absorption pit in connection with a building or other premises shall construct such absorption pit at a distance of thirty yards at the least from a dwelling house or any public, religious or educational building or any building in which any person may be or may be intended to be employed in any manufacture, trade or business or any place of recreation or any public thoroughfare.

Proximity of absorption pit to water-supply, etc.

28. Every person who shall provide an absorption pit in connection with any building or other premises shall not construct such absorption pit within a distance of two hundred and fifty feet from any percolation well, tube-well, or water course or stream used or likely to be used for human drinking or domestic purposes or for manufacturing liquids for human consumption or otherwise in such a position as to render any such water liable to pollution, or within 16 feet of any land irrigated with canal or well water.

Position of absorption pit to allow removal and cleansing of its contents.

29. (1) Every person who shall provide an absorption pit in connection with any building or other premises shall construct such absorption pit in such a manner and in such a position as to afford ready means of access to such absorption pit for the purpose of cleansing such absorption pit and of removing the contents thereof and in such a manner and in such a position as to admit of the contents of such absorption pit being removed therefrom and from the premises to which such absorption pit may belong, without being carried through any dwelling house or public building or any building in which any person may be or may be intended to be employed in any manufacture, trade or business.

Absorption pit not to communicate with drains.

(2) He shall not in any case construct such absorption pit so that it shall have by drain or otherwise any outlet into or means of communication with any sewer, storm water drain or surface drain.

Design and construction of absorption pit.

30. (1) Every person who shall provide an absorption pit in connection with any building or other premises shall construct such absorption pit of good brickwork in cement and provided with a suitable filtering medium of such thickness as shall be approved by the Medical Officer of Health or Engineer, carried on a reinforced concrete perforated grid or slab built across the pit at a suitable depth and shall provide suitable means for uniformly distributing the effluent over the surface of the filter.

(2) He shall cause such absorption pit to be constructed to such depth that its base shall be in porous sandy strata to the approval of the Medical Officer of Health and covered with a removeable roof and suitably ventilated.

(3) He shall cause such absorption pit to be provided with adequate means of access for removing the filtering medium and cleansing the same.

(4) He shall cause each absorption pit to be constructed in duplicate and of such capacity as shall be approved by the Medical Officer of Health or the Engineer so that one pit may be put out of use for cleansing purposes without interference with the continuous operation of the water borne sanitary installation as a whole.

(5) He shall cause the walls of such absorption pit to be brought up to at least nine inches above ground level or to such height above ground level greater than nine inches so as effectually to exclude the entry of storm water or irrigation water into the absorption pit.

Cesspool.

Proximity of cesspool to buildings.

31. Every person who shall provide a cesspool in connection with any building or other premises shall construct such cesspool at a distance of fifty feet at the least from a dwelling house or any public, religious or educational building, or any building in which any person ma

be or may be intended to be employed in any manufacture, trade, or business, or any place of recreation or any public thoroughfare.

Proximity of cesspool to water supply

32. Every person who shall provide a cesspool in connection with any building or other premises shall not construct such cesspool within the distance of one hundred feet from any percolation well, tube-well, or water course or stream used or likely to be used for human drinking or domestic purposes or for manufacturing liquids for human consumption or otherwise in such a position as to render any such water liable to pollution.

Position of cesspool to allow removal of contents therefrom.

33. (1) Every person who shall provide a cesspool in connection with any building or other premises shall construct such cesspool in such a manner and in such a position as to afford ready means of access to such cesspool for the purpose of cleansing such cesspool and of removing the contents thereof, in such a manner and in such a position as to admit of the contents of such cesspool being removed therefrom and from the premises to which such cesspool may belong without being carried through any dwelling house or public building or any building in which any person may be or may be intended to be employed in any manufacture, trade, or business.

Cesspool not to communicate with drains.

(2) He shall not in any case construct such cesspool so that it shall have, by drain or otherwise any outlet into or means of communication with any sewer, storm water drain or surface drain.

Design and construction of cesspool.

34. (1) Every person who shall provide a cesspool in connection with any building or other premises shall construct such cesspool of good brickwork in cement, properly rendered inside with cement, and with a backing of at least nine inches of well puddled clay or of at least six inches of good cement concrete around and beneath such brickwork, or shall otherwise construct such cesspool of suitable material and so as to be impervious to liquids to the satisfaction of the Engineer.

(2) He shall also cause such cesspool to be arched or otherwise properly covered over, and to be provided with adequate means of ventilation.

(3) He shall cause such cesspool to be provided with adequate means of access for cleansing, each manhole being fitted with a suitable cast iron frame and air-tight cover.

Certificate of Medical Officer of Health to be obtained.

35. No person shall constructor use any drainage installation or any part thereof in which it is intended to dispose of the liquid wastes therefrom into a cesspool, unless he shall have previously obtained from the Medical Officer of Health a certificate in writing under his hand that the situation, design and construction of the proposed cesspool as well as the arrangements for the effective and regular removal and disposal of the contents of the cesspool are satisfactory and approved of by the Medical Officer of Health, in all respects.

Disposal of sewage under land.

Land for subsoil irrigation.

36. Every person who shall construct in any premises, a subsoil irrigation work for disposal of the effluent from a septic tank under land shall provide within the aid premises a suitable area of open land, the situation, extent and subsoil of which shall have been previously approved in writing by the Medical Officer of Health as suitable for the purpose, to be used as a garden in the proportion of not less than one acre for every 2,000 gallons of effluent intended to be disposed of daily, on the basis of not less than 15 gallons per head per diem for the maximum number of occupants of the building or premises intended to be served by the septic tank.

Proximity of land for subsoil irrigation.

37. No part of any land to be used for subsoil irrigation shall be within a distance of 20 yards from the nearest point of any dwelling house, or any public, religious or educational building or any building in which any person may be or may be intended to be employed in any manufacture, trade or business or any place of recreation or any public thoroughfare. No part of any land to be used for subsoil irrgation be within 25 feet of any canal or well irrigated area.

Proximity of land for subsoil irrigation to water supply.

38. Any person who shall layout or provide a subsoil irrigation work for disposal of effluent from a septic tank under land shall not construct any part of such work on land lying within the distance of 250 feet from any percolation well, tube well, or water course or stream, used or likely to be used for human drinking or domestic purposes or for manufacturing liquids for human consumption or otherwise in such a position as to render any such water liable to pollution.

Design and construction of subsoil irrigation work.

39. (1) Every person who shall construct a subsoil irrigation work for disposal of the effluent from a septic tank under land shall cause the subsoil irrigation system thereof to be constructed of open jointed earthenware pipes not less than 3 inches

diameter and laid at suitable falls in paralled rows, under the whole area of the said land at intervals not exceeding six feet, and with a cover not exceeding 3 feet. He shall cause the pipes to be surrounded with a continuous envelope of clean broken brickbats passed through a mashed screen of one inch square mesh not less than six inches thick all round the pipes.

(2) He shall cause the junction points of the main feeders of the subsoil irrigation system to be provided with suitable manholes and fitted with suitable cast iron covers and frames.

Drainage of buildings by stoneware or iron pipes.

Material for drains.

40 (1) Every person who shall construct a water-borne sanitary installation in connection with a new or existing building or in any other premises or carry out any work in connection therewith shall, in the construction of every drain from such building or premises communicating with a sewer or with a septic tank or other treatment or disposal works, use good sound pipes formed of glazed stoneware or of cast iron, protected against corrosion by some suitable preparation and he shall cause every channel, manhole or appliance with which sewage is likely to come into contact, to have smooth and rounded surfaces and to be made of impervious material or to be rendered so with cement mortar.

Size of drains.

(2) He shall cause every such drain to be of adequate size and to have an internal diameter of not less than four inches, and not more than such size as may be necessary for the flow or as may be approved by the Engineer.

Drains to be laid on concrete.

(3) He shall also cause every such drain if of glazed stoneware, to be laid on a bed of good lime concrete not less than four and a half inches thick and projecting each side of the drain to and extent at least equal to the external diameter of the drain. If required by the Engineer the drain shall be laid on a layer of cement concrete of such thickness not exceeding six inches as shall be prescribed by the Engineer.

Gradients of drains.

(4) He shall also cause such drain to be laid with a suitable fall, approved by the Engineer. The standard gradients shall be 1 in 40 for 4 inches drains and 1 in 80 for 6 inch drains. The maximum and minimum gradients shall be 1 in 20 and 1 in 80 for 4 inch drain and 1 in 40 and 1 in 140 for six inch drains and these gradients shall not be increased or reduced without the approval of the Engineer in writing.

Drains to be straight.

(5) He shall cause every drain to be laid in straight lines and regular gradients with the fewest bends practicable and every change of gradient to be formed by properly curved pipes or channels.

Bends and junctions to be grouped together.

(6) He shall cause bends and junctions to be grouped together and wherever possible, provide them with means of access by building manholes round them.

Joints of drains.

(7) He shall cause all pipes to be provided with spigot and socket, flanged or collar joints to be of a pattern and quality approved by the Engineer. If he shall construct such drain of cast iron, jointed with socket joints, he shall cause such joints to be not less than $1\frac{1}{2}$ inches in depth to be made with molten lead properly caulked. A sufficient quantity of lead must be melted at a time to finish each joint at one running.

If such drain be jointed with flanged joints, he shall cause such joints to be securely bolted together with some suitable insertion. If he shall construct such drain of stoneware or material other than metal, he shall cause the drain to be jointed with socket joints properly put together and filled with a cement mortar consisting of one part of cement to one of sand. He shall cause all spigot and socket pipes to be laid with the spigot end of each pipe in the direction of flow of sewage and such pipes shall be laid by the spigot end of each pipe being placed in the socket of the last pipe laid. The joint shall be made by forcing a ring of tarred gasket well into the bottom of the socket to prevent the passage of the cement into the bore of the pipe and the remaining space shall be filled with cement mortar which shall also be brought outside and neatly finished off round the pipe at an angle of forty five degrees:

Provided always that it shall be sufficient if he shall connect the pipe in a manner considered by the Engineer to be equally suitable and efficient. He shall cause all pipes to be skilfully jointed and shall cause any projecting material or irregularity inside the drain to be carefully removed.

Drains to be water-tight.

(8) He shall cause every such drain to be water-tight and to be capable of resisting a pressure of at least two feet head of water, in the presence of an authorised officer and no pipe shall be covered up until it has passed the test to the satisfaction of the Engineer.

Excavations.

(9) He shall cause all excavations to be properly timbered where necessary for protection of the workmen and of adjoining property.

Beddings of drains and filling.

(10) He shall cause all drain to be well bedded and filled round with fine material free from large stones, watered and well rammed into place.

Concrete envelope.

(11) In every place where any drains shall have a cover of less than four feet or where the drain shall pass under a traffic road or street or may traverse wet, yielding or unsuitable ground or where water may make its appearance in the trench, or otherwise where required by the Engineer, the drain shall be enveloped with a layer of good lime concrete or good cement concrete of such thickness and specification as shall be decided by the Engineer.

Specification of cast iron pipes.

(12) If he shall construct any such drain of cast iron, the pipes and specials shall comply in all respects with the British Standard Specification No. 78-1917 for cast iron pipes and special castings for water, gas and sewage.

Specification of stoneware pipes.

(13) If he shall construct any such drain of stoneware, the pipes and specials shall comply in all respects with the British Standard Specification No. 65-1914 for salt glazedware pipes.

Drain under buildings.

(14) He shall not construct any drain to pass under any building except in any case where any other mode of construction may be impracticable. Where any such drain passes under a building, he shall cause such part thereof as passes under the building to be laid with cast iron pipes in a direct line for the whole distance beneath such building and to be completely embedded in and covered with good and solid cement concrete at least six inches thick all round. He shall, likewise, cause adequate means of access to such drain to be provided at each end of such portion thereof as is beneath such building.

Composition of lime concrete.

(15) He shall cause all lime concrete used in connection with any drain to be composed of hard bricks broken to pass through a ¾" dia. ring. well mixed with clean sharp sand and good white lime and surkhi mortar in the proportion of 2 parts of lime to 3 parts of surkhi; 10 parts by volume of broken bricks to be mixed with 4 parts by volume of the lime and surkhi mortar.

Composition of cement concrete.

(16) He shall cause all cement concrete used in connection with any drain to be composed of clean, quartzitic or hard sandstone, gravel or bajri screened to pass through a ¾" mesh screen, well mixed with clean, sharp sand and good Portland cement in the proportion of one part of cement, two parts of sand and six parts of gravel or bajri.

Inlets to drains to be trapped.

(17) He shall cause every inlet to every such drain, not being an inlet provided in pursuance of the by-law in that behalf as an opening for the ventilation of such drain, to be properly trapped by an efficient trap so constructed as to be capable of maintaining a sufficient water seal of at least two inches. He shall not construct or fix in or in connection with any such drain, any trap of the kind known as a bell trap, a dip trap or a D trap.

Protection of drain beneath wall.

(18) He shall in every case where any such drain is laid beneath a wall, cause such drain to be protected at the part beneath the wall, by means of an arch, flagstone or ironsupport, which shall not bear on the drain and shall be of sufficient size and strength to prevent any disturbance or other injury to such drain.

Traps and gullies.

41. Every person who shall construct a water borne sanitary installation or any part thereof in connection with any existing or new building or in any other premises shall cause all gullies, traps, gratings, covers and other appliances to be of a pattern, size and quality approved by the Engineer. He shall cause every stoneware gully to be placed on a bed of cement concrete (of the specification laid down in subsection (16) of the preceding by-law) at least four inches thick, and set so that the water level therein is at least one foot and the grating at least one inch below the surrounding pavement and he shall cause the pavement to be sloped towards the gully for a space equal to half of the grating. Every gully trap shall be covered with a suitable iron grating which shall, when so directed by the Engineer, be provided with a hinged cover of approved design.

Drains to be trapped from sewer, etc.

42. (1) Every person who shall construct a water borne sanitary installation or any part thereof for any existing or new building or in any other premises, shall provide in every main drain or other drain of such building or premises which may immediately cummunicate with any sewer or any septic tank or other disposal or treatment works, a suitable and efficient intercepting trap at a point as distant as may be practicable from such building and as

near as may be practicable to the point at which such drain may be connected with the sewer, septic tank or other disposal works.

Access to trap.

(2) He shall, except in cases where the means of access to be provided in compliance with the foregoing provisions of this by-law shall give adequate means of access to such trap, provide a separate manhole or other separate means of access to such trap for the purpose of cleansing it.

Access manholes to be water tight.

43. Every person who shall construct a water-borne sanitary installation or any part thereof for any existing or new building or in any other premises, shall cause every means of access to be provided in compliance with any of the foregoing provisions of these by-laws to be constructed so as to be watertight up to the level of the adjoining ground surface or roadway and to be fitted with a suitable cast iron manhole cover and frame, and if placed within a building, to be fitted with an airtight manhole cover and frame.

No right angled junctions to be allowed.

44. Any person who shall construct a water-borne sanitary installation or any part thereof for any existing or new building or in any other premises shall not construct the several drains of such buildings or premises communicating with a sewer or septic tank or other disposal or treatment work in such manner as to form in such drains any right angled junction, either vertical or horizontal. He shall cause every such branch drain or tributary drain to join another drain obliquely in the direction of flow of such drain and as near as practicable to the invert thereof.

Ventilation of drains.

Ventilation of drains.

45. Every person who shall construct a water-borne sanitary installation or any part thereof in any new or existing building or in any other premises shall for the purpose of securing efficient ventilation of the drains of such building or premises communicating with a sewer or septic tank or other treatment or disposal works, comply with the following requirements to the satisfaction of the Engineer.

Alternative arrangements.

(*i*) He shall provide at least two untrapped openings to the drains and in the provision of such openings he shall adopt such of the arrangements hereinafter specified as the circumstances of the case may render the more suitable and effectual—

(*a*) One opening being above and near the level of the surface of the ground adjoining such opening, shall communicate with the drains by means of a suitable pipe, shaft or chamber, and shall be situated as near as may be practicable to the trap which in pursuance of the by-laws in that behalf, shall be provided between the main drain or other drain of the building and the sewer or the septic tank or other disposal work as the case may be The point at which such opening communicates with the drain shall also in every case be situated on that side of the trap which is the nearer to the building. The second opening shall be obtained by carrying up from a point in the drains as far distant as may be practicable from the point at which the first mentioned opening shall be situated, a pipe or shaft, vertically to such a height and in such a position as to afford by means of the open end of such pipe or shaft a safe outlet for foul air.

(*b*) In every case where the foregoing arrangement of the openings to the drains may be impracticable or undesirable, there may be substituted the arrangement hereinafter prescribed :—

One opening shall be obtained by carrying up from a point as near as may be practicable to the trap, which in pursuance of the by-laws in that behalf, shall be provided between the main drain or other drain of the building and the sewer, or septic tank or other disposal works as the case may be, a pipe or shaft vertically to such a height and in such a position as to afford by means of the open end of such pipe a safe outlet for ful air. The point at which such opening communicates with the drain shall also in every case be situated on that side of the trap which is nearer to the building.

The second opening, being at a point in the drains as far distant as may be practicable from the point at which the last mentioned pipe or shaft shall be carried up, shall be above and near the level of the surface of the ground adjoining such opening and shall communicate with the drains by means of a suitable pipe or shaft.

(*c*) If in any case, neither of the two preceding arrangements are desirable, then both the first and the second openings may be obtained by carrying up from the points referred to in the previous subsection,

suitable vertical pipes or shafts to such heights and in such positions that when either acts as an inlet the other may be a safe outlet for foul air.

Height of ventilating shaft for outlet for foul air.

(*ii*) Except in any case where any other mode of construction may be impracticable the ventilating pipes or shafts shall be carried up to a height of at least three feet above the outer covering of the roof of the building and shall not terminate within six feet of a window or opening into such building or within fifteen feet of a window or opening into such building either on the same or at a higher level than the termination of the ventilating pipe, and shall in no case be carried to a less height than ten feet.

Position of inlet for fresh air.

(*iii*) Every inlet for fresh air into the drain shall be at least five feet from every door, window, ventilating grating or chimney of any building.

Gratings or covers to openings.

(*iv*) He shall cause every opening provided in accordance with any of the arrangements hereinbefore specified to be furnished with a suitable grating or other suitable cover for the purpose of preventing any obstruction in or injury to any pipe or drain by the introduction of any substance through any such opening. He shall in every case, cause such grating or cover to be so constructed and fitted as to secure the free passage of air through such grating or cover by means of a sufficient number of apertures, of which the aggregate extent shall be not less than the sectional area of the pipe or drain to which such grating or cover may be fitted.

No bends or angles in pipes.

(*v*) He shall not, except where unavoidable, cause any bend or angle to be made in any pipe or shaft used in connection with any of the arrangements hereinbefore specified.

Sizes of pipes.

(*vi*) He shall cause every pipe or shaft used in connection with any of the arrangements hereinbefore specified, to have a sectional area not less than that of the drain with which such pipe or shaft may communicate and not less in any case than the sectional area of a pipe or shaft having an internal diameter of four inches.

Construction, material and weight of pipes.

(*vii*) He shall cause every pipe or shaft used in connection with any of the arrangements hereinbefore specified to be constructed in the same manner and of the same materials and weight as if such pipe or shaft were a soil pipe.

Use of soil pipes as ventilation pipes.

(*viii*) Provided always that for the purpose of any of the arrangements hereinbefore specified, the soil pipe of any water closet, or the waste pipe of any slop sink constructed or adapted to be used for receiving any solid or liquid excremental filth, in every case where the situation, sectional area, height and mode of construction of such soil pipe or such waste pipe shall be in accordance with the requirements applicable to the pipe or shaft to be carried up from the drains, shall be deemed to provide the necessary opening for ventilation which would otherwise be obtained by means of such last mentioned pipe or shaft.

External water closet.

(*ix*) Provided always that where a water closet shall be constructed so as not to have any internal communication with any building and where the distance between the water closet and the disconnecting trap which in pursuance of the by-laws in that behalf has to be provided between the drain with which such water closet communicates and the sewer or other means of drainage into which such drains may lawfully empty, shall not be more than ten feet, or shall be more than ten feet, but not more than 30 feet, the following provisions shall have effect, that is to say :—

(*a*) where the distance shall not be more than 10 feet, the provisions of the by-law shall not apply to the case, and

(*b*) where the distance shall be more than ten feet but shall not be more than thirty feet, an opening shall be obtained by carrying up from a point in the drain with which the water closet communicates as far distant as may be practicable from the trap, which in pursuance to the by-law in that behalf shall have to be provided between such drain and the sewer or other means of drainage into which such drain may lawfully empty, a pipe or shaft vertically to such height and in such a manner as effectually to prevent any escape of foul air into any building in the vicinity thereof, and in no case to a less height than ten feet and such pipe or shaft shall be of a sectional area not less than that of the drain with which it may communicate and not less in any case than the sectional area of a pipe or shaft of a diameter of four inch es.

46. Every person who shall construct a water borne sanitary installation or any part thereof for any existing or new building or in any other premises, shall not construct any drain of such building or premises communicating with any sewer or septic tank or other disposal work in such manner that there shall be within such building or premises any inlet to such drain except such inlet as may be necessary from the apparatus of any water closet, slope sink or urinal.

No inlets to drains within buildings.

Waste pipe and stacks.

47. (1) Every person who shall construct a water borne sanitary installation or any part thereof in any existing or new building or in any other premises, shall cause every pipe in such building or premises for carrying off waste water from every lavatory or sink (not being a slope sink or urinal constructed or adapted to be used for receiving any solid or liquid excremental filth) to a sewer or septic tank or other disposal work, to be constructed of lead or iron and to be trapped immediately beneath such lavatory or sink by an efficient syphon trap which shall be constructed of lead, iron or brass, with adequate means for inspection and cleansing and which shall be ventilated into the external air whenever such ventilation may be necessary to preserve the seal of the trap:

Material of waste pipes.

Traps to waste pipes.

Provided that in cases where any such lavatory or sink discharges into a floor trap situated within a distance of eight feet of such lavatory or sink, such syphon trap may be omitted if approved by the Engineer.

(2) He shall not construct or fix on or in connection with such waste pipe, lavatory or sink, any traps of the kind known as a bell trap, a dip trap or a D trap.

Bell traps, dip traps and D traps prohibited.

(3) No shall cause overy pipe in such building for carrying off waste water to be taken through an external wall of such building, and to discharge in the open air over a properly trapped gully, or into such gully above the level of the water in the trap thereof or over a channel as the case may be.

Waste pipes to discharge in the open air.

(4) Where the waste pipe from two or more such baths, sinks or lavatory basins discharges into one common waste pipe otherwise than into a head open to the air, he shall cause each of the traps provided in accordance with the requirement of this bylaw to be ventilated into the open air by means of a pipe which shall have, in all parts, an internal diameter of not less than one inch and shall be connected with the highest part of the trap and on that side of the water seal which is the nearer to the outgo.

Waste pipe from two or more baths, sinks or lavatory basins.

(5) He shall cause the overflow pipe from every cistern to be taken through an external wall of such building and to discharge in the open air.

Overflow pipe.

(6) He shall cause all such waste pipes to be firmly attached to the walls. If the waste pipe is of cast iron or asbestos-cement, properly fixed holder batts or brackets of heavy pattern shall be used and each waste pipe shaft carried up from ground level shall be supported by a heavy cast iron duck foot bend carried on a cement concrete slab size not less than one foot square by six inches thick. Provided always that it shall be sufficient if he shall secure the pipes to the walls in a manner considered by the Engineer to be equally suitable and efficient.

Supports.

48. Every person who shall provide any floor trap for carrying waste from any bath, lavatory or sink (not being a slop sink or urinal constructed or adapted to be used for receiving any solid or liquid excremental filth) to a sewer or septic tank or other disposal work, shall cause such floor trap to be of cast iron or other suitable material and to be not less than two and-a-half inches diameter in any part thereof and to be ventilated into the external air whenever such ventilation may be necessary to preserve the seal of the trap, and he shall cause such floor trap to be covered by a suitable grating and the pipe leading from such floor trap to be taken through an external wall of such building by the shortest practicable route and to discharge in the open air over the grating of a properly trapped gully or over a channel as the case may be.

Floor traps.

If he shall directly connect such floor trap to a waste pipe he shall cause such waste pipe, if in the opinion of the Engineer it shall be necessary to be continued upwards without any diminution of its diamater and (except where unavoidable) without any bend or angle being formed in such waste pipe, to such a height and in such a position as to afford by means of the open end of such waste pipes, a safe outlet for foul air, and the position of and covering to the open and shall be such as to comply with the conditions set out in the bylaws relating to ventilation.

If he shall provide any floor trap for carrying off the waste water from any bath, lavatory, or sink (not being a slop sink or urinal constructed or adapted to be used for receiving any solid or liquid filth) he shall cause the floor surrounding such floor trap to be formed of hard, smooth, impervious material having a fall towards the floor trap.

Specification for waste pipes and specials.

49. (1) If lead pipes are used for waste pipes, they shall be of uniform thickness throughout, and shall weigh at least two and three quarter lbs, per lineal foot for one and-a-half inches internal diameter pipes and three and three-uarter lbs. per linead foot for two inches internal diameter pipes and all joints shall be proper wiped plumber's joints in visible positions so as to be easily accessible. If cast iron pipes and special castings are used for waste pipes they shall conform in all respects with the British Standard Specification No. 59-1912 for cast iron, spigot and socket, waste and ventilating pipes for other than soil purposes. If asbestos-cement pipes and specials are used for waste pipes, they shall conform in all respects with the British Standard Specification No. 582-1934 for asbestos-cement, spigot and socket, soil, waste and ventilating pipes and fittings.

Socket joints.

(2) If he shall construct such waste pipes of cast iron, with socket joints, he shall cause the joints to be made of molten lead properly caulked, and all waste pipes of cast iron with socket joints shall be laid with the spigot end of each pipe in the direction of flow. A sufficient quantity of lead shall be melted at a time to finish each joint at one running and the depth of lead after caulking shall not be less than 1¼ inches. If he shall construct such waste pipes of asbestos-cement with socket joints, he shall cause the joints to be made of lead wool properly caulked and every pipe shall be laid with the spigot and in the direction of flow. The depth of lead after caulking shall not be less than 1¼ inches.

Flanged joints.

(3) If he shall construct such waste pipes with flanged joints, he shall cause such joints to be securely bolted together with some suitable insertion. Provided always that it shall be sufficient if he shall connect the pipes in a manner considered by the Engineer to be equally suitable and efficient.

Supports.

(4) He shall cause all waste pipes to be strongly supported at the foot by a heavy duck foot bend of cast iron on a bed of concrete, and firmly attached to the walls. If the waste pipes are of cast iron or asbestos-cement, proper fixed holder batts or brackets shall be used : Provided always that it shall be sufficient if he shall secure the pipes to the walls in a manner considered by the Engineer to be equally suitable and efficient.

Soil pipes and stacks with their connections.

Soil pipes.

Situation and material.

50. (1) Any person who shall provide a soil pipe in connection with a water borne sanitary installation for any building or premises for the purpose of conveying to the sewer, septic tank or other treatment or disposal works any solid or liquid excremental filth, shall whenever practicable, cause such soil pipe to be situated outside the building and shall construct such soil pipe in drawn lead with proper plumber's wiped joints or of heavy cast iron, or asbestos-cement :

Provided that in any case where it shall be necessary to construct such soil pipe within the building, he shall construct it in drawn lead with proper wiped plumber's joints in visible positions and so as to be readily accessible, or of cast iron.

Specification, thickness and weight of soil pipes.

(2) He shall construct such soil pipes, if the pipe be of lead so that its thickness and weight in proportion to its internal diameter shall be :—

Internal diameter.	*Lead pipe—weight per 10 feet length, not less than* :—
4"	74 lbs.
5"	92 „
6"	110 „

He shall construct such soil pipes, if of iron, with pipes and special castings which shall conform in all respects with the BritishStandard Specification No. 58-1912 for cast iron, spigot and socket soil pipes.

He shall construct such soil pipes, if of asbestos-cement, with pipes and fittings which shall conform in all respects with the British Standard Specification No. 582-1934 for asbestos-cement, spigot and socket, soil, waste and ventilating pipes and fittings.

Joints.

(3) If he shall construct such soil pipe of cast iron with socket joints, he shall cause such joints to be made of molten lead, properly caulked and every soil pipe shall be laid with the spigot and of each pipe in the direction of flow of sewage. A sufficient quantity of lead shall be

melted at a time to finish each joint at one running and the depth of lead after caulking shall not be less than 1¼ inches.

If he shall construct such soil pipes of asbestos-cement with socket joints, he shall cause the joints to be made of lead wool, properly caulked and every pipe shall be laid with the spigot end in the direction of flow. The depth of lead after caulking shall not be less than 1¼ inches.

If he shall construct such soil pipes with flanged joints he shall cause such joints to be securely bolted together with some suitable insertion : Provided always that it shall be sufficient if he shall connect the pipes in a manner considered by the Engineer to be equally suitable and efficient.

No connection with rainwater and waste pipes. No traps.

(4) He shall construct such soil pipe, whether inside or outside the building, so that it shall not be connected with any rainwater pipe or with the waste of any bath or lavatory basin or of any sink other than that which is provided for the reception of urine or other excremental filth and he shall construct such soil pipe so that there shall not be any trap in such soil pipe or between such soil pipe and any drain with which it is connected.

Supports.

(5) He shall cause such soil pipe to be strongly supported at the foot by a heavy cast iron duck foot bend carried on a bed of cement concrete and firmly attached to the walls. If the soil pipe is of cast iron or asbestos-cement, properly fixed holder batts or brackets shall be used.

Diameter.

Outlet.

(6) He shall cause such soil pipe, whether inside or outside the building, to be circular and to have an internal diameter of not less than four inches and to be continued upwards without diminution of its diameter and (except where unavoidable) without any bend or angle being formed in such soil pipe, to such height and in such a position as to afford by means of the open end of such soil pipe a safe outlet for foul air.

Connection of lead soil pipe, etc with iron drain, etc.

51. Any person who shall connect a lead soil pipe, waste pipe, ventilating pipe, or trap with an iron pipe or drain communicating with a sewer, septic tank or other disposal works, shall insert between such lead soil pipe, waste pipe, ventilating pipe or trap and such iron pipe or drain, a flanged thimble of copper, brass or other suitable alloy and shall connect such lead soil pipe, waste pipe, ventilating pipe, or trap, with such thimble by means of a wiped or overcast metallic joint and shall connect such thimble with such iron pipe or drain by means of a joint made with molten lead properly caulked: provided always that it shall be sufficient if he connects the lead soil pipe, waste pipe, ventilating pipe, or trap with the iron pipe or drain in an equally suitable and efficient manner.

In the case of a connection of a lead soil pipe, or trap with a cement-asbestos pipe, the flanged thimble shall be similar to that specified for a connection to an iron pipe, but the joint shall be made with lead wool properly caulked, the depth of lead after caulking to be not less than 1¼ inches.

Connection of stoneware trap of closet, etc., with lead soil pipe.

52. Any person who shall connect a stoneware or semi-vitrified ware trap or pipe with a lead soil pipe, waste pipe or trap communicating with a sewer, septic tank or other disposal works, shall insert between such stoneware or semi-vitrified ware trap or pipe and such lead soil pipe or trap a socket of copper, brass or other suitable alloy, and shall insert such stoneware or semi-vitrified ware trap into such socket, making the joint with Portland cement and shall connect such socket with the lead soil pipe, waste pipe or trap by means of a wiped or overcast metallic joint ; provided always that it shall be sufficient if he shall connect the stoneware or semi-vitrified ware trap or pipe with the lead soil pipe, waste pipe or trap in an equally suitable and efficient manner to the satisfaction of the Engineer.

Connection of lead soil pipe, etc, with stoneware drain, etc.

53. Any person who shall connect a lead soil pipe, waste pipe, ventilating pipe or trap with a stoneware or semi-vitrified ware pipe or drain communicating with a sewer or septic tank or other disposal works shall insert between such lead soil pipe, waste pipe, ventilating pipe or trap and such stoneware or semi-vitrified ware pipe or drain, a flanged thimble of copper, brass or other suitable alloy and shall connect such lead soil pipe, waste pipe, ventilating pipe or trap with such thimble by means of a wiped, overcast metallic joint and shall insert the flanged end of such thimble into a socket of such stoneware or semi-vitrified ware, pipe or drain, making the joint with Portland cement ; provided always that it shall be sufficient if he shall connect the lead soil pipe, waste pipe, ventilating pipe or trap with the stoneware or semi-vitrified ware pipe or drain in an equally suitable and efficient manner to the satisfaction of the Engineer.

54. Any person who shall connect an iron or asbestos-cement soil pipe, waste pipe, ventilating pipe or trap with a stoneware or semi-vitrified ware-pipe or drain communicating with a sewer, septic tank or other disposal works, shall insert the spigot end of such iron or asbestos-cement soil pipe, waste pipe, ventilating pipe or trap into a socket of such stoneware or semi-vitrified ware pipe or drain, making the joint with Portland cement ; provided always that it shall be sufficient if he shall connect the iron or asbestos-cement soil pipe, waste pipe, ventilating pipe or trap with the stoneware or semi-vitrified ware pipe or drain in an equally suitable and efficient manner to the satisfaction of the Engineer.

Connection of iron or asbestos-cement soil pipe, etc., with stoneware drain, etc.

55. Any person who shall connect a stoneware or semi-vitrified ware trap or pipe with an iron or asbestos-cement soil pipe, waste pipe, trap or drain communicating with a sewar, septic tank or other disposal works shall insert such stoneware or semi-vitrified ware trap or pipe into a socket in such iron or asbestos-cement soil pipe, waste pipe, trap or drain, making the joint with Portland cement ; provided always that it shall be sufficient if he shall connect the stoneware or semi-vitrified ware trap or pipe with the iron or asbestos-cement soil pipe, waste pipe, trap or drain in an equally suitable and efficient manner to the satisfaction of the Engineer.

Connection of stoneware trap of closet, etc., with iron or asbestos-cement soil pipe, etc.

Ventilation and traps for water closets, slop sinks and urinals.

56. (1) Any person who shall construct any water closet the soil pipe of which shall communicate with any sewer, septic tank or other disposal or treatment works and shall be in connection with any other water closet, shall cause the trap of every such water closet to be ventilated into the open air at a point as high as the top of the soil pipe, or into the soil pipe at a point above the highest water closet connected with such soil pipe, and so that the ventilating pipe shall have in all parts an internal diameter of not less than two inches and shall be connected with the arm of the soil pipe or the trap at a point not less than three and not more than twelve inches from the highest part of the trap and on that side of the water seal which is nearest to the soil pipe. He shall cause the joint between the ventilating pipe and the arm of the soil pipe or the trap to be made in the direction of the flow.

Ventilation of trap of water closet and provision against anti-syphonage.

(2) He shall construct such ventilating pipe in drawn lea d or of heavy cast iron or asbestos-cement. Provided that in any case where it shall be necessary to construct such ventilating pipe within a building, he shall construct such ventilating pipe in drawn lead or cast iron. He shall construct such ventilating pipe, whether inside or outside a building, so that if the pipe be of lead, its weight shall not be less than 45 lbs. per 12 feet length, and if the pipe be of iron it shall comply with the British Standard Specification No. 58-1912, for cast iron, spigot and socket, soil pipes.

Materials.

If the pipe be of asbestos-cement it shall comply with the British Standard Specification No. 582-1934, for asbestos-cement, spigot and socket, soil, waste and ventilating pipes and fittings.

He shall in all cases, cause the joints in and the connections to such ventilating pipe to be made in the same manner as if such ventilating pipe were a soil pipe.

57. (1) Any person who shall construct in connection with any building or premises a slop sink or urinal constructed or adapted to be used for receiving any solid or liquid excremental filth for conveyance to any sewer or to any septic tank or other disposal works, shall construct or fix immediately beneath such slop sink or urinal an efficient syphon trap, so constructed as to be capable of maintaining a sufficient water seal between such slop sink or urinal and any drain, soil pipe or waste pipe in connection therewith. He shall not construct or fix in connection with such slop sink or urinal any trap of the kind known as a bell trap, a dip trap or a D trap.

Traps for slop sinks for filth and urinals.

(2) He shall, as regards the ventilation of the trap of such slop sink or urinal and the construction of the waste pipe of such slop sink or urinal, comply with all requirements of the preceding by-laws which are applicable to the ventilation of the trap of a water closet and the construction of a soil pipe, always provided that the internal diameter of the waste pipe of any such slop sink or urinal shall not be less than 3 inches, and where the internal diameter of such waste pipe is 3 inches, the weight of such pipe for every 10 feet of length shall, if such waste pipe be constructed of lead, be not less than 60 lbs. and if such waste pipe be constructed of cast iron, it shall conform in all respects with the British Standard Specification No. 58-1912, for cast iron, spigot and socket soil pipes.

Ventilation of traps and materials for waste pipes, etc.

If such waste pipe be constructed of asbestos-cement it shall conform in all respects with British Standard Specification No. 582-1934, for asbestos-cement, spigot and socket, soil, waste and ventilating pipes and fittings.

Flushing.

(3) He shall furnish every such slop sink or urinal with a cistern of adequate capacity, not less than $2\frac{1}{2}$ gallons and, unless sanctioned by the Engineer, not more than 3 gallons in the case of slop sinks, and not less than one gallon for each stall in the case of urinals, for the purposes of flushing. The method of fixing such cistern shall comply in all respects with the conditions set out in the by-laws in that behalf for the fixing of cisterns for water closets.

Position.

(4) He shall not construct any slop sink or urinal so that it is approached directly from any room used for the purpose of human habitation or used for the manufacture, preparation or storage of human food, or used as a factory, workshop, or workplace.

Installation of water closets, latrines, urinals, slop sinks and their accessories.

58. Every person by or for whom any water borne sanitary installation or any part thereof for any existing or new buildings or in any other premises is installed or constructed, shall comply with the following requirements, that is to say :—

Position.

(1) He shall cause every basin, urinal, slop sink or other receptacle constructed or adapted to be used for receiving any solid or liquid filth, to be contained within a water closet or latrine.

He shall construct such water closet or latrine in such position that one of its sides at least shall be an external wall which shall abut immediately upon a street or upon a yard or open space of not less than one hundred square feet of superficial area measured horizontally at a point below the level of the floor of such closet.

Not to be approached from living rooms.

(2) He shall not construct any such water closet so that it is approached directly from any room used for the manufacture, preparation, or storage of human food, or used as a factory, workshop or work place. If he shall construct any water closet or latrine other than a flush out he shall construct such water closet or latrine in such manner that it can be entered only from the open air.

Construction.

(3) He shall construct such water closet or latrine (which shall be at least four and a half feet by three feet internally), so that on any side on which it may abut on a room used for the manufacture, preparation or storage of human food, or used as a factory, workshop or work place, it shall be enclosed by a solid wall or partition of brick or masonry, extending the entire height from the floor to the ceiling.

He shall provide every such water closet or latrine that is approached from the external air with a floor of hard smooth impervious material, having a fall of half an inch to the foot for purposes of washing down. He shall cause the floor of all water closets or latrines on the ground floor to be raised at least 6 inches above the level of the ground outside. He shall provide such water closets or latrines with proper doors and fastenings.

Trough closets.

(4) If he shall construct any water closet of the kind known as a trough closet, he shall construct such water closet so that it cannot be entered otherwise than from the external air.

Slop water closets.

(5) If he shall construct any water closet of the kind known as a slop water closet, he shall construct such water closet so that it cannot be entered otherwise than from the external air.

Windows.

(6) He shall construct in one of the walls of such water closet, which shall abut on a street or upon a yard or open space, a window of such dimensions that an area of not less than two square feet which may be the whole or part of such window, shall open directly into the external air.

Ventilation.

(7) He shall, in addition to such window, cause such water closet to be provided with adequate means of constant ventilation by at least one air brick built in an external wall of such water closet, or by an air shaft or by some other effectual method or appliance. Such means of constant ventilation shall be of an area of not less than 36 square inches.

Flushing cistern.

(8) He shall furnish such water closet with a closed cistern of the water waste preventing type, of adequate capacity, not less than $2\frac{1}{2}$ gallons and, unless sanctioned by the Engineer not more than 3 gallons, for the purpose of flushing, which shall be separate and distinct from any cistern used for drinking purposes, and shall be so constructed, fitted and placed as to admit of the supply of water for use in such water closet so that there shall not be any direct

connection between any service pipe upon the premises and any part of the apparatus of such water closet other than such flushing cistern. Except with the approval of the Engineer, such cistern shall be so placed as to provide a head of at least 5 feet measured from the bottom of the cistern to the point of the flush pipe.

He shall provide every such cistern with a suitable ball cock, fixed on the supply pipe and, unless excused by the Engineer, with an overflow pipe, discharging into the open air in some conspicuous position, but not over the inlet into any drain.

Reserve tank.

(9) He shall provide every water closet or latrine with a closed reserve tank of not less than 60 gallons capacity for every seat. Every such tank must be made of galvanized or black iron of not less thickness than 14 Birmingham wire gauge, or other material approved by the Engineer.

Automatic flushing.

(10) He shall not, except with the written permission of the Engineer, construct or fix any self-acting or automatic flushing apparatus. In those cases where sanction is accorded, he shall submit for the approval of the Engineer, detailed specifications and drawings to show the size of the apparatus, the materials of which it is to be made, and the mode and frequency of its operation, and shall modify the apparatus in any manner that may be required by the Engineer.

Flush pipe.

(11) He shall construct or fix the pipe and union connecting such flushing cistern with the pan, basin, trough or other receptacle with which such water closet or latrine may be provided so that such pipe and union shall not in any part have an internal diameter of less than one inch and a quarter, and shall be fixed as vertically as possible.

Apparatus of water closet.

(12) He shall furnish such water closet with a suitable apparatus for the effectual application of water to any pan, basin, trough or other receptacle with which such apparatus may be connected and used, and for the effectual flushing and cleansing of such pan, basin, trough or other receptacle, and for the prompt and effectual removal therefrom, and from the trap connected therewith of any solid or liquid filth which may from time to time be deposited therein.

Water closet pan.

(13) He shall furnish such water closet with a pan, basin, trough or other receptacle of non-absorbant material, and of such shape, of such capacity, and of such mode of construction as to receive and contain a sufficient quantity of water, and to allow all filth, which may from time to time be deposited in such pan, basin, trough or other receptacle to fall free of the sides thereof and directly into the water received and contained in such pan, basin, or other receptacle.

He shall not construct or fix under such, pan, basin, or other receptacle any " container " or other similar fitting.

Syphon trap.

(14) He shall construct or fix immediately beneath or in connection with such pan, basin, trough, or other suitable receptacle, an efficient syphon trap, so constructed that it shall at all times maintain a sufficient water seal between such pan, basin, or other suitable receptacle, and any drain or soil pipe in connection therewith. He shall not construct or fix in or in connection with the water closet apparatus any D trap or any trap of such a kind as to be not self-cleansing.

No casing allowed.

(15) He shall not fix any casing of wood or other material round any receptacle, cistern, or other apparatus of any water closet.

Walls of latrines.

(16) The walls of every water closet or latrine up to a height of not less than 2 feet above the platform shall be constructed of thoroughly well burnt bricks, plastered with cement or of such other impervious material as the Engineer may direct.

Drainage of privies, ashpits, etc.

59. Every person, by or for whom drains are constructed shall comply with the following requirements that is to say :—

Floors of privies etc.

(1) He shall cause the floor of every privy, ashpit, or receptacle for filth or any refuse to be flanged or paved with hard tiles or other non-absorbant material, and he shall construct such floor so that it shall be, in every part thereof not less than 6 inches above the level of the surface of the ground adjoining such privy, ashpit or receptacle for filth, and so that such privy, ashpit or receptacle for filth shall have a fall towards the washout drain of not less than half an inch to the foot.

Drainage of privies, etc.

(2) He shall not allow any privy, ashpit or receptacle for filth or any refuse to be connected directly with any drains, but shall cause the washings from the floor of any such place to be carried

outside such place, and to discharge over the grating of a properly trapped gully provided with an approved type silt catcher.

(3) He shall not allow the drainage from any privy, ashpit or receptacle for filth or any refuse to be connected with any water borne sanitary installation discharging into a septic tank, or other treatment or disposal works on the premises.

Not to be connected to any septic tank, etc.

Open surface drains.

60. Every person by or for whom open surface drains or such other works are constructed, fixed or altered shall comply with the following requirements :—

(1) He shall cause all open surface drains or channels to be constructed either of fine cement concrete properly formed to the shape of the channel and plastered with cement mortar, or with half round glazed stoneware socketted channels for the inverts, laid on a bed of fine concrete extending in depth from the top of the channel to at least 3 inches below the underside thereof, and with at least 3 inches on both sides of the channel. Above the channel, the drains may be constructed of brick work in mortar plastered with at least 1/2 inch cement mortar.

Construction.

He shall construct no drain less than 3 inches deep and 3 inches wide and all drains must at all times be of such dimensions as to comply with all sanitary requirements and be laid to such gradients as shall effectually drain away all waste water which may, from time to time, be discharged into such open drains.

He shall, when necessary, provide kerbs to such drains or channels, at least 3 inches above the adjoining ground surface, or of such greater height as may be necessary.

Provided always that it shall be sufficient if he shall construct such drains or channels in a manner and with materials considered by the Engineer to be equally suitable and efficient.

(2) He shall provide to each outlet of every such drain an efficient trap and silt catcher of a design approved by the Engineer, such trap and silt catcher to be fixed in a manner and position approved by the Engineer.

Trap and silt catcher.

(3) He shall provide and fix at each outlet of every foul water drain an iron grating of a design approved by the Engineer.

Grating.

(4) No water closet or any apparatus by which liquid or solid excremental filth is to be removed by the water carriage system shall be allowed to be connected with any surface drain.

Water closet, etc. not to discharge into surface drains.

Penalties and enforcement of by-laws.

61. Every person who shall offend against any of the foregoing by-laws shall be liable for every such breach, to a fine not exceeding fifty rupees, and in the case of a continuing offence, to a further fine not exceeding five rupees for each day after the first during which the breach continues.

Penalties.

Notes.—(i) If any work is begun or done in contravention of the foregoing by-laws, the Committee may take action under section 195 and Chapter XI of the Act.

(ii) If any water borne sanitary installation or drainage installation or any water closet urinal or a group of water closet privies or urinals, erected before the commencement of operation of these by-laws, be certified by the Medical Officer of Health after making such enquiries, as he may think fit, to be in such a state or position as to constitute a danger to health, the Committee may issue a notice under section 126 of the Act.

The 29th August, 1940.

No. 1583-C-40/35352.—The following by-laws framed by the Administrator of the municipality of **Lahore**, in exercise of the powers conferred by sections 112, 182, 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab as required by section 201 of the said Act, are published for general information and shall come into force within the municipality of **Lahore** on the 14th day of October, 1940, from which date the by-laws contained in part II of Punjab Government notification No. 3615, dated the 21st February, 1917, shall be deemed to be cancelled :—

BY-LAWS.

DEFINITIONS.

1. (1) In these by-laws, unless there is anything repugnant in the subject or context :—

(a) "animal" includes horses, cattle (including buffaloes), elephants, camels, asses, mules, sheep, goats, pigs and their young.

(b) " driving " includes leading, riding, or otherwise controlling any vehicle or animal,

(c) " traffic sign " includes all signals, warning sign posts, direction posts signs, traffic lights, traffic lines and other marks on the surface of a street and other devices erected by any person or authority authorised under the Motor Vehicles Act, 1939 and the rules made thereunder, or under any other law for the information, guidance and direction of drivers of vehicles or of other persons,

(d) " vehicle " includes motor vehicles, invalid carriages, road rollers, side cars, trailers, bicycles, tricycles, rickshaws (vehicles propelled by pedalling for the conveyance of passengers) and other cycles, rickshaws, wheel-barrows and other carts propelled by manual labour, carts drawn by horses or bullocks, tongas and other horsed conveyances, and all other forms of wheeled conveyance capable of being used on a public road ; but not toys for the use of children, or perambulators or similar baby carriages,

(2) Unless there is any thing repugnant in the subject or context or unless otherwise stated, the expression used in these by-laws shall have the meaning given to them in the Motor Vehicles Act, 1939, and in any rules made thereunder.

General.

Minimum age. 2. No person less than fourteen years of age shall drive a vehicle drawn by an ainmal or animals.

(*Note.*—Seprate regulations exist under the Motor Vehicles Act, 1938, for driving motor vehicles.)

Overloading. 3. No person shall drive or allow or cause to be driven along a public street any vehicle containing luggage or any other goods unless the luggage or goods are securely protected from the danger of falling and are fixed in such a way as not to project laterally beyond the extremities of the vehicle. Vehicles loaded with *kankar*, earth, stone metal, or other loose material must be provided with boards on all sides, and the load near the boards shall not be higher than six inches below the level of such boards.

Footpaths and tan rides. 4. No person in charge of a vehicle or any animal other than a horse shall take his vehicle or animal on to any footpaths or tan rides reserved for pedestrians or equestrians respectively, or on to any grass plot, and no person driving any animal shall take such animal on to a footpath reserved for pedestrians, or on to a grass plot, provided that this by-law shall not apply to persons acting under the directions of a police officer in uniform.

Breaking in animal. 5. No person shall break in or cause to be broken in any animal on any public street.

Horns and bells. 6. No rider or driver of any vehicle, othar than a motor vehicle or regimental drag, shall use a bulb, klaxon or post horn, or similar mechanical device, other than a bell. No driver of any vehicle, except a fire engine, shall use a bell with the sound of the type used on fire engines, or shall sound needlessly or continuously or to an extent beyond what is necessary to ensure safety, the horn, bell or other device for giving audible warning with which the vehicle is equipped, or shall cause or allow any other person to do so.

Parking. 7. No person in charge of any vehicle or animal shall keep that vehicle or animal in any public place contrary to the requirements of any traffic sign set up to prescribe places at which vehicles or animals may stand either indefinitely or for a specified period of time, or may not stand at all, or places at which public service vehicles may stop for a longer time than is necessary for the taking up and setting down of passengers.

Traffic signs. 8. No driver of any vehicle or animal shall drive that vehicle or animal contrary to any indication given by traffic lights or by a traffic sign set up at the entrance of a street prohibiting any description of traffic in that street, either absolutely or between certain hours or in any direction, or contrary to any direction given to him by any police officer for the time being engaged in the regulation of traffic in any street or public place.

Rules of the road. 9. Every driver shall drive a vehicle or animal in conformity with the following principles :—

(a) He shall drive the vehicle or animal as close to the left hand side of the road as may be expedient, and shall allow all traffic, which is proceeding in the opposite direction, to pass him on his right hand side.

(b) Except as provided in clause (c) below, he shall pass to the right of all traffic proceeding in the same direction as himself.

(c) He may pass to the left of a vehicle or animal, the driver of which, having indicated an intention to turn to the right, has drawn to the centre of the road.

(d) He shall, when turning to the left, drive, or ride the animal as close as may be expedient to the left hand side of the road from which he is making the turn and of the road which he is entering.

(e) He shall, when turning to the right, draw as near as may be to the centre of the road along which he is travelling, and cause the vehicle or animal to move in such a manner that—

(i) as far as may be practicable it passes beyond and so as to leave on his right hand a point formed by the inter section of the centre lines of the two intersecting roads, and

(ii) it arrives as near as may be at the left hand side of the road which he is entering.

Traffic lines.

10. (i) A vehicle leaving its own traffic-lane and entering another in the process of overtaking or for any other purpose, shall yield precedence to vehicles to which the second traffic-lane properly belongs; and in the event of an accident occurring the driver of the vehicle which has left its traffic-lane shall be deemed to be at fault unless the contrary is proved.

(ii) The following are the traffic-lanes appropriate to each class of vehicles :—

(a) On a road (not being a road reserved for traffic proceeding in one direction only marked as intended to carry four lines of traffic or clearly adapted to carry four lines of traffic).

For motor vehicles other than motor vehicles prohibited from travelling at a speed exceeding ten miles an hour—the inner lane on the left side of the road.

For all other vehicles, including bicycles and tricycles—the outer lane on the left side of the road.

(b) On a road (not being a road reserved for traffic proceeding in one direction only) marked as intended to carry three lines of traffic.

For all vehicles—the lane on the left side of the road.

(c) On other roads not being roads reserved for traffic proceeding in one direction only.

For all vehicles—the left half of the road.

(d) On roads reserved for traffic proceeding in one direction only.

No reserved lanes.

Filtering.

11. Filtering to the left (i. e., turning to the left out of one street into another at an intersection) is permitted except where this would involve entering a one-way traffic street in the direction contrary to the direction of the traffic, or generally where filtering is forbidden by a traffic sign.

Halting and giving names.

12. (i) The driver of a vehicle or animal shall cause the vehicle or animal to stop and remain stationary so long as may reasonably be necessary,—

(a) when required to do so by any police officer in uniform, or

(b) when required to do so by any person in charge of another animal, if such person apprehends that his animal is or will be alarmed by the vehicle or animal, or

(c) when the vehicle or animal is involved in the occurrence of an accident to a person, animal or vehicle, or of damage to any property, whether the driving or management of the vehicle or animal was or was not the cause of the accident or damage, and he shall give his name and address and the name and address of the owner of the vehicle or animal to any person affected by any such accident or damage who demands it.

NOTE.—In clauses (b) and (c) the expression "animal" in so far as it relates to an animal which it is apprehended, will be alarmed or to which an accident occurs means any horse, cattle, elephant, camel, ass, mule, sheep or goat or any dog which is kept as a domestic pet.

(ii) The driver of an animal or vehicle, who is alleged to have infringed the principles laid down in these bye-laws shall, on demand by any person having reasonable ground for requiring him to do so, give his name and address to that person.

Accidents.

13. When any person is injured as the result of an accident in which an animal or vehicle is involved, the person in charge of the animal or vehicle shall—

(a) take all reasonable steps to secure medical attention for the injured person, and if necessary, convey him to the nearest hospital, unless the injured person or his guardian in case he is a minor, desires otherwise,

(*b*) give on demand by a police officer any information required by him, or, if no police officer is present, report the circumstances of the occurrence at the nearest police station as soon as possible, and in any case within twenty-four hours of the occurrence.

Signals.

14. Every driver of a vehicle or animal shall, on the occasions specified below, make the following signals :—

(*a*) When about to turn to the right or to drive or move to the right hand side of the road in order to pass another vehicle or animal or for any other purpose, he shall extend his right arm in a horizontal position outside of and to the right of his vehicle or animal with the palm of the hand turned to the front.

(*b*) When about to turn to the left or to drive to the left hand side of the road, he shall extend his right arm and rotate it in an anti-clockwise direction.

(*c*) When about to slow down, he shall extend his right arm with the palm downward, outside of and to the right of his vehicle or animal and shall move the arm so extended up and down several times in such a manner that the signal can be seen by the driver of any vehicle which may be behind him.

(*d*) When about to stop, he shall raise his right forearm vertically outside of and to the right of his vehicle or animal, palm to the front, provided that during the hours prescribed for lighting the lights of motor vehicles, the signal for intention to stop may be given by an electrical stop light as prescribed under the Motor Vehicles Act.

(*e*) If he wishes to indicate to the driver of a vehicle or the rider of an animal behind him that he desires that driver or rider to overtake him, he shall extend his right arm and hand horizontally outside of and to the right of his vehicle or animal and shall swing the arm backwards and forwards in the semi-circular motion.

Provided that the signal of the intention to turn to the right or left or to stop may be given by a mechanical or an electric device of a nature prescribed under the Motor Vehicles Act, 1939 :

Provided further that failure to make the signals specified above shall not be deemed to be an offence under these bye-laws, unless an accident, danger or unnecessary inconvenience is caused by such failure.

Dangerous parking.

15. No person in charge of any vehicle or animal shall allow the vehicle or animal to remain at rest in any street in such a position, or in such a condition or in such circumstances as to cause or be likely to cause danger and inconvenience to other users of the street.

Overtaking.

16. No person driving or propelling a vehicle or riding or driving an animal shall pass a vehicle travelling in the same direction as himself :—

(*a*) if his passing is likely to hold up or to cause inconvenience or danger to other traffic proceeding in any direction, or

(*b*) where a corner or a hill or an obstruction of any kind renders the road ahead not clearly visible.

Preventing overtaking.

17. No person driving an animal or vehicle shall, when being overtaken or being passed by any other animal or vehicle, increase speed or do any thing in any way to prevent the other animal or vehicle from passing him.

Blind crossings and corners.

18. A person driving an animal or vehicle shall slow down when approaching a road intersection, a road junction or a road corner, and shall not enter any such intersection or junction until he has become aware that he may do so without endangering the safety of persons thereon.

Main roads.

19. A person driving an animal or vehicle shall on entering a road intersection, if the road entered is a main road designated as such, give way to the vehicles and animals proceeding along that road, and in any other case give way to all traffic approaching the intersection on his right hand.

Troops and road gangs.

20. No person in charge of any vehicle or animal shall, when passing or meeting a body of troops or police on the march or when passing workmen engaged on road repair, drive at a speed greater than fifteen miles an hour.

Dangerous Vehicles.

21. No person shall drive any vehicle or permit any vehicle belonging to him to be driven, unless so constructed and maintained as to prevent danger to the public and to any person riding in it.

CYCLES.

(By-laws 22 to 26 do not apply to motor cycles for which provision has been made under the Motor Vehicles Act and Rules thereunder.

Towing.

22. No person riding any animal or driving any vehicle or riding any cycle shall permit any cycle to be towed by his animal or vehicle, and no person riding any cycle shall permit himself to be towed.

Bells and lights.

23. All cycles shall be provided with a bell and brakes on both front and rear wheels, and in good working order and with a single white light in front, which shall be lighted at night during the hours prescribed for the lighting of vehicles. The light shall be affixed to the frame of the cycle and not carried in the hand. A red rear reflector shall be affixed at the back in such a way as to be visible to on-coming traffic. No person shall ride a cycle not thus equipped, on any street, except that a lamp need not be carried during the hours of daylight.

Trick riding.

24. No person shall ride a cycle in any public street unless sitting on the saddle, and no person other than the rider or riders of the cycle shall be carried on the same cycle. A rider for this purpose shall be deemed to be a person sitting on a properlyconstructed saddle.

Riding abreast.

25. No person shall ride any cycle in such a way that more than two cycles will be moving abreast along any public street.

Riding without hands on the handlebars.

26. No person shall ride a cycle with both hands off the handlebars.

BULLOCK CARTS.

Drivers.

27. No driver or other person in charge of a bullock cart shall leave a bullock cart unattended while moving along a public street or shall go to sleep while driving it.

Lights.

28. All bullockcarts moving by night during the hours prescribed for the lighting of motor vehicles along a street shall carry a lighted lamp which is visible from in front as well as from behind. No person shall drive or allow a bullock cart belonging to him to be driven unless it is so equipped.

TONGAS AND OTHER HORSED VEHICLES.

Galloping.

29. No person shall drive a vehicle drawn by a horse, mule or donkey along a public street at a gallop or canter.

Bells.

30. No person shall drive a vehicle drawn by a horse, mule or donkey unless it is provided with a bell in proper working order to be used when it is necessary to give audible warning of approach. The bell shall be of such a nature as not to sound continuously.

Lights.

31. All vehicles drawn by a horse, mule or donkey shall carry two lamps showing white lights to the front, one on each side of the vehicle and so placed as to reveal the full width of the vehicle; the right-hand or off lamp shall show a red light visible from the rear. No person shall drive such a vehicle at night unless it is so equipped and the lamps are lit between the hours prescribed for the lighting of motor vehicles.

RICKSHAWS AND TRICKSHAWS.

Lights.

32. All rickshaws and trickshaws shall be provided with a bell and with a lamp in front, which shall be lighted at night between the hours prescribed for the lighting of motor vehicles, and trickshaws shall be provided with adequate brakes. A red rear reflector shall be affixed to the back of each rickshaw or trickshaw in such a way as to be visible to on-coming traffic. No person shall propel a rickshaw or trickshaw not thus equipped on any street, except that a lamp need not be carried during the hours of daylight.

HANDCARTS.

Lights.

33. No person shall propel any handcart at night between the hours prescribed for the lighting of motor vehicles except with a lighted lamp attached to it which is visible both from in front and from behind.

TAN RIDES.

Use. 34. No person other than a psrson riding or leading a horse, donkey or mule shall use the tan rides.

Galloping. 35. No person shall ride a horse, donkey or mule at a gallop or at such a pace and in such a manner as to cause inconvenience to other persons using the tan rides.

ANIMALS.

Driving animals. 36. No person shall permit a herd or flock of animals exceeding five belonging to him to be driven along any street unless in the charge of a person at least 18 years of age. Every herd or flock exceeding five animals shall have one additional person in charge for every 20 or fraction of 20 animals after the first 20.

No person driving such a herd or flock shall fail to keep the animals under reasonable control, or to give reasonable facilities to allow other traffic to pass.

PEDESTRIANS.

Footpaths and crossing places. 37. (a) Where footpaths have been provided, pedestrians shall not walk on any other part of the public streets except for good reason. Where no footpaths have been provided; pedestrians shall keep close to the left-hand side of the street unless they wish to cross the street. If they wish to cross the street, they must look behind them, and, if no traffic is approaching they must give a signal by holding out their hand that they wish to cross the street. No. 3211-L.G.-40/38120.—The following draft of amendments of the Municipal Account Code, 1930 (revised edition), which the Governor of the Punjab proposes to make, in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, is published for the information of persons likely to be affected thereby. The draft will be taken into consideration on or after the 8th November, 1940, together with any objection or suggestion which may be received by the Punjab Government from any person, with respect to the draft before that date :—

DRAFT AMENDMENTS.

1. In rule XVI·I (*b*) the following words shall be added after the words "Saving Bank" :—

" or the amount of interest received from investments under rule XVI·8 (2)."

2. For rule XVI·8 the following shall be substituted :—

Investment of provident fund moneys.

" XVI·8. (1) With the previous sanction of the Commissioner a committee may from time to time withdraw any sum from the provident fund account with the Savings Bank and may invest or place such sum subject to the conditions and restrictions applicable to the investment or placement of a portion of the municipal fund under subsection (1) of section 55 of the Act.

(2) The interest obtained by the investment or placement of any sum under sub-rule (1) shall be deposited in the Savings Bank to the credit of the Municipal Provident Fund Account subject to the following conditions :—

Conditions.

1. The committee shall establish a Provident Fund Investments Depreciation Fund, hereinafter in these conditions referred to as " the fund " which shall be deposited in the Post Office Savings Bank or in the Imperial

Bank of India Savings Bank, under the General Account of the General Provident Fund Account.

2. There shall be credited to the fund immediately on accrual—

(a) all interest accruing on the amount of the fund from time to time; and

(b) one per cent. per annum of the sum invested under sub-rule (1), provided that the interest received from investments and available for distribution amongst the subscribers should not be less than the interest obtainable from the Post Office Savings Bank.

3. After deducting from the interest obtained by the committee on any sum invested under sub-rule (1) the amount referred to in condition 2(b) above, the remainder of the said interest shall be deposited in the Savings Bank to the credit of the Municipal Provident Fund.

4. At the end of each year immediately after the account of each subscriber has been credited with interest in accordance with the provisions of sub-rule (2) of rule XVI·5 the Secretary of the committee shall lay before the committee a statement showing :—

(a) the total amount of interest accrued to the Municipal Provident Fund Savings Bank Account during the year just closed either earned in the Savings Bank itself or credited thereto in accordance with the provisions of condition 3 above : and

(b) the total amount of interest credited to subscribers' accounts under the provisions of sub-rule (2) of rule XVI·5.

5. At the close of five years after the institution of the fund and at regular intervals of five years thereafter the committee shall furnish to the Commissioner for scrutiny a statement showing the total amount of Provident Fund investments held by the committee, and a statement showing the total amount at the credit of the fund.

6. If the Commissioner is satisfied at any quinquennial scrutiny that any of the investments held by the committee out of the Provident Fund have depreciated in value, he may direct that an amount not exceeding the amount of such depreciation shall be drawn by the committee from the fund and credited to the Provident Fund Savings Bank Account.

7. If the Commissioner is satisfied at any quinquennial scrutiny that the balance in the fund after the withdrawal, if any, of any sum in accordance with condition 6 is sufficient to cover any depreciation likely to occur during the next following period of five years in regard to any of the investments held by the committee as part of the provident fund, the Commissioner may direct that for the next five years the amounts to be deposited in the fund in accordance with clause (b) of condition 2 shall be reduced to such sum as he may prescribe, or shall be discontinued for such period not exceeding five years as he may direct.

8. If any reduction or discontinuance of the periodical payments into the fund has been ordered by the Commissioner under the provisions of condition 7, he may at any subsequent quinquennial scrutiny direct that the payments be restored to the original figure or to any proportion thereof as he may deem fit.

(3) (a) The cost of making any investments under the provision of sub-rule (1) shall be met out of the depreciation fund.

(b) When any such investment is realised and the net price obtains after payment of any brokerage and other incidental charges is less than the amount originally invested, the difference shall be made good from the depreciation fund; and if such net price is greater than the amount originally invested, the difference shall be credited to the fund."

3. For the existing form No. P. F. 6-A the following new form shall be substituted :—

" Form P. F. 6-A. **Rule XVI·12.**

Amount of interest on investments during the current financial year.	Amount of interest received on the sum deposited in the Post Office.	Total.	Amount creditable to the depreciation fund.	Balance to be distributed among subscribers at the close of March each year.	REMARKS.
1	2	3	4	5	6

Note.—The amount debitable to the Depreciation Fund under sub-rule 3 (a) and (b) of rule XVI·8 should be shown as minus entries in column 4 of this form and the particulars given in column 6."

No. 3871-L.G.-40/38243.—The following draft of amendments of the District Board Account Code, 1926, which the Governor of the Punjab proposes to make in exercise of the powers conferred by section 55 of the Punjab District Boards Act, 1883, and section 19 of the Punjab General Clauses Act, 1898, is published for the information of persons likely to be affected thereby. The draft will be taken into consideration on or after the 9th October, 1940, together with any objection or suggestion which may be received by the Punjab Government, from any person, with respect to the draft, before that date :—

DRAFT AMENDMENTS.

1. After rule 51, the following new rule shall be inserted :—

"51-A. Standard measurements of buildings may be maintained in order to facilitate the preparation of estimates for periodical repairs. When such standard books are maintained, they may also be used for the purpose of preparing contractor's bills for such repairs so that it may not be necessary to take detailed measurements on each occasion. Such books shall be kept in accordance with the following rules :—

RULES.

1. The measurement books used as standard books shall be numbered in an alphabetical series, so that the numbers may be readily distinguishable from those assigned to the ordinary measurement books wherein detailed measurements are recorded, whenever work is actually done.

2. The entries of measurements (and abstracts thereof) in the standard books shall be recorded legibly in ink by an Engineering Subordinate and certified as correct by the District Engineer.

3. The District Engineer shall maintain a register of these measurement books in form 31-A which shall be kept under lock and key in his personal custody. No book shall be entered in this Register nor shall a number be assigned to it unless and until it has been checked and approved by the District Engineer.

4. When a payment is based upon standard measurements, the District Engineer shall certify that the whole of the work (or work since previous running bill as the case may be) as per standard measurements has been done and that it has not been previously billed for in any shape.

5. The District Engineer shall exercise a check over the completion of standard measurement books from time to time by personally examining each book at least once a year. For this purpose these books will be received in the District Engineer's office by the 1st May each year They shall then be compared with the register of standard measurement books in order to ensure that all books have been submitted for inspection. They shall be subjected to such scrutiny as the District Engineer may direct. A comparison of those books with the accounts of expenditure and the record of connected measurements relating to estimates for additions, alterations or special repairs to buildings and works shall, however, form a special feature of the check to be applied. The District Engineer shall personally attest and certify the correctness of all additions and alterations in these standard measurement books.

Note.—A record of the results of the scrutiny shall be retained for audit purposes.

6. The Chairman shall periodically obtain an assurance from the District Engineer by the 15th of June each year that all the standard measurement books have been inspected by him (the District Engineer), that the entries made therein have not been tampered with, that all corrections due to additions and alterations in the buildings have been incorporated in the books within one month of the closing of the accounts of the estimates therefor and that these books are reliable and upto date records.

2. After form No. 31 the following new form shall be inserted :—

"Form No. 31-A. **Rule 51-A.**

BY-LAWS.

1. In these by-laws the word 'meat' means the flesh of sheep or goats intended for human or animal consumption.

2. No person shall sell meat, except under a licence granted in this behalf by the Committee.

3. No person shall sell meat, or prepare or expose meat for sale, in premises other than premises licensed by the Committee in this behalf.

4. No premises shall be licensed for the sale or preparation or exposure for sale of meat—

(a) unless they have a floor made of bricks, stone, cement or other impervious material ;

(b) unless the walls are properly plastered and lime-washed ;

(c) unless they are provided with adequate light and ventilation to the satisfaction of the Medical Officer of Health, or, in the absence of such officer the Secretary of the Committee ;

(d) unless they are provided with a drain and the whole floor is so sloped as to allow all liquid to flow off by the drain ;

(e) if there is any direct communication between the premises and any room used as a sleeping room ;

(f) if there is any latrine, cesspool, cow-shed, stable, or other place within one hundred feet of the premises which, in the opinion of the District Medical Officer of Health, or in the absence of such officer, the Secretary, renders it undesirable that such premises should be used for the sale or preparation for sale of meat ; and

(g) unless they are situated in a suitable locality and provided with suitable arrangements for screening the meat from the view of the public.

5. Licences to sell meat may be issued by the District Medical Officer of Health or, in the absence of such officer, the Secretary of the Committee to any person applying for them and shall be granted on payment of a fee of Rs. 2 per annum or annas four per mensem, subject to the conditions specified in form 'A' appended to these by-laws.

6. Subject to the provisions of by-law 4, licences for premises to be used for the sale or preparation or exposure for sale of meat shall be issued by the District Medical Officer of Health, or in the absence of such officer, the Secretary of the Committee, on the application of the owner or occupier of such premises and shall be granted by the Committee in form 'A' appended to these by-laws on payment of a fee of rupees two per annum for each licence, or annas four per mensem subject to the conditions specified in form 'A'.

7. Every place licensed for the sale or preparation for sale of meat shall be fitted with a table or board of which the top shall be covered with a zinc sheet or a slab of marble, slate or stone for cutting up meat and also with metal scales and weights and shall at all reasonable times be open to inspection by any member of the Committee, or the Secretary of the Committee.

8. Every place licensed for the sale or preparation or exposure for sale of meat and all implements, tables, receptacles, vessels or other things used therein shall at all times be kept in a clean and wholesome condition, and every such place shall at all times be provided with a sufficient supply of water for cleaning the same.

9. All meat kept or exposed for sale on or at any such place shall at all times be kept in a wire gauze receptacle as a protection against flies.

10. The licensee shall provide a receptacle for the collection of all sorts of refuse and shall not throw or allow to be thrown any waste anywhere, except in the said receptacle, which shall be cleaned and washed twice daily.

11. The Committee may at any time revoke or cancel any licence, granted under these by-laws for breach of these by-laws and no compensation in respect of such revocation or cancellation shall be recoverable from the Committee.

12. Any person who commits a breach or an abetment of a breach of any of these by-laws shall, on conviction by a magistrate, be punishable with fine which may extend to fifty rupees, and, when the breach is a continuing breach, with a further fine

which may extend to five rupees for every day after the first during which the breach continues.

Form A.

2. All applications for the renewal of licences shall be made before the 15th day of March in each year.

3. Every licence issued under bylaw 1 shall be subject to the following conditions :—

(a) that the licensee shall permit any member, Secretary, Sanitary Inspector or any other officer of the Committee authorized in this behalf to inspect the licensed premises at all reasonable times and without notice ;

(b) that the licensee shall always keep the licence issued by the Secretary at the licensed premises, and shall, on demand, produce it for the inspection of any member, Secretary, Sanitary Inspector or any other officer authorized by the Committee under clause (a) of this bylaw ;

(c) that the licensee shall make adequate arrangements to the satisfaction of the Committee for the extinction of any outbreak of fire ;

(d) that the licensee shall at all times keep the licensed premises in a clean and sanitary condition and shall provide them with adequate ventilation, suit-

able drains, latrines, urinals and other sanitary conveniences for the use of the workmen employed therein ;

(e) that the licensee shall not permit any work to be carried on at the licensed premises which gives rise to offensive noises between 8 p.m. to 6 a.m. unless he has been especially authorized in this behalf ; and that all oil engines shall be fitted with silencers so that they cannot be removed without effort, and the silencers shall be in position so long as an engine is working ;

(f) that in premises where oil engines are used, kerosine oil, petroleum and other inflammable materials shall be kept in a separate room which shall not be contiguous to the engine room ;

(g) that the licensee shall store in a suitable room or rooms which shall be used for no other purpose and shall be rat-proof, all grain or pulse received for milling by power supplied by the oil engine, and all flour produced by milling, so long as it remains on his premises ;

(h) that the licensee shall adopt the best practicable means to the satisfaction of the Secretary for rendering innocuous all gases, effluvia or vapours emitted by the engine or furnace during the process of working, and shall in every case cause such gases, effluvia or vapours to be discharged into the external air in such a manner and at such a height as to admit of the proper diffusion of those gases without producing any unwholesome or injurious effects in the neighbourhood or shall cause such gases to pass from the exhaust pipe (or other outlet of such gases) through fire or into a condensing apparatus and then through fire in such a manner as to consume effectually such gases so as to deprive the same of all noxious or injurious properties ;

(i) that in premises where smoke arises through the use of coal in the furnace or any other place in the engine house, the licensee shall use such apparatus that will, as far as practicable, consume the smoke arising from the engine or the furnace ;

(j) that for a breach of any of these conditions the licence may be suspended or revoked by an order of the Committee.

Explanation.—For purposes of this bylaw, the decision of the Committee or some officer appointed by the Committee in this behalf as to whether the ventilation is adequate or the drains or the rooms are suitable or the means adopted for rendering gases, effluvia or vapours innocuous are the best practicable, shall be final.

(t) goods of local mosques and temples provided that each consignment of such goods is certified by the Matwali of the mosque and the President of the temple committee concerned to be the property of the mosque or the temple.

No. 3852-C.-40/39223.—The following by-laws made by the Municipal Committee of **Shujabad**, in the Multan district, in exercise of the powers conferred by sections 188, 189 and 190 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab as required by section 201 of the said Act, are published for general information and shall come into force within the Municipality of **Shujabad**, on the 18th day of November, 1940, from which date Punjab Government notification No. 279, dated the 13th July, 1895, shall be deemed to be cancelled so far as it relates to the building by-laws of the Municipal Committee of **Shujabad** :—

BY-LAWS.

1. (1) Every person intending to erect or re-erect any building shall give notice of such intention in writing to the Secretary of the Committee in Form 'A' appended to these by-laws, and shall at the same time submit, duly signed by him—

(a) a site plan of the land on which it is intended to erect or re-erect the building ;

(b) a plan of the building which it is proposed to erect or re-erect ; and

(c) the specifications detailed in Form 'B' appended to these by-laws.

(2) Copies of Forms A and B may be obtained free of charge at the Municipal office.

(3) In the case of a structure proposed to be constructed on a site adjacent to a public street under the control or management of the Public Works Department of Government or of any local authority the applicant shall submit the plans and specifications referred to above in triplicate and one complete set of the plans shall, immediately, on presentation, be forwarded by the Committee to the Executive Engineer or to the local body concerned for information.

(4) In the case of a structure proposed to be constructed on land purchased from Government, an additional copy of the plan and specifications shall be submitted by the applicant and the Committee will forward immediately one complete set of plans to the Collector for information.

2. The site plans shall be drawn to a scale of not less than one-eighth of an inch to the foot, shall be submitted in duplicate on tracing cloth, and shall show—

(a) the direction of the north point ;

(b) the boundaries of the site ;

(c) the position of the site in relation to neighbouring streets and the level of the site in relation to the streets, if any, on which it abuts ;

(d) the position of the proposed building in relation to—

(i) the boundaries of the site, and

(ii) all buildings and premises within fifty feet of the boundaries of the site ;

(e) the names, if any, and width of all streets on which the site abuts ;

(f) the scale to which the plan is drawn.

3. The building plan shall be drawn to a scale of not less than one-eighth of an inch to the foot, shall be submitted in duplicate on tracing cloth, and shall show—

(a) the plan of the ground floor and of every additional floor ;

(b) the position and dimensions of all projections beyond the main walls of the building ;

(c) the position of all proposed drains, privies, latrines, urinals and cesspools ;

(d) the level and the width of the foundations, and the level of the lowest floor with reference to the level of the centre of the street on which the front of the proposed building is to abut ;

(e) the scale to which the plan is drawn.

4. No application for the erection or re-erection of a building shall be considered by the Committee until it is certified by the Muncipal Engineer, or the Secretary, if there is no Muncipal Engineer, that the plan submitted with the application is in accordance with the provisions of these by-laws.

5. The Committee may require any person who has submitted an application for permission to erect or re-erect any building, to submit, in addition to the plans and specifications required by by-law 1, elevations and sections of the proposed building, together with full specifications regarding the materials and methods of construction to be used for external walls, party walls, foundatious, roofs, ceilings, floors, staircases, fireplaces and chimneys.

6. No building shall be roofed with straw or other easily inflammable material.

7. No fireplace to be used as such shall be constructed unless the floor beneath it and around it for a width of three feet has been rendered fire-proof by being covered with earthenware tiles or concrete or some other fire-proof substance.

8. Every fireplace shall before use as such be provided with a chimney with an iron, brick or stone flue to afford free means of exit for smoke.

9. No flue shall be so constructed as to pass through or be within one foot of any wall or structure made of inflammable material except at its point of exit, at which it must be rendered safe by a casing of non-inflammable material at least one foot thick.

10. In no building shall any open sewer or drain pass through any room used or intended to be used as a living or sleeping room.

11. No drain shall be constructed within the thickness of any wall of any building.

12. All stack-pipes for the disposal of roof drainage shall be of cast iron.

13. Masonry latrines and privies which are not water-borne shall be so constructed that all solids fall directly into a movable receptacle of metal or pottery fitting close beneath the seat.

14. A drain shall be provided for every latrine, privy, urinal, bathroom and cooking place. Such drain shall be constructed of glazed tiles, or other impervious material and shall connect the floor of the latrine, privy, urinal, bathroom and cooking place with—

(a) a municipal masonry drain ; or

(b) a private cesspool.

15. The floor of every latrine, privy or urinal—

(a) shall be of masonry, or of tiles, or of cement, or any other stone ;

(b) shall be in every part at a height of not less than three inches above the level of the surface of the ground adjoining the latrine, privy or urinal ; and

(c) shall slope to the drain in such a way that liquid will flow off quickly.

16. In every urinal the walls to a height of three feet above the floor, and in every latrine and privy both the seat and the walls to a height of three feet above the floor, shall be of metal or masonry, provided that in the case of a water-closet of European type the seat may be of wood.

17. Every latrine, privy or urinal shall be provided with adequate ventilation which, in case of a latrine, privy, or urinal situated in or near a building, shall be effected by an opening not less than one foot square in area in one of the walls, as near the top of the wall as may be practicable, and communicating directly with the open air.

18. Every latrine or privy shall be so constructed that—

(a) there shall be adequate access thereto for the purpose of cleansing ;

(b) when the outer door thereof is open, the seats shall not be visible from the street or other public place.

19. (1) No person shall install water-flushed latrines in his house unless the house drains are connected with a municipal sewer or unless arrangements are made to purify the sewage in a properly constructed septic tank of a suitable size and to discharge the effluent into a municipal sewer or into a sullage drain certified by the Medical Officer of Health to be capable of carring off the effluent without danger to the health of the public. Such installations shall be constructed under the supervision of a Sanitary Engineer and shall be approved by the Medical Officer of Health before they are taken into use.

(2) No person shall dispose of the effluent from a septic tank by surface irrigation or by sub-soil drainage or into open unlined cesspools.

20. No privy other than a water-closet of European type shall be placed on any upper floor of a building unless movable receptacles are provided.

21. No person shall construct a private cesspool—

(a) except a cesspool of masonry with a cast-iron movable covering, and

(b) unless adequate access is provided thereto for the purpose of cleansing it.

22. No portion of any building in a street in which a line of frontage has been fixed by a resolution of the Committee shall be built to project beyond such line of frontage.

23. No dwelling house of not more than two storeys including the ground floor shall have an interior yard of superficial area of less than one hundred square feet, and no dwelling house of more than two storeys including the floor shall have an interior yard of a superficial area of less than one hundred and twenty-five square feet.

24. (1) Every interior yard shall be raised at least one foot above the level of the nearest street so as to admit of easy drainage into such street.

(2) Every interior yard shall be open to the sky throughout its entire area and shall be kept accessible for the purpose of cleansing and no structure except open fencing shall be erected within or above or so as to project over the yard.

25. No person shall construct any room to be used as a living or sleeping room with a superficial area of less than seventy square feet.

26. No person shall construct any room to be used as a living or sleeping room unless it is provided, for the purpose of light and ventilation, with one or more windows, doors or other apertures of a total area equal to not less than one-eighth of the floor area of such room, opening on to a space not less than six feet wide measured at right angles to the face of the wall in which such window, door or other aperture is placed and open the sky throughout such width and for the length of such window, door or other aperture or opening on to a verandah opening on to such space; and every such door or window shall be so constructed that the whole of it can be opened.

27. No person shall construct any building of more than five storeys, including the ground floor and no person shall construct any building of more than two such storeys unless the outer walls of such building are made of brick, stone or reinforced concrete.

28. (1) In the case of a building of one storey or of more than one storey the height of each storey shall be not less than ten feet.

(2) Any horizontal division of a building so constructed as to be capable of use as a living or sleeping room shall be considered to be a storey for the purpose of this bylaw and of bylaw 27 even though such division does not extend over the whole depth or width of such building.

(3) For the purpose of this by-law the height of storeys shall be reckoned as follows :—

(a) in the case of single-storeyed buildings and one storey, from the level of the surface of the floor at any point along the walls within the building to the level of the under side of the tie-beam, or if there is no tie-beam, to the meeting point of the outside walls ;

(b) in the case of any storey except the uppermost storey of buildings of more than one storey, from the level of the upper surface of the floor to the level of the upper side of the beams or joints on which the floor above rests or, if the floor above is ceiled, to the level of the underside of the ceiling.

29. No person shall construct any building so that any part of any storey of a building above the ground floor is more than fifty feet from some staircase leading to the ground or to the ground floor.

30. No person shall construct any staircase of a width of less than two and a half feet or with steps having a rise of more than nine inches or a breadth of less than nine inches measured from the vertical face of the rise and every such staircase shall be provided with sufficient light and ventilation.

31. All plans and specifications referred to in the preceding by-law shall be signed by the applicant or his agent.

No. 3851-C.-40/39249.—The following by-laws made by the Municipal Committee of **Abohar,** in the Ferozepore district, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information and shall come into force within the municipality of **Abohar**, on the 18th day of November, 1940, from which date Punjab Government notification No. 2056, dated the 20th January, 1922, shall be deemed to be cancelled :—

BY-LAWS.

1. The Municipal Committee shall establish one or more registration offices for the registration of births and deaths within the limits of the Municipality, and may by public notice prescribe the office at which the reports of births and deaths occurring in specified portions of the Municipality are to be made in accordance with these by-laws. The officer in charge of any such registration office shall be termed Municipal Registrar.

2. Every report of a birth required to be made under these by-laws shall contain the following particulars which shall be entered in a register to be kept for the purpose by the Municipal Registrar, that is to say—

(a) the date of the birth ;

(b) the sex of the child ;

(c) tha name of the father and of the grandfather ;

(d) the residence of the father ;

(e) the occupation, caste and religion of the father ;

(f) the name of the person making the report and the date of his report ;

(g) the name of the child ;

provided that—

(i) in the case of an illegitimate child, the Municipal Registrar shall not enter in the register the name of any person as father of the child save at the joint request of the mother and of the person acknowledging himself to be the father. If any entry of the father's name has been made in accordance with such a joint request, the entry shall be countersigned by the person acknowledging himself to be the father. If no such joint request is made, the name, residence and caste of the mother shall be entered in place of the name, residence and caste of the father. In all such cases a note shall be made in the register to the effect that the child is illegitimate ;

(ii) if the name of the child is not known, when the report is made, the person reporting the birth or, if he is dead, the faher of the child, or, if the father is dead or the child illegitimate, the mother of the child or, if both the father and the mother of the child are dead, the person in whose keeping the child is, shall, within three months of the birth, report the name of the child to the Municipal Registrar.

2-A. The Municipal Registrar entering in the register prescribed in by-law 2 the particulars required by that by-law shall enquire from the person reporting the birth the name of the mid-wife (*dai*), if any, who attended the mother at the time of the birth, and if the name is given, shall enter it in the register.

3. (1) Every report of the occurrence of a death required to be made under these by-laws shall contain the following particulars, which shall be entered in a register to be kept for the purpose by the Municipal Registrar, that is to say—

(a) the date of the death ;

(b) the name of the deceased ;

(c) the name of the father, or if the deceased was a married woman, of the husband of the deceased ;

(d) the sex of the deceased ;

(e) the age of the deceased ;

(f) the occupation, caste and religion of the deceased ;

(g) the residence of the deceased ;

(h) the cause of the death ;

(i) the name of the person making the report and the date of his report.

(2) In case of the death of a European, the person reporting the death shall also, if possible, furnish a certificate of a medical practitioner of the cause of the death.

4. Any person reporting a birth or death may attest by his signature or thumb-impression the entry relating to such birth or death made in the register by the Municipal Registrar.

5. Every report of a birth or death required by these by-laws may be made verbally or in writing.

6. The officer in charge of a jail, lock-up, work-house, lunatic asylum, Government or municipal hospital, college or school or any other Government or municipal institution shall report to the Municipal Registrar the occurrence of any birth or death within the institution of which he is in charge not later than four days from the date of such occurrence.

7. Every person in charge of a private hospital, orphanage, *sarai*, *dharamsala*, hotel, lodging house or other such institution shall report to the Municipal Registrar the occurrence of any birth or death within the institution of which he is in charge not later than four days from the date of such occurrence.

8. In the case of a birth or death not governed by by-law 6 or 7 a report of its occurrence shall be made within four days to the Municipal Registrar by the head of the household in which such birth or death has occurred or by any adult member or servant of such household.

9. In the case of a birth of which, for any reason, a report cannot be furnished by the head of a household or any adult member or servant of household, the mid-wife or *dai* attending at such birth shall within four days report the occurrence of such birth to the Municipal Registrar.

10. Every medical practitioner who has been in attendance during the last illness of any person dying within municipal limits shall report the death of such person within four days of the date of death to the Municipal Registrar ; provided that if such person has died of any disease which is defined as an infectious disease, or has been notified as an infectious disease by the Punjab Government under section 3 (7) of the Punjab Municipal Act, 1911, such medical practitioner shall report such death immediately.

11. Every customary or other sweeper shall report the occurrence of every birth and death which occurs within the premises in which he works within four days of such occurrence to the Sanitary Inspector of the ward in which such premises are situated ; provided that no such report need be made by any sweeper working in any Government or municipal institution in respect of births or deaths occurring in such institutions.

12. Every person finding a living new-born child exposed and every person in whose charge such a child may be placed, shall within eight days of the finding of such child, report the fact to the Municipal Registrar, and shall at the same time to the best of his ability furnish the particulars specified in by-law 2.

13. If a dead body is found exposed, the officer in charge of the Police Station within whose jurisdiction such body is found shall, within eight days of the finding of such body, report the fact to the Municipal Registrar, and shall at the same time to the best of his ability furnish the particulars specified in by-law 3, together, if possible, with a certificate of the Civil Surgeon showing the cause of death.

14. Every person reporting a birth or death under these by-laws shall be given free of charge a copy of the entry made by the Municipal Registrar in respect of such birth or death.

15. Any person may inspect a register of births or deaths on payment of a fee of one rupee, and shall be entitled to receive a certified copy of any entry in a birth or death register on payment of a fee of eight annas, provided that in case where insufficient or incorrect information is supplied by an applicant, a further fee of four annas may be charged in respect of every year for which the registers have to be searched and a deposit sufficient to cover charges likely to be incurred under this proviso may be demanded before search is made. Any balance shall be refunded and if the entry in question cannot be found the deposit shall be refunded in full less eight annas.

16. No person shall wilfully destroy or injure or cause to be destroyed or injured any register of births or deaths or shall wilfully insert or cause to be inserted in any such register or certified copy thereof any false entry with regard to any birth or

death, and no Municipal Registrar shall, without reasonable cause, refuse or omit to enter in a register of births or deaths any birth or death which has been duly reported to him.

17. (1) Any clerical error which may at any time be discovered in any register of births or deaths may be corrected in red ink, by the President of the Municipal Committee or by the Municipal Registrar.

(2) Any error of fact or substance in any register of births or deaths may be corrected in red ink, by the President of the Municipal Committee :

Provided that—

(*a*) the Municipal Committee may, with the previous sanction of the Commissioner, assign the duty of making such corrections to some other officer, and

(*b*) if any application is made for a correction in a births or deaths register the officer making such correction shall first satisfy himself that the correction to be made is a genuine one.

(3) Any corrections made shall be signed in full by the correcting officer.

18. When a child under one year of age dies the registers of births and deaths should be cross-referenced, the serial number in the former being entered in the latter and *vice versa*.

19. Any person who commits a breach of by-laws 7, 8, 9, 10, 11, 12 or 16, shall on conviction by a magistrate, be punishable with fine which may extend to fifty rupees.

No. 3879-C.-40/39253.—The following amendments made by the Municipal Committee of **Gujrat** to its bye-laws published with Punjab Government notification No. 16413, dated the 22nd May, 1934, as amended by Punjab Government notification No. 5279-C.-39/41984, dated the 9th December, 1939, having been confirmed by the Governor of the Punjab, as required by section 201 of the Punjab Municipal Act, 1911, are published for general information and shall come into force within the Municipality of **Gujrat** on the 18th day of November, 1940 :—

AMENDMENTS.

1. For the existing by-law 35, the following by-law shall be substituted, namely :—

"35. No new lane or kucha outside the Circular Road containing or likely to contain residential houses shall be less than 12 feet wide and within the Circular Road it shall not be less than 8 feet wide."

2. After by-law 35 the following new by-laws shall be inserted as by-laws 36 and 37, respectively, and the existing by-law 36 shall be renumbered as 38 :—

"36. No portion of any building in a street in which a line of frontage or set back has been fixed by a resolution of the committee shall be built to project beyond such line of frontage or set back."

"37. No portion of any building abutting on any street to which from time to time the committee may, by resolution, declare this by-law to apply shall be built within 20 feet of what was the centre of such street at the time of the passing of this by-law, and no portion of any building abutting on any other street shall be built within 10 feet of what was the centre of such street at the time of the passing of this by-law, provided that when the Municipal Committee has fixed a building line to regulate the frontage of buildings in any street, the Municipal Committee may permit a building to be constructed up to that line irrespective of the distance of any portion of it from the centre of the existing street."

No. 3582-C.-40/39255.—The following by-laws made by the Municipal Committee of **Kaithal**, in the Karnal district, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab as required by section 201 of the said Act, are published for general information. They shall come into force within the Municipality of **Kaithal**, on the 18th day of November, 1940 :—

BY-LAWS.

1. In these by-laws the expression "Motor vehicles" include all vehicles, carriages or other conveyances propelled or which may be propelled on road by electrical or mechanical power, either entirely or partially.

2. No person in charge of a motor vehicle shall take his vehicle or any part of it on or over any foot path or tan ride reserved for pedestrians or equestrians, or over any grass plots along the sides of any road.

AMENDMENT.

In by-laws 1, 2, 3 and form A *after* the word 'sweetmeat' wherever it occurs, the word 'kulfi' shall be added.

The 8th October, 1940.

No. 3995-C.-40/39819.—The following by-laws made by the Municipal Committee of **Ludhiana**, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information, and shall come into force within the Municipality of **Ludhiana**, on the 25th day of November, 1940 :—

BY-LAWS.

1. These by-laws shall apply only to those tanks, ponds, wells and baolis from which water is or may be made available for the public.

2. The Committee may, by a public notice fixed near a tank, pond, well or baoli prohibit, either permanently or temporarily for a specified period, the lowering of private receptacles for drawing water from such tank, pond, well or baoli.

3. No person shall—

(a) throw any rubbish, filth or any other unwholesome or objectionable articles into a tank, pond, well or baoli ;

(b) wash or soak skins, leather or any other dirty substance in a tank, pond, well or baoli ;

(c) permit water from a drain to flow into a tank, pond, well or baoli.

4. No person shall in the open space within a radius of one hundred feet or such other distance as may be prescribed by the Committee of a tank, pond, well or baoli—

(a) place any rubbish or filth or any other unwholesome or objectionable articles ;

(b) ease himself or urinate ;

(c) (in the case of a tank, pond, well or baoli, the water of which is used for drinking purposes) wash any clothes or utensils or water any animals.

5. No water shall be used for filling a tank unless it is obtained from a source, and conveyed through a channel, approved by the Committee.

6. No person shall bathe on or within a distance of 9 feet of a well or a baoli, provided with a pucca well head and parapet, and in other cases within a distance of 20 feet of a well or baoli.

7. The owner or the person in charge of a well, tank, pond or baoli shall carry out such measures as the Committee or the Medical Officer of Health may prescribe for preventing the pollution of water in such well, tank, pond or baoli.

8. When so required by the Committee, the owner or the person in charge of a well, tank, pond or baoli—

(a) shall build, of the type and the material specified, a drain or a cistern or shall make a pucca floor to provide for dirty water to flow off and to prevent the flow of surface water or the water of any drain into the well ;

(b) shall provide the well with a suitable covering to prevent pollution from natural causes such as the falling in of leaves or fruit of trees or the excreta of birds ;

(c) shall provide the well with a parapet wall of the size and type to be specified ;

(d) shall provide a metal receptacle for raising water for drinking purposes attached to a metal chain in such a manner that the upper end of the chain shall always be above the surface of the water ;

(e) shall render the lining of the well impervious to contamination from sub-soil water.

9. The owner or the person in charge of a well, tank, pond or baoli shall, when so required by the Committee, have it cleaned or repaired to the satisfaction of the committee. In default, the Committee may have the work performed through its own agency and recover the expense from the person concerned.

10. The President Secretary or the Medical Officer of Health or any person appointed in this behalf by the Committee may, at all times, inspect any well, tank, pond or baoli, or its source of water supply.

11. Any person who commits a breach of any of these by-laws shall, on conviction by a magistrate, be punishable with fine which may exte nd to fifty rupees ; and if the breach is a continuing breach, with a further fine which may extend to five rupees for every day after the first during which the breach continues.

Now, therefore, the Governer of the Punjab, in pursuance of the provisions contained in subsection (7) of section 3 of the Punjab Municipal (Executive Officers) Act, 1931, hereby directs that Lala Mukh Raj Jain shall be suspended from the post of Executive Officer of the Municipality of **Jandiala.**

No. 4014-C.-40/40754.—The following by-laws made by the Municipal Committee of **Chunian,** in the Lahore district, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information, and shall come into force within the Municipality of **Chunian,** on the 2nd day of December, 1940 :—

BY-LAWS.

1. In these by-laws—

(*i*) " Slaughter-house " means the slaughter-house owned and managed by the Municipal Committee.

(*ii*) " Superintendent " means the officer in charge of the slaughter-house.

2. (*i*) The slaughter-house will be open for the slaughter of animals during such hours as the Committee may, from time to time, direct.

(*ii*) No animal shall be slaughtered at any other time, provided that, in special circumstances and on the realization of three times the usual fee, the Superintendent may allow the slaughter of any animal at any other time. In all such cases the previous written permission of the Superintendent shall be obtained.

3. The Committee shall fix at a conspicuous place in the slaughter-house, a notice showing—

(*i*) the hours of the working of the slaughter-house ;

(*ii*) the fees payable ; and

(*iii*) any other directions that the Committee or the Superintendent may see fit to issue.

4. Every animal for slaughter shall, on being brought to the slaughter-house, be presented for inspection to the Superintendent who, before passing any animal for slaughter, shall satisfy himself that—

(*i*) it is more than six months old ;

(*ii*) its flesh will be fit for use as human food ;

(*iii*) it is not pregnant or with unweaned young ;

(*iv*) it is not diseased or in a dying condition :

provided that an animal which has met with an accident and is otherwise healthy may be passed for slaughter.

5. The Superintendent shall maintain a register in which he shall enter a brief description of each animal approved for slaughter, and the fees recovered therefor.

6. Fees for the slaughter of each animal shall be levied at the following rates :—

Animal.	*Fee per head.* Rs. A. P.
Goat	0 2 0
Sheep	0 2 0

7. (1) No person shall knowingly bring into any part of the slaughter-house—

(*i*) a diseased or unsound animal ;

(*ii*) an animal which is less than six months old ;

(*iii*) an animal which is pregnant or with unweaned young ;

(*iv*) any carcass ;

(*v*) any dog ; or

(*vi*) any animal not meant for slaughter or for the slaughter of which the slaughter-house is not provided.

(2) Any animal brought in contravention of this by-law shall be summarily removed under the direction of the Superintendent.

8. (1) Animals approved for slaughter by the Superintendent shall be branded/marked with a distinctive mark on ears, hooves or horns and admitted into the waiting-yard of the slaughter-house.

(2) All animals when approved shall be kept in the waiting-yard until the owners or persons in charge receive permission to bring them into the slaughter-yard.

(3) The owner of the animal shall remain responsible for its security while it is in the waiting yard.

(4) No animal shall be admitted into the waiting-yard unless the prescribed fee has been paid.

9. Animals rejected as unfit for slaughter shall be removed forthwith from the premises of the slaughter-house :

Provided that animals found to be affected by any infectious or contagious disease or which may reasonably be suspected of being so affected, shall, if the Superintendent so directs, be forthwith apprehended and removed to the Veterinary Hospital or such other place as the Committee may provide for the purpose.

10. Each animal shall be slaughtered immediately over the drain and no blood shall be allowed to flow upon the floor.

11. (*i*) Slaughtered animals shall be disembowelled as soon as possible after slaughter.

(*ii*) The contents of the stomachs and bowels shall not be washed into the drain or allowed to drop on the floor, but shall be emptied into buckets or receptacles provided for the purpose by the Municipal Committee.

12. No person shall rub or cause to be rubbed the inner sides of skins upon the ground within any portion of the slaughter-house or in the neighbourhood of the slaughter-house premises.

13. (*i*) All carcasses shall after skinning and cleaning be presented to the Superintendent for inspection.

(*ii*) Carcasses which have been passed by the Superintendent as fit for human consumption shall, if necessary, be branded or stamped so as to define their quality.

(*iii*) No person shall remove any carcass from the slaughter-house premises until it has been duly passed by the Superintendent.

(*iv*) The Superintendent shall cause any carcass or meat, which is, in his opinion, unfit for human consumption, to be buried or destroyed.

14. No person shall remove entrails and offals from the slaughter-house until they have been properly washed and cleaned.

15. No person shall blow or stuff any meat within the slaughter-house premises, and the Superintendent may cause to be buried or destroyed any meat found to be blown or stuffed.

16. Any carcass or meat ordered to be destroyed in accordance with the provisions of by-law 13 or 15 shall be so treated as to render its use for human food impossible.

17. No meat shall be sold on the premises of the slaughter-house.

18. No person shall remove or cause to be removed from the premises of the slaughter-house any carcass or meat except in a clean receptacle and covered in such manner as to be screened from public view and adequately protected against flies and dust.

19. The Superintendent shall, by general or special order, direct the disposition of all skins, heads, horns and feet of slaughtered animals and all carcasses or meat found left in the slaughter-house after the hour fixed for closing the slaughter-house.

20. (*i*) No person affected with leprosy, sores or any other skin disease or any contagious or infectious disease shall enter the slaughter-house premises.

(*ii*) No person, other than the municipal staff on duty and licensed butchers and their assistants or *bona fide* servants, shall enter the slaughter-house premises during the process of slaughtering or skinning and cutting up of carcass.

(*iii*) No person shall create any disturbance in the slaughter-house premises.

Any person transgressing the provisions of this by-law may be removed summarily under the direction of the Superintendent.

21. Any person who commits a breach of any of the by-laws 2, 4, 7 to 18 and 20 shall, on conviction by a magistrate, be liable to fine which may amount to fifty rupees.

10. No person knowing or having reasons to believe that any dog belonging to him in his charge is likely to annoy or intimidate any person or animal or has been bitten by an animal suffering, or reasonably suspected to be suffering from rabies shall neglect to restrain such dog from annoying, intimidating or biting other persons or animals. Any person who commits or abets the commitment of a breach of this by-law shall be punishable with fine which may extend to twenty rupees.

Accommodation.

11. No person attending the fair shall encamp anywhere on the fair ground except on places set apart by the Committee for the purpose.

12. No person shall use any building or site for the lodging of visitors on the fair ground except under a licence granted by the Medical Officer of Health. Every such licence shall be issued subject to the following conditions :—

(*i*) that such building or site complies with such conditions regarding ventilation, cleanliness, water supply, conservancy and drainage as the Medical Officer of Health may lay down ;

(*ii*) that such building or site shall accommodate not more than the number of persons of either sex stated in the licence ;

(*iii*) that the licence shall be liable to cancellation at any time by the Medical Officer of Health for a breach of any of these conditions.

13. The licensee of any such house shall supply to each person staying in it a cardboard ticket bearing the name of the visitor and the accommodation assigned to that individual.

14. All fires in thatched houses or *jhugis* shall be extinguished by 10 P.M.

15. Each licensee shall provide such number of buckets filled with water or sand as may be prescribed by the Medical Officer of Health for use in case of fire.

Water supply.

16. No person shall take water within the fair ground from any source other than that approved by the Medical Officer of Health who may close or direct the closure of any source of water supply public or private temporarily if the same be in his opinion polluted or otherwise unfit for use.

17. The Medical Officer of Health may at his discretion disinfect or treat any well, tank or other source of water supply.

18. No drinking booth shall be allowed on the fair ground except under a licence granted by the Medical Officer of Health.

19. No person shall sell, store, prepare or expose for sale any article of food or drink at any place in the fair ground except under a licence granted by the Medical Officer of Health and subject to the conditions specified on the licence form.

Food supply.

20. Every licence granted under by-law 19 shall be issued subject to the following conditions :—

(*i*) that any place used for the preparation, sale or exposure for sale or free supply of any article of food or drink shall be well lighted and ventilated and shall be kept clean at all times to the satisfaction of the Medical Officer of Health ;

(*ii*) that water used in the preparation of articles of food or drink or for the washing of vessels used in such preparation shall be derived from a source approved by the Medical Officer of Health and be stored in clean and properly covered containers

(*iii*) that all vessels used in the preparation, storage or distribution of food or drink shall be kept clean ;

(*iv*) that only wholesome and unadulterated articles of food or drink shall be sold ;

(*v*) that all refuse (from whatever source) shall be deposited in suitable covered containers ;

(*vi*) that the Medical Officer of Health or any person not below the rank of a Sanitary Inspector or Sub-Assistant Health Officer authorised by him in this behalf may enter the licensed premises to inspect the same and any articles of food and drink ;

(*vii*) that the Medical Officer of Health or any officer not below the rank of a Sanitary Inspector or Sub-Assistant Health Officer specially authorised by him in this behalf may seize and destroy or otherwise dispose of any article of food or drink which in his opinion is unfit for human consumption ;

(*viii*) that no person who is suffering from any infectious, loathsome or contagious disease shall touch, or take part in the preparation or distribution of any article of food or drink ;

(*ix*) that a licensee or his agent or servant shall immediately inform the office of the Medical Officer of Health at the fair of any case of illness among the persons connected with the licensed premises ;

(*x*) that the licensed premises shall not be used for sleeping purposes ;

(*xi*) that nothing shall be stored in any licensed premises except the articles necessary for the preparation, storage and distribution of food and drink ;

(*xii*) that no dog or other animal shall be allowed in any licensed premises ;

(*xiii*) that all articles of food and drink shall be carefully protected from flies and dust ; and

(*xiv*) that the licensee shall comply with any other instructions issued by the Medical Officer of Health in this behalf.

21. The Medical Officer of Health may prohibit the import into the fair ground of any article of food or drink which he considers is likely to promote illness.

22. (1) No person shall manufacture aerated waters for sale in any premises on the fair ground except under a licence granted by the Medical Officer of Health.

(2) Every licence granted under this by-law shall be subject to the following conditions :—

(*i*) that the water used in the manufacture of aerated waters be derived from a source approved by the Medical Officer of Health and be carried in clean covered vessels and stored in a clean cistern with a tap ;

(*ii*) that empty bottles be first cleaned by scrubbing brush and clean water and then kept soaked in a solution of permanganate of potash for six hours. The permanganate solution shall be renewed as soon as it turns brown ; and

(*iii*) that all bottles shall bear a label or mark showing the name and address of the manufacturer.

NOTE.—The Medical Officer of Health will be the sole judge of whether a vessel or cistern is clean or not and in case of dispute in any matter pertaining to articles of food or drink as contained in these by-laws, the decision of the Medical Officer of Health shall be final.

Washing and Bathing.

23. (*a*) No person shall wash any clothes or animals or bathe at any place on the fair ground other than that approved by the Medical Officer of Health and specified by the Committee and no person shall use such a place which is set apart for the use of the opposite sex or at times other than those specified by the Committee.

(*b*) No infected articles or clothes which have been used by or have come in contact with a person suffering from an infectious disease shall be washed at the public washing or bathing places unless they have been previously disinfected to the satisfaction of the Medical Officer of Health.

Conservancy and Health.

24. No person shall ease himself at any place on the fair ground other than that set apart for the purpose.

25. No person shall deposit refuse at any place on the fair ground other than that specified for the purpose.

26. The Medical Officer of Health may—

(*i*) fix places for the deposit of refuse, rubbish or other waste matter of any kind and give directions regarding the time at which and manner in which such refuse, rubbish or waste matter may be kept on any land or building or removed along any road or pathway ;

(*ii*) direct the owner or occupier of any land or building not to cause, or knowingly or negligently allow, any waste water to collect on any land or place not set apart for the purpose ;

(*iii*) arrange for the removal of filth, rubbish, manure, or other waste matter from any latrine, urinal, cesspool, or other receptacle for such matter ;

(*iv*) establish medical inspection posts in connection with the examination of travellers by rail and road and may also arrange for adequate accommodation for the isolation of cases of infectious diseases ;

(*v*) refuse entry to the fair ground to any person suspected to be suffering from any contagious disease and who refuses to allow himself to be examined at any such examination post, or gives a false answer to any question addressed to him by the medical officer or official in charge of such post and who disobeys any order of such officer or official in respect of his removal to a hospital or his detention in a place set apart for the purpose.

(*vi*) order the removal of any person suffering or suspected to be suffering from any infectious disease to a suitable hospital and order all persons who have been in contact with a case of infectious disease to be isolated for a specified period ;

(*vii*) order the cleaning and disinfection of any land, building, drain, latrine, urinal, cesspool or any bedding, or clothing or any other article which is in his opinion infected or likely to carry infection ;

(*viii*) prohibit the letting of a house or building or part of a house or building which has not been disinfected to his satisfaction ;

(*ix*) prohibit the entrance into the fair ground of persons coming from a town, village or locality which is infected with cholera, plague, smallpox or any other communicable disease unless such persons submit to appropriate preventive inoculation.

27. It shall be the duty of the owner or keeper of a lodging house, hostel or serai to inform the Medical Officer of Health immediately of any case of illness on his premises.

NOTE.—In these by-laws the term "infectious diseases", "contagious diseases" or "communicable diseases" includes—

28. Any licence issued under these by-laws may be cancelled by the Medical Officer of Health for a breach of any of the conditions of the licence. The decision of the Medical Officer of Health shall be final.

29. Any person who commits or abets the commitment of a breach of any of these by-laws except by-law 10 for which a penalty is prescribed separately shall, on conviction by a magistrate, be punishable with a fine which may extend to rupees fifty and if the breach is a continuing breach with a further fine which may extend to rupees five for each day after the first during which the breach continues.

No. 4058-C.-40/41459.—*Corrigendum.*—In the schedule published with Punjab Government notification No. 3504-C.-40/36602, dated the 10th September, 1940, against serial No. 90 under the column headed "Rate per maund" *for* 4-0-0" *read* "1-4-0".

No. 3682-C.-40/41470.—The following by-laws made by the Municipal Committee of **Jhajjar**, in the Rohtak district, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab as required by section 201 of the said Act, are published for general information and shall come into force within the Municipality of **Jhajjar**, on the 9th day of December, 1940 :—

BY-LAWS.

1. Permission will not be granted by the Municipal Committee to the owner or occupier of a shop for the use of municipal land in front of his shop for the fixing of his *takhtposh* or board except on the following conditions :—

(*a*) that in cases in which a *takhtposh* or a board projects, or is to be placed over a drain the Medical Officer of Health, Secretary or any other officer authorized by the Committee in this behalf has, after visiting the spot, made specific recommendations ;

(*b*) that the permission granted by the Committee under this by-law shall extend only to the owner of the shop in front of which the land is, or to his *bona fide* tenant and shall not be transferable ;

(*c*) that no person shall fix a *takhtposh* or board unless they are of such dimensions as may be prescribed by the Committee from time to time ;

(*d*) that the holder of the permission shall keep the land in front of his shop in a thoroughly clean condition ;

(*e*) that rent at the following rates shall be payable in advance for the use of land for fixing a *takhtposh* or board or for placing on it building material or articles of merchandise :—

	Scale of fees.
(1) *Takhtposh* or board for placing of articles of merchandise or other material.	Two pice per square feet per mensem.
(2) Building material ..	One anna per square yard per mensem.

Provided that, if any *takhtposh* or board is removed from the municipal land before the expiry of the period in respect of which rent has been paid in advance, the amount of rent due in respect of the unexpired period may be refunded to the payer, provided further that previous notice of the intention of the payer to remove the *takhtposh* or board shall be given to the Committee, and no refund shall be made in respect of periods less than a month.

(*f*) that the Committee may at any time by notice resume the area under such *takhtposh* or board should it be deemed expedient to do so ;

Provided that when land is so resumed, the rent already paid by the person granted permission under by-law 1 shall be refunded to such person for the unexpired period of the permit granted ; provided further that period less than a month shall be ignored.

2. Applications for the grant of permission under section 173 of the Punjab Municipal Act, 1911, shall be made to the Secretary, who shall obtain the orders of the Committee thereon ; and if the Committee grants permission in any case, the Secretary shall issue orders accordingly ; if permission is not granted, the Secretary shall communicate the orders of the applicants concerned.

3. If the Committee is satisfied that any person to whom written permission has been accorded under subsection (1) of section 173 of the Punjab Municipal Act, 1911, has failed to comply with any of the conditions imposed under by-law 1, the Committee may cancel the permission so accorded and no claim by such person to a refund of any rent already paid in consideration for such permission shall be entertained.

4. Whoever commits a breach of the foregoing by-laws shall, in addition to such cancellation of permission to which he may have rendered himself liable under by-law 3, be punishable with fine which may extend to fifty rupees, and if the breach is a continuing breach, with a further fine which may extend to five rupees for every day after the first during which the breach continues.

No. 4112-C.-40/41489.—The following by-laws made by the Municipal Committee of **Kaithal**, in the Karnal district in exercise of the powers conferred by sections 188, 197 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab as required by section 201 of the said Act, are published for general information and shall come into force within the Municipality of **Kaithal** on the 2nd day of December, 1940, from which date the by-laws published with Punjab Government notification No. 739, dated the 14th November, 1910, shall be deemed to have been cancelled :—

BY-LAWS.

Conditions.

1. The licensed premises shall be kept structurally fit for the purpose for which the licence is granted

Explanation.—Structural fitness shall be deemed to include —

(*a*) the existence of a floor made of bricks, stone, cement or other impervious material ;

(*b*) possession of walls, properly plastered and limewashed ;

(*c*) adequate provision of light and ventilation ;

(*d*) suitable drains and the floor so sloped as to allow all liquid to flow off by the drain.

2. (*a*) There shall be no such latrine, cess-pool, cow-shed, stable, or other place within one hundred feet of the premises which in the opinion of the Medical Officer of Health renders it undesirable that such premises shall be used for the sale or preparation for sale of meat.

(*b*) Suitable arrangements shall be made for screening the meat from the view of the public.

3. Every place licensed for the sale or preperation for sale of meat shall be fitted with a table of which the top shall be covered with a zinc sheet or slab of marble, slate or stone for cutting meat, and also with metal scales and weights shall at all reasonable times without notice, be open to inspection by the Medical Officer of Health or such Food Inspector or Sanitary Inspector of the Committee as may be deputed by the Committee for the purpose.

4. Every place licensed for the sale and preparation or exposure for sale of meat and all implements, cables receptacles, vessels or other things used therein shall at all times be kept in a clean and wholesome condition and protected from dust and every place shall at all times be provided with a sufficient supply of water for cleaning the same.

5. All meat shall at all times be kept in a wire-gauze receptacle as a protection against flies.

6. The licensee shall provide a receptacle for the collection of all sorts of refuse and shall not throw or allow to be thrown any waste anywhere, except in the said receptacle which shall be cleaned and washed twice daily.

7. The licensee shall not permit any meat to be wrapped in dirty or soiled paper, cloth or leaves or to be transported except in a clean fly-proof receptacle.

8. (*a*) No person suffering from any contagious or infectious disease or from loathsome sores or who has recently been attending on any person so suffering and no animal or bird suffering from any contagious or infectious disease or from loathsome sores, shall be permitted to enter into or remain in the premises licensed for the sale or preparation or exposure for sale of meat.

(*b*) If required by the Medical Officer of Health the licensee shall permit any person employed for the sale or preparation or exposure for sale of meat to be tested for the purpose of ascertaining whether he is a carrier of any infectious disease.

Note.—Such tests shall be made at municipal expense.

9. (*a*) The walls of the licensed premises shall be properly lime-washed at least twice a year and more often if so required by the Medical Officer of Health.

(*b*) No room or any portion of the licensed premises shall be used as a living room or sleeping room or for any other trade or occupation.

10. The licensee shall not spit or smoke or suffer any other person to spit or smoke within the licensed premises.

11. The licensee shall comply promptly with all notices issued by the Medical Officer of Health in respect of sanitation.

BY-LAWS.

1. No person shall keep for hire or cause to ply for hire within the limits of the Municipality any cart drawn or propelled by one or more men or animals except under a licence granted in this behalf by the Municipal Committee.

2. (*a*) A licence to keep for hire, or cause to ply for hire, any such cart shall be issued by the Secretary of the Committee on the application of the proprietor of any such cart on payment of the fees specified in by-law 3 and shall be granted by the Committee on the conditions detailed in by-law 4 :

Provided that the Secretary shall issue no licence in respect of any such cart unless and until the cart and the animal or animals, if any, which are to draw it have been inspected and approved by the Licensed Vehicles Sub-Committee.

(*b*) At the time of issue of licence the Secretary shall also give to the proprietor of the cart a number-plate to be affixed to the cart.

3. A fee of Rs. 4 per annum or annas six per mensem shall be paid for a licence issued for a cart drawn by two or more animals.

4. Every licence issued under by-law 2 shall be granted subject to the following conditions :—

(*a*) that the cart in respect of which a licence is granted shall be kept at all times in good repair and animal or animals employed to draw it shall be maintained in good condition and free from sores ;

(*b*) that the person in charge of the cart shall not, except for reasonable cause, refuse to let the cart for hire ;

(*c*) that the person in charge of the cart and his assistants, if any, shall help in loading and unloading the cart, if required by the hirer to do so ;

(*d*) that the person in charge of the cart shall not ply for hire when in a state of drunkenness and shall not sleep or make use of insulting, abusive or obcene language or gestures when plying for hire, and shall not stand or loiter with the cart upon any public street or place elsewhere than at any place which may be appointed by the Municipal Committee as a stand for licensed carts, and shall not refuse to give way to any carriage when reasonably required to do so ;

(e) that the person in charge of the cart shall conduct his cart on the extreme left of the road in a line with and in rear of any other cart or carts in front which is or are proceeding in the same direction and shall not in any way make attempt forcibly to pass any cart immediately in front of his cart ;

(f) that when loading or unloading a cart in a street, the person in charge of the cart shall keep it parellel with and immediately at the edge of the street ;

(g) that when plying by night the cart shall have attached to it a lantern in such a position as to be conspicuous from in front and from behind ;

(h) that the licensee shall not employ any person of less than 18 years of age to drive or be in charge of the cart ;

(i) that the cart shall not be loaded with a load in excess of the maximum load prescribed in bylaw 6 ;

(j) that for a breach of any of these conditions the licence may be suspended or cancelled by order in writing to be signed by the President and at least one other member of the Committee.

5. Every person in charge of a licensed cart shall, at all times when plying for hire, have with him the licence for the cart and shall, if required to do so, exhibit such licence to the hirer, and shall when called upon to do so, by any magistrate, member of the Committee, or officer of the Committee authorized in this behalf, stop his cart and exhibit the licence to such magistrate, member or officer, and state his name and residence and the name of the proprietor of the cart.

6. (a) The maximum load to be carried by a cart drawn by two or more animals plying for hire shall be thirty maunds.

(b) No person shall load or cause or permit to be loaded any cart with a load in excess of the maximum load prescribed for such cart in clause (a) of this by-law.

7. (a) In every case when a licensed cart is transferred to another person during the currency of the licence, the transfer shall be reported to the Secretary of the Committee and on payment of a fee of annas four the name of the transferee shall be substituted for the name of the original licensee in the licence.

(b) The original licensee shall, until such transfer is reported, and such name is substituted in the licence, be held liable, as proprietor of the cart, for compliance with these by-laws.

8. Any person who commits a breach of any of these by-laws and every licensee who commits a breach of the conditions of his licence shall, on conviction by a magistrate, be punishable with fine which may extend to fifty rupees, and if the breach is a continuing breach with further fine, which may extend to five rupees for every day after the first breach during which such breach continues.

No. 3957-C.-40/41978.—The following by-laws made by the Municipal Committee of **Simla**, under sections 188, 198 and 199 of the Punjab Municipal Act, in supersession of Part XXIV of the by-laws published with Punjab Government notification No. 104, dated the 15th February, 1897, as amended by the Punjab Government notifications Nos. 139 and 84, dated the 30th March, 1899 and the 31st January, 1906, respectively, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information and shall come into force within the Municipality of **Simla**, on the 2nd day of December, 1940 :—

BY-LAWS.

1. For the purpose of these by-laws a job porter shall be deemed to be a person working by the job or for a period not exceeding 24 hours at a time.

2. Every job porter shall take out a licence from the committee and no person shall work or ply for hire as a job porter without having taken out such licence for which no charge will be made.

Provided that the provisions of this by-law shall not apply to any job porter who is hired outside the Municipality and performs a portion of the work imposed by such hiring within municipal limits, if the period of performance of work in the Municipality does not exceed twenty-four hours.

3. Such licences shall be issued by the Secretary or such other person as the committee appoints in this behalf.

4. The year during which the licence shall extend shall commence on the sixteenth day of March of each year, and every licence granted on any date within

that year shall, subject to the provisions hereinafter contained, remain in force until for the period specified thereon.

5. Every licence granted by the committee shall be in form "A" appended to these by-laws.

6. Every licence shall bear the date on which the same is granted and shall be revocable upon a second conviction for the breach of any of these by-laws.

7. The officer authorised to issue licences shall, at the time of issuing the licence to any job porter, deliver to him a metal badge, upon which shall be marked or engraved a number corresponding with the number of such licence. A charge of four annas will be made for this badge.

8. Every job porter to whom such badge is delivered shall at all times, while waiting for hire, or during the performance of his duties as such job porter, or while attending before any magistrate, carry such badge exposed to view.

9. (1) In the absence of any special contract to the contrary the following shall be the rates of hire (or as may be amended by the municipal committee from time to time) and no higher or lower rates shall be charged than those contained in the schedule hereunder :—

Explanation.—(1) These rates apply to packages not exceeding five maunds in weight. Conveyance for packages exceeding this weight should be arranged for by private contract. Packages weighing between 25 seers and one maund shall be considered as a whole maund.

(2) The rates from the Town Hall, Simla Passenger Station, and Summer Hill Railway Station, as the case may be, to places mentioned in the by-law shall also apply to places in the neighbourhood of the latter, but the rate for a man despatched from the starting place to a place in its neighbourhood should be arranged for by private contract.

9. (2) Job porters engaged by time shall be by special contract.

NOTE.—A table of the rates of hire, legibly written or printed in English, Hindi and Urdu, shall be affixed in some conspicuous place within the limits of the Municipality, and a copy of the same, or such portion thereof as may be deemed sufficient shall be given to every job porter at the time of registration.

10. No job porter shall carry at any time a load exceeding 20 seers in weight unless he has been certified as physically fit by the Licensing Authority and the fact of his physical fitness is recorded in his licence. The maximum load a job porter certified to be physically fit may carry at any time shall not exceed 1½ maunds in weight.

11. Every licensed job porter shall be entitled to receive payment for his hiring, in accordance with the rates specified in by-law 9:

Provided that nothing contained in these by-laws shall prevent any such job porter from being bound by any contract into which he may enter to receive payment at a rate lower than that fixed by such order.

12. No job porter shall, without reasonable excuse, refuse to accept hire at the rate fixed for such hiring;

or shall desert from his hiring before being discharged therefrom;

or demand more than the proper rate fixed for such hiring;

or be drunk or make use of insulting or abusive language during the period of, or while waiting for, such hiring;

or wrongfully prevent, or endeavour to prevent, any other porter from being hired;

or fail to produce his licence and table of rates, when required to do so.

13. No person shall work as a job porter without being duly registered and licensed, and no job porter, having a licence in force, shall transfer or lend the same or allow the same to be used by any other person.

14. Whenever the writing on any badge is obliterated or defaced, so as to make it not distinctly legible, the job porter holding the badge shall deliver such badge to the licensing officer or, when it is proved to the satisfaction of the aforesaid officer that a badge has been lost or mislaid by a job porter, the porter shall produce his licence to the licensing officer, and shall then be entitled to receive a new badge upon payment of an amount not exceeding four annas.

15. Upon the expiration, or otherwise sooner termination, of any licence granted to a job porter under these by-laws, such job porter shall deliver up such licence and the badge relating thereto (the cost of which shall be refunded) to the Secretary, and no such job porter after such expiration or termination, as aforesaid, shall wear his badge as hereinbefore provided, or shall wilfully neglect for one week to deliver the same to the said officer, and no job porter shall use or wear or detain any badge, which shall have ceased to be in force or other than such as shall have been delivered to him under the provisions of this Act.

16. Every job porter who shall be in possession of any lost or unclaimed property shall within twenty-four hours carry such property, if not sooner claimed by the owner thereof, to the nearest police station, and shall there deposit it with the sub-inspector or other police officer on duty.

17. Whenever any porter shall be summoned to appear before any magistrate to answer any charge preferred against him under these by-laws he shall carry with him his licence and produce the same, if required so to do and no porter shall on such requisition fail, without reasonable cause, to produce such licence.

18. Any person who commits a breach of by-laws, 2, 8, 10, 12 to 17 shall, on conviction by a magistrate, be punishable with fine which may extend to fifty rupees, and if the breach is a continuing breach with a further fine which may extend to five rupees for every day after the first during which the breach continues.

BY-LAWS.

1. (*i*) "Slaughter-house" means the slaughter-house owned and managed by the Municipal Committee.

(*ii*) "Superintendent" means the officer in charge of the slaughter-house.

2. (*i*) The slaughter-house will be open for the slaughter of animals during such hours as the Committee may, from time to time, direct.

(*ii*) No animal shall be slaughtered at any other time, provided that, in special circumstances and on the realization of the usual fee, the Superintendent may allow the slaughter of any animal at any other time. In all such cases the previous written permission of the Superintendent shall be obtained.

3. The Committee shall fix at a conspicuous place in the slaughter-house, a notice showing—

(*i*) the hours of the working of the slaughter-house;

(*ii*) the fees payable; and

(*iii*) any other directions that the Committee or the Superintendent may see fit to issue.

4. Every animal for slaughter shall, on being brought to the slaughter-house, be presented for inspection to the Superintendent who, before passing any animal for slaughter, shall satisfy himself that—

(*i*) it is more than three months old;

(*ii*) its flesh will be fit for use as human food;

(*iii*) it is not pregnant or with unweaned young;

(*iv*) it is not diseased or in a dying condition:

(*v*) in the case of milch buffaloes or cows they are dry;

provided that an animal which has met with an accident and is otherwise healthy may be passed for slaughter.

5. The Superintendent shall maintain a register in which he shall enter a brief description of each animal approved for slaughter, and the fees recovered therefor.

6. Fees for the slaughter of each animal shall be levied at the following rates :—

Animal.	*Fee per head.* Rs. A. P.
Goat	0 1 6
Sheep	0 1 6
Other animals such as cow and buffalo, etc. ..	0 14 0

7. (1) No person shall knowingly bring into any part of the slaughter-house—

(*i*) a diseased or unsound animal ;

(*ii*) an animal which is less than three months old ;

(*iii*) an animal which is pregnant or with unweaned young ;

(*iv*) any buffalo or cow during the period of lactation,

(*v*) any carcass ;

(*vi*) any dog ; or

(*vii*) any animal not meant for slaughter or for the slaughter of which the slaughter-house is not provided.

(2) Any animal brought in contravention of this by-law shall be summarily removed under the direction of the Superintendent.

8. (1) Animals approved for slaughter by the Superintendent shall be branded with a distinctive mark on ears, hooves or horns and admitted into the waiting-yard of the slaughter-house.

(2) All animals when approved shall be kept in the waiting-yard until the owners or persons in charge receive permission to bring them into the slaughter-yard.

(3) The owner of the animal shall remain responsible for its security while it is in the waiting-yard.

(4) No animal shall be admitted into the waiting-yard unless the prescribed fee has been paid.

9. Animals rejected as unfit for slaughter shall be removed forthwith from the premises of the slaughter-house :

Provided that animals found to be affected by any infectious or contagious disease or which may reasonably be suspected of being so affected, shall, if the Superintendent so directs, be forthwith apprehended and removed to the Veterinary Hospital or such other place as the Committee may provide for the purpose.

10. Each animal shall be slaughtered immediately over the drain and no blood shall be allowed to flow upon the floor.

11. (*i*) Slaughtered animals shall be disembowelled as soon as possible after slaughter.

(*ii*) The contents of the stomachs and bowels shall not be washed into the drain or allowed to drop on the floor, but shall be emptied into buckets or receptacles provided for the purpose by the Municipal Committee.

12. No person shall rub or cause to be rubbed the inner sides of skins upon the ground within any portion of the slaughter-house or in the neighbourhood of the slaughter-house premises.

13. (*i*) All carcasses shall after skinning and cleaning be presented to the Superintendent for inspection.

(*ii*) Carcasses which have been passed by the Superintendent as fit for human consumption shall, if necessary, be branded or stamped so as to define their quality.

(*iii*) No person shall remove any carcass from the slaughter-house premises until it has been duly passed by the Superintendent.

(*iv*) The Superintendent shall cause any carcass or meat, which is, in his opinion, unfit for human consumption, to be buried or destroyed.

14. No person shall remove entrails and offals from the slaughter-house until they have been properly washed and cleaned.

15. No person shall blow or stuff any meat within the slaughter-house premises, and the Superintendent may cause to be buried or destroyed any meat found to be blown or stuffed.

16. Any carcass or meat ordered to be destroyed in accordance with the provisions of by-law 13 or 15 shall be so treated as to render its use for human food impossible.

17. No meat shall be sold on the premises of the slaughter-house.

18. No person shall remove or cause to be removed from the premises of the slaughter-house any carcass or meat except in a clean receptacle and covered in such a manner as to be screened from public view and adequately protected against flies and dust.

19. The Superintendent shall, by general or special order, direct the disposition of all skins, heads, horns and feet of slaughtered animals and all carcasses or meat found left in the slaughter-house after the hour fixed for closing the slaughter-house.

20. (*i*) No person affected with leprosy, sores or any other skin disease or any contagious or infectious disease shall enter the slaughter-house premises.

(*ii*) No person, other than the municipal staff on duty and licensed butchers and their assistants or *bona fide* servants, shall enter the slaughter-house premises during the process of slaughtering or skinning and cutting up of carcass.

(*iii*) No person shall create any disturbance in the slaughter-house premises.

Any person transgressing the provisions of this by-law may be removed summarily under the direction of the Superintendent.

21. Any person who commits a breach of any of the by-laws 2, 4, 7 to 18 and 20 shall, on conviction by a magistrate, be liable to fine which may amount to fifty rupees.

The 24th October, 1940.

No. 4243-C.-40/42387.—In pursuance of the provisions of section 24 of the Punjab Municipal Act, 1911, it is hereby notified that Maulvi Siraj Din Pall, Pleader, has been appointed a member of the Municipal Committee of **Amritsar**, *vice* Sheikh Inayat Ullah, deceased.

Town Improvement.

The 19th October, 1940.

No. 2575-C.-40/41466.—In exercise of the powers conferred by section 73 of the Punjab Town Improvement Act, 1922, the Governor of the Punjab is pleased to make the following rules applicable to the Lahore Town Improvement Trust.

RULES.

1. A person shall not be appointed by the Lahore Town Improvement Trust—

(*a*) *Chief Officer or Secretary*, unless he is an officer of the Indian Civil Service or the Punjab Civil Service of not less than five years' standing subsequent to his appointment substantively to the Indian or the Punjab Civil Service, as the case may be ;

(*b*) *a Land Acquisition Officer*, unless he is a member or a retired member of the Punjab Civil Service of not less than three years' standing in that service, or is a Tahsildar or a retired Tahsildar of not less than five years' standing as a Tahsildar ;

(*c*) *a Town Planner or Town Planning Engineer*, unless he—

(1) is a Member or an Associate Member of the Town Planning Institute by examination and possesses a Diploma in Town Planning of the University of London or the University of Liverpool or an equivalent diploma of another British University, and

(2) (*a*) possesses the qualifications prescribed by the Provincial Government for the recruitment of officers to the Provincial Engineering Service and in addition 10 years' professional standing from the date of acquisition of those qualifications ; or

(*b*) is a Fellow or Associate of the Royal Institute of British Architects with 5 years' practical experience in Town Planning Schemes ; or

(*c*) is a Member or Associate Member of the Institution of Civil Engineers, with 5 years' practical experience in Town Planning Schemes.

(*d*) *an Assistant Engineer*, unless he possesses the qualifications prescribed by the Provincial Government for the recruitment of officers of the Provincial Engineering Service and is of three years' standing from the date of the acquisition of those qualifications ;

(*e*) *a Senior Draftsman*, unless he possesses a diploma in Architecture from Sir Jamestjee Jeejebhoy School of Arts, Bombay, or has passed three years' draftsman's course from the Government School of Engineering at Rasul and after passing the course, has had practical experience of at least five years, or possesses an equivalent qualification ;

(*f*) *a Junior Draftsman*, unless he has passed the two years' course at the Government School of Engineering, Rasul, or possesses an equivalent qualification ;

(g) *an Overseer*, unless he has passed with honours or credit the Final Overseers examination of the Government School of Engineering at Rasul, or of any other similar institution recognised, from time to time, by the Improvement Trust.

2. No order of dismissal or removal for misconduct shall be passed on an officer or servant of the Trust (other than an order based on facts which had led to his conviction in a criminal court) unless he has been informed in writing of the grounds on which it is proposed to take action, and has been afforded an adequate opportunity of defending himself. The grounds on which it is proposed to take action shall be reduced to the form of a definite charge or charges, which shall be communicated to the person charged together with a statement of the allegations on which each charge is based and of any other circumstances which it is proposed to take into consideration in passing orders on the case. He shall be required, within a reasonable time, to put in a written statement of his defence and to state whether he desires to be heard in person. If he so desires or if the authority concerned so direct, an oral enquiry shall be held. At that inquiry oral evidence shall be heard as to such of the allegations as are not admitted, and the person charged shall be entitled to cross-examine the witnesses, to give evidence in person and to have such witnesses called, as he may wish, provided that the officer conducting the enquiry may, for special and sufficient reasons to be recorded in writing, refuse to call a witness. The proceedings shall contain a sufficient record of the evidence and a statement of the findings and the grounds thereof.

This rule shall not apply where the person concerned has absconded, or where it is for other reasons impractical to communicate with him. All or any of the provisions of the rule may, in exceptional cases, for special and sufficient reasons to be recorded in writing, be waived, where there is a difficulty in observing exactly the requirements of the rule and those requirements can be waived without injustice to the person charged.

3. No fine shall be imposed on any servant of the Trust drawing a salary of twenty-one rupees or more per mensem.

4. If it is sought to punish any officer or servant of the Trust in any other way, for example by withholding increments due on promotion in a time-scale or by reducing his wages, or to dispense with his services, a general or special order shall be recorded by the Trust or the Chairman giving the reasons for which it is proposed to take such action. The officer or servant concerned shall be entitled to make such objections as he may wish to make within a reasonable time to be stated by the Trust or the Chairman when giving notice and such objections, if any, shall be considered by the Trust, or the Chairman, as the case may be, but it shall not be necessary for the Trust to hold a detailed enquiry.

5. If the Trust or the Chairman dispense with the services of an officer or a servant of the Trust without following the procedure laid down in rule 2, the said officer or servant shall receive one month's notice before discharge or one month's wages in lieu thereof, unless there is a written contract to the contrary in which case the conditions prescribed in the written contract shall be observed.

6. The services of a person in the service of the Crown whose services have been lent to the Trust by the Provincial Government shall not be dispensed with nor shall any penalty be imposed upon him until the expiry of thirty days after intimation of the intention of the Trust has been sent to the Commissioner. In urgent cases such a person may, with the written permission of the Commissioner, be suspended before the period of thirty days has elapsed.

7. Rules regarding conduct and discipline applicable to persons in the service of the Crown in India shall apply to officers and servants of the Trust.

No. 3856-C.-40/41775.—In exercise of the powers conferred by subsection (1) of section 41 of the Punjab Town Improvement Act, 1922, the Governor of the Punjab is pleased to sanction the scheme set forth in the sub-joined schedule :—

Notified Areas.

The 19th October, 1940.

No. 4022-C.-40/41455.—The following by-laws made by the Notified Area Committee of **Raiwind Mandi**, in the Lahore district, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information and shall come into force within the Notified Area of **Raiwind Mandi** on the 2nd day of December, 1940:—

BY-LAWS.

1. (*i*) " Slaughter-house " means the slaughter-house owned and managed by the Notified Area Committee, Raiwind Mandi.

(*ii*) " Superintendent " means the officer in charge of the slaughter-house.

2. (*i*) The slaughter-house will be open for the slaughter of animals during such hours as the Notified Area Committee may, from time to time, direct.

(*ii*) No animal shall be slaughtered at any other time, provided that, in special circumstances and on the realization of the usual fee, the Superintendent may allow the slaughter of any animal at any other time. In all such cases the previous written permission of the Superintendent shall be obtained.

3. The Notified Area Committee shall fix at a conspicuous place in the slaughter-house, a notice showing—

(*i*) the hours of the working of the slaughter-house ;

(*ii*) the fees payable ; and

(*iii*) any other directions that the Committee or the Superintendent may see fit to issue.

4. Every animal for slaughter shall, on being brought to the slaughter-house, be presented for inspection to the Superintendent who, before passing any animal for slaughter, shall satisfy himself that—

(*i*) it is more than three months old ;

(*ii*) its flesh will be fit for use as human food ;

(*iii*) it is not pregnant or with unweaned young ;

Return of incomplete applications.

3. (*a*) No application for the erection or re-erection of a building shall be considered by the Committee unless it is certified by the Secretary, or by such other officer as may be appointed by the Committee for this purpose, that the plans and specifications submitted with the application are in accordance with the provisions of the by-laws. If they are not, the application, plans and specifications shall be returned for resubmission in the proper form.

(*b*) If the application is complete in all respects, it shall be dealt with in form C.

Resubmission of plans.

4. (*a*) If owing to some objection the plan has to be rejected, but the objection has subsequently been met to the satisfaction of the Committee, it will not be necessary for the applicant to submit new plans and specifications, provided that it can be made quite clear on the plans and specifications left with the Municipal Committee that the objection has been satisfactorily dealt with.

(*b*) Where a minor alteration is subsequently applied for, it shall not be necessary for complete plans and specifications to be submitted, provided that a reference can be made to the plans and specifications kept among the records of the Committee, and the alterations can be sufficiently explained by a reference to those plans.

Plinths.

5. (*a*) The top of the plinth of a building shall not be less than 1½ ft. above the level of the centre of the street or open space on which the front of the building abuts. If the ground floor is to be used for human residence or occupation, and at places where a Municipal drain or sewer has not been laid the top of the plinth of the building shall be 1½ ft. above the foundation level as fixed by the Municipal Engineer for each particular case.

(*b*) In the case of warehouses, garages and stables, the minimum height of the plinth at the entrance shall be six inches. There shall be a sufficient slope from the interior outwards to ensure proper drainage unless other adequate means of drainage have been provided.

(*c*) The courtyard of every building shall be not less than one foot above the level of the centre of the street on which the front of the building abuts.

Precautions against fire.

6. No external wall and no covering of a roof shall consist of wood (other than teak or fire-proofed wood), cloth, canvas, leaves, mats, grass or any other inflammable material, but this prohibition shall not extend to temporary erections for privacy or shelter so placed that they do not adjoin any street or any building to which fire could spread from them, and in the opinion of the Municipal Engineer are not unsightly, and are not likely to be used as shops or for gain in any other way.

Damp-proof courses.

7. All buildings must be provided with a damp-proof course at plinth level of a type approved by the Municipal Engineer.

Materials and methods of construction

8. The materials and methods of construction to be used for external and party walls, roofs, floors, staircases, lifts, fireplaces and chimneys shall be such as may be approved by the Municipal Engineer subject to the following requirements.

One storied buildings.

9. No building constructed of mud, *pise-de-terre* or unburnt bricks (whether with or without the addition of burnt bricks to take the weight of upper stories and the roof) shall be of more than one story. The immediately ensuing provisions about foundations and the thickness of walls shall not apply to such buildings, but the method of construction must be approved by the Municipal Engineer and the pressure on the earth below should not exceed 0·8 ton per square foot.

Foundations.

10. (*a*) The foundations of every building (except such one-storied buildings resting directly on the earth) shall be of such a width that the pressure on the earth does not exceed one ton per square foot. It shall rest on undisturbed earth, and shall not be less than two feet below the ground level. All walls shall rest on a concrete foundation and all brickwork below ground level shall be laid in lime or cement mortar.

(*b*) The projection on each side of a wall at the widest part of the footings shall be at least one-half of the thickness of the wall at its base. The full width of the footings shall be reduced to the width of the wall at its base by equal and regular offsets.

Walls.

11. (*a*) The measurement of the height and length of walls shall be calculated as follows :—

(1) The height of a wall shall be measured from the top of the plinth to the highest part of the wall, or in the case of a gable to half the height of the gable.

(2) Walls will be deemed to be divided into distinct lengths by return-walls. The length of a wall shall be measured from the centre of the return wall to the centre of another provided that the return-walls are external walls, party-walls or cross-walls of the thickness prescribed by the by-laws and are bonded.

(3) A wall shall not, for the purpose of this by-law be deemed a cross-wall unless it is carried up to the top of the topmost story, and unless in each story the aggregate extent of the vertical faces or elevations of the recesses and that of all the openings therein taken together shall not exceed one-half of the whole extent of the vertical face or elevation of the wall in such story.

(*b*) Every person who shall undertake construction work on a domestic masonry-walled building, shall construct external wall, every wall abutting on an interior open space, and every party-wall included in such work in accordance with the following clauses and in every case the thickness prescribed shall be the minimum thickness of which any such wall may be constructed and the several clauses shall apply to masonry walls built of bricks :—

(1) Where the wall does not exceed ten feet in height (whatever is its length), it shall be nine inches thick for its whole height.

(2) Where the wall exceeds ten feet and does not exceed fifteen feet in height (whatever is its length), it shall be 13½ inches thick for a height of 8 feet and 9 inches thick for the remaining height.

(3) Where the wall does not exceed 25 feet in height its thickness shall be as follows :—

(i) if the wall does not exceed thirty feet in length, it shall be thirteen and one-half inches thick for its whole height ;

(ii) if the wall exceeds thirty feet in length, it shall be eighteen inches thick below the topmost story ; if it comprises more than one story, or if it comprises a ground floor only, then eighteen inches thick for a height of fifteen feet above its base ; and in either case thirteen and one-half inches thick for the rest of its height.

(4) Where the wall exceeds twenty-five feet but does not exceed thirty-five feet in height its thickness shall be as follows :—

(i) If the wall does not exceed thirty feet in length, it shall be eighteen inches thick from the base for the height of one story, and thirteen and a half inches thick for the rest of its height.

(ii) If the wall exceeds thirty feet in length, it shall be eighteen inches thick from the base for the height of two stories, and thirteen and a half inches thick for the rest of its height

(5) Where the wall exceeds thirty-five feet but does not exceed forty-five feet in height its thickness shall be as follows :—

(i) If the wall does not exceed thirty feet in length, it shall be eighteen inches thick from the base for the height of two stories and thirteen and a half inches thick for the rest of its height.

(ii) If the wall exceeds thirty feet in length, it shall be twenty-two and a half inches thick from the base for the height of one story, then eighteen inches thick for the height of the next two stories, and thirteen and a half inches thick for the rest of its height.

(6) Where the wall exceeds forty-five feet but does not exceed fifty-five feet in height its thickness shall be as follows :—

(i) If the wall does not exceed thirty feet in length it shall be twenty-two and a half inches thick from the base for the height of one story, then eighteen inches thick for the height of the next two stories and then thirteen and a half inches thick for the rest of its height.

(ii) If the wall exceeds thirty feet in length, it shall be twenty-two and a half inches thick from the base for the height of two stories, then eighteen inches thick for the height of the next two stories and thirteen and a half inches thick for the rest of its height.

(7) Where the wall exceeds fifty five feet but does not exceed sixty feet in height, its thickness shall be as follows :—

(i) If the wall does not exceed thirty feet in length, it shall be twenty-two and a half inches thick from the base for the height of two stories, then eighteen inches thick for the height of the next two stories, and thirteen and a half inches thick for the rest of its height.

(ii) If the wall exceeds thirty feet in length, it shall be twenty-seven inches thick from the base for the height of one story, then twenty-two and a half inches thick for the height of next two stories, then eighteen inches thick for the height of the next two stories and thirteen and a half inches thick for the rest of its height.

(c) Every person who shall undertake construction work on a masonry-walled public building or on a masonry-walled building of the warehouse class shall construct every external wall and every party wall included in such work in accordance with the following clauses, and in every case the thickness prescribed shall be the minimum thickness of which any such wall may be constructed and the several clauses shall apply only to walls built of brick masonry :—

(1) Where the wall does not exceed twenty-five feet in height (whatever is its length), it shall be thirteen and a half inches thick at its base.

(2) Where the wall exceeds twenty-five feet, but does not exceed thirty feet in height, it shall be at its base of the following thickness : —

(i) If the wall does not exceed forty-five feet in length it shall be thirteen and a half inches thick at its base.

(ii) If the wall exceeds forty-five feet in length, it shall be eighteen inches thick at its base.

(3) Where the wall exceeds thirty feet, but does not exceed forty feet in height, it shall be at its base of the following thickness :—

(*i*) If the wall does not exceed thirty-five feet in length, it shall be thirteen and a half inches thick at its base.

(*ii*) If the wall exceeds thirty-five feet but does not exceed forty-five feet in length, it shall be eighteen inches thick at its base.

(*iii*) If the wall exceeds forty five feet in length, it shall be twenty-two and a half inches thick at its base.

(4) Where the wall exceeds forty feet, but does not exceed fifty feet in height, it shall be at its base of the following thickness :—

(*i*) If the wall does not exceed thirty feet in length, it shall be eighteen inches thick at its base.

(*ii*) If the wall exceeds thirty feet, but does not exceed forty-five feet in length, it shall be twenty-two and a half inches thick at its base.

(*iii*) If the wall exceeds forty-five feet in length, it shall be twenty-seven inches thick at its base.

(5) Where the wall exceeds fifty feet, but does not exceed sixty feet in height, it shall be at its base of the following thickness :—

(*i*) If the wall does not exceed forty-five feet in length, it shall be twenty-two and-a-half inches thick at its base.

(*ii*) If the wall exceeds forty-five feet in length, it shall be twenty-seven inches thick at its base.

(6) Where the wall exceeds sixty feet, but does not exceed seventy feet in height, it shall be at its base of the following thickness :—

(*i*) If the wall does not exceed forty-five feet in length, it shall be twenty two and-a-half inches thick at its base.

(*ii*) If the wall exceeds forty-five feet in length, it shall be twenty-seven inches thick at its base.

(7) In any wall over twenty-five feet in height the upper-most fifteen feet shall not be less than fourteen inches in thickness and the remainder of the wall below the upper-most fifteen feet shall not be less in thickness than the space contained between two straight lines drawn from each outer side of the wall at its base to each outer side of the wall fifteen feet below the top.

Nevertheless in walls not exceeding thirty feet in height the walls of the topmost storey may be nine inches thick, provided the height of that storey does not exceeds twelve feet.

Provided that notwithstanding anything contained in the foregoing clauses (1) to (7) inclusive :—

(*i*) Every external and party-wall of any storey which measured from the level of the floor of that storey to the level of the floor of the storey next above it, if any, exceeds twelve feet in height shall be not less than thirteen and-a-half inches in thickness : and

(*ii*) If any storey exceeds in height fourteen times the thickness hereinbefore prescribed for its wall, the thickness of each external and party-wall throughout that storey shall be increased to one-fourteenth part of the height of that storey, and the thickness of each external-wall and of each party-wall before that storey shall be proportionately increased.

(*d*) Every person who shall undertake construction work on a masonry-walled building shall construct, in accordance with the following clauses, every cross-wall (included in such work), which, in pursuance of the by-laws in that behalf may as a return-wall be deemed a means of determining the length of any external-wall or party-wall of such building ; and in every case the thickness prescribed shall be the minimum thickness of which any such cross-wall may be constructed ; and the several clauses shall apply to walls built of brick masonry :—

(1) The thickness of every such cross-wall shall be at least two-thirds of the thickness prescribed by the by-laws in that behalf for an external-wall or party-wall of the same height and length and belonging to the same class of buildings as that to which such cross-wall belongs, but shall in no case be less than nine inches.

(2) But if such cross-wall supports a super-incumbent external-wall the whole of such cross-wall shall be of the thickness prescribed by the by-law

in that behalf for an external-wall or a party-wall of the same height and length and belonging to the same class of building as that to which such cross-wall belongs.

(e) Every person who shall undertake construction work on a masonry-walled building and shall leave in any storey or storeys of such building an extent of opening in any external-wall included in such work which shall be greater than one-half of the whole extent of the vertical face, or elevation of the wall or walls of the storey or storeys in which the opening is left, shall construct the wall or walls of every such storey of such thickness that the maximum pressure per square foot shall not exceed the respective limits of weight per square foot of horizontal sectional area next hereinafter provided, namely :—

	Limit of Superincumbent weight per square foot of horizontal Sectional area.
	Tons.
If the wall is built of :—	
Burnt bricks in lime mortar ..	4
Burnt bricks in cement mortar ..	8

(f) Every person who shall undertake construction work on a building and shall construct any external-wall, partwall, or cross-wall included in such work of rubble masonry of approved quality or other material not being brick or ashlar shall comply with the following clause with respect to the thickness of such wall :—

The thickness of such wall shall be ⅓rd greater in the case of rubble masonry and ⅙th greater in case of coursed rubble masonry of approved quality than that prescribed by the by-law in that behalf for a wall built of brick masonry, but in other respects of the same description, height and length and belonging to the same class of building.

(g) In the case of ashlar and coursed masonry the stones shall overlap or break joint from one to one and one-half times the depth of the course, both along the face of the wall and also from the front to the back. In every case the ends of headers shal not form less than one-fourth of the whole area of the face of the masonry.

In the case of the common rubble masonry the wall shall be bonded both laterally and transversely one-fourth of the mass shall consist of headers, and the wall shall be brought up uniformly and levelled at regular intervals not exceeding two feet in height.

(h) Every person who shall undertake construction work on a masonry-walled building shall construct every external-wall, party-wall and cross-wall included in such work, of such thickness that the superincumbent weight on the base of such wall shall not exceed the respective limits of weight per square foot of horizontal sectional area next hereinafter provided, namely :—

Limit of Superincumbent weight per square foot of horizontal sectional area.

	Tons.
If the wall is built of Rubble masonry or other material not being brick or ashler.	3½
Burnt brick in lime ..	4
Burnt brick in cement ..	8

Every person who shall undertake construction work on a building shall, save as hereinafter provided construct every external-wall and party-wall and also every cross-wall, which in pursuance of the by-law in that behalf may, as a return wall be deemed a means of determining the length of any external-wall or party-wall of such building, of bricks or stones or other hard and incombustible materials properly bended and solidly put together with mortar well compounded of not less than one part of good fresh burnt lime and not more than two parts of clean sharp sand or other like and suitable material to be approved by the Municipal Engineer or with cement, or with cement mixed with sand or other suitable materials to be approved as aforesaid, provided always, that the person undertaking such work may construct the external-walls and cross-walls of iron or steel framing, of teak or fire proofed wood of reinforced concrete or of other materials to be approved of by the Municipal Engineer, who shall be guided by the Manual of Punjab P. W. D. Specifications at the time in force.

(i) No person may construct any building, the walls of which are built in brick and clay mortar to a height greater than 25 feet or of more than one storey and such walls must be pointed or plastered externally with cement or lime plaster and such portions constructed with lime or cement mortar as may be required by the Municipal Engineer : these portions shall include jambs and cills of doors and windows, chimney stocks, fire places, chimney flues, wall cupboards, wells, soak pits, septic tanks, foundations and any parts of walls specially liable to damage by water.

(j) Every person who shall undertake construction work on a masonry-walled building shall cause every wall included in such work which may be built at an angle, with another wall to be properly bonded therewith.

Underground rooms.

12. No underground room shall be constructed except on the roads or portions of roads shown in Appendix A and subject to the following restrictions, which shall apply to rooms used for sleeping in or for workshops or for the sale of goods or for the storage and warehousing of goods as detailed below and no underground room shall be used for the purpose of public entertainment including use as a restaurant or for dancing or singing :—

(*a*) An open area must be provided, across the full width of the front and back of the site, of the width shown in Appendix A provided that in the case of corner sites a space may be given on the two sides abutting on the two roads forming a corner.

In the case of rooms for the storage or warehousing of goods it will be sufficient if there is an open area on all the streets shown in Appendix A across the full width of one side only of he site of a minimum width of 5 ft.

(*b*) The level of the ground floor must be raised to a minimum of 3 ft. above the finished level of the centre of the crown of the adjoining road. If there is more than one adjoining road, then the height of 3 ft. is to be measured from the level of the crown of the higher or highest adjoining road.

In the case of rooms for the storage or warehousing of goods a height of 2½ ft. instead of 3 ft. will suffice.

(*c*) A minimum height of 10 ft. must be provided from the level of the floor to the underside of the ceiling.

(*d*) Every wall must be constructed with a proper damp proof course, and, if in contact with the soil, must be effectually secured against dampness from that soil with approved vertical and horizontal damp proof courses.

(*e*) Open areas must be paved with impervious material upon a concrete bed, all to the satisfaction of the Municipal Engineer.

(*f*) The open areas of the room must be completely unobstructed, provided that in those areas may be placed steps necessary for access to the room or rooms, and over and across such open areas there may be steps necessary for access to any building above the underground room, so long as the steps in each case are so placed as not to be over or across any external window.

(*g*) The open areas of the room and the soil immediately below the room must be effectually drained.

(*h*) Any drain passing under the room must be properly constructed of a gas-tight cast iron pipe or pipes.

(*i*) The room must be effectually secured against the rise of any effluvium or exhalation.

(*j*) The room must have either a fire-place with a proper chimney or a ventilating flue.

(*k*) The room must have one or more windows opening directly into the external air, with a total area clear of the easement frame equal to at least 1/10th of the floor area of the room, and so constructed that half at least of each window of the room can be opened and the opening in each case extends to the top of the window.

(*l*) The minimum area of each underground room must be at least 120 sq. ft.

Chimneys and fire places.

13. (*a*) Every person who shall undertake construction work on a building shall, except in such case as is hereinafter provided, cause every chimney included in such work to be built on a solid foundation with footings similar to the footings of the wall against which such chimney is built and to be properly bonded into such wall.

Provided, nevertheless, that such person may cause any such chimney to be built on sufficient corbels of brick, stone, or other hard and incombustible materials, if the work so corbelled out does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(*b*) Every person who shall undertake construction work on a building shall cause the inside of every flue included in such work to be properly rendered or pargetted as such flue is carried up unless the whole flue shall be lined with fire brick, or fire proof piping of fire clay at least one inch thick and unless the spardral angles shall be filled in solid with brick work or other incombustible materials.

Such person shall also cause the back or outside of such flue which shall be constructed so as to form part of the outer face of an external wall, to be properly rendered in every case where the brick work of which such back or outside may be constructed is less than nine inches thick.

(*c*) Every person who shall undertake construction work on a building shall cause every flue included in such work which may be intended for use in connection with any furnace or of copper steam boiler or close fire constructed for any purpose of trade, business or manufacture, or which may be intended for use in connection with any cooking range or cooking apparatus of such building when occupied as a hotel, tavern or eating house to be surrounded with fire bricks at least four and half inches thick for a distance of 10 feet at the least in height from the floor on such furnace of copper, steam boiler, close fire cooking range or cooking apparatus may be constructed or placed.

(*d*) Floors beneath and around every fire place for a width of 3 feet shall be rendered fire proof by being covered with earthen-ware tiles or with concrete plastered with cement or other fireproof material.

(*e*) A person who shall erect a new building shall not place any timber or woodwork :—

(1) In any wall or chimney breast of such building nearer than 12 inches to the inside of any flue or chimney opening.

(2) Under any chimney opening of such building within fifteen inches from the upper surface of the hearth thereof.

Such person shall not drive any wooden plug into any wall or chimney breast of such building nearer than six inches to the inside of any flue or chimney opening.

(*f*) Every person who shall erect a new building shall cause every chimney shaft or smoke flue of such building to be carried up in brick work or stone work all round at least 4½ inches thick.

(*g*) A person who shall erect a new building shall not fix in such building any pipe for the purpose of conveying smoke or other products of combustion unless such pipe be fixed at the distance of nine inches at least from any combustible substance.

(*h*) Every building or part of a building from which there is danger of storm water or dirty water falling on to any public road way or footpath shall be provided with a gutter and a down pipe made of metal of such design and capacity that water will neither spill out of them nor leak through them.

Rain pipes.

14. (*a*) No drain for the disposal of storm water shall be constructed within the thickness of any wall of any building unless the drain is so constructed as to be water proof.

(*b*) All stack pipes for the disposal of storm water shall be of cast iron or other suitable material, approved by the Municipal Engineer.

Loads.

15. (*a*) Every person who shall undertake construction work on a masonry walled public building or on a masonry-walled building of the ware house class shall construct every floor included in such work of a design to carry the full load hereinafter prescribed for the particular class of building to be constructed, that is to say :—

(*i*) In the case of a masonry-walled public building a load of not less than 1½ cwt. per square foot.

(*ii*) In the case of mosonry-walled building of the warehouse classs a load of not less than 2½ cwt. per square foot.

(*b*) Every person who shall undertake construction work on a dwelling house shall construct every floor included in such work so as to carry a load of not less than 120 lbs. per square foot.

Staircases and egress in case of fire.

16. (a) No part of the second or of any higher storey of any building shall be more than 100 feet from some staircase leading to the ground floor.

(b) In every building, no staircase shall be less than 3 feet in width and no step shall have a rise of more than 9 inches or a tread (measured from the vertical face of the rise) of less than 9 inches.

(c) (1) Every person who shall erect a building intended to be used as a dwelling house for more than two families or for carrying on any trade or business in which a number of people exceeding twenty may be employed, or as a place of public resort shall provide in such building at least one staircase extending from the ground floor level to the highest floor level and of a minimum width of three feet clear length of tread throughout, provided that where the staircase is to be used by more than 100 persons, an additional width of one inch shall be provided for every additional 15 persons until a maximum width of nine feet be obtained. Provided also that in lieu of a single staircase of the width in this sub-clause prescribed it shall be lawful to substitute two staircases, each being of a width equal to two-thirds of the width in this sub-clause prescribed for the single-staircase, but so that neither of such two substituted staircases, shall be less than three feet wide. One at least of such staircases in each such building shall be entirely constructed of stone, cement concrete, iron or other fire-resisting material or teak or fire proofed wood filled in with concrete.

(2) Where the staircase is less than 7 feet in width, one hand rail shall be provided. Where the staircase exceeds 7 feet in width, one additional hand rail shall be provided in the centre. The central hand rail may, however, be omitted where the staircase is made of considerable width for architectural effect only.

For the purposes of this by-law each 30 square feet of floor space in a living room in menials quarters, in a two-room tenement house or in a workshop shall be assumed to be occupied by one person.

(d) Every person who shall undertake construction work on a building shall construct every staircase included in such work in accordance with the following clauses :—

(1) Where the staircase is of stone and is the sole staircase in the building, each step shall at each end be built into a supporting wall or masonry column, and each step shall be cut from one stone and shall be at least 8 inches longer than the space between the wall of support at each end thereof and shall be built into such wall or support at least 4 inches at each end.

(2) Where the staircase is of reinforced concrete two iron rods each of 1/2 inch diameter or an equivalent section of metal, the full length of the step, and extending at least 4 inches into the wall or support at each end, shall be embedded in each step, one inch above the soffit of the step.

If the width of the step is more than 3 feet or if cantilever construction is proposed, the factor of safety shall be increased proportionally as may be required by the Municipal Engineer.

(3) Where the staircase is of iron, each step shall be calculated as a girder supported at both ends or as a cantilever, as the case may be, having a factor of safety of 4 when loaded with a weight of 100 lbs. per lineal foot upon each step.

(4) Where the staircase is of wood, the stringers shall be of not less than $1\frac{1}{2}$ inches, in thickness, and of such breadth as will allow for 1 inch above the front edge of the tread and one inch below the bottom edge of the riser. When the staircase is of wood filled in with concrete, the stringers shall be not less than $2\frac{1}{2}''$, thick.

(5) Where a wooden or wooden and concrete staircase exceeds $4'-0''$, clear tread in width, a timber bearer shall be provided, $6''\times2\frac{1}{2}''$, extending throughout each flight of stairs in one piece : where it exceeds, $8'-0''$, clear tread in width two similar bearers shall be provided.

(e) Where the staircase is in a dwelling house and is not otherwise ventilated it shall be ventilated at the top by means of a window or a ventilator or a sky-light in the roof.

(f) The walls supporting or enclosing any staircase in a public building shall be of masonry or other fireproof construction and not less than nine inches thick.

(g) The tread and risers of each flight of stairs in a public building shall be of uniform width.

(*h*) (1). No staircase, internal corridor or passage way in a public building shall be less than six feet wide. Provided that, where, not more than two hundred persons are to be accommodated in any public building, any staircase, internal corridor or passage way may be of any width not less than four feet six inches.

(2) Every staircase, internal corridor or passageway in public building, which communicates with any portion of the building intended for the accommodation of more than four hundred persons, shall be wider than six feet by six inches for every hundred persons over four hundred, subject to a maximum width of nine feet.

(3) Notwithstanding anything contained in sub-rule (1) and sub-rule (2) instead of a single staircase, corridor or passage way of the width prescribed by sub-rule (2), there may be two staircases, corridors or passageways, each being of a width equal to at least two-thirds of the width so prescribed.

(*i*) If the width of any staircase in a public building is eight feet or more, the staircase shall be divided by a hand rail.

(*j*) If some of the persons accommodated in a public building are placed on a higher floor than others, a separate means of exit of the width prescribed by by-law 8 (*ff*) subsections 1, 2 or 3, as the case may be, and communicating directly with a public street or an open space, shall be provided for each floor :

Provided that this by-law shall not apply to an hotel or lodging house, or to any public building which is used as a home, refuge or shelter.

(*k*) All doors and barriers in a public building shall be made to open outwards, and no locks or bolts for closing the same from outside shall be affixed thereto.

(*l*) In every public building and in any other building of more than one hundred and twenty-five thousand feet in cubic extent, and which is constructed or adopted to be used as a dwelling house for separate families, the floors of the lobbies, corridors, passages, landings, and also the flight of stairs shall be of fire-resisting material and carried by supports of a fire-resisting material.

Latrines and Urinals.

17. (*a*) No service latrine and no urinal shall be built within 5 feet of any public street nor within 10 feet of well, tank or reservoir, which is used as a source of water supply.

(*b*) Every latrine or urinal shall be so constructed that when the outer door thereof is open, the seats shall not be visible from a street or other public place.

(*c*) Every service latrine and urinal shall be provided with a window just below roof level or other adequate means of ventilation, approved by the Municipal Engineer, such ventilator having a clear opening to the external air of at least two square feet.

(*d*) All service latrines shall be so constructed that all excreta fall directly into a removable receptacle of metal, glazed pottery or other non-absorbent material which shall fit closely below the seat and such receptacle shall be removable through a flap door in the outer wall of the latrine, which flap door when closed shall obscure the receptacle from view.

(*e*) The platform of every service latrine upon which the receptacles rest shall be of masonry plastered with cement with a slope of half-an-inch to the foot towards the back of the latrine.

(*f*) In every urinal, the walls to a height of three feet above the floor, and in every latrine both the seat and the walls to a height of three feet above the floor shall be of metal or masonry.

(*g*) The walls of every service latrine or urinal, if of masonry, shall be plastered with cement or covered with an impervious material to a height of at least three feet above the floor level.

(*h*) The floor and seat of every service latrine or urinal shall be of stoneware or of masonry or concrete plastered with cement or of impervious tiles pointed with cement, and shall be in every part at a height of at least 6 inches above the level of the surface of the ground adjoining the latrine or urinal and shall slope to the drain in such a way that liquids will flow off quickly.

(*i*) Every service latrine and urinal shall be provided with a drain and such drain shall be constructed of glazed pipes or other impervious material and shall connect the floor of the latrine or urinal with the city sewers, or if no sewer is close enough, with such arrangements for the disposal of the drainage as may be approved by the Medical Officer of Health.

(*j*) For the purpose of cleansing, access shall be provided to all service latrines and urinals from the public road and such access or passage shall in no case be of a width less than 2½ feet, and shall not pass through any room used for human habitation or as a shop.

(*k*) By-laws (*d*) to (*j*) above shall not apply to latrines of a European pattern fitted with bath room commodes.

(*l*) If a service latrine is to be built on the roof of a house it shall be built on a side of the house overlooking a street. The sullage water shall be drained through a caste iron pipe four inches in diameter. The joints of the pipe shall be caulked with lead. The pipe shall be connected with a surface drain in the street or with some such other arrangement for the disposal of the sullage water as may be approved by the Medical Officer of Health.

(*m*) In the case of all water-borne latrines the drainage by-laws shall apply, and no latrine other than a water-borne latrine shall be constructed in any area certified by the Medical Officer of Health to be provided with sewers.

(*n*) Every open compound either for a bungalow or for a factory shall be provided with separate latrines for men and women of a type to be approved by the Municipal Engineer at least one latrine being provided for every 20 men and one latrine for every 20 women living in the compound. These latrines shall be in addition to any latrines reserved for the use of the occupants of a bungalow, and the occupants of the bungalow shall not be taken into account in calculating the above numbers.

Wooden buildings.

18. If a building is constructed of wood other than teak, that wood shall be fire proofed, and shall be made of such material and with such methods of construction as the Municipal Engineer may approve, subject to the requirement that each chimney shall be constructed of such material and in such a manner as is laid down in by-law 13.

Structural stability.

19. Every person, who shall undertake construction work on a building, shall be responsible that all the building materials used are sound, of good quality and properly put together so as to ensure safety. Responsibility for the structural stability of a building rests with the owner. Any suspected breach of this by-law shall be brought directly to the notice of the Municipal Engineer, who shall decide whether this by-law has been infringed or not.

Ventilation about buildings and protection from fire.

20. The following requirements shall be observed with regard to ventilation and the space to be left about buildings to secure adequate ventilation, the free circulation of air and the prevention of fire :—

Front air plane.

(*a*) *Definitions*.—(1) The plane contained between the ground in front of the building and the straight lines drawn downwards and outwards from the line of intersection of the outer surface of any front wall of the building with the roof, perpendicular to that line, and at an angle of 63½° to the horizontal is for the purposes of these rules described as the "front air plane".

(*Note*.—A 63½° angle has a tangent of 2 : 1 so, if the ground is level, the air plane reaches the ground at a distance from the exterior wall equal to half the height of the wall above the level of that ground).

Rear air plane.

(2) The plane contained between the ground behind the building and the straight lines drawn downwards and outwards from the line of intersection of the outer surface of any rear wall of the building with the roof perpendicular to that line, and at an angle 63½° to the horizontal is for the purposes of these rules described as the "rear air plane".

In all cases it shall rest with the Municipal Engineer to decide which are the rear walls of the building.

Note.—In case of the front or rear wall of a building being curved or irregular the front and rear air plane shall be as determined by the Municipal Engineer.

Light plane.

(3) The plane lying between the line of intersection of the floor of any room in a building with the outer surface of an exterior wall of the building and the straight lines drawn upwards and outwards from that line perpendicular thereto and at the angle of 63½° to the horizontal is for the purposes of these rules described as the "light plane".

Note.—For the purposes of the above definition of a light plane the outer surface of any verandah abutting on an interior or side open space shall be considered to be the exterior wall of the building.

Permanently open air space.

(4) An air space is deemed to be permanently open if—

(*i*) it is encroached upon by no structure and

(*ii*) its freedom from encroachment in future by a structure of any kind is assured either by legislative enactment or by municipal by-laws or by the contract or by the fact that the ground below it is a street or is permanently and irrevocably appropriated as an open space :

Provided that in determining the open air space required in connection with construction work on a building any space occupied by an existing structure may be treated as if it were already a permanently open air space when this by-law is applied to the said existing structure or to any building to be erected on the site of the said existing structure.

(5) For the purposes of these by-laws the word "site" shall include not only the land actually covered by the building, but also the land at the front, rear, and site of such buildings required by these rules to be left open and the words "an inseparable parts of the site" shall mean that part of the site which is the property of the owner or the lessee of the land on which the building stands.

Site and inseparable part of a site.

(b) (1). Subject to by-law (c), (d) and (e) a building is deemed to be adequately provided on its front and rear sides with means of access for external air if the whole space vertically above all its front and rear air planes is a permanently open air space.

(2) Subject to by-laws (c), (d) and (e) a room is deemed to be adequately provided with access for external light for the purpose of human habitation, if the whole space vertically above at least one of its light planes is a permanently open air space.

(c) No gate, boundary wall or fence shall be erected within 10 feet from the centre line of any street, as determined by the Municipal Engineer, or, if the width of that street shall have been prescribed by the Provincial Government under section 192 of the Act, within half the width so prescribed, if the width is greater than 20 feet.

(d) No building other than a gate boundary wall or fence shall be erected within 15 feet from the centre line of any street as determined by the Municipal Engineer, or if the width of that street shall have been prescribed by Government under section 192 of the Act within half the width so prescribed and every building not fronting on street shall have a permanently open air space in front thereof not less than 5 feet wide forming an inseparable part of the site of such building.

(e) Every building shall have a permanently open air space in the rear not less than 15 feet in width and 150 square feet in area, such air space forming an inseparable part of the site.

(f) Every habitable room not receiving its light and air from either the front or rear of a building in accordance with the $63\frac{1}{2}°$ rule shall have the whole of one side thereof abutting on a permanently open interior air space of not less than ten feet in width.

(g) Every such interior open air space shall be of a minimum width in accordance with the following scale :—

Minimum width of interior open air space throughout		*Where height of building (above the plinth) adjoining the interior open air space does not exceed*
10 Feet	..	22 Feet.
12 "	..	33 "
14 "	..	44 "
16 "	..	55 "
18 "	..	60 "

(h) Every open space or courtyard whether exterior or interior shall be kept, free from any erection thereon and open to the sky, and no cornice roof or shade shall overhang or project over the said open space so as to reduce the width to less than the minimum provided by these by-laws.

(i) All water-closets and rooms used solely as bath rooms or lavatories must be provided with such means of constant ventilation as the Municipal Engineer shall deem adequate by a window or other aperature in one of the walls of such water-closet or lavatory opening directly into the external air or by an air shaft or by some other suitable method or appliance.

(j) The requirements as to projections from the face of buildings laid down in the projections and encroachment by-laws shall be observed.

(k) The minimum superficial area of every courtyard of a dwelling house upon which inhabited rooms abut shall be one fourth of the aggregate floor area of the rooms and verandahs on the ground floor abutting on the courtyard :

Provided that, in determining the said aggregate floor area—

(i) Only one half of the floor area of such rooms and verandahs as abut on another courtyard or an open space, or street not less than fifteen feet in width shall be taken into account.

(ii) Any room which is separated only by an open verandah from the courtyard shall, for the purpose of this rule, be deemed to abut on such courtyard.

(iii) The minimum width of every such courtyard in any direction shall be ten feet.

(iv) Every courtyard shall be open to the sky throughout its area and any portion of a courtyard covered by a cantilever verandah or other obstruction shall be omitted in calculating the area of the courtyard for the purpose of this by-law.

(l) Every interior yard must be open to the sky throughout its entire area except as prescribed above, and must be kept accessible for the purpose of cleansing, and no structure except wire mesh netting for protection against monkeys or birds shall be erected within or above or so as to project over the yard.

(m) In areas held by on order of the Provincial Government to be congested areas sanction may be given for the re-erection of exis ing buildings or of buildings which have been in existence at any time during the previous ten years, without the enforcement of the provisions of this by-law, about ventilation and the space to be left about the building to secure the free ventilation of air save that in such cases only the following clauses of by-law 20 shall apply.

Clause 20 (g) (subject to the requirement that the minimum width of the interior open space need not be more than 10 feet whatever the height of the building, except in cases where an interior open air space of a larger size previously existed, in which cases the interior open space shall not be less in size then be ore) and clauses 20 (h) to (l).

(n) Where a lower storey has already been built on a street less than 20 feet wide or such greater width as may have been prescribed under section 192, an upper storey may be erected above it, provided that no portion of the upper storey is less than the prescribed distance from the centre line of the street and that the provisions of all otherrelevant by-laws are observed.

Line of frontage.

21. No building shall be erected beyond a building line prescribed by the Provincial Government under section 192 of the Act.

Number and height of storeys.

22. (a) The height of the rooms of a building shall be calculated as follows :—

(1) In the case of single storeyed buildings and of the rooms in the topmost storey of buildings of more than one storey from the level of the upper surface of the floor of that storey at any point along the walls within the building to the level of the underside of the tie beam, or, if there be no tie beam, then to the meeting point of the outside walls and the roof.

(2) In the case of rooms in any storey except in the topmost storey of building of more than one storey, from the level of the upper surface of the floor of that storey to the level of the upper side of the beams or joists on which the floor above rests; or, if the floor above is ceiled, to the level of the underside of the ceiling.

(b) Every room intended to be inhabited in any building, except a room in the roof thereof, shall be in every part at least 10 feet in height from the floor to the ceiling, and in the lowest storey of a building of more than one storey at least 12 feet.

(c) Every such room in the roof of any building shall have an average height of not less than eight feet from the floor to the ceiling and a minimum height of not less than four feet, and must be at least 10 feet in height throughout not less than one half the floor area of such room.

(d) Except with the previous permission of the Provincial Government, which in granting such permission will impose such conditions as it may think proper, no minaret, tower, dome, chimney or other building shall be erected or raised to a height greater than sixty feet as measured from the finished level of the centre of the adjacent portion of the nearest street—

(1) In the case of a pitched roof, up to the tie beam or line of intersection of the slope of roof with the outer face of front wall whichever is less: the roof above the prescribed height shall rise at an angle of not higher than forty-five degrees.

(2) In the case of a flat roof, up to the upper surface of the roof: a parapet of not more than three feet in height may be constructed above the maximum height.

(e) The maximum height of any building abutting on to any street shall be regulated by the width of such street as follows. Where the width varies the mean width

of the street in front of the building shall be taken as the basis of calculation :—

(1) When the width of the street is less than 8 feet, the maximum height shall be 14 feet.

(2) When the width of the steeet is 8 feet or more but less than 15 feet, the maximum height shall be 25 feet.

(3) When the width of the street is 15 feet or more but less than 25 feet, the maximum height shall be 35 feet.

(4) When the width of the street is 25 feet or more but less than 35 feet, the maximum height shall be 45 feet.

(5) When the width of the street is 35 feet or more, the maximum height shall be one and-a-half times the width of the street.

Provided that—

(*i*) if the face of the building is set back from the street at any height not exceeding the height specified in subsections (1) to (5) above as the case may be, such building may be erected or raised to a height greater than that so specified, but not so that any portion of the building shall intersect any of a series of imaginary straight lines drawn from the line of set back in the direction of the portion set back, at an angle of forty-five degrees with the horizontal,

(*ii*) if a building is to be erected on a corner plot so as to abut on to more than one street, the height of such building shall be regulated by the wider of such streets so far as it will abut on to the narrower of such streets to a distance of 50 feet from the wider street,

(*iii*) if a building is to be erected on a street opposite to the point at which another street joins such street, the maximum height of such building may be increased by half the width of such other street,

(*iv*) with the approval of the Municipal Engineer chimneys, minarets, towers, and domes may be erected of a height exceeding the height hereinbefore prescribed with reference to the width of the streets, subject to maximum of 60 feet except in cases sanctioned under by-law 22 (*d*) by the Provincial Government,

(*v*) the height of 'barsati', 'saibans' and 'mamtis' (up to a maximum additional height of 10 feet) to be erected on the rear half of a building shall not be taken into account when calculating the maximum height of the building permissible.

23. In areas held by an order of the Provincial Government in force at the time to be congested areas sanction may be given for the re-erection of existing buildings or of buildings which have been in existence during the previous 10 years up to a maximum height not exceeding :0 feet from plinth level, including 'mamtis', 'saibans', 'barsatis', etc., provided that the total height of the building does not exceed its total sanctioned height before re-erection, according to the sanction last accorded, under any Municipal Act at the time being in force, subject to the same maximum of 60 feet.

Congested Areas.

24. All buildings intended to be used for godowns for the storage of food-grains in excess of 50 maunds shall be rat-proofed to the satisfaction of the Municipal Engineer.

Godowns to be rat-proofed.

25. (*a*) In the case of bungalows, i.e., detached buildings inside open compounds, and all other buildings inside open compounds the main building shall not occupy more than 25 per cent of the whole area, and the subsidiary buildings (servants' quarters, etc.), shall not occupy more than another 12½ per cent of the total area of the compound.

Proportion of whole site to be left open.

(*b*) In the case of buildings of an urban type, i.e., detached or semi-detached the buildings shall not occupy more than 75 per cent of the total area of the site, provided that this requirement shall not apply to areas held by an order of the Provincial Government in force at the time to be congested areas.

26. No room in a domestic building, which might be used as an inhabited room for hiring or sleeping shall have a floor area of less than 100 square feet.

Minimum area of rooms.

No such room wholly or partly in the roof of any building shall have a floor area of less than 120 square feet.

27. (*a*) Every room in a domestic building, which in the opinion of the Municipal Engineer might be used as an inhabited room, shall be provided for the purposes of light and ventilation with windows, doors, or other apertures which shall have a

Minimum area of windows, doors and ventilators.

total area not less than one-fourth of the floor area of the room and these shall open directly on to a space at least ten feet wide which is itself open to the sky, or on to a verandah opening on to such a space; and such windows, doors or other apertures shall only be reckoned if so constructed that the whole of them can be opened. In calculating the area of the windows or door openings, no deduction shall be made for window or door frames or for glazing bars, or for the bars of a grating; Provided that—

(i) if in any room there is at least one fire place with a chimney and also a window or windows the whole of which can be opened on to the external air, light and ventilation shall be deemed to be adequate if the total area of such window or windows is not less than one eighth of the floor area of the room,

(ii) a window or door shall be deemed to open directly on to or open space or verandah even if it is protected with wire gauze or wire mesh netting,

(iii) the area of a door or window shall be deemed to be the minimum size of the aperture containing it.

(b) All bathrooms, lavatories and water closets shall have in addition ventilation in or close to the ceiling opening direct on to the outer air.

(c) A verandah for the purpose of this by-law shall be deemed to be a roofed space partly open to the air having openings connected directly with the external air of at least 75 per cent of the floor area of the space.

Ventilation by fire-places in single roomed dwellings.

28. Every single room intended for the use of a single person or of a single family, such as servants quarters in a bungalow compound, or quarters for the menial staff in a factory or office compound, shall be provided with ventilation in addition to the door consisting of at least one fire-place with a chimney and at least one window which can be opened with its top not more then two feet from the ceiling and at least two feet long and at least eighteen inches wide.

Penalties.

29. Any breach, or any abetment of a breach, of any of the foregoing by-laws shall be punishable with fine which may extend to fifty rupees, and when the breach is a continuing breach, with a further fine which may extend to five rupees, for every day after the first during which the breach continues.

BY-LAWS.

1. In these by-laws—

(*a*) "Adulterated" when applied to banaspatine or charbini means mixed or diluted with any substance of lower commercial value than banaspatine or charbini, as the case may be ;

(*b*) "adulterated ghi" means ghi mixed or diluted with any substance other than banaspatine or charbini of lower commercial value than pure ghi;

(*c*) "banaspatine" means any article of food, whether mixed with ghi or not, which resembles ghi, but is derived from vegetable fat and contains no animal fat other than milk fat;

(*d*) "charbini" means any article of food, whether mixed with ghi or not, which resembles ghi or banaspatine, but contains animal fat other than milk fat; and

(*e*) "ghi" means ghi obtained entirely from milk fat.

2. (*i*) No person shall sell ghi, either wholesale or retail, or import ghi for sale, either wholesale or retail, except under a licence granted by the Committee in this behalf.

(*ii*) No person shall sell, wholesale or retail, banaspatine or charbini in premises not licensed by the Committee in this behalf.

(*iii*) No person shall sell sweetmeats, cakes or other food prepared with banaspatine or charbini in premises not licensed by the Committee in this behalf.

3. No premises licensed for the sale of ghi shall be licensed also for the sale of banaspatine or charbini or of sweetmeats, cakes or other food prepared with banaspatine or charbini.

4. Subject to the provisions of by-law 2, licences for premises to be used for he sale of ghi or for the sale of banaspatine and charbini or for the sale of sweetmeats, akes or other food prepared with banaspatine or charbini, shall be issued free of charge

by the Secretary on the application of the owner or occupier of such premises in Form 'A' and shall be granted on the following conditions :—

(a) that the licensee shall not sell adulterated ghi, or adulterated banaspatine or charbini, or sweetmeats, cakes or other food prepared with adulterated ghi, banaspatine or charbini ;

(b) that the licensee shall not sell banaspatine or charbini or sweetmeats, cakes or other food prepared therewith, in premises which have been licensed for the sale of ghi, or *vice versa* ;

(c) that the licensee shall not sell any article under the name of ghi, or any equivalent term with or without the addition of any other word to such name unless such food is derived solely from milk fat ;

(d) that the licensee shall not sell any ghi or banaspatine or charbini, or use in the preparation of sweetmeats, cakes or other food any ghi or banaspatine or charbini obtained from a place from which the import of ghi or of banaspatine or charbini, as the case may be, has, under any general or special declaration notified to the licensee, been declared by the Secretary of the Committee to be dangerous to the public health ;

(e) that the licensee shall keep ghi, banaspatine or charbini exposed for sale in clean covered vessels ;

(f) that the licensee shall keep all sweetmeats, cakes and other food exposed for sale under such covers as will prevent the articles from being contaminated by flies or other insects ;

(g) that the licensee shall not keep any ghi, banaspatine or charbini intended for sale in any place used for cooking or sleeping purposes ;

(h) that the licensee shall display at the licensed premises a sign board containing a notice in English, Urdu, Hindi or Gurmukhi characters indicating whether the premises are licensed for the sale of ghi, or for the sale of banaspatine and charbini, or for the sale of sweetmeats, cakes or other food prepared with banaspatine or charbini ;

(i) that the licensee shall display on every package or other vessel of banaspatine or charbini, exposed for sale by retail in such manner as to be clearly visible to the purchaser, a label measuring at least 4"×4" marked banaspatine or charbini, as the case may be, in red letters on a white ground in Urdu, Hindi, Gurmukhi or English ;

(j) that the licensee shall display on every utensil on or in which sweetmeats, cakes or other articles of food prepared with banaspatine or charbini are exposed for sale by retail, a label measuring at least 4"×4" setting forth in red letters on a white ground that the sweetmeats, cakes or other articles have been prepared with banaspatine or charbini, as the case may be ; and

(k) that the licensee shall at all reasonable times permit the Secretary or any member or officer of the Committee authorised in this behalf to inspect the licensed premises without notice and take for examination samples of ghi or of banaspatine or charbini sold by him.

5. Licences to import ghi for sale shall be issued free of charge by the Secretary or any member authorised by the committee in this behalf to persons applying therefor and shall be granted subject to the following conditions :—

(a) that the licensee shall not import ghi from any place from which the import of ghi has under any general or special declaration notified to the licensee, been declared by the Secretary of the Committee to be dangerous to the public health ;

(b) that the licensee shall import ghi only in clean covered vessels ;

(c) that the licensee shall not import adulterated ghi into the Municipality for sale.

6. Any licensee who commits a breach of the conditions of his licence shall be liable to have such licence suspended or revoked.

7. Any person who commits a breach of any of these by-laws, or any licensee who commits a breach of any condition of the licence granted to him under these by-laws, shall, on conviction by a magistrate, be punishable with fine which may extend to rupees fifty and if the breach is a continuing breach, with a further fine which may extend to rupees five for every day after the first during which the breach continues.

BY-LAWS.

1. In these by-laws :—

(*a*) the word 'sweeper' means any sweeper whether male or female ; and

(*b*) the word 'house' means any place used as a human residence, whether permanently or temporarily.

2. No sweeper shall remove night-soil from any house within the Municipality, unless he has had his name registered in the Municipal Office.

3. Applications for registration shall be made in form A appended to these by-laws and obtainable, free of charge, from the Medical Officer of Health.

4. A registration card in form B appended to these by-laws shall be issued by the Medical Officer of Health free of charge, to every sweeper applying for registration and shall bear the registered number of the sweeper to whom it is issued.

5. Every sweeper so registered shall provide himself with a galvanised iron bucket of a type prescribed by the Medical Officer of Health. On his bucket he shall have painted in white figures two inches high and one-quarter of an inch thick his registered number.

6. All night-soil removed by a sweeper from any house shall be removed by him in the galvanised iron bucket, referred to in by-law 5 above, and carried to places fixed by the Committee for its collection and shall not be deposited at or transferred to, any other place.

7. No registered sweeper shall allow any other sweeper to work with the bucket bearing his register number.

8. Any person who commits a breach of by-laws 2, 5, 6 and 7 shall, on conviction by a magistrate, be punishable with fine which may extend to fifty rupees, and if the breach is a continuing breach, with a further fine which may extend to five rupees for every day after the first during which the breach continues.

AMENDMENT.

1. The following provisos shall be inserted after sub-rule (2) of rule 5 :—

"Provided that no interest shall be credited to the accounts of a Muslim subscriber, if he informs the board in writing that he does not wish to receive the interest and that the board may utilise it on any subject of general public interest ;

Provided further that if the subscriber subsequently asks for interest, it shall be credited to his account with effect from the first day of the year in which he asks for it."

2. After sub-clause (*c*) of rule 7 (1) the following new clause shall be added :—

"(*d*) under the proviso to sub-rule (2) of rule 5 for the purpose of utilising the interest on subject of general public interest."

3. At the end of sub rule (3) of rule 9 the following proviso shall be inserted :—

"Provided that Muslim subscribers whose deposits in the fund carry no interest shall not be required to pay any interest."

4. After sub-rule (2) in rule 10, the following new sub-rule shall be added as sub rule (3)—

"(3) When a subscriber—

(*a*) has proceeded on leave preparatory to retirement, or

(*b*) while on leave, has been permitted to retire or declared by a competent, authority to be unfit for further service,

the amount shown at the credit of his account in column 6 of the Provident Fund Ledger (Form P.F.I.) shall, upon application made by him in that behalf, become payable to him, subject to the provisions of rule 4.

Provided that the subscriber, if he returns to duty, shall, if required to do so by the board, repay to the Provident Fund for credit to his account, the whole or part of any amount paid to him from the provident fund in pursuance of this sub-rule with interest thereon in cash or securities or partly in cash or partly in securities, by instalments or otherwise, by recovery from his salary or otherwise, as the board may direct."

5. Existing sub-rules (3) and (4) of rule 10 shall be renumbered as (4) and (5) respectively.

6. In sub-rule (4) for the words and figures "sub-rule (1) or sub-rule (2)" the words and figures "sub-rules (1), (2) or (3)" shall be substituted.

No.. 3211-L.G.-40/45494.—With reference to Punjab Government notification No. 3211-L. G.-40/38120, dated the 23rd September, 1940, and in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to make the following amendments to the Municipal Account Code, 1930 (revised edition) ;—

AMENDMENTS.

1. In rule XVI·I (*b*) the following words shall be added after the words "Savings Bank" :—

"or the amount of interest received from the investments under rule XVI·8 (2)".

2. For rule XVI·8 the following shall be substituted :—

"XVI·8. (1) With the previous sanction of the Commissioner a committee may from time to time withdraw any sum from the provident fund account with the Savings Bank and may invest or place such sum subject to the conditions and restrictions applicable to the investment or placement of a portion of the municipal fund under subsection (1) of section 55 of the Act.

Investment of provident fund money.

(2) The interest obtained by the investment or placement of any sum under sub-rule (1) shall be deposited in the Savings Bank to the credit of the Municipal Provident Fund Account subject to the following conditions :—

Conditions.

1. The committee shall establish a Provident Fund Investments Depreciation Fund, hereinafter in these conditions referred to as "the fund" which shall be deposited in the Post Office Savings Bank or in the Imperial Bank of India Savings Bank, under the General Account of the General Provident Fund Account.

2. There shall be credited to the fund immediately on accrual—

(a) all interest accruing on the amount of the fund from time to time and

(b) one per cent per annum of the sum invested under sub-rule (1), provided that the interest received from investments and available for distribution amongst the subscribers should not be less than the interest obtainable from the Post Office Savings Bank.

3. After deducting from the interest obtained by the committee on any sum invested under sub-rule (1) the amount referred to in condition 2 (b) above, the remainder of the said interest shall be deposited in the Savings Bank to the credit of the Municipal Provident Fund.

4. At the end of each year immediately after the account of each subscriber has been credited with interest in accordance with the provisions of sub-rule (2) of rule XVI·5 the Secretary of the committee shall lay before the committee a statement showing—

(a) the total amount of interest accrued to the Municipal Provident Fund Savings Bank Account during the year just closed either earned in the Savings Bank itself or credited thereto in accordance with the provisions of condition 3 above ; and

(b) the total amount of interest credited to subscribers' accounts under the provisions of sub-rule (2) of rule XVI·5.

5. At the close of five years after the institution of the fund and at regular intervals of five years thereafter the committee shall furnish to the Commissioner for scrutiny a statement showing the total amount of Provident Fund investments held by the committee, and a statement showing the total amount at the credit of the fund.

6. If the Commissioner is satisfied at any quinquennial scrutiny that any of the investments held by the committee out of the Provident Fund have depreciated in value, he may direct that an amount not exceeding the amount of such depreciation shall be drawn by the committee from the fund and credited to the Provident Fund Savings Bank Account.

7. If the Commissioner is satisfied at any quinquennial scrutiny that the balance in the fund after the withdrawal, if any, of any sum in accordance with condition 6 is sufficient to cover any depreciation likely to occur during the next following period of five years in regard to any of the investments held by the committee as part of the provident fund, the Commissioner may direct that for the next five years the amounts to be deposited in the fund in accordance with clause (b) of condition 2 shall be reduced to such sum as he may prescribe, or shall be discontinued for such period not exceeding five years as he may direct.

8. If any reduction or discontinuance of the periodical payments into the fund has been ordered by the Commissioner under the provisions of condition 7, he may at any subsequent quinquennial scrutiny direct that the payments be restored to the original figure or to any proportion thereof as he may deem fit.

(3) (a) The cost of making any investments under the provisions of sub-rule (1) shall be met out of the depreciation fund.

(b) When any such investment is realised and the net price obtains after payment of any brokerage and other incidental charges is less than the amount originally invested the difference shall be made good from the depreciation fund ; and if such net price is greater than the amount originally invested, the difference shall be credited to the fund."

3. For the existing form No. P. F. 6-A the following new form shall be substituted :—

" Form P. F. 6-A. Rule XVI·12.

Amount of interest on investments during the current financial year.	Amount of interest received on the sum deposited in the Post Office.	Total	Amount creditable to the depreciation fund.	Balance to be distributed among subscribers at the close of March each year.	REMARKS.
1	2	3	4	5	6

Note.—The amount debitable to the depreciation fund under sub-rule 3 (a) and (b) of rule XVI·8 should be shown as minus entries in column 4 of this form and the particulars given in column 6."

No. 4947-L. G.-40/44501.—*Corrigendum.*—In rule XVII-2 (1) of the Municipal Account Code, 1930 (revised edition,) *for* the words "and Executive Officer" the words "an Executive Officer" shall be substituted.

No. 4924-L. G.—Bds.-40/45508.—The following amendments made by the District Board of **Hoshiarpur** to its Provident Fund Rules published with Punjab Government notification No. 8670, dated the 14th March, 1934, as subsequently amended, in exercise of the powers conferred by section 29 of the Punjab District Boards Act, 1883, having been confirmed by the Governor of the Punjab, are published for general information and shall come into force within the area subject to the authority of the District Board, **Hoshiarpur**, from the date of publication of this notification :—

AMENDMENTS.

1. The following provisos shall be inserted after sub-rule (2) of rule 5 :—

"Provided that no interest shall be credited to the accounts of a Muslim subscriber, if he informs the board in writing that he does not wish to receive the interest and that the board may utilise it on any subject of general public interest ;

Provided further that if the subscriber subsequently asks for interest, it shall be credited to his account with effect from the first day of the year in which he asks for it."

2. After sub-clause (*c*) of rule 7 (1) the following new clause shall be added :—

"(*d*) under the proviso to sub-rule (2) of rule 5 for the purpose of utilising the interest on subject of general public interest."

3. At the end of sub-rule (3) of rule 9 the following proviso shall be inserted :—

"Provided that Muslim subscribers whose deposits in the fund carry no interest shall not be required to pay any interest."

4. After sub-rule (2) in rule 10, the following new sub-rule shall be added as sub-rule (3) :—

"(3) When a subscriber —

(*a*) has proceeded on leave preparatory to retirement, or

(*b*) while on leave, has been permitted to retire or declared by a competent authority to be unfit for further service,

the amount shown at the credit of his account in column 6 of the Provident Fund Ledger (Form P. F. I.) shall, upon application made by him in that behalf, become payable to him, subject to the provisions of rule 4.

Provided that the subscriber, if he returns to duty, shall, if required to do so by the board, repay to the Provident Fund for credit to his account, the whole or part of any amount paid to him from the provident fund in pursuance of this sub-rule with interest thereon in cash or securities or partly in cash or partly in securities, by instalments or otherwise, by recovery from his salary or otherwise, as the board may direct."

5. Existing sub-rule (3) and (4) of rule 10 shall be renumbered as (4) and (5), respectively.

6. In sub-rule (4) for the words and figures "sub-rule (1) or sub-rule (2)" the words and figures "sub-rule (1), (2) or (3)" shall be substituted.

The 13th November, 1940.

No. 5121-L. G.-40/45743.—The following draft of an amendment of the District Board Account Code, 1926, which the Governor of the Punjab proposes to make, in exercise of the powers conferred by section 55 of the Punjab District Board Act, 1883, and section 19 of the Punjab General Clauses Act, 1898, is published for the information of persons likely to be affected thereby. The draft will be taken into consideration on or after the 2nd January, 1941, together with any objection or suggestion which may be received by the Punjab Government, from any person, with respect to the draft, before that date.

DRAFT AMENDMENT.

In rule XII-A. 4 (1) the words "and the other a Zamindar other than a Zaildar, Safedposh, Inamkhor or Lambardar" shall be substituted for the words "and the other a Zamindar (but not a Zaildar, Sufedposh, Inamkhor or Lambardar)."

20. Any person who commits a breach of any of the by-laws 3 to 18 shall, on conviction by a Magistrate, be punishable with fine which may extend to fifty rupees and if the breach is a continuing breach, with a further fine which may extend to five rupee for every day after the first during which the breach continues.

No. 4061-C.-40/45120.—The following by-laws made by the Municipal Committee of **Phullarwan,** in the Shahpur district, in exercise of the powers conferred by section 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information and shall come into force within the Municipality of **Phullarwan,** on the 30th day of December, 1940 :—

BY-LAWS.

1. No person shall within the limits of the Municipal Committee sell, expose for sale, wholesale or by auction, any fruits, vegetables, or sugarcane in premises not licensed by the Committee in this behalf.

2. Any person wishing to obtain a licence for premises for the sale, wholesale or by auction, of any fruits, vegetables, or sugarcane shall submit an application to the Committee and if the application is sanctioned by the Committee a licence shall be issued by the Secretary of the Committee on payment of the fees prescribed in by-law 3.

3. A licence referred to in by-law 2 shall be issued on the payment of the following fees—

(a) if the licence is granted for any period, less than a year, at the rate of three rupees for each month or portion of a month ;

(b) if the licence is granted for the whole year, at the commencement of the year thirty rupees.

4. Every licence issued under by-law 2 shall be subject to the following conditions :—

(a) that the licensee shall not keep on the licensed premises any vegetables, fruits, or sugarcane which is otherwise unfit for human consumption or is declared to be so by the President, Vice-President or Secretary of the Committee or the Medical Officer of Health ;

(b) that the licensee shall not allow any cart which brings vegetable, fruit or sugarcane to the place of sale to impede or obstruct traffic or to remain stationary at such place, except for the purpose of loading or unloading articles and then only for such time as is necessary for such purpose ;

(c) that the licensee shall not sublet any portion of the licensed premises without the permission of the Committee.

5. Any licensee who commits a breach of any of the conditions of his licence shall be liable to have such licence suspended or revoked.

6. Every occupier of the licensed premises shall keep the premises in a thoroughly clean condition and shall allow no refuse to remain in or about such premises, and shall from time to time as occasion arises, cause such refuse to be placed in a receptacle to be provided by the licensee for the purpose.

7. No person suffering from any contagious or infectious disease or from loathsome sores shall be suffered to enter the licensed premises.

8. Any person who commits a breach of any of these by-laws shall on conviction by a Magistrate be punishable with fine which may extend to Rs. 50 , and if the breach is a continuing breach, with a further fine which may extend to Rs. 5 for every day after the first during which such breach continues.

No. 4955-L.G.40/45477.—In pursuance of the provisions of subsection (10) of section 62 of the Punjab Municipal Act, 1911, it is hereby notified that with the previous sanction of the Governor of the Punjab, the administrator of the municipality of **Kartarpur** in the Jullundur district, has, with effect from the 17th February, 1940, imposed a tax at the rate of Rs. 2 per annum or Re. 0-4-0 per mensem per cart on all hand-carts kept within the municipal limits.

No. 1310-C.-40/45499.—The following by-laws regarding municipal water-supply made by the Municipal Committee of the **Ambala Cantonment Sadar Bazar** in the Ambala District, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information, and shall come into force within the Municipality of **Ambala Cantonment Sadar Bazar,** on the 30th day of December, 1940 :—

BY-LAWS.

1. No person shall bathe or wash clothes or other articles or animals at a public stand-pipe or hydrant or tamper with or damage a public stand-pipe or hydrant or draw or attempt to draw water from a public stand-pipe or hydrant except by the proper method, or wilfully waste water or suffer water to run to waste from a public stand-pipe or hydrant.

2. (1) No person shall, without the written permission of the Committee, draw or use water from a public stand-pipe or hydrant or from a private water-supply for purposes other than a domestic purpose.

Explanation.—For the purpose of these by-laws water for a domestic purpose shall not be deemed to include water.

(*a*) for any trade, manufacture or business ; or

(*b*) for fountains, swimming-baths or for any ornamental or mechanical purpose ; or

(*c*) for gardens or for purpose of irrigation ; or

(*d*) for watering roads or paths or

(*e*) for building purposes.

(2) Any person wishing to draw water from a public stand-post for building purposes, shall first obtain the written permission of the Secretary of the Municipal Committee, and shall pay for the water so drawn at the rate of half per cent. on the value of the building as estimated by the Municipal Engineer. Water used for consolidation of roads shall be charged for at the rate of twelve annas per 1,000 gallons every 100 ft. of road consolidation being considered to have consumed 500 gallons of water.

(3) Water used for purposes other than domestic and for building and road consolidation shall be supplied through private connections and shall be charged for at the rate of six annas per 500 gallons provided that for the purposes of calculating the amount so payable any fraction of 500 gallons less than two hundred and fifty gallons shall be disregarded and any such fraction not less than two hundred and fifty gallons shall be reckoned as 500 gallons.

3. Subject to the provisions of by-law 19 no connection with the municipal mains for a private water-supply and no alteration or extension of any such existing connection shall be made except on the application of the owner of such premises or his recognized

agent, who shall be registered as the consumer, and shall be responsible for the observance of the by-laws, so far as the connection on his property is concerned.

4. Every application for a connection with the municipal mains for a private water-supply or for the alteration or extension of any such existing connection shall be addressed to the Secretary of the Committee and shall be made on a printed form in Form A, a copy of which may be obtained free of charge from the Municipal Office. On receipt of the application an estimate of the cost of the connection shall be prepared and forwarded to the applicant :

Provided that every application for a new water connection or alteration, i. e., shifting of the water connection from one place to another, shall be accompanied by a fee of Re. 1.

5. If on receipt of the estimate the applicant wishes to have the connection, alteration or extension carried out, he shall deposit at the office of the Secretary of the Committee the amount given in the estimate, and if the connection, alteration or extension is sanctioned by the Committee or the officer authorised by the Committee in this behalf, the work shall be executed only by municipal agency or, to such extent as the Committee may permit, by a plumber licensed by the Committee in accordance with the Water-Supply Regulations contained in the Appendix. The Municipal Committee shall also charge ten per cent on the actual cost of the work done per connection for special establishment entertained and wear and tear of tools, etc.

6. All connections for private water-supply shall be metered.

7. (1) The Committee shall standardise only one make of meter of the rotary inferential type, dry dial pattern, to be used throughout its whole distribution system and such a meter shall be supplied by the Municipal Committee at the cost of the consumer :

Provided that a horizontal type of meter shall be used only when, in the opinion of the Municipal Engineer, a vertical type of meter cannot be fitted.

(2) The meter shall be maintained by the Committee and no charge shall be made by the Committee for the cost of repair of a meter unless such repair has been necessitated by wilful abuse or negligence on the part of registered consumer:

Provided that when a meter supplied by a consumer becomes, in the opinion of the Committee, either unserviceable or irrepairable the consumer shall supply a new meter within the period prescribed by the Committee, and in case of non-compliance after the prescribed period the connection shall be cut off.

(3) No person shall tamper with a meter in any way provided that a member of the municipal staff may if authorised by the Committee in this behalf, have access to the meter.

8. No new connection for private water-supply shall be provided with a ferrule of more than ½″ in diameter provided that a connection for a supply of water for a purpose other than a domestic purpose may be provided with a ferrule not exceeding 3/4″ in diameter.

9. With reference to section 97 of the Punjab Municipal Act, 1911, the quantity of water to be supplied free of charge, in consideration of payment of the tax the imposition of which was notified in Part II of the First Schedule to the Punjab Government notification No. 6548-S., dated the 25th of September, 1934, has been limited as follows :—

"For every Re. 1-1-0 of the water-tax paid in a month a free supply of 2,000 gallons shall be given. Water used in excess of the free supply during a month shall be charged for at the rate of Re. 0-4-3 per 500 gallons, but for lesser consumption the balance of free allowance during the month shall lapse provided that for the purpose of calculating the amount so payable any fraction of 500 gallons less than 250 gallons shall be disregarded and any such fraction not less than 250 gallons, shall be reckoned as 500 gallons."

Provided that the Committee may with the approval of the Provincial Government, exempt from the payment of water charges, the water consumed to the limits as mentioned hereafter in any religious building or an institution of public utility on the condition that if the manager or the person in charge of such an institution allows water to be wasted or to be used for any purpose other than that for which such connection was granted, the Committee may cancel the grant of such free connection. The limits mentioned above shall be as follows :—

		Gallons per month.
(1) Schools	.. ..	30,000
(2) Hospitals and free Dispensaries	..	30,000
(3) Religious places	.. ..	20,000
(4) Dharamshalas	.. ..	20,000
(5) Public Pios ..	.. ..	20,000

Provided further that nothing over and above the water-tax paid shall be charged for the extra water consumed in metered private house connections in compounds containing 20 or more houses according to the Municipal House-Tax Register.

10. The registered consumer in respect of any metered connection may challenge the correctness of his meter on payment of a fee of four rupees; and if, on examination, the meter is found to record five per cent or more in excess the fee shall be returned.

11. If, in the course of any month a meter is found to be registering not less than five per cent in excess, the consumer shall be entitled to have the charge made to him for consumption of water reduced proportionately for the period from the first day of the month previous to the month in which the fee referred to in by-law 10 is deposited to the day on which the meter is set right.

12. If in any month the meter of any connection ceases to register or has been removed for repair or renewal, the Committee shall be entitled to charge for that month an amount equal to the average amount levied for the corresponding month of the previous year and the two months preceding such month, or if the connection was not in existence or the supply had been cut off during such period, an amount not less than the amount levied during the month previous to the month in which the meter ceased to register or was removed for repair or renewal.

13. The bill of demand for water-supply shall be presented to the consumer by the Secretary of the Committee each month and shall be paid within seven days from the date of presentation of the bill.

Explanation.—For the purpose of this by-law a bill shall be deemed to have been duly presented if it is presented in the manner prescribed for the service of a notice in section 215 of the Punjab Municipal Act, 1911.

14. No house or premises shall be supplied with water from the service connection of any other house or premises.

15. No portion of any water connection or of the pipe or the main leading to it shall be tampered with by any consumer in any way whatever, whether for the purpose of repair, alteration or any other purpose, except with the written permission of the committee:

Provided that every consumer shall maintain the taps, pipes and other fittings inside the premises in water-tight condition.

16. A connection may, at any time be cut off at the request of the registered consumer or by the order of the Committee for any of the following reasons:—

(*a*) in the interest of the waterworks;

(*b*) for the purposes of effecting repairs to any part of the water-supply system;

(*c*) if the bill for water-supply remains unpaid for a period of one month from the date of presentation of the bill to the consumer;

(*d*) in any case, where, in the opinion of the President, or the Secretary of the Committee or the Municipal Medical Officer of Health, the use of water causes the premises to become insanitary; or

(*e*) in any case where, in the opinion of the President, or the Secretary of the Committee, or the Municipal Medical Officer of Health, adequate drainage arrangements have not been made for the disposal of waste water.

Explanation.—The cutting off of a connection means merely the closing of the stop cock.

17. Any registered consumer who, wishes to close his connection shall give seven days' notice to the Secretary of the Committee and no charge shall be made for water after the expiry of the period of the notice.

Explanation.—The closing of a connection means the removal of the meter and the severance of the service pipe from the communication pipe.

18. Any application for restoring a connection, which has been closed, shall be dealt with as if it were an application for a new connection.

19. If any person, other than the owner of the premises to which a connection has been made or his duly authorized agent, wishes to re-open a connection, or to keep open a connection, which would otherwise be closed, he shall enter into an agreement with the Committee undertaking the responsibilities of the registered consumer, and shall remain responsible for the connection so long as it remains open; and, if the committee thinks fit, such person may be called upon to deposit a sum of thirty rupees as security for the cost of water to be supplied, and such amount shall be kept intact, and not set off against any money due from such consumer until the connection is closed.

20. Any person who commits a breach of by-laws 1, 2, 3, 7 or 15 shall, on conviction by a magistrate, be punishable with fine which may extend to fifty rupees and, if the breach is a continuing breach, with a further fine which may extend to five rupees for every day after the first during which the breach continues.

NOTE. 1.—Tube 1½ inches nominal bore and under may be buttwelded ; tubes over 1½″ nominal bore must be lapwelded or weldless.

2. Unless otherwise specified all tubes up to and including 6 inches nominal bore shall be the screwed type ; over 6 inches nominal bore, they shall be of the flanged type.

The pipes shall be tested to 400 lbs. per square inch hydraulic pressure by the manufacturers who shall certify the same in writing.

(c) a brass stop of the screw down pattern having the same water way as the pipe, such stop cock to be placed at or near the point of entrance of the service pipe to the premises to be supplied with water or if necessary within such premises for the purpose of shutting off the water and regulating the supply, and to be provided with a cover box of cast iron or wrought iron and furnished with a lock and key, such key to remain under the control of the Municipal Engineer or other officer appointed by the committee for that purpose ;

(d) the taps, which shall, wherever fitted, be of the screw down pattern with crutch handle; and

(e) the meter, which shall, if possible, be placed in the same cover box as that in which the stop cock is placed, and shall be fixed in a position where it is not liable to injury but can be easily inspected, provided that if the meter is placed in a separate box, the box shall be of cast iron or wrought iron and shall be placed as near to the stop cock as possible in a position where the meter can be conveniently examined, and the box shall be fitted with lock and key and, the key shall remain under the control of the Municipal Engineer, or other officer of the committee appointed for that purpose.

3. The number of taps to each ferrule connection and the dimensions of ferrule interior pipes and taps for water shall be of the following relative sized only:—

Diameter of ferrule.	DIAMETER OF PIPES INSIDE BUILDINGS. Lower floor.	Upper floor.	Size of taps or cocks.	Maximum number of taps for each ferrule connection.

4. All taps and fittings for service connection shall be capable of standing a test pressure of three hundred pounds per square inch of water without damage or leakage.

5. All service pipes shall, if possible, be laid not less than two feet below the surface of the ground.

6. All pipes and fittings laid above ground shall be securely fastened to wall or other immovable structure by means of strong wrought iron clamps.

7. No service pipe or fitting shall pass alongside any sullage drain, sewer, latrine, ashpit or soakage pit, and no service pipe shall enter a building through the same opening as gives exit to a sullage drain.

8. No tap shall be fixed at a distance of less than two feet above the surface of the ground.

9. No service pipe shall be connected directly with a boiler for generating steam and every cistern, tank, reservior or other vessel, which is supplied with water from a service pipe shall have the discharge end of the service pipe or the tap at a distance of not less than six inches above the highest water level of such cistern, tank, reservior or other vessel.

10. In the case of a connection for the supply of water for other than domestic purpose, the ferrule, when tapped into a municipal main of less than six inches in internal diameter, shall be half-an-inch in diameter and if tapped into a municipal main of six inches or more, but less than eight inches in diameter, shall be not more than three-fourths of an inch in diameter.

BY-LAWS.

1. (*i*) " Slaughter-house " means the slaughter-house owned and managed by the Municipal Committee.

(*ii*) " Superintendent " means the officer in charge of the slaughter-house.

2. (*i*) The slaughter-house will be open for the slaughter of animals from 4 a.m. to 11 a.m.

(*ii*) No animal shall be slaughtered at any other time, provided that, in special circumstances and on the realization of three times the usual fee, the Superintendent may

allow the slaughter of any animal at any other time. In all such cases the previous written permission of the Superintendent shall be obtained.

3. The Committee shall fix at a conspicuous place in the slaughter-house, a notice showing—

(i) the hours of the working of the slaughter-house ;

(ii) the fees payable ; and

(iii) any other directions that the Committee or the Superintendent may see fit to issue.

4. Every animal for slaughter shall, on being brought to the slaughter-house, be presented for inspection to the Superintendent who, before passing any animal for slaughter shall satisfy himself that—

(i) it is more than 10 months old in the case of cows and buffaloes and more than 6 months in case of other animals ;

(ii) its flesh will be fit for use as human food ;

(iii) it is not pregnant or with unweaned young ;

(iv) in case of milch buffaloes or cows they are dry ;

(v) it is not diseased or in a dying condition :

provided that an animal which has met with an accident and is otherwise healthy may be passed for slaughter.

5. The Superintendent shall maintain a register in which he shall enter a brief description of each animal approved for slaughter.

6. Fees for the slaughter of each animal shall be levied at the following rates :—

Animal.	*Fee per head.* Rs.	A.	P.
(a) Oxen, cows and buffaloes	0	8	0
(b) Goats	0	2	0

(ii) any buffalo or cow less than ten months old and any other animal less than 6 months old ;

(iii) an animal which is pregnant or with unweaned young ;

(iv) any buffalo or cow during the period of lactation;

(v) any carcass ;

(vi) any dog ; or

(vii) any animal not meant for slaughter or for the slaughter of which the slaughter-house is not provided.

(2) Any animal brought in contravention of this by-law shall be summarily removed under the direction of the Superintendent.

8. (1) Animals approved for slaughter by the Superintendent shall be branded/marked with a distinctive mark on ears, hooves or horns and admitted into the waiting-yard of the slaughter-house.

(2) All animals when approved shall be kept in the waiting-yard until the owners or persons in charge receive permission to bring them into the slaughter-yard.

(3) The owner of the animal shall remain responsible for its security while it is in the waiting-yard.

(4) No animal shall be admitted into the waiting-yard unless the prescribed fee has been paid.

9. Animals rejected as unfit for slaughter shall be removed forthwith from the premises of the slaughter-house :

Provided that animals found to be affected by any infectious or contagious disease or which may reasonably be suspected of being so affected, shall, if the Superintendent so directs, be forthwith apprehended and removed to the Veterinary Hospital or such other place as the Committee may provide for the purpose.

10. Each animal shall be slaughtered immediately over the drain and no blood shall be allowed to flow upon the floor.

11. (i) Slaughtered animals shall be disembowelled as soon as possible after slaughter.

(ii) The contents of the stomachs and bowels shall not be washed into the drain or allowed to drop on the floor, but shall be emptied into buckets or receptacles provided for the purpose by the Municipal Committee.

12. No person shall rub or cause to be rubbed the inner sides of skins upon the ground within any portion of the slaughter-house or in the neighbourhood of the slaughter-house premises.

13. (*i*) All carcasses shall, after skinning, and cleaning be presented to the Superintendent for inspection.

(*ii*) Carcasses which have been passed by the Superintendent as fit for human consumption shall, if necessary, be branded or stamped so as to define their quality.

(*iii*) No person shall remove any carcass from the slaughter-house premises until it has been duly passed by the Superintendent.

(*iv*) The Superintendent shall cause any carcass or meat, which is, or in his opinion, unfit for human consumption, to be buried or destroyed.

14. No person shall remove entrails and offals from the slaughter-house until they have been properly washed and cleaned.

15. No person shall blow or stuff any meat within the slaughter-house premises and the Superintendent may cause to be buried or destroyed any meat found to be blown or stuffed.

16. Any carcass or meat ordered to be destroyed in accordance with the provisions of by-law 13 or 15 shall be so treated as to render its use for human food impossible.

17. No meat shall be sold on the premises of the slaughter-house.

18. No person shall remove or cause to be removed from the premises of the slaughter-house any carcass or meat except in a clean receptacle and covered in such a manner as to be screened from public view and adequately protected against flies and dust.

19. The Superintendent shall, by general or special order, direct the disposition of all skins, heads, horns and feet of slaughtered animals and all carcasses or meat found left in the slaughter-house after the hour fixed for closing the slaughter-house.

20. (*i*) No person affected with leprosy, sores or any other skin disease or any contagious or infectious disease shall enter the slaughter-house premises.

(*ii*) No person, other than the municipal staff on duty and licensed butchers and their assistants or *bona fide* servants, shall enter the slaughter-house premises during the process of slaughtering or skinning and cutting up of carcass.

(*iii*) No person shall create any disturbance in the slaughter-house premises.

Any person transgressing the provisions of this by-law may be removed summarily under the direction of the Superintendent.

21. Any person who commits a breach of any of the by-laws 2, 4, 7 to 18 and 20 shall, on conviction by a magistrate, be liable to fine which may amount to fifty rupees.

No. 4247-C.-40/45514.—In pursuance of the provisions of subsection (5) of section 171 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to extend the provisions of the said section to the municipality of **Tarn Taran** in the Amritsar district.

The 16th November, 1940.

No. 2513-C.-40/46125.—With reference to Punjab Government notification No. 2513-C.-40/37345, dated the 16th September, 1940, and, in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to make the following amendment to the rules published with Punjab Government notification No. 13981, dated the 16th July, 1918, as subsequently amended :—

AMENDMENT.

In Part I—General the following new rule shall be added, namely :—

" 13. It shall be the duty of a municipal committee to terminate the appointment of every municipal servant, other than a ministerial servant, upon his reaching the age of 55 years. He may be re-employed after that age with the sanction of the authority whose approval is necessary to the original appointment, on public grounds, which must be recorded in writing ; but he must not be retained after the age of 60 years, except in very special circumstances."

No. 4479-C.-40/46253.—The following by-laws framed by the Administrator, Sialkot Municipality, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information, and shall come into force within the Municipality of **Sialkot** on the 6th day of January, 1941, from which date the by-laws published with Punjab Government notification No. 35683, dated the 4th December, 1928, shall be deemed to be cancelled :—

BY-LAWS.

1. Every person who keeps an hotel, serai or lodging-house shall register it at the Municipal Office.

2. Every such person shall, if so required by written notice from the Medical Officer of Health, make such alterations to his hotel, serai or lodging-house as will ensure that—

(*a*) the minimum height of every room intended to accommodate lodgers shall be not less than 10 feet;

(*b*) the minimum superficial floor-area of every such room shall be not less than 144 square feet;

(*c*) ventilation opening directly into external air shall be provided for every such room by means of windows, gratings or other openings exclusive of doors, having a combined area equal to not less than one-tenth of the floor area of the room;

Provided that nothing in this by-law shall be considered in any way to waive the requirements of any by laws for the regulation of buildings in general which may from time to time be in force in the municipality.

3. Every person who keeps an hotel, serai or lodging-house shall provide it with a sufficient and good supply of drinking water from a municipal main ; and if there is a well or storage tank or other storage provision in his hotel, serai or lodging-house or in the precincts thereof shall protect such well or storage tank or other storage provision against pollution in such manners as the Medical Officer of Health may direct, and every year in October or more often, if so required by the Medical Officer of Health, shall cause such well or storage tank or other storage provision to be cleaned to the satisfaction of the Medical Officer of Health.

4. (*a*) Every such person shall keep his hotel, serai or lodging-house clean and in good repair and shall employ such staff for conservancy as the Medical Officer of Health may direct, and shall unless otherwise permitted by the Medical Officer of Health at least twice a year, and more often if so required by the Medical Officer of Health, cause every room in his hotel, serai or lodging-house to be white-washed and generally shall comply with every reasonable order of the Medical Officer of Health for the purpose of promoting the sanitation and cleanliness of his hotel, serai or lodging-house.

(*b*) Every such hotel, serai or lodging-house shall be provided with bathrooms, bathing places, latrines and urinal of the pattern approved by the Medical Officer of Health and with such accommodation as he may consider sufficient. Separate provision shall be made in this respect for both the sexes (where necessary) as well as for the lodgers, the staff and servants of the institution.

5. (*a*) All kitchens and dining rooms shall be made of impervious non-absorbent, material and of such pattern as directed by the Medical Officer of Health with suitable provision for accommodation, drainage, ventilation, exit of smoke and protection from birds, flies, rats and vermin.

(*b*) Separate places or rooms made of impervious non-absorbent material will be provided for washing and cleaning all utensils, cutlery, crockery and other articles used for purposes of food and drink. Such places or rooms shall be fitted with sufficient supply of wholesome water and efficient drainage to the satisfaction of the Medical Officer of Health.

6. (*a*) Wholesome and unadulterated articles of food and drink shall be used and provision shall be made to the satisfaction of the Medical Officer of Health to prevent articles of food and drink kept on the permises from getting contaminated, decomposed or being otherwise rendered unfit for human consumption from any source whatsoever.

(*b*) All receptacles, utensils, vessels or other things employed for storing, cooking or serving articles of food and drink shall be made of suitable material to prevent deterioration or poisoning of such articles of food and drink either by chemical action or otherwise, and all reasonable directions given by the Medical Officer of Health in this respect as well as to protect such utensils, vessels and other things from flies, rats and vermin, shall be carried out to his satisfaction.

7. (*a*) The Medical Officer of Health may fix the number of persons who may occupy any room in an hotel, serai or lodging-house, and no person who keeps such hotel, serai or lodging-house shall suffer more than the number of persons so fixed to occupy such room.

(The minimum requirement of space for each person shall be 400 cubic feet, any height above 10' not being taken into consideration.)

(*b*) If the number of persons who may occupy any room has been fixed under clause (*a*) of this by-law, such number shall be painted over the door of such room, and failure on the part of any keeper of an hotel, serai or lodging-house to cause such number to be so painted shall constitute a breach of this by-law.

8. (*a*) Every person who keeps an hotel, serai or lodging-house shall, as soon as it comes to his notice, immediately report to the Medical Officer of Health the occurrence in his hotel, serai or lodging-house of any disease defined or notified by the Provincial Government as an infectious disease under clause (7) of section 3 of the Punjab Municipal Act, 1911, and shall take measures to keep any person suffering from such disease isolated from all other lodgers.

(*b*) No person who keeps an hotel, serai or lodging-house shall suffer such hotel, serai or lodging-house or any part of it to be occupied if he knows or has good reason to believe that it has been occupied by a person suffering from any such disease, until such hotel, serai or lodging-house or part of it and every article therein likely to contain infection have been disinfected to the satisfaction of the Medical Officer of Health.

9. Every person who keeps an hotel, serai or lodging-house shall, if so required by the Medical Officer of Health, keep a register in the form prescribed by the Committee

in which he shall record immediately on the arrival or departure of any person who lodges in his hotel, serai or lodging-house the following particulars :—

(i) on arrival—

(a) the name, father's name or, in case of a married woman, husband's name of every such person;

(b) the caste and occupation of such person;

(c) the date of arrival of such person;

(d) the place from which such person arrived.

(ii) on departure—

(a) the date of departure of such person;

(b) the place to which such person proceeded on departure.

10. Any person who commits a breach of any of these by-laws shall, on conviction by a magistrate, be punishable with fine which may extend to Rs. 50, and if the breach is a continuing breach, with a further fine which may amount to Rs. 5 for every day after the first during which the breach continues.

The draft will be taken into consideration on or after the 31st December, 1940, together with any objections or suggestions relating thereto which may be received by Government before that date :—

DRAFT AMENDMENT.

In clause (*a*) of rule 5, the word " male " shall be omitted.

No. 3957-C -40/47816.—The following by-laws made by the Municipal Committee of **Simla** under sections 188, 198 and 199 of the Punjab Municipal Act, in supersession of the by-laws on the subject published with Punjab Government notification No. 104, dated the 11th February, 1897, as amended by Punjab Government notification Nos. 189 and 1681, dated the 30th March, 1899 and the 17th January, 1921, respectively, having been confirmed by the Governor of the Punjab as required by section 201 of the said Act are published for general information and shall come into force within the Municipality of **Simla** on the 13th day of January, 1941 :—

BY-LAWS.

1. Every person who lets out on hire horses or ponies for riding purposes for any period of time within the limits of the Simla Municipality, shall, as hereinafter provided, register the same and take out a licence for each animal. Such horses or ponies shall be hereinafter respectively referred to as job horses or ponies.

2. Such licences shall be granted by the Committee and will be issued in the form appended to these by-laws by the Secretary or in his absence by the Tax Superintendent of the Municipal Committee. The Tax Superintendent shall keep a register of job horses and ponies.

3. No job horse or pony shall be licensed if it is under the age of three years or if it is not in every respect sound, healthy and in good working condition, and if it has not been approved together with its saddlery, bridle and other gear by the President or such other officer appointed by the Committee in this behalf and unless the owner thereof has paid a licence fee of four rupees for every such horse or pony provided that if the period during which the licence is to remain in force does not exceed six months, a fee of only two rupees shall be levied.

Explanation.—For the purpose of licences the official year shall be reckoned from the sixteenth of March to the fifteenth day of March in the following year.

It shall be lawful for such approving officer or official, if he deems fit, to require any owner of any horse or pony, brought to be registered and licensed as a job horse or pony, to satisfy him regarding freedom from vice, or the soundness of such animal, and the said approving officer or official may further, if he deems it necessary, require the said owner to produce a veterinary certificate of soundness and age, from the officer-in-charge of the Civil Veterinary Hospital, Simla.

4. No proprietor of any horse or pony, kept for hire within the Municipal limits or his servant shall ill-treat or ill-use or allow any person to ill-treat or ill-use such animal.

Small Towns.

The 26th November, 1940.

No. 5454-L. G.—Bds.-40/47811.—In exercise of the powers conferred by section 51 of the Punjab Small Towns Act, 1921, the Governor of the Punjab is pleased to makes the following rules :—

RULES.

1. The Deputy Commissioner of Ludhiana district shall, in consultation with the Town Committee of Samrala, cause to be prepared an accurate plan of the Small Town of Samrala, drawn to a scale not less than one inch to fifty feet, showing thereon all public streets and other immovable property vested in the Committee.

2. The Deputy Commissioner shall also cause to be prepared a *khasra* of the streets and other properties specified in rule 1 in Form "A" appended to these rules.

3. The Deputy Commissioner shall cause the plan and *khasra*, when ready, to be published in such manner as he deems fit, together with a notice intimating a date not less than two months from the date of the notice by which objections from any person with regard to entries on the plan and *khasra* may be presented to the Revising Authority appointed under rule 5 and the time and place at which the plan and *khasra* may be inspected.

4. The Deputy Commissioner shall arrange to allow any person to inspect the plan and *khasra* during the hours and at the place specified in the notice on any day which is not a public holiday.

5. The Deputy Commissioner shall appoint an Assistant Commissioner or Extra Assistant Commissioner on the district staff to be the Revising Authority for the purpose of hearing objections relating to the plan or *khasra*.

6. When the plan and *khasra* have been published under the provisions of rule 3, objections in respect of entries on the plan and *khasra* may be presented to the Revising Authority, appointed under rule 5, between the hours of ten o'clock in the morning and four o'clock in the afternoon of any day not being a public holiday of the period specified in the notice issued under rule 3 *ibid.*

7. The Revising Authority shall maintain a register of objections in Form B in which he shall cause to be entered at the time of receipt particulars of every objection received.

8. Any person aggrieved by any order, which the Revising Authority may pass, may, within seven days from the date of such order, apply to the Deputy Commissioner for revision of the order; and the Deputy Commissioner, after giving notice to the parties concerned and hearing any representation which they may wish to make, may confirm it or set it aside, and pass such other orders with respect to the objection which he may deem fit.

9. After the objections, if any, have been disposed of, the Deputy Commissioner shall cause the plan and *khasra* to be corrected, if necessary, in accordance with the orders passed on the objections, and shall then have the amended plan and *khasra*, or a fresh copy of it, published for general information.

10. The original plan and *khasra* shall remain in the custody of the Deputy Commissioner, and a copy thereof duly certified by the Deputy Commissioner to be correct, shall be furnished to the Town Committee of Samrala.

11. The Deputy Commissioner may employ such staff as is required for the preparation of the plan and *khasra* and the Town Committee of Samrala shall be liable for the cost of pay and other incidental expenses connected with the staff and the preparation of the documents mentioned above, and also for the cost of pay or any other expenditure connected with the appointment of the Revising Authority.

(*c*) that the licensee shall not keep on the licensed premises any vegetables, fruit or sugarcane that is unfit for human consumption or is declared to be so by the President, the Medical Officer of Health or Secretary of the Committee.

6. The Committee may by an order in writing suspend any licence for a breach of any of the conditions thereof.

7. Any person who commits a breach of any of these by-laws and every licensee who commits a breach of any of the conditions of his licence shall, on conviction by a magistrate, be punishable with fine which may extend to fifty rupees and if the breach is a continuing breach with a further fine which may extend to five rupees for every day after the first during which such breach continues.

No. 5359-L. G.-Bds.-40/47351.—In exercise of the powers conferred by clause (*f*) of subsection (1) of section 242 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to extend section 195-A of the said Act to the Notified Area of **Arifwala,** in the Montgomery district and to declare that the provisions of the said section shall come into force from the date of publication of this notification.

The 25th November, 1940.

No. 3858-L. G.-Bds.-40/47534.—With reference to Punjab Government notification No. 3858-L. G.—Bds.-40/38112, dated the 23rd September, 1940, and in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to make the following rules :—

RULES.

1. The Deputy Commissioner of Gujranwala district shall, in consultation with the Notified Area Committee of Kamoki Mandi, cause to be prepared an accurate plan of the Notified Area of Kamoki Mandi, drawn to a scale of not less than one inch to fifty feet showing thereon all public streets and other immovable property vested in the Committee.

2. The Deputy Commissioner shall also cause to be prepared a *khasra* of the streets and other properties specified in rule 1 in form 'A' appended to these rules.

3. The Deputy Commissioner shall cause the plan and *khasra*, when ready, to be published in such manner as he deems fit, together with a notice intimating the date not less than two months from the date of the notice by which objections from any person with regard to entries on the plan and *khasra* may be presented to the Revising Authority appointed under rule 5 and the time and place at which the plan and *khasra* may be inspected.

4. The Deputy Commissioner shall arrange to allow any person to inspect the plan and *khasra* during the hours and at the place specified in the notice on any day which is not a public holiday.

5. The Deputy Commissioner shall appoint an Assistant Commissioner or Extra Assistant Commissioner on the district staff to be the Revising Authority for the purpose of hearing objections relating to the plan or *khasra*.

6. When the plan and *khasra* have been published under the provisions of rule 3, objections in respect of entries on the plan and *khasra* may be presented to the Revising Authority, appointed under rule 5, between the hours of ten o'clock of the morning and four o'clock of the afternoon of any day of the period specified in the notice issued under rule 3, which is not a public holiday.

7. The Revising Authority shall maintain a register of objections in form B in which he shall cause to be entered at the time of receipt particulars of every objection received.

8. Any person aggrieved by any order, which the Revising Authority may pass, may, within seven days from the date of such order, apply to the Deputy Commissioner for revision of the order; and the Deputy Commissioner, after giving notice to the parties concerned and hearing any representation which they may wish to make, may confirm it or set it aside, and pass such other orders with respect to the objection which he may deem fit.

9. After the objections, if any, have been disposed of, the Deputy Commissioner shall cause the plan and *khasra* to be corrected, if necessary, in accordance with the orders passed on the objections, and shall then have the amended plan and *khasra*, or a fresh copy of it, published for general information.

10. The original plan and *khasra* shall remain in the custody of the Deputy Commissioner, and a copy thereof duly certified by the Deputy Commissioner to be correct, shall be furnished to the Notified Area Committee of Kamoki Mandi.

11. The Deputy Commissioner may employ such staff as is required for the preparation of the plan and *khasra* and the Notified Area Committee of Kamoki Mandi, shall be liable for the cost of pay and other incidental expenses connected with the staff and the preparation of the documents mentioned above, and also for the cost of pay or any other expenditure connected with the appointment of the Revising Authority.

(2) In the case of the death of a European, the person reporting the death shall also, if possible, furnish the certificate of a medical practitioner showing the cause of death.

(3) When a child under one year of age dies the registers of births and deaths should be cross-referenced, the serial number of the former being entered in the latter and *vice versa*.

5. Any person reporting a birth or death may attest by his signature or thumb-impression the entry relating to such birth or death made in the register by the Municipal Registrar.

6. Every report of a birth or death required by these by-laws may be made verbally or in writing.

7. The officer in charge of a jail, lock-up, work-house, lunatic asylum, Government or municipal hospital, college or school or any other Government or municipal institution shall report to the Municipal Registrar the occurrence of any birth or death within the institution of which he is in charge not later than four days from the date of such occurrence.

8. Every person in charge of a private hospital, orphanage, *sarai*, *dharamsala*, hotel, lodging house or other such institution shall report to the Municipal Registrar the occurrence of any birth or death within the institution of which he is in charge not later than four days from the date of such occurrence.

9. In the case of a birth or death not governed by by-law 7 or 8 a report of its occurrence shall be made within four days to the Municipal Registrar by the head of the household in which such birth or death has occurred or by any adult member or servant of such household.

10. In the case of a birth of which, for any reason, a report cannot be furnished by the head of a household or any adult member or servant of a household, the mid-wife or *dai* attending at such birth shall within four days report the occurrence of such birth to the Municipal Registrar.

11. Every medical practitioner who has been in attendance during the last illness of any person dying within the municipal limits shall report the death of such person within four days of the date of death to the Municipal Registrar; provided that if such person has died of any disease which is defined as an infectious disease, or has been notified as an infectious disease by the Provincial Government under clause 7 of section 3 of the Punjab Municipal Act, 1911, such medical practitioner shall report such death immediately.

12. Every customary or other sweeper shall report the occurrence of every birth and death which occurs within the premises in which he works within four days of such occurrence to the Sanitary Inspector of the ward in which such premises are situated; provided that no such report need be made by any sweeper working in any Government or municipal institution in respect of births or deaths occurring in such institutions.

13. Every person finding a living new-born child exposed and every person in whose charge such child may be placed, shall within eight days of the finding of such child, report the fact to the Municipal Registrar, and shall at the same time to the best of his ability furnish the particulars specified in by-law 2.

14. If a dead body is found exposed, the officer in charge of the Police Station within whose jurisdiction such body is found shall, within eight days of the finding of such body, report the fact to the Municipal Registrar, and shall at the same time to the best of his ability furnish the particulars specified in by-law 4, together, if possible, with a certificate of the Civil Surgeon showing the cause of death.

15. Every person reporting a birth or death under these by-laws shall be given free of charge a copy of the entry made by the Municipal Registrar in respect of such birth or death.

16. Any person may inspect a register of births or deaths on payment of a fee of one rupee, and shall be entitled to receive a certified copy of any entry in a birth or death register on payment of a fee of eight annas, provided that in cases where insufficient or incorrect information is supplied by an applicant, a further fee of four annas may be charged in respect of every year for which the register, has to be searched and a deposit sufficient to cover charges likely to be incurred under this proviso may be demanded before search is made. Any balance shall be refunded and if the entry in question can not be found the deposit shall be refunded in full less eight annas.

17. (1) Any clerical error which may at any time be discovered in any register of births or deaths may be corrected in red ink, by the President of the Municipal Committee or by the Municipal Registrar.

(2) Any error of fact or substance in any register of births or deaths may be corrected in red ink, by the President of the Municipal Committee:

Provided that—

(a) the Municipal Committee may, with the previous sanction of the Commissioner, assign the duty of making such corrections to some other officer, and

(b) if any application is made for a correction in a births or deaths register the officer making such correction shall first satisfy himself that the correction to be made is a genuine one.

(3) Any corrections made shall be signed in full by the correcting officer.

18. No person shall wilfully destroy or injure or cause to be destroyed or injured any register of births or deaths or shall wilfully insert or cause to be inserted in any such register or certified copy thereof any false entry with regard to any birth or death, and no Municipal Registrar shall, without reasonable cause, refuse or omit to enter in a register of births or deaths any birth or death which has been duly reported to him.

19. Any person who commits a breach of by-laws 8, 9, 10, 11, 12, 13 or 18, shall on conviction by a magistrate, be punishable with fine which may extend to fifty rupees.

No. 4877-C.-40/50035.—The following by-laws framed by the Municipal Committee, **Okara** in the Montgomery district, in exercise of the powers conferred by sections 188 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information, and shall come into force within the Municipality of **Okara** on the 27th day of January, 1941 :—

BY-LAWS.

1. Every person who keeps an hotel, serai or lodging-house shall register it at the Municipal Office.

2. Every such person shall, if so required by written notice from the Medical Officer of Health, make such alterations to his hotel, serai or lodging-house as will ensure that—

(*a*) the minimum height of every room intended to accommodate lodgers shall be not less than 10 feet ;

(*b*) the minimum superficial floor-area of every such room shall be not less than 144 square feet ;

(*c*) ventilation opening directly into external air shall be provided for every such room by means of windows, gratings or other openings exclusive of doors, having a combined area equal to not less than one-tenth of the floor area of the room :

Provided that nothing in this by-law shall be considered in any way to waive the requirements of any by-laws for the regulation of buildings in general which may from time to time be in force in the municipality.

3. Every person who keeps an hotel, serai or lodging-house shall provide it with a sufficient and good supply of drinking water from a municipal main ; and if there is a well or storage tank or other storage provision in his hotel, serai or lodging house or in the precincts thereof shall protect such well or storage tank or other storage provision against pollution in such manners as the Medical Officer of Health may direct, and every year in October, or more often, if so required by the Medical Officer of Health, shall cause such well or storage tank or other storage provision to be cleaned to the satisfaction of the Medical Officer of Health.

4. (*a*) Every such person shall keep his hotel, serai or lodging-house clean and in good repair and shall employ such staff for conservancy as the Medical Officer of Health may direct, and shall unless otherwise permitted by the Medical Officer of Health at least twice a year, and more often if so required by the Medical Officer of Health, cause every room in his hotel, serai or lodging-house to be white-washed ; and generally shall comply with every reasonable order of the Medical Officer of Health for the purpose of promoting the sanitation and cleanliness of his hotel, serai or lodging-house.

(*b*) Every such hotel, serai or lodging-house shall be provided with bathrooms, bathing places, latrines and urinal of the pattern approved by the Medical Officer of Health and with such accommodation as he may consider sufficient. Separate provision shall be made in this respect for both the sexes (where necessary) as well as for the lodgers, the staff and servants of the institution.

5. (*a*) All kitchens and dining rooms shall be made of impervious non-absorbent material and of such patern as directed by the Medical Officer of Health with suitable provision for accommodation, drainage, ventilation, exit of smoke and protection from birds, flies, rats and vermin.

(*b*) Separate places or rooms made of impervious non-absorbent material will be provided for washing and cleaning all utensils, cutlery, crockery and other articles used for purposes of food and drink. Such places or rooms shall be fitted with sufficient supply of wholesome water and efficient drainage to the satisfaction of the Medical Officer of Health.

6. (a) Wholesome and unadulterated articles of food and drink shall be used and provision shall be made to the satisfaction of the Medical Officer of Health to prevent articles of food and drink kept on the premises from getting contaminated, decomposed or being otherwise rendered unfit for human consumption from any source whatsoever.

(b) All receptacles, utensils, vessels or other things employed for storing, cooking or serving articles of food and drink shall be made of suitable material to prevent deterioration or poisoning of such articles of food and drink either by chemical action or otherwise, and all reasonable directions given by the Medical Officer of Health in this respect as well as to protect such utensils, vessels and other things from flies, rats and vermin, shall be carried out to his satisfaction.

7. (a) The Medical Officer of Health may fix the number of persons who may occupy any room in an hotel, serai or lodging-house, and no person who keeps such hotel, serai or lodging-house shall suffer more than the number of persons so fixed to occupy such room.

(The minimum requirement of space for each person shall be 400 cubic feet, any height above 10' not being taken into consideration.)

(b) If the number of persons who may occupy any room has been fixed under clause (a) of this by law, such number shall be painted over the door of such room, and failure on the part of any keeper of an hotel, serai or lodging-house to cause such number to be so painted shall constitute a breach of this by-law.

8. (a) Every person who keeps an hotel, serai or lodging-house shall, as soon as it comes to his notice, immediately report to the Medical Officer of Health the occurrence in his hotel, serai or lodging-house of any disease defined or notified by the Provincial Government as an infectious disease under clause (7) of section 3 of the Punjab Municipal Act, 1911, and shall take measures to keep any person suffering from such disease isolated from all other lodgers.

(b) No person who keeps an hotel, serai or lodging-house, shall suffer such hotel, serai or lodging-house or any part of it to be occupied if he knows or has good reason to believe that it has been occupied by a person suffering from any such disease, until such hotel, serai or lodging-house or part of it and every article therein likely to contain infection have been disinfected to the satisfaction of the Medical Officer of Health.

9. Every person who keeps an hotel, serai or lodging-house shall, if so required by the Medical Officer of Health, keep a register in the form prescribed by the Committee, in which he shall record immediately on the arrival or departure of any person who lodges in his hotel, serai or lodging-house the following particulars :—

(i) On arrival—

(a) the name, father's name or, in case of a married woman, husband's name of every such person ;

(b) the caste and occupation of such person ;

(c) the date of arrival of such person ;

(d) the place from which such person arrived.

(ii) On departure—

(a) the date of departure of such person ;

(b) the place to which such person proceeded on departure.

10. Any person who commits a breach of any of these by-laws shall, on conviction by a magistrate, be punishable with fine which may extend to Rs. 50, and if the breach is a continuing breach, with a further fine which may amount to Rs. 5 for every day after the first during which the breach continues.

The 11th December, 1940.

No. 4950-C.-40/50520.—The following by-laws made by the Notified Area Committee of **Raewind Mandi**, in the Lahore district, in exercise of the powers conferred by sections 197 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are hereby published for general information and shall come into force within the Notified Area of **Raewind Mandi** on the 27th day of January, 1941 :—

LOCAL GOVERNMENT DEPARTMENT.

Boards.

The 16th December, 1940.

No. 4615-L.-G.-40/51457.—In exercise of the powers conferred by clause (*e*) of sub-section (1) of section 242 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to make the following directions in respect of the term of office of presidents of Notified Area Committees :—

(1) If a president is appointed by virtue of his office, the person for the time being holding the office shall be president until the Provincial Government shall otherwise direct.

(2) The term of office of a president appointed by name shall be three years or the residue of his term of office as member, whichever is less.

2. Punjab Government notification No. 28216, dated the 7th November, 1927, is hereby cancelled.

No. 5983-L.G.-40/51464.—With reference to Punjab Government notification No. 3871-L.G.-40/38243, dated the 24th September, 1940, and in exercise of the powers conferred by section 55 of the Punjab District Boards Act, 1883, and section 19 of the Punjab General Clauses Act, 1898. The Governor of the Punjab is pleased to make the following amendments to the District Board Account Code, 1926 :—

AMENDMENTS.

1. After rule 51, the following new rule shall be inserted :—

"51-A. Standard measurements of buildings may be maintained in order to facilitate the preparation of estimates for periodical repairs. When such standard books are maintained, they may also be used for the purpose of preparing contractor's bills for such

repairs so that it may not be necessary to take detailed measurements on each occasion. Such books shall be kept in accordance with the following rules :—

RULES.

1. The measurement books used as standard books shall be numbered in an alphabetical series, so that the numbers may be readily distinguishable from those assigned to the ordinary measurement books wherein detailed measurements are recorded, whenever work is actually done.

2. The entries of measurements (and abstracts thereof) in the standard books shall be recorded legibly in ink by an Engineering Subordinate and certified as correct by the District Engineer.

3. The District Engineer shall maintain a register of these measurement books in form 31-A which shall be kept under lock and key in his personal custody. No book shall be entered in this register nor shall a number be assigned to it unless and until it has been checked and approved by the District Engineer.

4. When a payment is based upon standard measurements, the District Engineer shall certify that the whole of the work (or work since previous running bill as the case may be) as per standard measurements has been done and that it has not been previously billed for in any shape.

5. The District Engineer shall exercise a check over the completion of standard measurement books from time to time by personally examining each book at least once a year. For this purpose these books will be received in the District Engineer's office by the 1st May each year. They shall then be compared with the register of standard measurement books in order to ensure that all books have been submitted for inspection. They shall be subjected to such scrutiny as the District Engineer may direct. A comparison of those books with the accounts of expenditure and the record of connected measurements relating to estimates for additions, alterations or special repairs to buildings and works shall, however, form a special feature of the check to be applied. The District Engineer shall personally attest and certify the correctness of all additions and alterations in these standard measurement books.

NOTE.—A record of the results of the scrutiny shall be retained for audit purposes.

6. The Chairman shall periodically obtain an assurance from the District Engineer by the 15th of June each year that all the standard measurement books have been inspected by him (the District Engineer), that the entries made therein have not been tampered with, that all corrections due to additions and alterations in the buildings have been incorporated in the books within one month of the closing of the accounts of the estimates therefor and that these books are reliable and up-to-date records.

2. After form No. 31 the following new form shall be inserted :—

" Form No. 31-A. **Rule 51-A.**

Stock Book of Standard Measurement Books.

Serial No. Alphabetical.	Tahsils.	Particular of work,		District Engineer's initial in token of check	Date.	REMARKS.

These amendments shall come into force with effect from the 1st April, 1941 :—

AMENDMENTS.

1. The word "haisiyat" occurring in direction No. 1 shall be deleted.

2. The words "who shall be paid a remuneration of five per cent for its collection" shall be added at the end of direction No. 3.

The 18th December, 1940.

No. 5049-C.-40/52177.—The following regulations made by the District Board of **Dera Ghazi Khan**, in exercise of the powers conferred by sections 56 and 57 of the Punjab District Boards Act, 1883, having been confirmed by the Governor of the Punjab, as required by subsection 2 of section 56 of the said Act, are published for general information and shall come into force within the area subject to the authority of the District Board of **Dera Ghazi Khan**, on the 29th day of January, 1941 :—

REGULATIONS.

PART I.—GENERAL.

1. In these regulations, unless there is anything repugnant in the subject or context—

(1) "Board" means the District Board of Dera Ghazi Khan.

(2) "Committee" means a Committee appointed under the provisions of regulation 3.

(3) "Estate" has the meaning assigned to it by section 3 of the Punjab Land Revenue Act, 1887.

(4) "Specified estate" means an estate to which these regulations, or any of them, have been applied.

2. The Board may apply these regulations, or any of them, to any estate in the district not being a panchayat area notified under section 4 of the Punjab Village Panchayat Act, 1939, in the following manner :—

(a) by resolution declare the intention of the Board to apply these regulations to the said estate ;

(b) publish the resolution in the said estate inviting objections to the proposal within one month of the date of such publication ;

(c) after the expiration of the period during which objections may be filed under clause (b) consider such objections as are received and order the application of all or any of these regulations to the said estate.

3. (1) A Committee consisting of not less than three and not more than five members shall be appointed by the Board from amongst the inhabitants of the said estate to carry out the purposes of these regulations :—

Provided as follows :—

(a) the personnel of the Committee shall be subject to the approval of the Deputy Commissioner, and the Board shall adopt any suggestion the Deputy Commissioner may make in this respect ;

(b) Where the Deputy Commissioner is himself a member of the Board, the approval of the Commissioner of the Division shall be necessary, and the Board shall adopt any suggestions the Commissioner may make in this respect.

(2) (a) A member of a Committee shall hold office for a term of two years.

(b) The Board may, and if required by the Commissioner shall, remove any member who has been guilty of any disgraceful conduct or of misconduct in the discharge of his duties.

(c) When a vacancy occurs in the case of a member by his death, resignation duly accepted, or removal, the Board may, subject to the approval of the Deputy Commissioner or the Commissioner, as the case may be, appoint to the vacancy such person as it may think fit.

(d) Every such person shall remain a member for the residue of the term of office of the member in whose stead he was appointed.

(e) An outgoing member shall be eligible for re-appointment.

(3) In all matters covered by Parts I to VII of these regulations the Committee shall be the agent of the Board, and subordinate to the Board, and shall comply with all orders of the Board, issued or purporting to be issued under these regulations.

4. If a Committee neglects or refuses to perform any duty, imposed on it by these regulations, the Board may perform or cause to be performed such duty; and anything done by the Board in exercise of the powers conferred by these regulations shall be deemed to have been done by the Committee.

5. Any party aggrieved by an order of the Committee may, within fourteen days of the order, appeal to the Board; and any Committee aggrieved by an order of the Board, may within one month of the order, appeal to the Deputy Commissioner or, if the Deputy Commissioner is a member of the Board, to the Commissioner, Multan Division. The order passed in appeal by the Board, Deputy Commissioner, or Commissioner, as the case may be, shall be final.

PART II—CONSERVANCY SCAVENGING AND DRAINAGE.

6. In any specified estate no person, being the owner or occupier of any building, shall keep or knowingly allow to be kept, for more than twenty-four hours, otherwise than in some proper receptacle, any dirt, rubbish, dung, bones, ashes, night-soil, filth or offensive matter in or upon such building and the premises attached thereto or suffer any such receptacle to be in a filthy state.

7. In any specified revenue estate no person shall throw or deposit, or permit his servants or members of his household to throw or deposit, refuse, rubbish or offensive matter of any kind in any place outside his premises except in such places as have been approved by the Committee for the collection of such refuse, rubbish or offensive matter.

Explanation.—(1) Under these regulations the head of the household is responsible for the acts of his family, children and servants, and of all persons residing temporarily or permanently in the compound of any such person shall be considered to be his dependants for the purposes of this Act.

(2) Easing one's self amounts to depositing offensive matter.

8. In a specified estate no person shall collect night-soil, manure or sweepings anywhere within the *abadi* in the case of old villages, and anywhere inside the circular road in the case of new colony chaks; nor shall any person collect night-soil, manure or sweepings except in pits dug in such places and in such manner as the Committee may approve and all night-soil so collected shall be properly and sufficiently covered with fresh earth.

9. Should the occupier of any building or land suffer the same to be in a filthy state, the Committee may, by notice in writing, require him, within a reasonable period to be specified in the notice, to cleanse the same or otherwise put it in a proper state and thereafter to keep it in a clean and proper state. If the occupier fails to carry out the order, the Committee may have the work carried out through its own agency and recover the expenses incurred in so doing from the person concerned.

10. The Committee's approval shall be required for all places selected for the deposit of night-soil, refuse, rubbish or offensive matter of all kinds and for the disposal of the dead bodies of animals.

11. The Committee shall, if the person or persons collecting night-soil, refuse, rubbish, manure or sweepings or carrying on such occupations have no site suitable for the purpose, make an application to the Board for the acquisition of land at a distance of two hundred yards from the village abadi; and the Board shall forthwith proceed to acquire land for the purpose. If a site considered by the Board to be suitable and sufficient for the purpose is so acquired, the persons collecting such night-soil, refuse, rubbish, manure or sweepings or carrying on such occupations shall for the future collect such night-soil, refuse, rubbish, manure or sweepings and pursue such occupations only on those sites which shall be allotted to them and be demarcated by the Committee; and if such site is not acquired, they may continue to collect night-soil, refuse, manure or sweepings or carrying on their occupation in the village.

12. Regulations 6, 7, 8, 9, 10 and 11 shall not apply to any place more than 200 yards from any house or habitation.

13. The Committee may by notice in writing of not less than a week require the owner or occupier of any building or land in any specified estate—

(a) to provide, remove, repair, alter or close any drain, privy, latrine, urinal, cesspool or other receptacle for filth or refuse;

(b) to have any privy, latrine or urinal shut out by a sufficient roof, walls or fence from the view of the public;

(c) to cleanse, repair, cover, fill up or drain off any private well, tank, reservoir, pool, depression or excavation which may appear to the committee to be injurious to health or offensive to the neighbourhood;

(d) to provide clean and keep in good condition cess pits and pipes for receiving and carrying off water and sullage from his building or land; and

(e) to provide for discharging the same so as not to inconvenience persons passing along a street or thoroughfare.

PART III.

Control of tanneries, hide-dressing and stocking of bones.

14. No place within a specified revenue estate shall be used for the purpose of stocking bones, dressing-hides or as a tannery without the permission in writing of the Board obtained through the Committee. The owner of any such place in use at the time these regulations are applied to an estate shall obtain such permission within two months of such application.

15. The permission referred to in regulation 14 may be withheld if the Board considers that the business which it is intended to establish or maintain would be the cause of annoyance or offence to or danger to the health of, persons residing in or frequenting the immediate neighbourhood.

PART IV.

Excavations.

16. No person shall make any excavation within 200 yards of any house or of any source of drinking water in a specified estate without the previous permission in writing of the Board obtained by an application through the Committee which shall set out in detail the site, length, width and depth of the excavation it is intended to make, and the purpose for making it:

Provided that no such permission shall be necessary in the case of excavations made as foundations of buildings if the same are filled up with masonry within a period of one month from the date of excavation.

PART V.

17. With the approval of the Board, the Committee may set apart or provide suitable places for the purpose of bathing, washing of animals or clothes, and doing other acts likely to pollute water, and may, by public notice, prohibit bathing or washing of animals or clothes or the doing of any such act in any public place not so set apart.

PART VI.

Cleansing and protection of springs, tanks, ponds and the like.

18. The Committee may, by public notice fixed near a spring, tank, pond, well, baoli, or the like, prohibit either permanently or temporarily for a specified period the use of private receptacles for drawing water from such spring, tank, pond, well, baoli, or the like, and the Board shall provide the necessary lifting

apparatus to be used thereon; and the Committee may cause such spring, tank, pond, well, baoli or the like, to be disinfected.]

19. No person shall—

(a) throw any rubbish, filth or any other unwholesome or objectionable articles into a tank, pond, well, or baoli;

(b) wash or soak skins, leather or any other dirty substance in a tank, pond, well or baoli;

(c) permit water from a drain to flow into a tank, pond, well or baoli.

20. No person shall within a radius of one hundred feet (or such greater distance as may be prescribed by the Committee) of a spring, tank, pond, well, baoli, or tube-well the water of which is used for drinking purposes—

(a) place any rubbish, filth, or offensive matter;

(b) ease himself or urinate;

(c) wash animals, clothes or utensils or water any animals.

21. No water shall be used for filling a tank or pond unless it is obtained from a source, and conveyed through a channel, approved by the Committee.

22. No person shall bathe at or within a distance of twenty feet of a well or baoli or spring.

23. The owner in charge of a well, tank, pond or baoli shall carry out such measures as the Committee may prescribe for preventing the pollution of water in such well, tank, pond or baoli.

24. When so required by the Committee, the owner or the person responsible for the maintenance or repair of a well, spring or baoli shall—

(a) build, of the type and of the material specified, a drain, cistern or flooring to prevent the flow of surface water, or the water of any drain into the well, spring or baoli;

(b) provide the well, spring or baoli with a suitable covering to prevent pollution from natural causes such as the falling in of leaves or fruit of trees or the excreta of birds;

(c) provide the well, spring or baoli with a parapet wall of the height and type specified;

(d) provide the well, spring or baoli with the necessary lifting apparatus (for drawing water) of such a design that it does not necessitate the handling by any individual of any bucket or utensil introduced into the well, spring or baoli for the drawing of water; and

(e) render the lining of the well impervious to contamination.

25. The owner or the person responsible for the maintenance or repairs of a spring, well, tank, pond, baoli or the like shall, when so required by the Committee, have it cleansed or repaired to the satisfaction of the Committee. In the event of such person failing for a period of two weeks after such requisition to execute the work, the Committee may have the work performed through its own agency and recover the expense incurred in so doing from the person concerned.

PART VII.

Provision and supervision of burial and burning places.

26. After the application of these regulations to any estate, no burial or burning ground shall be made or formed within one mile of any house in the said estate without the permission in writing of the Board obtained by application through the Committee.

27. The Board may, by public notice, order any burial or burning ground which is certified by the District Medical Officer of Health to be dangerous to the health of persons living in the neighbourhood, to be closed and shall, in such case, if no suitable place for burning or burial exists within reasonable distance, forthwith proceed to acquire land for the purpose:

Provided that in regard to any private burial or burning ground so certified by the District Medical Officer of Health, instead of ordering its closure, the Board may impose such conditions as may be considered sufficient to obviate the danger referred to, and the person responsible for the maintenance and repairs shall comply with all such conditions.

28. Any person who commits a breach of any of the regulations 6 to 10, 13, 14 and 16 to 27 or is guilty of a disobedience of any notice issued under these regulations, shall be punishable with fine which may extend to fifty rupees, and in the case

of a continuing breach, with a further fine which may extend to five rupees for every day during which the breach or disobedience is continued after the offender has been convicted of such breach or disobedience.

Committees.

The 16th December, 1940.

No. 5045-C.-40/51576.—The following by-laws made by the Municipal Committee of **Nakodar**, in the Jullundur district, in exercise of the powers conferred by sections 188, 197 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information and shall come into force within the Municipality of **Nakodar**, on the 3rd February, 1941 :—

BY-LAWS.

1. No person shall within the Municipality sell wholesale or by auction any fruit, vegetable or sugarcane in premises other than premises licensed for the purpose by the Committee.

2. Any person wishing to obtain a licence for premises to be used for the sale, wholesale, or by auction of any fruit, vegetables or sugarcane may apply to the Secretary of the Committee and if the application is sanctioned by the Committee a licence shall be issued by the Secretary of the Committee on payment of a licence fee at the rate of Rs. 25 per annum or Rs. 3 for a month or a part of it, if a licence is taken out for a period of less than one year.

3. Every licence issued under by-law 2 shall be subject to the following conditions—

(a) that the licensee shall keep the licensed premises in a clean and sanitary condition to the satisfaction of the Sanitary Inspector and shall not allow refuse to be placed anywhere except at a place fixed for the purpose ;

(b) that the licensee shall not keep on the licensed premises any vegetable, fruit or sugarcane which is unfit for human consumption or is declared to be so by the Sanitary Inspector of the Committee or by any officer authorised by the Committee in this behalf.

4. The Committee may by an order in writing, suspend any licence for a breach of any of the conditions thereof.

5. Any person who commits a breach of by-law 1 and every licensee who commits a breach of the conditions of his licence shall, on conviction by a Magistrate, be punishable with fine which may extend to fifty rupees and if the breach is a continuing breach with a further fine which may extend to five rupees for every day after the first during which such breach continues.

No. 5080-C.-40/52114.—The following draft rules, which the Governor of the Punjab proposes to make, in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, are published for the information of persons likely to be affected thereby. The draft will be taken into consideration on or after the 29th day of January, 1941, together with any objection or suggestion which may be received by the Punjab Government from any person with respect to the draft before that date :—

RULES.

1. The Deputy Commissioner of Ludhiana shall, in consultation with the Municipal Committee of Raikot, cause to be prepared an accurate plan of the Municipality of Raikot, drawn to a scale of not less than one inch to fifty feet, showing thereon all public streets and other immovable property vested in the Committee.

2. The Deputy Commissioner shall also cause to be prepared a *khasra* of the streets and other properties specified in rule 1 in Form "B" appended to these rules.

3. The Deputy Commissioner shall cause the plan and *khasra*, when ready, to be published in such manner as he deems fit, together with a notice intimating the date not less than two months from the date of the notice by which objections from any person with regard to entries on the plan and *khasra* may be presented to the Revising Authority appointed under rule 5 and the time and place at which the plan and *khasra* may be inspected.

4. The Deputy Commissioner shall arrange to allow any person to inspect the plan and *khasra* during the hours and at the place specified in the notice on any day which is not a public holiday.

5. The Deputy Commissioner shall appoint an Assistant Commissioner or Extra Assistant Commissioner on the district staff to be the Revising Authority for the purpose of hearing objections relating to the plan or *khasra*.

6. When the plan and *khasra* have been published under the provisions of rule 3, objections in respect of entries on the plan and *khasra* may be presented to the Revising Authority, appointed under rule 5, between the hours of ten o'clock in the morning and four o'clock in the afternoon of any day the period specified in the notice issued under rule 3, which is not a public holiday.

7. The Revising Authority shall maintain a register of objections in Form A in which he shall cause to be entered at the time of receipt particulars of every objection received.

8. Any person aggrieved by any order, which the Revising Authority may pass, may, within seven days from the date of such order, apply to the Deputy Commissioner for revision of the order; and the Deputy Commissioner, after giving notice to the parties concerned and hearing any representation which they may wish to make, may confirm it or set it aside, and pass such other orders with respect to the objection which he may deem fit.

9. After the objections, if any, have been disposed of, the Deputy Commissioner shall cause the plan and *khasra* to be corrected, if necessary, in accordance with the orders passed on the objections, and shall then have the amended plan and *khasra*, or a fresh copy of it, published for general information.

10. The original plan and *khasra* shall remain in the custody of the Deputy Commissioner, and a copy thereof duly certified by the Deputy Commissioner to be correct, shall be furnished to the Municipal Committee of Raikot.

11. The Deputy Commissioner may employ such staff as is required for the preparation of the plan and *khasra* and the Municipal Committee of Raikot shall be liable for the cost of pay and other incidental expenses connected with the staff and the preparation of the documents mentioned above, and also for the cost of pay or any other expenditure connected with the appointment of the Revising Authority.

LOCAL GOVERNMENT DEPARTMENT.

Boards.

The 23rd December, 1940.

No. 6127-L.G.-40/53373.—*Corrigendum.*—In Punjab Government notification No. 4955-L. G.-4/454077, dated the 12th November, 1940, *for* " 17th February, 1940 ", *substitute* " 17th February, 1941 ".

No. 5925-L. G.-40/53403.—In exercise of the powers conferred by section 15 of the Northern India Ferries Act, 1878, the Governor of the Punjab is pleased to make the following amendment in the rates of tolls on all minor ferries in the Dera Ghazi Khan district except Mithankot, controlled by the District Board, and published with Punjab Government notification No. 22399, dated the 11th October, 1924.

2. The amendment shall come into effect with effect from the 1st April, 1941 :—

AMENDMENT.

In column 3 of the schedule against entry No. 14, " 0-1-0 " shall be substituted *for* " 0-0-6 ".

No. 5861-L. G.-40/53413.—The following amendments, made by the District Board of **Sialkot,** to its Rules of Business, published with Punjab Government notification No. 2017-L. G.-39/20270, dated the 6th June, 1939, as subsequently amended, are published for general information, and shall come into force with effect from the 1st January, 1941 :—

AMENDMENTS.

1. The words " under the control of the Medical Department, and to grant leave to them " shall be added after the word " dispensaries " occurring in column 2 against item No. 23 of the Appendix.

a meeting within a fortnight from the date on which the applicotion for convening a meeting is received.

2·2. (1) When a meeting of the Board is to be convened notice thereof shall be sent to every member by post or otherwise so as to reach him at least ten clear days before the date of meeting ; provided that for convening emergent meetings, forty-eight hours' notice shall be given.

(2) Every such notice shall state the time, date and place fixed for the meeting and shall be signed by the Chairman or the Vice-Chairman or the Secretary, and shall be accompanied by a list of business, hereinafter called " the agenda ", to be transacted at the meeting.

(3) If it is necessary to adjourn a meeting, the Chairman of the meeting shall give notice of the place, time and date to which the meeting is adjourned and notice thereof shall, as soon as may be, be sent to every member of the Board not present at the meeting adjourned ; provided that it shall be lawful for the Chairman, or in his absence the Vice-Chairman, in an emergency to alter with due notice the place, time and date so fixed.

2·3. (1) The agenda shall include every matter that any member may desire to put before a meeting ; provided that a copy of the motion thereon signed by such member and by a seconder, has been delivered to the Secretary of the Board at the Board's office at least fifteen clear days before the meeting : provided further that the Chairman may for reasons to be recorded in writing refuse to permit any matter to be placed on the agenda if he considers that the matter is one with which the Board is not concerned or is otherwise not suitable for discussion at a meeting of the Board : provided further that no motion shall be placed on the agenda which raises a question substantially identical with one on which the Board has given a decision within the preceding three months, except in compliance with an order of the Punjab Government or of the Commissioner or Deputy Commissioner or with the permission in writing of the Chairman.

(2) Members shall be entitled to ask questions relating to matters within the cognisance of the Board at any ordinary meeting. Any member desiring to ask a question shall give fifteen clear days' notice thereof to the Secretary before the date of the next ordinary meeting and a list of the questions admitted shall form an appendix to the agenda. No question shall be couched in improper or intemperate language. Questions received from more than one member shall be entered in the agenda in the order in which they are received.

(3) Any member aggrieved by the refusal of the Chairman to allow any matter to be placed on the agenda may appeal to the Deputy Commissioner, if he is not a member of the Board, or to the Commissioner of the division whose decision shall be final.

(4) The files of all cases on the agenda of a meeting shall be made available for inspection in the Secretary's office after the despatch of notices convening a meeting.

2·4. No business shall be transacted at any meeting of the Board unless at least one-fifth of the total number of members are present ; provided that such number shall in no case be less than eight. If at any meeting there is not a quorum the Chairman shall adjourn the meeting in accordance with the provisions of clause (3) of rule 2·2 to a subsequent date.

2·5. All business of the Board at meetings shall be transacted and proceedings recorded in the English or Urdu language and all notices shall be issued in both these languages.

2·6. The Chairman, or in his absence a Vice-Chairman, shall preside at every meeting of the Board ; provided that when two Vice-Chairmen are present the senior Vice-Chairman shall preside, and that when for any reason neither the Chairman nor a Vice-Chairman is present at a meeting the members present shall elect any one of their number to be Chairman of the meeting.

2·7. The proceedings of every meeting shall commence with a motion by the Chairman that the minutes of the previous meeting be confirmed and such minutes shall ordinarily be taken as read ; but any member who was present at the previous meeting may object to the confirmation of the minutes by moving an amendment thereto on the ground that any matter is not correctly recorded or expressed.

2·8. The questions included in the appendix to the agenda shall then be asked and answered by the heads of departments concerned, or, if a head of a department is not a member or is absent, by the Secretary. The items on the agenda shall then be dealt with in the order in which they appear in the notice ; provided that the Chairman may vary such order, and may either at his own motion or at the request of a member, with the consent of the majority of the members present bring before the meeting any matter not included in the agenda, except any proposal for the reversal of any decision of the Board or for the appointment, punishment or dismissal of any servant of the Board.

2·9. The Chairman shall decide all points of order or procedure and his decision shall be final. Whenever he rises to speak, any member speaking shall resume his seat.

2·10. If more than one member rise to speak at the same time, the Chairman shall name the member who is to speak.

2·11. Members when speaking shall stand and address the Chairman, and except on a point of order or personal explanation, the member speaking shall not be interrupted by any member other than the Chairman.

2·12. No written speeches shall be delivered.

2·13. So far as is possible and consistent with the matter under discussion no member shall make any personal or objectionable remarks against any other member. For the purposes of this rule the ruling of the Chairman shall be final.

2·14. A member desiring to raise a point of order or make a personal explanation shall rise and address the Chairman; and, the member speaking shall then give way, and remain seated until the Chairman has decided the point raised; provided that the Chairman may permit any other member, including the member called to order to speak on the said point of order.

2·15. If the meeting refuses to obey the ruling of the Chairman on any matter he may adjourn it at once; and when he has declared the meeting adjourned on this or any ground, the subsequent proceedings of the meeting or any residue thereof shall be void and shall not appear in the minutes. In all such cases, the Chairman shall record in his own handwriting, in the minute book the reasons for the adjournment unless he is prevented by sufficient cause from so doing.

2·16. The Chairman, after calling the attention of the meeting to the conduct of a member who persists in stating or in arguing upon a matter which is in the opinion of the Chairman irrelevant, or in repeating his own arguments or the arguments used by other members, may direct him to discontinue his speech.

2·17. The Chairman may direct any member whose conduct is, in his opinion disorderly, to withdraw immediately from the meeting, and any member so ordered to withdraw shall do so forthwith and shall unless recalled by the Chairman absent himself during the remainder of the meeting. The Chairman may cause to be summarily removed any member who disobeys an order to withdraw made under this rule.

2·18. If any member wishes to move a motion in respect of any item on the agenda, he shall read out his motion, and if any other member seconds the motion the motion shall be deemed to be before the Board, and the mover of the motion shall then, if he so desires, speak in support thereof, and shall be followed by the seconder of the motion if such seconder wishes to speak at this stage, and if no member seconds a motion which has been moved, such motion shall be deemed to have been rejected by the Board.

2·19. A member may speak only once to each motion, provided that the mover or seconder of a substantive motion may reply at the conclusion of the debate, provided further that the Chairman of the meeting may at any time permit a member who has already spoken to make a brief explanation.

2·20. After a substantive motion has been proposed and seconded and the mover and seconder have, if they so desire, spoken in support thereof, any member may move an amendment and the provisions of rules 2·18 and 2·19 shall apply to such an amendment as if it were a substantive motion.

2·21. Any number of amendments may be before a meeting at the same time, but they shall be put to the vote in the reverse order to that in which they were moved, and when all the amendments have been disposed of, the substantive motion as originally moved or as amended, as the case may be, shall be put to the vote.

2·22. Notwithstanding anything contained in rule 2·19 a member who has already spoken to a substantive motion may speak on an amendment thereto; provided that in so speaking he shall confine himself strictly to the fresh matter introduced by the amendment.

2·23. No motion or amendment shall be withdrawn, except with the consent of the Chairman.

2·24. When a motion or amendment is to be voted on the Chairman shall read the motion or amendment and shall request those in favour of the motion to signify their assent, and those not in favour of the motion to signify their dissent, and shall thereafter declare whether the motion has been carried or lost, and such declaration shall be sufficient warrant for making an entry to that effect in the minutes; provided that if, as soon as such a declaration has been made, a poll is demanded by any member present, a poll shall be taken by show of hands and the result of such poll as declared by the Chairman shall be deemed to be the resolution of the Board.

2·25. Any officer of Government or other person not being a member of the Board may, with the consent of the Chariman, address the meeting with reference to any item on the agenda.

2·26. The Chairman of any meeting may, with the consent of the majority of the members present, adjourn the meeting at any stage if for any reason he considers this course to be desirable.

2·27. All meetings of the Board shall be open to reporters of the press and at the discretion of the Chairman to the public ; provided that the Chairman may at any time require any reporter or member of the public to withdraw if he considers that such withdrawal is desirable in the public interest ; and no reporter or member of the public present at a meeting shall make any noise or in any way express approval or disapproval of the proceedings of the Board or of any member thereof, and, if any person makes any such noise or in any other way interrupts the business of the meeting, the Chairman may cause him to be summarily removed from the building in which the meeting is being held.

2·28. Any member of a sub-committee or any member charged with the performance of any special duty may inspect the papers relating to the business of such sub-committee or to such special duty at the Secretary's office during office hours, and any other member may at the Secretary's office during office hours inspect the papers relating to the agenda of any meeting of which notice has been given and, with the permission in writing of the Chairman or in his absence of a Vice Chairman, any other documents, register or record in respect of which he has submitted in writing an application for permission to inspect.

2·29. There shall be the following sub-committees of the Board, namely :—

(a) The Finance sub-committee ;

(b) The District Works sub-committee ;

(c) The Education sub-committee ;

(d) The Medical and Public Health sub-committee ;

(e) The Vehicle sub-committee ;

(f) The Agriculture sub-committee.

2·30. The Finance sub-committee shall consist of the Chairman of the Board, who shall be ex-officio Chairman of the sub-committee, and 7 members elected by the Board, and the Secretary of the Board shall be ex-officio Secretary of this sub-committee.

2·31. The District Works sub-committee shall consist of 7 members elected by the Board and the District Engineer shall be ex-officio Secretary of this sub-committee; provided that if the District Inspector of Schools is a member of the Board, he shall be an ex-officio member of this sub-committee.

2·32. The Education sub-committee shall consist of 7 members elected by the Board and the District Inspector of Schools shall be the ex-officio Secretary of this sub-committee.

2·33. The Medical and Public Health sub-committee shall consist of the Civil Surgeon who shall be ex-officio Chairman of the sub-committee and 7 members elected by the Board, and the District Medical Officer of Health shall be ex-officio Secretary of this sub-committee.

2·34. The Vehicle sub-committee shall consist of 7 members elected by the Board, and a clerk shall be appointed by the Secretary of the Board to act as Secretary of this sub-committee.

2·35. The Agriculture sub committee shall consist of 7 members elected by the Board and a clerk to be appointed by the Secretary of the Board, shall act as Secretary of this sub-committee.

2·35-A. The District Inspector of Schools shall be ex-officio member of all sub-committees.

2·36. Members of sub-committees shall be elected at a general meeting of the Board as soon as may be after a new board has been constituted, and shall hold office for one year from the date of their election. In the second and third years of the Board's existence the election of members of sub-committees shall be held at such a date as to allow the new members to take their seats as members of the sub-committees as soon as the term of office of their predecessors has expired. An outgoing member of a sub-committee shall be eligible for re-election.

2·37. When a vacancy occurs in any sub-committee for any reason whatever, the Board shall fill up the vacancy in the manner provided in rule 2·36 and the term of office of a member of a sub-committee appointed in a casual vacancy shall be the remainder of the term of the member whom he replaces.

2·38. Subject to the provisions of rules 2·30 to 2·35 the members of a sub-committee shall elect one of themselves to be Chairman of the sub-committee, and the Chairman so elected shall preside at all meetings of the sub-committee ; provided that if he is not able to be present at a meeting the members present shall elect one of themselves to preside at the meeting :

Provided further that if the Chairman of the Board is present at a meeting of a sub-committee he shall preside.

2·39. Every sub-committee shall meet at least once a month, and notice of every meeting shall be sent to each member by the Secretary of the sub-committee under orders of the Chairman of the sub-committee with a copy of the agenda to be discussed at the meeting by post or otherwise so as to reach him seven clear days before the date of the meeting.

2·40. No business shall be transacted at any meeting of the sub-committee unless at least one-half of the members of the sub-committee are present.

2·41 The procedure of every sub-committee shall, so far as may be, be conducted in accordance with the rules regulating the procedure of the Board.

2·42. Nothing in these rules shall be deemed to authorize any sub-committee to exercise any power or perform any function, the exercise or performance of which has been delegated by the Board to any officer or has been vested in any officer by any rule made under the Act or to requfre that any matter in respect of which any such power or function has been so delegated shall be submitted to a sub-committee.

2·43. Subject to the provisions of rule 2·42 the Finance sub-committee shall be responsible for the preparation of the annual budget of the Board, and to it shall be submitted all matters relating to the imposition, assessment and collection of taxes (other than taxes on vehicles or animals), the sale or lease of the Board's immovable property or immovable property of Government managed by the Board, the raising of loans, establishment other than establishment of District Works, Education Medical and Public Health, Agriculture and Veterinary Departments and accounts other than special departments accounts.

2·44. To the District Works sub-committee shall be submitted all matters relating to District Works and services under the charge of the District Engineer and the establishment of the District Work Departments, and the establishment entertained in connection with other services under the charge of the District Engineer.

2·45. To the Education sub-committee shall be submitted all matters relating to schools, reading rooms, libraries and the establishment connected therewith.

2·46. 2·47. To the Vehicle sub-committee shall be submitted all matters relating to the licensing or taxation of vehicles or animals.

2·48. To the Agriculture sub-committee shall be submitted all matters relating to Agriculture, Veterinary, Stock Breeding and fairs, and the establishment connected therewith.

2·49. Special sub-committees may be appointed from time to time as necessary.

2·50. A sub-committee shall make a recommendation to the Board on all matters referred to it.

2·51. (1) A copy of the proceedings of every meeting of a sub-committee signed by the Chairman of the sub-committee shall be forwarded by the Secretary of the sub-committee to the Secretary of the Board for inclusion in the agenda of the next meeting of the Board.

(2) When the proceedings of a sub-committee are being considered by the Board, no discussion shall be permitted of any item in respect of which the sub-committee has called for a further report or otherwise postponed making a recommendation, and any such item shall be recorded merely as "read", provided that any member may call in question any order of a sub-committee on the ground that it was *ultra vires* of sub-committee, and if the Board considers that such order was *ultra vires*, it may confirm, modify or cancel such order ; provided further that, if any member considers that the sub-committee is unduly delaying the decision of any matter in respect of which it has made no recommendation, he may move a motion requiring the sub-committee to submit its recommendation within a stated period, and if such motion is carried and the sub-committee fails to make a recommendation within the period fixed, the Board may itself proceed to pass orders in respect of such matter.

2·52. Notwithstanding anything contained in these rules, the Chairman of the Board may, in cases of emergency, direct that any matter shall be submitted direct to the Board, if there is no time for it to be submitted to the sub-committee to which it ought ordinarily to be submitted under the provisions of these rules.

Committees.

The 23rd December 1940.

No. 5042-C.-40/53409.—The following by-laws made by the Municipal Committee of **Nakodar**, in the Jullundur district, in exercise of the powers conferred by sections 197 and 199 of the Punjab Municipal Act, 1911, having been confirmed by the Governor of the Punjab, as required by section 201 of the said Act, are published for general information, and shall come into force within the municipality of **Nakodar** on the 10th day of February, 1941 :—

BY-LAWS.

1. In these by-laws the word " meat " means the flesh of sheep or goats intended for human or animal consumption.

2. No person shall sell meat, except under a licence granted in this behalf by the Committee.

3. No person shall sell meat, or prepare or expose meat for sale, in premises other than premises licensed by the Committee in this behalf.

4. No premises shall be licensed for the sale or preparation or exposure for sale of meat—

(*a*) unless they have a floor made of bricks, stone, cement or other impervious material ;

(*b*) unless the walls are properly plastered and lime-washed ;

(*c*) unless they are provided with adequate light and ventilation to the satisfaction of the Sanitary Inspector, or in the absence of such officer, the Secretary of the Committee ;

(*d*) unless they are provided with a drain and the whole floor is so sloped as to allow all liquid to flow off by the drain ;

(*e*) if there is any direct communication between the premises and any room used as a sleeping room ;

(*f*) if there is any latrine, cess-pool, cow-shed, stable or other place within one hundred feet of the premises which, in the opinion of the Sanitary Inspector, or in the absence of such officer, the Secretary, renders it undesirable that such premises should be used for the sale or preparation for sale of meat ; and

(*g*) unless they are situated in a suitable locality and provided with suitable arrangements for screening the meat from the view of the public.

5. Licences to sell meat may be issued by the Sanitary Inspector or in the absence of such officer, the Secretary of the Committee, to any person applying for them and shall be granted on payment of a fee of rupees two per annum, or annas four per mensem subject to the conditions specified in form ' A ' appended to these by-laws.

6. Subject to the provisions of by-law 4, licences for premises to be used for the sale or preparation or exposure for sale of meat shall be issued by the Sanitary Inspector, or in the absence of such officer, the Secretary of the Committee, on the application of the owner or occupier of such premises and shall be granted by the Committee in form ' A ' appended to these by-laws, on payment of a fee of rupees two per annum for each licence or annas four per mensem, subject to the conditions specified in form ' A '.

7. Every place licensed for the sale or preparation for sale of meat shall be fitted with a table or board of which the top shall be covered with a zinc sheet or a slab of marble, slate or stone for cutting up meat and also with metal scales and weights and shall at all reasonable times be open to inspection by any member of the Committee, or the Secretary of the Committee.

8. Every place licensed for the sale or preparation or exposure for sale of meat and all implements, tables, receptacles, vessels or other things used therein shall at all

times be kept in a clean and wholesome condition, and every such place shall at all times be provided with sufficient supply of water for cleaning the same.

9. All meat, kept or exposed for sale on or at any such place shall at all times be kept in a wire-gauze receptacle as a protection against flies.

10. The licensee shall provide a receptacle for the collection of all sorts of refuse and shall not throw or allow to be thrown any waste anywhere, except in the said receptacle, which shall be cleaned and washed twice daily.

11. The Committee may at any time revoke or cancel any licence granted under these by-laws for breach of these by-laws and no compensation in respect of such revocation or cancellation shall be recoverable from the Committee.

12. Any person who commits a breach or an abetment of a breach of any of these by-laws shall, on conviction by a magistrate, be punishable with fine which may extend to fifty rupees and when the breach is a continuing breach, with a further fine which may extend to five rupees for every day after the first during which the breach continues.

Form A.

Licence for premises for the sale of preparation or exposure for sale of meat issued under by-law 6 of the by-laws for licensing premises for the sale or preparation or exposure for sale of meat published with Punjab Government notification No. 5042-C.-40/53409, dated 23rd December, 1940.

The premises of which a description is given in the attached schedule, situated in ______ (name of street, or ward, etc.,) are hereby licensed for the sale or preparation or exposure for sale of meat.

This licence is granted to ____________________ owner/occupier of the said premises, subject to the following conditions:—

(a) that he shall keep the licensed premises structurally fit for the purpose for which the license is granted;

Explanation.—" Structural fitness " shall be deemed to include—

(i) the existence of a floor made of bricks, stone, cement, or other impervious material,

(ii) possession of walls, properly plastered and lime-washed,

(iii) adequate provision of light and ventilation; and

(iv) suitable drains.

(b) that he shall not employ, or permit to be employed, in the sale or preparation or exposure for sale of meat any person suffering from any contagious or infectious disease or from loathsome sores or who has recently been attending on any person so suffering and that he shall not suffer any such person or any animal to remain upon the licensed premises;

(c) that he shall at all times keep all vessels, receptacles, utensils and other things used in the sale or preparation or exposure for sale of meat in a state of thorough cleanliness, and shall protect from dust and flies all materials used in such sale or preparation or exposure for sale and the articles prepared or exposed for sale to the satisfaction of the Sanitary Inspector, or in the absence of such officer, the Secretary of the Committee;

(d) that he shall daily cause to be thoroughly washed and cleansed the floor and drain of the licenced premises and every bench, counter, table, shelf or other place on which the articles prepared or exposed for sale and any material used in such sale or preparation or exposure for sale are kept;

(e) that he shall cause the walls of the licensed premises to be properly lime-washed at least twice a year or more often, if so required by the Sanitary Inspector, or in the absence of such officer, the Secretary of the Committee;

(f) that he shall not carry on, or permit to be carried on, any trade or occupation in the licensed premises other than the sale or preparation or exposure for sale of meat, and that he shall not use, or suffer to be used, any portion of the licensed premises as a living room or a sleeping room;

(g) that he not spit, or smoke or suffer any other person to spit or smoke, within the licensed premises;

(h) that he shall not keep, or suffer to be kept, in the licensed premises any bedding, soiled clothes or other things not required for the sale or preparation or exposure for sale of meat;

(i) that he shall at all reasonable times permit any member or the Secretary or any other officer of the Committee to inspect the licensed premises without notice; and

(j) that he shall comply promptly with all notices issued by the Municipal Committee or the Sanitary Inspector in respect of sanitation.

SCHEDULE.

(The actual room or rooms, in which the sale or preparation for sale of meat is to be carried on, should be described in cases where the whole of the building is not to be used for such sale or preparation for sale.)

The 24th December, 1940.

No. 5837 L. G.,-40/53370.—In exercise of the powers conferred by section 51 of the Punjab Small Towns Act, 1921, the Governor of the Punjab is pleased to make the following amendments of the Small Town Accounts Rules, 1923, published with Punjab Government notification No. 25132, dated the 3rd November, 1923, as subsequently amended :—

AMENDMENTS.

1. In rule 1 (*a*) of Part IV the following words shall be added after the words Savings Bank " :—

" or the amount of interest received from investments under rule 8 (2) " ;

2. For rule 8 the following shall be substituted :—

Investment of provident fund moneys.

" 8 (1) With the previous sanction of the Commissioner a Committee may from time to time withdraw any sum from the provident fund account with the Savings Bank and may invest or place such sum subject to the conditions and restrictions applicable to the investment or placement of a portion of the town fund under section 18 of the Act.

(2) The interest obtained by the investment or placement of any sum under sub-rule (1) shall be deposited in the Savings Bank to the credit of the Committee Provident Fund Account subject to the following conditions :—

Conditions.

1. The Committee shall establish a Provident Fund Investments Depreciation Fund, hereinafter in these conditions referred to as " the fund " which shall be deposited in the Post Office Savings Bank or in the Imperial Bank of India Savings Bank under the General Account of the General Provident Fund Account.

2. There shall be credited to the fund immediately on accrual —

(*a*) all interest accruing on the amount of the fund from time to time, and

(*b*) one per cent per annum of the sum invested under sub-rule (1), provided that the interest received from investments and available for distribution amongst the subscribers should not be less than the interest obtainable from the Post Office Savings Bank.

3. After deducting from the interest obtained by the committee on any sum invested under sub-rule (1) the amount referred to in condition (2) (*b*) above, the remainder of the said interest shall be deposited in the Savings Bank to the credit of the Committee Provident Fund.

4. At the end of the each year immediately after the account of each subscriber has been credited with interest in accordance with the provisions of sub-rule (2) (*a*) of rule 5 the secretary of the committee shall lay before the committee a statement showing—

(*a*) the total amount of interest accrued to the Committee Provident Fund Savings Bank Account during the year just closed either earned in the Savings Bank itself or credited thereto in accordance with the provisions of condition 3 above ; and

(*b*) the total amount of interest credited to subscribers accounts under the provisions of sub-rule (2) (*a*) of rule 5.

5. At the close of five years after the institution of the fund and at regular intervals of five years thereafter the committee shall furnish to the Commissioner for scrutiny a statement showing the total amount of Provident Fund investments held by the committee, and a statement showing the total amount at the credit of the fund.

6. If the Commissioner is satisfied at any quinquennial scrutiny that any of the investments held by the committee out of the Provident Fund have depreciated in value, he may direct that an amount not exceeding the amount of such depreciation shall be drawn by the committee from the fund and credited to the Provident Fund Savings Bank Account.

7. If the Commissioner is satisfied at any quinquennial scrutiny that the balance in the fund after the withdrawal, if any, of any sum in accordance with condition 6 is sufficient to cover any depreciation likley to occur during the next following period of five years in regard to any of the investments held by the committee as part of the provident fund, the Commissioner may direct that for the next five years the

amounts to be deposited in the fund in accordance with the clause (b) of condition 2 shall be reduced to such sum as he may prescribe, or shall be discontinued for such period not exceeding five years as he may direct.

8. If any reduction or discontinuance of the periodical payments into the fund has been ordered by the Commissioner under the provisions of condition 7 he may at any subsequent quinquennial scrutiny direct that the payments be restored to the original figure or to any proportion thereof as he may deem fit.

(3) (a) The cost of making any investments under the provisions of sub-rule (1) shall be met out of the depreciation fund.

(b) When any such investment is realised and the net price obtains after payment of any brokerage and other incidental charges is less than the amount originally invested, the difference shall be made good from the depreciation fund ; and it such net price is greater than the amount originally invested, the difference shall be credited to the fund."

3. For the existing form No. P. F. 6-A the following new form shall be substituted :—

" Form P. F. 6-A. **Rule 13.**

Amount of interest on investments during the current financial year.	Amount of interest received on the sum deposited in the Post Office.	Total	Amount creditable to the depreciation fund.	Balance to be distributed among subscribers at the close of March each year.	REMARKS.
1	2	3	4	5	6

Note.—The amount debitable to the depreciation fund under sub-rule 3 (a) and (b) of rule 8 should be shown as minus entries in column 4 of this form and the particular given in column 6."

The 24th December, 1940.

No. 5874-L. G.-40/53858.—In exercise of the powers conferred by section 51 of the Punjab Small Towns Act, 1921, the Governor of the Punjab is pleased to make the following amendment to the Small Town Accounts Rules published with Punjab Government notification No. 25432, dated the 3rd November, 1923, as subsequently amended :—

AMENDMENT.

The heading of the last column in forms O·15 and O·17 shall be changed from " Total " to " Total of octroi " and thereafter a new column headed " Grand total " shall be added to each of these forms.

Town Improvement.

The 23rd December, 1940.

No. 2478-C.-40/53359.—In exercise of the powers conferred by section 8 of the Provident Fund Act, 1925, the Governor of the Punjab is pleased to direct that the provisions of the said Act shall apply to any provident fund established for the benefit of its employees by any town improvement trust in the Punjab created under the Punjab Town Improvement Act, 1922.

No. 2478-C.-40/53363.—In exercise of the powers conferred by section 73 of the Punjab Town Improvement Act, 1922, the Governor of the Punjab is pleased to make the following rules applicable to the Lahore Improvement Trust :—

The Lahore Improvement Trust Provident Fund Rules.

Short title.

1. (a) These rules may be called the Lahore Improvement Trust (Provident Fund) Rules, 1940.

(b) They shall come into force from the 1st January, 1941.

Definitions.

2. In these rules, unless there is anything repugnant, in the subject or the context—

(a) " Trust " means the Lahore Improvement Trust ;

(b) " Chairman " means the Chairman of the Trust ;

(c) " Family " means—

(i) in the case of a male subscriber, the wife or wives and children of the subscriber, and the widow or widows and children of a deceased son of the subscriber. Provided that if a subscriber

proves that his wife has been judicially separated from him, or has ceased, under the customary law of the community to which she belongs, to be entitled to maintenance, she shall henceforth be deemed to be no longer a member of the subscriber's family in matters to which these rules relate, unless the subscriber subsequently indicates by express notification in writing to the Chairman that she shall continue to be so regarded ;

(*ii*) in the case of a female subscriber, the husband and children of the subscriber, and the widow or widows and children of a deceased son of a subscriber.

Provided that if a subscriber by notification in writing to the Chairman expresses her desire to exclude her husband from her family, the husband shall henceforth be deemed to be no longer a member of the subscriber's family in matters to which these rules relate, unless the subscriber subsequently cancels formally in writing her notification excluding him ;

Note I.—" Children " means legitimate children ;

Note II.—An adopted child shall be considered to be a child when the Chairman, or if any doubt arises in the mind of the Chairman, the Trust is satisfied that, under the personal law of the subscriber, adoption is legally recognised as conferring the status of a natural child, but in this case only ;

Note III.—In a case in which a person has given his child in adoption to another person and if, under the personal law of the adopter, adoption is legally recognised as conferring the status of a natural child, such a child should, for the purposes of the Provident Fund Rules, be considered as excluded from the family of the natural father.

(*d*) " Provident Fund " means the Lahore Improvement Trust Provident Fund ;

(*e*) " Interest " means interest accrued on the balance at credit of a subscriber to the Provident Fund calculated as if such balance were a deposit in the Post Office Savings Bank ;

(*f*) " Salary " means monthly salary and includes special pay as defined in the Fundamental Rules, but does not include travelling allowance, conveyance allowance or compensatory allowance ;

(*g*) " Savings Bank " means the Post Office Savings Bank.

(*h*) " Servant " includes every employee of the Trust who holds a permanent post substantively under the Trust but does not include a Government servant on foreign service with the Trust ;

(*i*) " Subscriber " means a servant who is required or permitted to subscribe to the Provident Fund ;

(*j*) " Service " means service of the subscriber from the date of joining the service of the Trust ;

(*k*) " Commissioner " means the Commissioner of the Lahore Division.

Servants who shall or may contribute to the Provident Fund.

3. Every servant in receipt of a monthly salary of Rs. 20 or more shall be required to subscribe to the provident fund at the rate of 6¼ per cent of his salary, provided that the Trust, for special reasons to be recorded in a resolution, may permit any servant in receipt of a monthly salary of less than Rs. 20 to subscribe to the provident fund.

Recovery of subscriptions.

4. (1) Every subscription to the provident fund shall be recovered by means of a deduction of the amount of such subscription from each salary bill of the subscriber, provided that, in calculating the deduction to be made, fractions of a rupee of salary shall be disregarded.

(2) Notwithstanding anything contained in rule 3 or in sub-rule (1) of this rule no servant shall be required or permitted to subscribe to the provident fund while he is absent on leave except during earned leave.

Trust's contributions to the Provident Fund.

5. The Trust shall contribute to the provident fund of each subscriber an amount equal to the amount of his subscription :—

Provided that if the subscriber, who is required or permitted to subscribe to the provident fund resigns within five years of the commencement of his

service, except on account of illness or any other cause which the Trust may determine to be a sufficient cause, or has been dismissed from service of the Trust, the Trust may deduct from the sum standing to his credit in the provident fund, the whole or any part of the contribution made by it to his provident fund and the interest thereon;

Provided further that with the sanction of Government the Trust may contribute to the provident fund of each subscriber an amount equal to less than the amount of his subscription.

Ledger accounts of subscribers.

6. (1) The Trust shall maintain a Provident Fund Ledger in Form L. I. T./P. F. 1, of which separate portions shall be assigned to each subscriber, and there shall be entered therein each month the amount of each subscription, the amount of the Trust's contribution and the monthly balance on which interest is to be calculated.

(2) The amount of interest accrued on the balance at the credit of a subscriber shall be calculated at the end of the year, or when the account is closed, to the nearest pie on the lowest balance, excluding fractions of a rupee, at the credit of the subscriber between the close of the fourth day and the last day of each month.

(3) The Trust shall maintain a Provident Fund Liabilities Account in Form L. I. T./P. F. 8, which shall be posted up on every day on which amounts are credited or debited to the accounts (Form L. I. T./P. F-1) of the subscribers.

(4) At the end of each year the Trust shall furnish each subscriber with a statement in Form L. I. T./P. F-2, showing the balance at credit of his account at the beginning of the year, the amounts added thereto by way of subscriptions and contributions and the interest accrued during the year and the balance at credit of his account at the end of the year.

Payment of subscriptions and contributions to be made monthly to the Post Office savings Bank.

7. (1) The Trust shall open an account, to be called "The Lahore Improvement Trust Provident Fund Account", with the Savings Bank, and, as soon as may be at the beginning of each month and, if possible, before the fourth day of each month, shall pay into such account the amount of all subscriptions recovered under the provisions of rule 4 and of the contributions payable under the provisions of rule 5. The Chairman shall operate the account.

(2) Before a cheque is drawn for payment of subscriptions and contributions as required by sub-rule (1) a bill shall be prepared in Form L. I. T./P. F-3 and submitted with the relevant salary and establishment bills for signature to the Chairman or other authorised officer, provided that the Trust may make payment of the subscriptions and contributions on a single bill and by means of a single cheque in respect of all subscribers or on separate bills and by means of separate cheques in respect of subscribers of different departments.

(3) All cheques drawn under the provisions of sub-rule (2) shall be drawn in favour of the Postmaster.

General rule as to withdrawals.

8. (1) No sum shall be withdrawn from the provident fund account with the Savings Bank except—

(a) under the provisions of sub-rule (1) of rule 9 for the purpose of investment or placement; or

(b) under the provisions of sub-rule (1) of rule 10 for the purpose of making an advance to a subscriber; or

(c) under the provisions of rule 11 when a subscriber's account is to be closed for payment to the subscriber or his heirs.

(2) Whenever a sum is withdrawn from the provident fund account with the Savings Bank, such sum shall forthwith be credited to the Trust fund under the head, XIII—Suspense Accounts—Deposits. The payment shall be made therefrom for the purpose for which the sum was withdrawn by means of a separate cheque on a contingent bill and such payment shall be debited to the head, XVIII—Suspense Accounts—Refunds, provided that if any portion of a sum withdrawn is to remain credited to the Trust fund under the provisions of any rule, such portion of such sum shall be credited by book transfer under the head, XII—Unclassified—a corresponding debit being shown under the head, XVIII—Suspense Accounts—Refunds.

Investment of provident fund moneys.

9. (1) With the previous sanction of the Commissioner the Trust may from time to time withdraw any sum from the provident fund account with the Savings Bank and may invest or place such sum subject to the conditions and restrictions, if any, applicable to the investment or placement of a portion of the Trust fund under sub-section (3), of section 69 of the Punjab Town Improvement Act, 1922.

(2) The interest obtained by the investment or placement of any sum under sub-rule (1) shall be deposited in the Savings Bank to the credit of the Trust Provident Fund Account subject to the following conditions :—

Conditions.

1. The Trust shall establish a Provident Fund Investments Depreciation Fund, hereinafter in these conditions referred to as " the fund " which shall be deposited in the Post Office Savings Bank, under the General Account of the General Provident Fund Account.

2. There shall be credited to the fund immediately on accrual—

(a) all interest accruing on the amount of the fund from time to time ; and

(b) one per cent per annum of the sum invested under sub-rule (1), provided that the interest received from investments and available for distribution amongst the subscribers should not be less than the interest obtainable from the Post Office Savings Bank.

3. After deducting from the interest obtained by the Trust on any sum invested under sub-rule (1) the amount referred to in condition 2 (b) above, the remainder of the said interest shall be deposited in the Savings Bank to the credit of the Trust Provident Fund.

4. At the end of each year immediately after the account of each subscriber has been credited with interest in accordance with the provisions of sub-rule (2) of rule 6, the Secretary of the Trust shall lay before the Trust a statement showing—

(a) the total amount of interest accrued to the Trust Provident Fund Savings Bank Account during the year just closed either earned in the Savings Bank itself or credited thereto in accordance with the provisions of condition 3 above ; and

(b) the total amount of interest credited to subscribers' accounts under the provisions of sub-rules (2) and (3) of rule 6.

5. At the close of five years after the institution of the fund and at regular intervals of five years thereafter the Trust shall furnish to the Commissioner for scrutiny a statement showing the total amount of Provident Fund investments held by the Trust, and a statement showing the total amount at the credit of the fund.

6. If the Commissioner is satisfied at any quinquennial scrutiny that any of the investments held by the committee out of the Provident Fund have depreciated in value, he may direct that an amount not exceeding the amount of such depreciation shall be drawn by the Trust from the fund and credited to the Provident Fund Savings Bank Account.

7. If the Commissioner is satisfied at any quinquennial scrutiny that the balance in the fund after the withdrawal, if any, of any sum in accordance with condition 6 is sufficient to cover any depreciation likely to occur during the next following period of five years in regard to any of the investments held by the Trust as part of the provident fund, the Commissioner may direct that for the next five years the amounts to be deposited in the fund in accordance with clause (b) of condition 2 shall be reduced to such sum as he may prescribe, or shall be discontinued for such period not exceeding five years as he may direct.

8. If any reduction or discontinuance of the periodical payments into the fund has been ordered by the Commissioner under the provisions of condition 7, he may at any subsequent quinquennial scrutiny direct that the payments be restored to the original figure or to any proportion thereof as he may deem fit.

(3) (a) The cost of making any investments under the provisions of sub-rule (1) shall be met out of the depreciation fund.

(b) When any such investment is realized and the net price obtained after payment of any brokerage and other incidental charges is less than the amount originally invested, the difference shall be made good from the depreciation fund ; and if such net price is greater than the amount originally invested, the difference shall be credited to the fund.

Advances.

10. (1) With the sanction of the Commissioner any subscriber may, up to the amount contributed by the subscriber, including interest accrued thereon, be granted an advance from

his provident fund of an amount not exceeding three times the amount of his salary, for either of the following purposes and for no other purpose :—

(a) to pay expenses incurred in connection with the illness of the subscriber or a member of his family ; or

() to pay expenses in connection with marriages, funeral or other ceremonies, which by the religion of the subscriber it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred ;

Provided that no such advance shall be sanctioned unless the pecuniary circumstances of the subscriber are such that the indulgence is, in the opinion of the Commissioner, absolutely necessary.

(2) The amount of an advance shall be repayable in not more than twenty-four equal instalments as may be fixed by the Commissioner when sanctioning the advance, and such instalments shall be recovered as if they were subscriptions in the manner provided in rule 4.

(3) The amount of an advance shall be recorded in column 5 of the Provident Fund Ledger (Form L.I.T./P.F. 1) and a note shall be made in column 9 as to the number of instalments by which the advance is recoverable. Each month the amount of the advance repaid shall be recorded in red ink in column 2 of the ledger and in column 8 shall be entered the amount of the balance of the advance outstanding. The amount of interest lost on the monthly outstanding balances shall be recovered from the subscriber in the month following the month in which the last instalment of the advance is recovered, and at the end of the year shall be added to the interest calculated on the monthly balances shown in column 7.

(4) If, under the provisions of the first proviso to rule 5, the whole or any portion of the Trust's contributions is to be withheld when a subscriber's account is closed, and if, when such account is closed, any portion of an advance made to such subscriber is still outstanding, the amount of the advance outstanding *plus* the amount of interest lost, calculated on the monthly outstanding balances of the advance shall be added to the amount shown at credit of the account in column 7 for the purpose of calculating the Trust's share of the total at credit of the account.

11. (1) Each subscriber shall, as soon after he joins the provident fund as possible, be called upon by the Secretary to furnish a declaration in form L. I. T.-7, in favour of one or more members of his family in such proportions as he may like, showing what he wishes to be done with the provident fund money at his credit in the event of his death.

(2) A subscriber who has no family, may nominate any other person or persons, instead, provided that such a nomination shall be deemed to have been duly made in accordance with these rules only for as long as the subscriber has no family.

(3) If a subscriber at any time acquires a family or remarries, any declaration already made under sub-rule (1) or (2) above, as the case may be, shall forthwith become null and void, and unless a revised declaration is received by the Trust the amount of his accumulations shall be dealt with under clause (a) or (b) of sub-rule (1) of rule 18 as the case may be.

(4) A nomination may be cancelled by a subscriber and replaced by any nomination which is permitted to be made under this rule.

12. Payments towards a policy of insurance may, at the option of subscribers, be substituted for, or deducted from, subscriptions to the Provident Fund, subject to the following conditions : —

(i) Only the amount of subscription with interest thereon, standing at the credit of a subscriber in the Provident Fund, may be withdrawn to meet the payment of premia.

(ii) If the total amount of any subscription or payment substituted under this rule is less than the amount of subscription payable to the fund under rule 3, the difference shall be paid by the subscriber as subscription to the fund.

(iii) The policy to be financed from the provident fund shall be the one effected by the subscriber himself on his own life except a "Pure Endowment" policy, which involves no element of risk on life. The policy shall be such as is legally assignable to the Chairman.

NOTES.—1. A guarantee policy, which ensures the payment of the sum assured in the event of the policy-holder being retired by the Medical Board, shall be accepted for the purposes of thi srule.

A contingent annuity, which, in the event of his death, ensures a certain income to the insurant's wife or children or both, shall also be accepted for the purposes of this rule.

2. If a policy of insurance is effected by a subscriber on his own life for the benefit of a sole beneficiary specifically named therein, a formal assignment by both the insured and the sole beneficiary shall be permissible. An assignment of a policy effected by a subscriber on his own life for the benefit of more than one beneficiary, whether existent or not at the date of the policy, shall not, in view of the attendant legal difficulties, be permissible under this rule.

(*iv*) The Chairman shall not make any payments on behalf of the subscribers to Insurance Companies nor shall he take steps to keep the policy alive. If a subscriber certifies every month at the time of preparation of the pay bill that the monthly premium payable by him to the Insurance Company is not less than the amount of his provident fund subscription under rule 3, the Chairman shall accept the same. He can, however, demand and scrutinize, at at any time, the premium receipts or certified copies thereof showing that such payments have actually been made to the Insurance Company. In the event of the insurant's not furnishing the same, the Chairman shall make the necessary deductions from the subscriber's pay for deposit in his provident fund. Should the subscriber prefer to do so, he may apply for an advance from the provident fund for payment of his quarterly, half-yearly or yearly premia.

(*v*) Any sums already at the credit of the subscriber in the fund may be withdrawn for the payment of premia or for the purchase of a single payment of life policy, or, at the discretion of the Chairman, for the payment of a single premium, but the utilization of sums already at credit shall not relieve the subscriber from continuing to make the usual deduction from his current salary within the limits prescribed in rule 3 of these rules whether the amount is to be paid into the fund or towards an insurance policy except when the subscriber is on leave other than earned leave.

NOTE.—The amount which may be withdrawn under this clause for payment of a single premium is the amount required to pay a single premium, which on receipt by the Insurance Company at once becomes the property of the Company. A subscriber shall not withdraw an amount from the fund for deposit with the Insurance Company for adjustments towards payments of future premia on his policy. Withdrawals are permissible to finance single payment endowment policies and not merely whole-life policies and there should be no objection to the acceptance of a policy on the joint lives of a subscriber and his wife.

(*vi*) A policy shall not be rejected, if—

(1) there is a difference between the amount payable at maturity and death if it occurs earlier ; or

(2) the assured is unable to say what amount precisely will be payable at maturity ; or

(3) the insurant has not been required to be medically examined by the Company ; or

(4) the amount withdrawn is to meet the premium due for one or more policies, provided they are otherwise acceptable.

(*vii*) (*a*) if a policy assigned to the Chairman matures before the subscriber quits the service, the Chairman shall, save as provided in sub-rule (*ix*) (*c*) proceed as follows :—

If the amount assured together with the amount of any accrued bonuses is greater than the whole of the amount withheld or withdrawn from the fund in respect of the policy with interest thereon, the Chairman shall re-assign the policy to the subscriber and make it over to him, and he (the subscriber) shall pay to the fund the whole of any amount withheld or withdrawn with interest accrued thereon.

If the amount assured together with the amount of any accrued bonuses is less than the whole of the amount withheld or withdrawn, with interest, the Chairman shall realize the amount assured together with any accrued bonuses and shall place the amount so realized to the credit of the subscriber in the fund.

(*b*) The bonuses which accrue on any policy may be allowed to accumulate with the policy until it matures ; but, if it is incumbent on the policy-holder to withdraw them as they fall due, the amount shall be credited to the subscriber's account in the fund.

(*viii*) A policy, the payment or payments for any premia on which, shall, under this rule, be substituted for subscriptions to the fund or withdrawn from the sum at the credit of a subscriber for the same purpose, and which has not already been assigned to the Chairman and delivered to him under this rule, shall within three months of such payment or withdrawal be so assigned and delivered as security for the payment contingently of the sum which, in the event of lapse of the policy or any assignment, charge or encumbrance thereof or thereon, becomes payable by the subscriber to the fund. No payment so made by a subscriber shall be considered as in substitution for any subscription by him to the fund unless and until the life policy shall have been so assigned. In default of such assignment within three months after such payment or withdrawal, as the case may be, the amount so paid or withdrawn shall forthwith be paid or repaid by the subscriber concerned to the Chairman or shall in default be deducted from such subscriber's pay.

(*ix*) (*a*) The assignment of a policy under this rule shall be endorsed on the policy and shall be in the following form :—

"I, A. B. of________________ hereby assign unto the Chairman of the Lahore Improvement Trust the within policy of assurance as security for payment of all sums which under rule 3 of the rules for the management of the Lahore Improvement Trust Provident Fund I may hereafter become liable to pay to the Trust's Provident Fund";

or in the case of policies of insurance effected by the subscriber for the benefit of a sole beneficiary as follows :—

"We, A. B. (the subscribers) of the Lahore Improvement Trust Provident Fund________________ and C. D. (the sole beneficiary of the policy) of________________ in consideration of the Chairman of the Lahore Improvement Trust agreeing at our request to accept payments towards the within policy of assurance in substitution for the subscriptions payable by me, the said A. B. to the Trust's Provident Fund (or, as the case may be, to accept the withdrawal of the sum of rupees________________ from the sum to the credit of the said A. B. in the provident fund for payment of the premium of the within policy of assurance), hereby jointly and severally assign unto the said Chairman the within policy of assurance as security for payments of all sums which the said A. B. may hereafter become liable to pay to that fund ".

(*b*) Save as provided in clause *ix* (*c*), the policy shall be re-assigned to the subscriber and handed back to him on quitting his service or on his refunding with the full interest thereon any advances taken from the provident fund for the purpose of paying premia thereon, and, in the event of his death before quitting the service, a re-assignment shall be executed in favour of and the policy be handed to the legal representative of his estate as determined by a civil court having competence to pass orders in this respect. Notice of a re-assignment shall be sent to the insurance company by the Chairman.

(*c*) If notice has been received by the Chairman of any assignment or attachment of, or encumbrance on, the policy, he shall not execute a re-assignment of the policy in favour of the subscriber or, in the event of his death, of the legal representative of his estate as determined by a civil court having competence to pass orders in this respect, until he shall have obtained the orders of the Commissioner.

(*x*) The following procedure shall be observed in regard to the assignment and re-assignment of life policies :—

(*a*) When the assigned policy is delivered to the Chairman under clause (*viii*) it shall be accompanied by a certificate from the subscriber to the effect that no prior assignment of the policy exists. The Chairman shall satisfy himself independently that this is the case by direct reference to the insurance company.

(*b*) Notice of the assignment of policy shall be given by the subscriber to the insurance company and acknowledgment of the notice of the insurance company shall be sent by the subscriber to the Chairman within three months of the date of assignment.

13. (1) When a subscriber dies the amount shown to the credit of his account in column 6 of the Provident Fund Ledger (Form L. I. T./P. F.-1) plus interest accrued to date shall be withdrawn from the Savings Bank, and payment of such amount shall be made :—

Withdrawal on closing of account.

(*a*) *When the subscriber leaves a family.*—(*i*) If a nomination made by the subscriber in accordance with the provisions of rule 11 in favour of a member or members of his family subsists, the amount standing to his credit in the fund or the part thereof to which the nomination relates shall become payable to his nominee or nominees in the proportion specified in the nomination.

(*ii*) If no such nomination subsists or such nomination relates only to a part of the amount standing to the credit of the subscriber, the whole amount or the part not covered by the nomination, shall, notwithstanding any nomination purporting to be in favour of any person other than a member of the subscriber's family, become payable as to one moiety to the husband or the widow (or in equal shares to the widows) as the case may be, and as to the other moiety in equal shares to the children of the subscriber :

Provided that if one or more of his sons have died leaving behind their widows or sons or both, the respective shares of each such deceased son shall be payable in equal shares amongst their sons or widows or both ;

Provided further that if the subscriber has left only a husband or widow or widows, as the case may be, the amount shall become payable to such husband or widow or in equal shares to such widows, as the case may be, or if the subscriber has left only children, the whole of the amount shall become payable to such children in equal shares subject to proviso (*i*) above, or failing both children and widow or widows or husband, as the case may be, in equal shares among other members of the family ;

Provided further that no share shall be payable to—

(1) married daughters whose husbands are alive ; and

(2) married daughters of a deceased son whose husbands are alive ;

if there s any other member of the family in existence.

(*b*) *When the subscriber leaves no family.*—(*i*) If a nomination made by him in accordance with the provisions of rule 11 in favour of any person or persons subsists, the amount so standing to his credit in the fund or the part thereof to which the nomination relates shall become payable to his nominee or nominees in the proportion specified in the nomination.

(*ii*) Or if no nomination made by him in accordance with the provisions of rule 11 subsists, or if such nomination relates only to a part of the amount standing to his credit in the fund, the whole amount or the part thereof to which the nomination does not relate, shall be payable to his legal heirs.

Explanation.—(1) For the purposes of this sub-rule a subscriber's posthumous child shall be considered to be a member of his family at the time of his death, and, if born alive, shall be treated in the same way as surviving child born before the subscriber's death.

(2) The case of a posthumous child already born when the case is taken up by the disbursing officer will present no difficulty. For the rest if the possibility of the birth of a posthumous child is brought to the notice of the disbursing officer, the amount which will be due to the child in the event of its being born alive, should be retained, and the balance distributed in the normal way under the sub-rule referred to above. If the child is born alive, payment of the amount retained should be made as in the case of a minor child ; but if no child is born or the child is still-born, the amount retained should be distributed among the family in accordance with the sub-rule cited above.

(2) Subject to the provisions of rule 5, when a subscriber ceases to be a servant of the Trust, the amount shown to the credit of his account in column 6 of the Provident Fund Ledger (From L. I. T.-1) plus interest accrued to date shall be withdrawn and shall be paid to him ;

Provided that—

(*a*) if he is transferred otherwise than temporarily to the service of another local body which maintains a provident fund, or when having been transferred temporarily from the service of another local body he reverts to such service the amount withdrawn shall be paid to such other local body for credit to his provident fund account with such local body ; and

(b) If he is transferred temporarily to the service of another local body, the amount shown to the credit of his account in column 6 of the Provident Fund Ledger (Form L. I. T.-1) shall not be withdrawn, but shall remain to the credit of his account.

(3) When a subscriber—

(a) has proceeded on leave preparatory to retirement, or

(b) while on leave, has been permitted to retire or declared by competent authority to be unfit for further service,

the amount shown at the credit of the account in column 6 of the Provident Fund Ledger (Form L. I. T. P. F.-I.) shall, upon application made by him in that behalf, become payable to him, subject to the provisions of Rule 5 :

Provided that the subscriber, if he returns to duty, shall, if required to do so by the Trust, repay to the Provident Fund for credit to his account, the whole or part of any amount paid to him from the Provident Fund in pursuance of this sub-rule with interest thereon in cash or securities or partly in cash or partly in securities, by instalments or otherwise, by recovery from his salary or otherwise, as the Trust may direct.

(4) Notwithstanding anything contained in sub-rules (1) (2) or (3), no amount shall be withdrawn for payment to a subscriber or his heirs under the provisions of those sub-rules unless such payment can be made immediately ; provided that if such payment cannot be made within one year if the amount at credit of the subscriber's Provident Fund account is ten rupees or less, or within three years if such amount is more than ten rupees, the Trust shall withdraw such amount and credit it to the Trust Fund under the head XII—Unclassified, and no payment shall thereafter be made to the subscriber or his heirs except under the orders of the Commissioner.

(5) When an account is closed under the provisions of this rule, a line shall be drawn in red ink across the page below the last entry in the Provident Fund Ledger Account (Form L. I. T./P. F.-1) and the number and date of the *chalan* with which the amount at credit of the account is remitted to the treasury shall be recorded below the line together with the number, date and amount of the bill or bills on which payments of the amount are subsequently made, and if the amount is withdrawn under the provisions of sub-rule (4) the word " Dead Account " shall be added.

Amounts to be withheld when account is closed.

14. Not withstanding anything contained in rule 13, if any sum is due from a subscriber to the Trust at the time when his account is closed, the Trust may deduct the amount of such sum, but not exceeding in any case the total amount of its contributions credited to the account of the subscriber and interest accrued thereon before making payment under rule 13 of the amount at the credit of his Provident Fund Account.

General accounts to be maintained by the Trust.

15. The Trust shall maintain—

(1) a Prov. ent Fund Account Form L. I. T./P. F.-4,

(2) a Provident Fund Investments Account in in Form L. I. T./P. F.-5,

(3) a Provident Fund Investments Interest Account in Form L. I. T./P. F.-6 or, if a Provident Fund Investment Depreciation Fund is maintained, a Provident Fund Investment Interest Account in Form L. I. T./P. F. 6-A. and a Provident Fund Investment Depreciation Fund Account in Form L. I. T./P. F. 6-B., and

(4) an account in Form L. I. T./P. F.-9 showing the amount available for payment of insurance premia of the Provident subscribers.

Improvement Trust.

The 24th December, 1940.

No. 3770-C.-40/53887.—In exercise of the powers conferred by section 74 of the Punjab Town Improvement Act, 1922, the Lahore Improvement Trust has made with the previous sanction of the Governor of the Punjab, the following rules which are published for general information :—

THE LAHORE IMPROVEMENT TRUST INSPECTION OF RECORDS RULES.

1. (*i*) These rules may be called "The Lahore Improvement Trust (Inspection of Records) Rules, 1940.

(*ii*) In these rules, unless there is anything repugnant in the subject or context,—

"*Trust*" means the Lahore Improvement Trust;

"*Record*" means and includes any portion of a record of the Trust and any rules' document, map, plan or other paper attached to it ;

"*Chairman*" means the Chairman of the Trust ;

"*Trustee*" means a Trustee of the Trust ;

"*Officer-in Charge*" "*Head Clerk*", and "*Record-keeper*" mean, respectively, the Officer-in-Charge, Head Clerk and Record-keeper of the department where the record intended to be inspected is deposited at the time ;

"*Secretary*" means the Secretary of the Trust ;

"*Accountant*" means the Accountant of the Trust ; and

"*Act*" means the Punjab Town Improvement Act, 1922.

A.—Inspection by Trustees.

2. Any Trustee may inspect any file without payment of any fee. He is, however, not authorised to inspect a file concerning a case in which he is interested himself. For inspecting such a file he will be treated as a member of the general pulbic and the rules in part B of these rules shall apply.

3. All files relating to items included in the agenda to be transacted at the next meeting of the Trust shall be made available by the Officers-in-Charge for the inspection of the Trustees as soon as a copy of the agenda is issued to them and the Officers-in Charge shall provide necessary facilities for inspection, which will be conducted at the Trust office. No Trustee, except the Chairman, shall remove any file from the Trust Office.

B.—Inspection by members of the Public.

4 (*i*) The only records of the Trust, which the general public has a right to inspect, are as follows :—

(*a*) documents mentioned in sections 36 (3) and 75 of the Act ;

(*b*) schemes under the Act sanctioned by the Provincial Government ;

(*c*) rules under sections 73 and 74 of the Act ; and

(*d*) any other records which the Trust may include in this sub-rule from time to time.

(*ii*) Only the persons concerned or their authorised agents will be entitled to inspect the resolutions of the Trust dealing with the property of individuals and firms.

(*iii*) In respect of records not mentioned in sub-rules (*i*) and (*ii*) above, the Officers-in-Charge shall exercise their discretion in allowing members of the public to inspect them, provided that the inspection shall be refused if it is prejudicial to the interests of the Trust.

5. Any member of the public, intending to inspect a record, shall make an application in form L.I.T.I./1, which can be had at a price of six pies from the Trust Office to the Officer-in-Charge and shall pay with the application one rupee, being the fee charged for search, and both the amounts so realised shall be acknowledged in the form prescribed in the Punjab Town Improvement Trust Rules, 1939. The application will be entered in the inspection register by the Record-keeper and the serial number of the register shall be endorsed on the application.

Note.—The forms shall be machine-numbered and a sale account thereof shall be kept in Form No. 24 of the Punjab Town Improvement Trust Rules, 1939. In the remarks column of Form No. 24 a reference to the entry of the Cash Book for the value of the forms sold shall be given.

6. A separate application shall be made and a separate fee paid for each record, the inspection of which is desired, unless the records are so closely connected that, in the opinion of the Officer-in-Charge, they may be regarded as one, in which case one application and one fee shall suffice.

7. The application will be scrutinized by the Head Clerk, who will make a report whether the inspection can, under the rules, be permitted. The report of the Head Clerk will be placed before the Officer-in-Charge, who will pass orders thereon. If the Officer-in-Charge refuses to allow the inspection, the fee of one rupee received from the applicant shall be returned to him. If the inspection is permitted, it shall be made at such time, in such place and in the presence of such official as the Officer-in-Charge may direct.

8. If a record is not inspected on the day fixed by the Officer-in-Charge, the sum of one rupee received with the application shall be forfeited and a fresh application for inspection must be submitted if it is desired to inspect the record.

9. When any person inspecting a record desires to continue inspection thereof on the following day, he shall give notice of his intention of doing so to the Trust employee in whose presence inspection is made, and in such cases no further application need be made in writing, provided that the inspection is continued from day to day.

10. The fee for the inspection shall be one rupee per record per day. The fee of one rupee charged under rule 5 will be in addition to the fee payable under this rule, and shall likewise be acknowledged in the form prescribed in the Punjab Town Improvement Trust Rules, 1939.

11. The fee required for the inspection shall be paid in advance.

12. Copying of any part of a record during inspection and the use of pen and ink are strictly prohibited. Pencil and paper may be used for the purpose of taking notes, but no mark shall be made on any record or paper inspected. Infringement or attempted infringement of this rule shall deprive the person infringing of the right of inspection and the fees already received shall be forfeited.

13. Not more than one person shall be allowed to inspect a record on one application, but a legal practitioner can have the assistance of his clerk while he is inspecting a record. Inspection by petition writers and legal practitioners clerks is forbidden.

14. A register of Inspections in the form L. I. T.-1/2 shall be maintained in each department by the Record-Keeper thereof and the fees realised shall be credited into the Trust fund on the day succeeding that on which they were received.

15. The applications shall be preserved for three years or until the audit, whichever be later; after which they may be destroyed under the orders of the Secretary.

16. The Accountan shall inspect these registers every month to see that all the sums received have been credited into the Trust fund.

17. The Officers-in-Charge shall inspect the registers once a quarter.

18. The order of the Officers-in-Charge, refusing the inspection of records, shall be appealable to the Chairman within thirty days of the date of the order.

(Form L.I.T.-1/1). **(Rule 5.)**

No. 30.—The following by-laws made by the Municipal Committee of Simla, in exercise of the powers conferred by subsection (1) *(gg)* of section 31 of the Punjab Municipal Act, 1911, are published for general information as required by sub-section (3) of section 31 of the said Act. They shall come into force within the Municipality of Simla from the date of this notification :—

BY-LAWS.

1. All files relating to items in the agenda to be transacted at the next meeting of the Committee shall be made available for the inspection of the members of the Municipal Committee as soon as a copy of the agenda is issued to them, and the Secretary shall provide facilities for the inspection of these files.

2. Every member of the Committee shall be entitled to inspect any municipal file, but he is not authorized to inspect any file concerning a case in which he is personally interested, except in the Secretary's office.

3. No member or official of the Committee, except the Secretary, Heads of Departments, the President or a Vice-President, shall remove any file from the municipal office. If, however, a member wants a file at his house, he shall first obtain the written permision of the President :

Provided that when a member is personally interested in a case, the file relating to that case may only be seen by such member in the Secretary's office.

4. No member of the public is authorized to inspect municipal files, except those containing minutes of the meetings of the Committee or of a Sub-Committee. If, however, any person is permitted to inspect records other than the proceedings of the meeting of the Committee or of a Sub-Committee, he shall pay two rupees for the first hour and eight annas for any subsequent hour or part thereof.

5. Any member of the public who wishes to inspect municipal records other than the proceedings of the meetings of the Committee or a Sub-Committee under by-law 4 shall make an application in writing to the Secretary, and, if he obtains the permission of the President, or, in his absence, of the Vice-President or the Secretary, he shall pay one rupee in advance. This sum shall in no case be returned, but, if and when he inspects the records, it shall be deducted from the inspection fee referred to in by-law 4.

6. Inspections of municipal records under by-law 4 shall be made in the office of the Secretary of the Committee and under his supervision or that of an officer appointed by him in this behalf.

No. 31.—In pursuance of the provisions of section 24 of the Punjab Municipal Act, 1911, it is hereby notified that the following gentlemen have been elected as members of the Municipal Committee, Hissar, *vice* L. Aggar Chand, L. Kunj Lal and Ch. Nand Ram, resigned :—

GENERAL ORDER.

1. This general order applies only to the slaughter-house owned and managed by the town committee.

1-A. No person shall slaughter any animal of which the meat is intended for sale except at a place set apart by the committee for this purpose.

2. Animals for slaughter shall be brought to the slaughter-house between the hours of 3 and 11 A.M. or such hours as the Sub-Assistant Surgeon in charge of the slaughter-house, may from time to time direct, and shall, on arrival, be presented for inspection to the Sub-Assistant Surgeon.

3. The Sub-Assistant Surgeon may either approve of animals presented as fit for slaughter or may reject them as unfit.

4. Animals approved fit for slaughter shall be branded with a distinctive mark on ears, hooves or horns, and shall be at once admitted to the waiting yard of the slaughter-house premises, and persons presenting animals that are subsequently rejected shall remove them from the neighbourhood of the said premises.

5. All animals when approved, shall be kept in the waiting yard until the owners or persons in charge receive permission to bring them into the slaughter yard.

6. (1) Receptacles shall be provided on the slaughtering platform for the receipt of the contents of stomachs and bowels of slaughtered animals, and when slaughtered animals are disembowelled, which shall be as soon as possible after slaughter, the butchers shall cause such contents to be emptied into the receptacles so provided.

(2) Filled receptacles shall be removed and replaced by fresh empty receptacles as disembowelling proceeds, this being done by establishment provided for the purpose, and no disembowelling shall be permitted unless there are receptacles ready for the receipt of the contents of stomachs and bowels.

7. No person shall rub or cause to be rubbed the inner sides of skins upon the ground within any portion of the slaughter yard or in the neighbourhood of the slaughter-house premises.

8. No person shall knowingly bring into any part of the slaughter-house premises any diseased or unsound cattle or other animals or any dying animals and no person shall bring any carcass inside the slaughter-house premises; provided that animals which may have met with an accident in no way affecting their fitness for human food, may, with the approval of the Sub-Assistant Surgeon be brought and slaughtered within the slaughter-house premises.

9. No animal which is pregnant or which is less than 6 months old shall be slaughtered in the premises fixed by the town committee for the slaughter of animals.

10. All carcasses shall be inspected by the Sub-Assistant Surgeon, and no carcass shall be removed from the slaughter-house premises until it has been passed as fit for human consumption, and, if necessary, branded or stamped so as to define its quality. The Sub-Assistant Surgeon shall cause all carcasses or meat, which in his opinion may be unfit for human consumption, to be buried or destroyed.

11. No person shall remove any carcass or portion of a carcass from the slaughter-house after the hour fixed for closing the slaughter-house, and any carcass or portion of a carcass remaining within the slaughter-house premises after such hours shall be disposed off in such manner as the Sub-Assistant Surgeon may direct. Skins, horns and feet of animals must be removed before the hour appointad for closing the slaughter-house.

12. No person shall remove, or cause to be removed, any carcass or meat except in such a way that it is screened from public view.

13. No person shall blow or stuff any meat within the slaughter-house premises, and the Sub-Assistant Surgeon may cause to be buried or destroyed any meat found to be blown or stuffed.

14. All carcasses or meat ordered to be destroyed in accordance with the provisions of clauses 10 and 13, shall be so dealt with as to render it impossible to use such carcasses or meat for human food.

15. No person shall create any disturbance in the slaughter-house premises. Any person transgressing this clause shall be removed summarily under the direction of the Sub-Assistant Surgeon.

16. No person affected with leprosy, sores or any other skin disease, or any contagious or infectious disease, shall enter the slaughter-house premises.

17. No person shall bring into the slaughter-house premises any dog or other animal not intended for slaughter or for the slaughter of which the slaughter-house is not provided.

18. The fees to be charged under sub-section (1) of section 41 of the Punjab Small Towns Act for the use of the slaughter-house shall be those fixed by the committee from time to time with the previous approval of the Commissioner.

Note.—Only sheep and goats shall be slaughtered.

They shall come into force within the said Municipality from the date of this notification in supersession of the by-laws published with the Commissioner's notification No. 73, dated the 10th July, 1922 :—

BY-LAWS.

I.—Time and place of meeting.

1. (*a*) Every meeting of the Committee, whether ordinary or special, shall be held in the Municipal Hall or under reasonable circumstances at a place, date and hour to be fixed for it by the President or in his absence by the Vice-President : provided that when there is neither a President nor a Vice-President in existence, the Secretary may convene a meeting at any time or place for the election of the President, but not for the transaction of any other business.

(*b*) An ordinary meeting of the Committee shall be held at least once a month.

II.—Manner in which notice shall be given.

2. (*a*) The notice of every meeting under by-law 1 shall state the place, date and hour fixed for it and shall be signed by the President, Vice-President, or the Secretary.

(*b*) The notice of every meeting shall be accompanied by a list duly attested by the Secretary, setting forth the business to be transacted at the meeting hereinafter called "Agenda".

(*c*) The agenda shall include every matter that any member may desire to put to the meeting, provided that a copy of the motion thereon signed by such member and by a seconder is delivered to the Secretary at the Municipal Office at least seven clear days before the date of the meeting.

(*d*) The notice and the agenda shall be despatched by the Secretary not less than three days before the time fixed for an ordinary meeting and twenty-four hours before the time fixed for a special meeting and shall be served on each member of the Committee.

3. Notice of an adjourned meeting shall be given by the Chairman on the spot and the same shall, as soon thereafter as possible, be sent to all members of the Committee who are absent : provided that it shall be lawful for the President or in his absence for the Vice-President or the Secretary to alter, with due notice, in an emergency, the place, date or hour of such meeting.

4. All cases on the agenda of a meeting shall be made available in the Secretary's Office during office hours for the inspection of the members, immediately after the despatch of the agenda.

III.—QUORUM.

5. No business shall be transacted at an ordinary meeting of the Committee unless at least one-third of the total number of members are present and shall not be less than three.

6. In the absence of a quorum the Chairman shall forthwith suspend the proceedings and adjourn the meeting whether ordinary or special.

IV.—CONDUCT OF PROCEEDINGS AND ADJOURNMENT OF MEETINGS.

7. Every meeting shall commence with a motion by the Chairman that the minutes of the previous meeting be confirmed. Such minutes shall ordinarily be taken as read, but if for any reason they have not been previously circulated to the members they shall be read before they are taken into consideration. Any member who was present at the previous meeting may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.

8. The Chairman shall decide all points of order or procedure and his decision shall be final. Whenever he rises, any member speaking shall resume his seat. The Chairman after finishing his say shall allow any member to finish his speech.

9. The items on the agenda shall be dealt with in their order : provided that the Chairman, with the consent of the majority of members present, may vary such order and may bring before the meeting any matter not included in the agenda.

10. (a) If more than one member rise to speak at the same time, the Chairman shall name the member who is to speak.

(b) Members when speaking shall stand and address the Chairman and, except on a point of order or personal explanation, the member speaking shall not be interrupted by any member other than the Chairman.

(c) No written speeches shall be delivered.

11. So far as is possible and consistent with the matter under discussion no member shall direct personal or objectionable remarks at any other member. For the purpose of this by-law the ruling of the Chairman shall be final.

12. A member desiring to raise a point of order or personal explanation shall rise and address the Chairman. The member speaking shall then give way, and remain seated until the Chairman has decided the point raised: provided that the Chairman may permit any other member including the member called to order to speak on the said point.

13. (a) If the meeting refuses to obey the ruling of the Chairman on any matter he may adjourn it at once ; and once he declares the meeting adjourned on this or any ground, the subsequent proceedings of the meeting or any residue thereof shall be void and shall not appear in the minutes.

(b) The Chairman, with the consent of the majority of the members present may adjourn the meeting at any stage.

14. The Chairman may, after calling the attention of the meeting to the conduct of a member who persists in irrelevance or in tedious repetition of his own arguments or of the arguments used by other members, direct him to discontinue his speech.

15. The Chairman may name an unruly member for report to Government for consideration under section 161 (1) (e) of the Punjab Municipal Act, 1911.

16. The Chairman may direct any member, whose conduct is in his opinion grossly disorderly, to withdraw immediately from the meeting and any member so ordered to withdraw shall do so forthwith and shall, unless recalled by the Chairman, absent himself during the remainder of the meeting. The Chairman may cause to be summarily removed any member who disobeys an order to withdraw under this by-law.

17. Every motion or resolution shall be read, and if seconded, shall be deemed to be before the meeting for discussion. The mover shall speak first in support of the motion, then the seconder may speak, or if he desires, he may reserve his speech to a later period of the debate.

18. A member may speak only once to each motion but the mover or a seconder of a substantive motion or resolution may reply at the conclusion of the debate thereon, provided that the Chairman, at his discretion, may at any time allow a member who has already spoken to make a brief explanation.

19. (*a*) After a motion has been proposed and seconded, any member may propose an amendment thereto. An amendment that is not seconded falls through.

(*b*) Any number of amendments may be before the meeting at the same time, but they shall be put to the vote in the reverse order to that in which they were moved, but amendments to an amendment shall always be taken immediately before the original amendment. After all the amendments have been disposed of the resolution as amended shall be put to the vote.

20. (*a*) A member who has already spoken on a substantive motion before the meeting is not thereby debarred from speaking on an amendment to the motion provided that in doing so he confines himself strictly to the fresh matter introduced by the amendment.

(*b*) No motion or amendment shall be withdrawn except with the consent of the meeting.

21. Every motion, resolution or amendment voted on shall be put to the meeting both for and against.

Proviso.—Nothing in this and the following by-laws shall affect the provisions of the rules for the election of the President and Vice-President published by the Punjab Government from time to time.

22. Unless a poll is demanded by any member present at the meeting a declaration made at the meeting by the Chairman that a motion, resolution or amendment has been carried or lost shall be sufficient warrant for making an entry to that effect in the minutes. If a poll is demanded by any member present, it shall be taken by show of hands and the result of such poll as declared by the Chairman shall be deemed to be the resolution of the Committee.

23. No decision of the Committee shall be re-opened before the lapse of six months after it has been recorded except in compliance with an order of the Punjab Government or of the Commissioner or the Deputy Commissioner or with the permission of the President or on a requisition signed by two-thirds of the members actually serving on the Committee.

24. Any officer of Government or other person, not being a member of the Committee, may, with the consent of the majority of the members and of the Chairman, address the meeting.

25. All meetings of the Committee shall be open to the reporters of the Press and, with the consent of the Chairman, to the public, provided that the reporters or the public or both shall withdraw if at any time so required by the Chairman.

26. Except as provided in by-law No. 24, no noise, expression of approval or disapproval on the part of the public or reporters present shall be permitted.

27. The Chairman may cause to be summarily removed from the building in which a meeting is being held, any person not being a member of the Committee who interrupts the business of the meeting or makes any noise or any expression of approval or disapproval or conducts himself in an unseemly manner.

28. (*i*) No member may inspect the papers relating to a matter in which he or either of his parents or any other decendant of either of his parents or the husband or wife as may be of any such descendant has a direct or indirect pecuniary interest, subject to the exception that :—

(*a*) members of Sub-Committees and members charged with the performance of any special duty may inspect the papers connected with their duties at the Secretary's office during office hours; and

(*b*) any other member may inspect documents and registers at the Secretary's office during office hours, but he may, except in the case provided for by by-law 4, do so only with the permission in writing of the President, or in his absence, of the Vice-President. An application for permission to inspect under clause (*b*) shall be in writing and state the papers to be inspected and the reasons for inspecting them. The President or Vice-President, as the case may be, may refuse permission if the reasons given are, in his opinion, insufficient. In the case of refusal, if the applicant desires, his application with remarks of refusal shall be laid before the coming meeting.

(*ii*) No municipal record shall be sent out of the office for inspection of any member except when it is to be submitted to him for opinion report or execution of any work by the orders of the Committee or at the request of the President or the Vice-President.

Proviso.—Nothing in this by-law shall be deemed to deprive any person of the right to inspect documents under any law other than the Punjab Municipal Act, 1911.

V.—THE CUSTODY OF THE COMMON SEAL AND ITS USE.

29. The common seal shall remain in the custody of the Secretary, and in the absence of the Secretary, in that of the President or Vice-President and shall be affixed on the following documents —

(*a*) All deeds of sale and purchase and plans whether relating to moveable or immoveable property executed by or on behalf of the Committee.

(*b*) All written contracts and deeds entered into and leases given by the Committee.

(*c*) All copies of the Committee's orders granted on behalf of the Committee.

(*d*) All notices and permits issued by the Committee, the President, the Vice-President or the Secretary, under the Punjab Municipal Act, 1911, or rules thereunder.

(*e*) All copies of municipal records supplied to applicants.

(*f*) All notices of meetings issued under by-law 2 of these by-laws.

(*g*) All bills and receipts for the recovery of taxes, rents and other dues and cheques.

(*h*) Any other document or class of documents on which the Committee or the President may direct that the common seal shall be fixed.

VI.—SUB-COMMITTEES.

30. The following Sub-Committees shall be appointed by the Committee :—

(1) Finance Sub-Committee.

(2) Sanitation and Lighting Sub-Committee.

(3) Municipal Works Sub-Committee.

31. Each Sub-Committee shall consist of at least three members of the Committee.

32. The members of the Sub-Committee shall be appointed by the Committee by ballot and shall hold office for one year.

33. A member may be removed from the Sub-Committee by the order of the Committee.

34. The President or the Vice-President, if present at a meeting of a Sub-Committee, shall take the chair, otherwise each Sub-Committee shall at each meeting appoint one of its members to be the Chairman.

35. Each Sub-Committee shall at each meeting fix the place, date and time of its next meeting and a notice thereof shall be sent by the Secretary to all the members of the Sub-Committee.

36. The Secretary of the Municipal Committee shall be the Secretary of every Sub-Committee.

37 (*a*) The quoram for a meeting of a Sub-Committee shall not be less than one half of the members of a Sub-Committee.

(*b*) Every Sub-Committee shall hold its meeting at least once a month.

(*c*) If any Sub-Committee fails to hold a meeting for the period of a month the papers that should have come before it may be put directly before the Committee.

38. Every Sub-Committee will be guided in the conduct of business by the rules of procedure regulating the procedure of the Committee, provided that if on any matter a Sub-Committee is equally divided the matter shall be referred to the Committee.

39 Papers connected with any matter placed under the control of a Sub-Committee shall be open to the inspection of all the members of the Committee at the Secretary's office during the office hours to be fixed by the Committee.

40. The Committee or the President or in his absence the Vice-President of the Committee may appoint a special Sub-Committee to investigate and report on any matter and such Sub-Committee shall be dissolved as soon as the matter has been disposed of by the Committee. Rules applicable to other Sub-Committee shall be applicable to such Sub-Committee.

41. Every Sub-Committee shall, subject to any special or general order of the Committee or the President, exercise a general supervision in respect of all matters placed under its control and shall report on all questions connected therewith either on its own motion or on reference made to it by the Committee or the President or Vice-President or the Secretary.

42. The Finance Sub-Committee shall enquire into and report on all questions affecting the receipt and expenditure the imposition, remission and refund of taxation and all other matters affecting the finances of the Committee. Any member, who was present at the previous meeting may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.

8. The chairman shall decide all points of order or procedure and his decision shall be final. Whenever he rises, any member speaking shall resume his seat.

9. The items on the agenda shall be dealt with in their order provided that the chairman, with the consent of the majority of the members present, may vary such order or bring before the meeting any matter not included in the agenda.

10. If more than one member rise to speak at the same time, the chairman shall name the member who is to speak.

11. Members when speaking shall stand and address the chairman and except on a point of order, or personal explanation, the member speaking shall not be interrupted by any member other than the chairman.

12. No written speeches shall be delivered.

13. So far as is possible and consistent with the matter under discussion no member shall direct personal or objectionable remarks at any other member. For the purpose of this by-law the ruling of the chairman shall be final.

14. A member desiring to raise a point of order or personal explanation shall rise and address the chairman. The member speaking shall then give way, and remain seated until the chairman has decided the point raised; provided that the chairman may permit any other member including the member called to order to speak on the said point.

15. If the meeting refuses to obey the ruling of the chairman on any matter he may adjourn it at once; and once he declares the meeting adjourned on this or any ground the subsequent proceedings of the meeting or any residue thereof shall be void and shall not not appear in the minute.

16. The chairman may, after calling the attention of the meeting to the conduct of a member, who persists in irrelevance or in tedious repetition of his own arguments or of the arguments raised by other members, direct him to discontinue his speech.

17. The chairman may direct any member whose conduct is in his opinion grossly disorderly, to withdraw immediately from the meeting and any member so ordered to withdraw shall do so forthwith and shall unless recalled by the chairman absent himself during the remainder of the meeting. The chairman may cause to be summarily removed any member who disobeys an order to withdraw under this by-law.

18. Every motion or resolution shall be read, and if seconded, shall be deemed to be before the meeting for discussion. The mover shall speak first in support of the motion: then the seconder may speak, or if he desires, he may reserve his speach to a later period of the debate.

19. A member may speack only once to each motion, but the mover or the seconder of a substantive motion or resolution may reply at the conclusion of the debate thereon; provided that the chairman at his discretion may at any time allow a member, who has already spoken, to make a brief explanation.

20. After a motion has been proposed and seconded, any member may propose an amendment thereto. An amendment that is not seconded falls through.

21. Any number of amendments may be before the meeting at the same time but they shall be put to the vote in the reverse order to that in which they were moved. After all the amendments have been disposed of the resolution as amended shall be put to the vote.

22. A member who has already spoken on a substantive motion before the meeting is not thereby debarred from speaking on an amendment to the motion; provided that in so doing he confines himself strictly to the fresh matter introduced by the amendment.

23. No motion or amendment shall be withdrawn except with the consent of the meeting.

24. Every motion, resolution or amendment voted on shall be put to the meeting both for and against.

25. Unless a poll is demanded by any member present at the meeting a declaration made at the meeting by the chairman that a motion, resolution or amendment has been carried or lost shall be sufficient warrant for making an entry to that effect in the minutes. If a poll is demanded by any member present it shall be taken by show of hands and the result of such poll as declared by the chairman shall be deemed to be the resolution of the committee.

26. No decision of a committee shall be re-opened before the lapse of six months after it has been recorded, except in compliance with an order of the Provincial Government or of the Commissioner or with the permission in writing of the president.

27. Any officer of Government or other person, not being a member of the committee may, with the consent of the majority of the members and of the chairman, address the meeting.

28. All meetings of the committee shall be open to the reporters of the press and at the discretion of the chairman to the public ; provided that the reporters or the public or both shall withdraw, if at any time so required by the chairman.

29. Except as provided in by-law 27 no noise or expression of approval or disapproval on the part of the public or reporters present shall be permitted.

30. The chairman may cause any person other than a member of the committee who interrupts the business of the meeting to be summarily removed from the building in which the meeting is held.

31. No member may inspect the papers relating to a matter in which he or either of his parents or any other descendant of either or his parents or the husband or wife as may be of any such descendant has a direct or indirect pecuniary interest, subject to these exceptions :—

(a) members of sub-committees and members charged with the performance of any special duty may inspect the papers connected with their duties at the secretary's office during office hours.

) any other member may inspect documents and registers at the secretary's office during office hours, but he may, except in the case provided for by by-law No. 4, do so only with the permission in writing of the president or in his absence, of the vice-president.

(c) an application for permission to inspect under clause (b) shall be in writing and state the papers to be inspected and the reasons for inspecting them. The president or vice-president as may be, may refuse permission if the reasons given are in his opinion insufficient.

Proviso.—Nothing in this by-law shall be deemed to deprive any person of a right to inspect a document under any law other than the Punjab Municipal Act, 1911.

V.—The custody of the common seal and its use.

32. The common seal of the committee shall remain in the custody of the secretary and shall be used on contract deeds, conveyances, leases, licences, receipts and cheques signed by the secretary, and all notices issued under the Punjab Municipal Act, 1911, and the by-laws thereunder. In the absence of the secretary, the president or vice-president shall have the custody of the seal.

VI.—Sub-committees.

33. There shall be the following sub-committees, namely :—

(a) the finance sub-committee.

(b) the notified area works and building sub-committee.

of notification No. 26, dated the 28th of August, 1908, by the Commissioner, Delhi Division, as subsequently amended by his notification No. 57, dated the 28th of July, 1933 :—

BY-LAWS.

I.—Time and place of meeting.

1. General and special meetings of the Committee shall be held at least once a month on such date, time and place as the President may from time to time direct; provided that the President or in his absence the Vice-President or, when there is neither a President nor a Vice-President, the Secretary may convene a meeting at any time or place for the election of the President but not for the transaction of any other business; provided that a notice of not less than 48 hours shall be given for the purpose of electing office bearers and that the election of office bearers shall not, even with the consent of all members, be held without such notice having been given.

II.—Manner in which notice shall be given.

2. (*a*) The notice of every meeting under by-law 1 shall state the place, date and hour fixed for it and shall be signed by the President, Vice-President or the Secretary.

(*b*) The notice shall be accompanied by a duly attested list of the business to be transacted at the meeting hereinafter called "agenda".

(*c*) The agenda shall include every matter which any member may desire to put to the meeting: provided that a copy of the motion thereon signed by such member and by a seconder is delivered to the Secretary at the Municipal Office at least seven clear days before the date of the meeting.

(*d*) The notice and the agenda shall except in the case of the meeting proposed for the election of office bearers be despatched so that, at least, one clear day for a meeting which is deemed to be urgent and two clear days for any other meeting, shall intervene between the date of despatch and the date of the meeting.

3. Notice of an adjourned meeting shall be given by the Chairman on the spot and the same shall, as soon thereafter as possible, be sent to all the members of the Committee who are absent, provided that it shall be lawful for the President or, in his absence, the Vice-President to alter, with due notice, on the occasion of an emergency, the place-date or hour of such meeting.

4. All cases on the agenda of a meeting shall be made available in the Secretary's office (between office hours) for the inspection of members immediately after the despatch of the agenda.

III.—Quorum.

5. No business shall be transacted at an ordinary meeting of the Committee unless at least one-third of the total number of members are present.

6. In the absence of a quorum, the Chairman shall, forthwith, suspend the proceedings and adjourn the meeting.

VI.—Conduct of proceedings and the adjournment of meetings.

7. Every meeting shall commence with a motion by the Chairman that the minutes of the previous meeting be confirmed. Such minutes shall ordinarily be taken as read but if, for any reason, they have not been previously circulated to the members, they shall be read before they are taken into consideration. Any member, who was present at the previous meeting, may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.

8. The Chairman shall decide all points of order or procedure and his decision shall be final. Whenever he rises, any member speaking shall resume his seat.

9. The items on the agenda shall be dealt with in their order, provided that the Chairman, with the consent of the majority of the members present, may vary such order or bring before the meeting any matter not included in the agenda.

10. If more than one member rise to speak at the same time, the Chairman shall name the member who is to speak first.

11. Members when speaking shall stand and address the Chairman and, except on a point of order, or personal explanation, the member speaking shall not be interrupted by any member other than the Chairman.

12. No written speeches shall be delivered.

13. So far as is possible and consistent with the matter under discussion, no member shall direct personal or objectionable remarks at any other member. For the purposes of this by-law the ruling of the Chairman shall be final.

14. A member desiring to raise a point of order or personal explanation shall rise and address the Chairman. The member speaking shall then give way and remain seated until the Chairman has decided the point raised ; provided that the Chairman may permit any other member including the member called to order, to speak on the said point.

15. If the meeting refuses to obey the ruling of the Chairman on any matter, he may adjourn it at once and after he declares the meeting adjourned, on this or any other ground, the subsequent proceedings of the meeting or any residue thereof, shall be void, and shall not appear in the minutes.

16. The Chairman may after calling the attention of the meeting to the conduct of a member, who persists in irrelevance or in tedious repetition of his own arguments or of the arguments used by the other members, direct him to discontinue his speech.

17. The Chairman may name an unruly member for report to Government for consideration under section 16 (1) (*e*) of the Punjab Municipal Act.

18. The Chairman may direct any member, whose conduct is, in his opinion, grossly disorderly, to withdraw immediately from the meeting, and any member so ordered to withdraw shall do so forthwith and shall, unless re-called by the Chairman, absent himself during the remainder of the meeting. The Chairman may cause to be summarily removed any member who disobeys an order to withdraw under this by-law.

19. Every motion or resolution shall be read, and if seconded, shall be deemed to be before the meeting for discussion. The mover shall speak first in support of his motion, then the seconder may speak, or if he desires, he may reserve his speech to a later period of the debate.

20. A member may speak only once to each motion, but the mover or a seconder of a subtanstive motion or resolution may reply at the conclusion of the debate thereon, provided that the Chairman, at his discretion, may, at any time, allow a member, who has already spoken, to make a brief explanation.

21. After a motion has been proposed and seconded, any member may propose an amendment thereto. An amendment which is not seconded falls through.

22. Any number of amendments may be before the meeting at the same time, but they shall be put to vote in the reverse order to that in which they were moved, after all the amendments have been disposed of, the resolution, as amended, shall be put to vote.

23. A member, who has already spoken on a substantive motion before the meeting, is not thereby debarred from speaking on an amendment to the motion : provided that in so doing, he confines himself strictly to the fresh matter introduced by the amendment.

24. No motion or amendment shall be withdrawn except with the consent of the meeting.

25. Every motion, resolution or amendment voted on, shall be put to the meeting both for and against.

Proviso :—Nothing in this and the following by-laws shall affect the provisions of the rules for the election of President and Vice-President published with Punjab Government notificationNo. 18030, dated the 28th May, 1930.

26. Unless a poll is demanded by any member present at the meeting, a declaration made at the meeting by the Chairman that a motion, resolution or amendment has been carried or lost, shall be sufficient warrant for making an entry to that effect in the minutes. If a poll is demanded by any member present, it shall be taken by show of hands and the result of such poll, as declared by the Chairman, shall be deemed to be the resolution of the Committee.

27. No decision of a Committee shall be re-opened before the lapse of six months after it has been recorded, except in compliance with an order of the Provincial Government or, of the Commissioner or Deputy Commissioner or, with the permission, in writing of the President.

28. Any officer of Government or other person, not being a member of the Committee, may, with the consent of the majority of the members and of the Chairman, address the meeting.

29. All meetings of the Committee shall be open to the reporters of the press and at the discretion of the Chairman, to the public : provided that the reporters or the public or both shall withdraw, if, at any time, so required by the Chairman.

30. Except as provided in by-law 28 no noise, expression of approval or disapproval on the part of the public or reporters present, shall be permitted.

31. The Chairman may cause any person, other than a member of the Committee who interrupts the business of the meeting, to be summarily removed from the building in which the meeting is held.

32. (*a*) No member may inspect the papers relating to a matter in which he or either of his parents or any other descendant of either of his parents or the husband or wife, as may be, of any such descendant, has a direct or indirect pecuniary interest, subject to this exception that members of the sub-committees and members charged with the performance of any special duty, may inspect the papers connected with their duties at the Secretary's office during office hours ;

(*b*) any other member may inspect documents and registers at the Secretary's office during office hours but he may, except in the case provided for in by-law 4, do so, only with the permission in writing of the President or, in his absence, of the Vice-President ; and

(*c*) an application for permission to inspect under clause (*b*) shall be in writing and state the papers to be inspected and reasons for inspecting them. The President or Vice-President, as the case may be, may refuse permission if the reasons given are, in his opinion, insufficient.

Proviso :—Nothing in this by-law shall be deemed to deprive any person of a right to inspect a document under any law other than the Punjab Municipal Act, 1911.

V.—The custody of the common seal and the purpose for which it shall be used.

33. The common seal shall remain in the custody of the Secretary and shall be affixed to—

82. The limit of casual leave shall not exceed 20 days in a year.

83. All applications for leave shall be delivered at the municipal office from where they shall after necessary remarks, be submitted to the officer authorized to sanction the leave.

84. Every employee shall be responsible to report to the municipal office the date of his departure and return from leave through his immediate officer.

85. No employee shall proceed on leave unless his leave has been duly sanctioned and in case of urgent necessity permission of the President should first be obtained.

86. All transfers of the municipal employees within the Municipality, whose pay is less than Rs. 15 per month, shall be made by the President and those of others by the Committee.

87. The duties of all municipal servants shall be regulated according to such orders, as may, from time to time, be issued by the Committee, the President or the Secretary.

88. All appointments, whether new or officiating, shall be made from the approved candidates, due consideration being paid to the seniority and qualifications of candidates.

X.—Term for which the Vice-President shall hold office.

89. There will be two Vice-Presidents, one Senior and the other Junior.

90. A Vice-President shall hold office for one year except when he fills a vacancy caused by the death, resignation or removal, in which case, he shall hold office only for the unexpired period of his predecessor; but the outgoing Vice-President shall continue in office until his successor is elected.

Appeals.

91. Subject to any restrictions imposed by any by-law an appeal may be preferred to the Committee only from the executive order passed by the Sub-Committees, President, Vice-President, a member or any officer of the Committee.

92. No appeal shall be considered unless it is filed within 30 days of the date of the order against which it is preferred, or the date of its legal service on the appellant and unless it is accompanied by a certified copy of such order.

93 (*a*). In computing the period of limitation prescribed for an appeal in by-law 92 the time required for obtaining a copy of the order shall be excluded.

(*b*). No appeal shall lie if the application for revision has been presented to the officer who passed that order.

XI.—Miscellaneous.

94. Copies of resolutions and other documents will be granted on recovery of fees prescribed by the Municipal Committee and the Secretary shall attest such copies as true copies, but no copies shall be granted of the reports of members and officers of the Committee, letters of other departments and any other document, the grant of copies of which is prohibited by the Committee or the President of the Committee.

95. No municipal record shall be sent to any member's house except when it is to be submitted for opinion, report; or execution of any work by the order of the Committee, President or Vice-President or the Secretary.

96. All cheques shall be signed by the President, or Vice-President and one member of the Committee.

97. Office of the Municipal Committee shall remain closed on holidays declared by the Government for the Office of the Deputy Commissioner, Karnal, and also for local festivals with the permission of the President.

98. No member of the Committee shall employ any servant of the Committee for his private work.

Notified Areas.

The 9th March, 1940.

No. 84.—In pursuance of the provisions of section 31 (3) of the Punjab Municipal Act, 1911, the following by-laws, framed by the Notified Area Committee, Buria, in the Ambala District, having been approved as required by section 31 (2) of the said Act, by the Commissioner, Ambala Division, in exercise of the powers delegated to him under section 32 of the said Act by Punjab Government notification No. 5555, dated 17th of February, 1934, are published for general information. They shall come into force from the date of this notification :—

BY-LAWS.

Time and place of meeting.

1. (*a*) Every meeting of the Notified Area Committee, whether general or special, shall be held on such date and at such hour and place as may be fixed for it by the President, or, in his absence, by the Vice-President :

Provided that when there is neither a President nor a Vice-President, the Secretary may convene a meeting at any time or place for the election of the President, but not for the transaction of any other business.

(*b*) An ordinary meeting of the Committee shall be held at least once a month :

Provided that a notice of not less thnn 48 hours shall be given for the purpose of electing office-bearers and that the election of office-bearers shall not, even with the consent of all members, be held without such notice having been given.

Manner in which notice shall be given.

2. (*a*) The notice of every meeting under by-law 1 shall state the place, date, and hour fixed for it and shall be signed by the President, the Vice-President or the Secretary.

(*b*) The notice of every meeting shall be accompanied by a list duly attested by the Secretary, setting forth the business to be transacted at the meeting hereinafter called " agenda ".

(*c*) The agenda shall include every matter which any member may desire to put to the meeting, provided that a copy of the motion thereon signed by such member and a seconder is delivered to the Secretary at the office of the Notified Area Committee, at least seven clear days before the date of the meeting.

(*d*) The notice and the agenda shall be despatched by the Secretary not less than three days before the time fixed for an ordinary meeting, and twenty-four hours before the time fixed for an urgent or a special meeting and shall be served on each member of the Committee.

3. Notice of an adjourned meeting shall be given by the Chairman on the spot, and it shall, as soon thereafter as possible, be sent to all members of the Notified Area Committee, who are absent :

Provided that it shall be lawful for the President or, in his absence, the Vice-President or the Secretary to alter, with due notice on the occasion of an emergency, the place, date or hour of such meeting.

4. All cases on the agenda of a meeting shall be made available in the Secretary's office (between office hours) for the inspection of the members immediately after the despatch of the agenda.

Quorum.

5. No business shall be transacted at any ordinary meeting of the Notified Area Committee unless at least half of the total number of members are present.

6. In the absence of a quorum the Chairman shall forthwith suspend the proceedings and adjourn the meeting, whether ordinary or special.

Conduct of proceedings and the adjournment of meetings.

7. Every meeting shall commence with a motion by the Chairman that the minutes of the previous meeting be confirmed. Such minutes shall ordinarily be taken as read, but if for any reason, they have not been previously circulated to the members they shall be read before they are taken into consideration. Any member, who was

present at the previous meeting, may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.

8. The Chairman shall decide all points of order or procedure and his decision shall be final. Whenever he rises, any member speaking shall resume his seat. The Chairman, after finishing his remarks, shall allow the member to finish his speech.

9. The items on the agenda shall be dealt with in their orders, provided that the Chairman, with the consent of the majority of the members present, may vary such order and may bring before the meeting any matter not included in the agenda.

10. (*a*) If more than one member rise to speak at the same time, the Chairman shall name the member who is to speak first.

(*b*) Members when speaking shall stand and address the Chairman and, except on a point of order or personal explanation, the member speaking shall not be interrupted by any member other than the Chairman.

(*c*) No written speeches shall be delivered.

11. So far as is possible and consistent with the matter under discussion, no member shall direct personal or objectionable remarks at any other member. For the purpose of this by-law the ruling of the Chairman shall be final.

12. A member desiring to raise a point of order or personal explanation, shall rise, and address the Chairman. The member speaking shall then give way and remain seated until the Chairman has decided the point raised ; provided that the Chairman may permit any other member, including the member called to order, to speak on the said point.

13. (*a*) If the meeting refuses to obey the ruling of the Chairman on any matter, he may adjourn it at once; and after he declares the meeting adjourned on this or any ground, the subsequent proceedings of the meeting or any residue thereof shall be void and shall not appear in the minutes.

(*b*) The Chairman, with the consent of the majority of members may adjourn the meeting at any stage.

14. The Chairman may, after calling the attention of the meeting to the conduct of a member, who persists in irrelevance or in tedious repetition of his own arguments or of the arguments used by other members, direct him to discontinue his speech.

15. The Chairman may direct any member, whose conduct is, in his opinion, grossly disorderly, to withdraw immediately from the meeting ; and, any member so ordered to withdraw, shall do so forthwith, and shall, unless recalled by the Chairman, absent himself during the remainder of the meeting. The Chairman may cause to be summarily removed any member who disobeys an order to withdraw under this by-law.

16. The Chairman may name an unruly member for report to Government for consideration under section 16 (1) (*e*) of the Act.

17. Every motion or resolution shall be read and, if seconded, shall be deemed to be before the meeting for discussion. The mover shall speak first in support of his motion then the seconder may speak or, if he desires, he may reserve his speech to a later period of the debate.

18. A member may speak only once to each motion, but the mover or seconder of a substantive motion or resolution may reply at the conclusion of the debate thereon; provided that the Chairman, at his discretion, may, at any time, allow a member, who has already spoken, to make a brief explanation.

19. (*a*) After a motion has been proposed and seconded, any member may propose an amendment thereto. An amendment which is not seconded falls through.

(*b*) Any number of amendments may be before the meeting at the same time but they shall be put to vote in the reverse order to that in which they were moved but amendments to an amendment shall always be taken immediately before the original amendment. After all the amendments have been disposed of, the resolution, as amended, shall be put to the vote.

20. (*a*) A member, who has already spoken on a substantive motion before the meeting, is not thereby debarred from speaking on an amendment to the motion ; provided that in so doing he confines himself strictly to the fresh matter introduced by the amendment.

(*b*) No motion or amendment shall be withdrawn except with the consent of the meeting.

21. Every motion, resolution or amendment, voted on, shall be put to the meeting both for and against.

Proviso :—Nothing in this and the following by-laws shall affect the provisions of the rules for the election of the President and Vice-President, in force for the time being.

22. Unless a poll is demanded by any member present at the meeting a declaration made at the meeting by the Chairman that a motion, resolution or amendment has been carried or lost, shall be a sufficient warrant for making an entry to that effect in the minutes. If a poll is demanded by any member present, it shall be taken by a show of hands and the result of such poll, as declared by the Chairman, shall be deemed to be the resolution of the Committee.

23. No decision of the committee shall be re-opened before the lapse of six months after it has been recorded, except in compliance with an order of the Punjab Government or of the Commissioner or the Deputy Commissioner, or, with the permission of the President in writing, or, on a requisition signed by two-thirds of members actually serving on the Committee.

24. Any officer of Government or other person, not being a member of the Committee, may, with the consent of the Chairman, address the meeting.

25. All meetings of the Committee shall be open to the reporters of the press and, with the consent of the Chairman, to the public ; provided that the reporters or the public or both shall withdraw if, at any time if so required by the Chairman.

26. Except as provided in by-law No. 24, no noise, expression of approval or disapproval, on the part of the public or reporters present shall be permitted.

27. The Chairman may cause to be summarily removed from the building in which a meeting is being held, any person not being a member of the Committee, who interrupts the business of the meeting or makes any noise or any expression of approval or disapproval or conduct himself in an unseemly manner.

28. (*a*) No member may inspect the papers relating to a matter in which he or either of his parents or any other member of his family has a direct or indirect pecuniary interest.

(*b*) Members of the sub-committees and members charged with the performance of any special duty may inspect the papers connected with their duties at the Secretary's office during office hours.

(*c*) Any other member may inspect documents and registers at the Secretary's office during office hours but he may, except in the case provided for in by-law No. 4, do so only with the permission in writing of the President or, in his absence, of the Vice-President.

(*d*) An application for permission to inspect under clause (*c*) shall be in writing and state the papers to be inspected and reasons for inspecting them. The President or Vice-President, as may be, may refuse permission if the reasons given are, in his opinion, insufficient. In the case of refusal, if the applicant so desires, his application, with remarks of refusal, shall be laid before the next meeting of the Committee.

Priviso :—Nothing in this by-law shall be deemed to deprive any person of a right to inspect a document under any law other than the Punjab Municipal Act, 1911.

The custody of the common seal and its use.

29. The common seal shall remain in the custody of the Secretary of the Committee and, in the absence of the Secretary, in that of the President, and shall be affixed to the following documents :—

(1) all deeds of sale or purchase and plans whether relating to movable or immovable property executed by or on behalf of the Committee ;

(2) all written contracts and deeds entered into and leases given by the Committee ;

(3) all copies of the Committee's orders granted on behalf of the Committee ;

(4) all notices and permits issued by the Committee, the President, the Vice-President or the Secretary, under the Punjab Municipal Act, 1911, or rules thereunder ;

(5) all copies of the Committee's records supplied to the applicants ;

(6 all notices of meetings issued under by-law 2 of these by-laws ;

(7) all bills and receipts for the recovery of taxes, rents and other dues and cheques; and

(8) any other documents or class of documents on which the Committee or the President may direct that the common seal shall be affixed.

General rules (powers of the President).

30. The President is the Chief Executive Officer of the Notified Area Committee. All reports of the Sub-Committees or of the members shall be addressed to him for disposal.

31. The President is authorised to sanction payment of :—

(a) the fixed salaries of all sanctioned establishment of the Committee;

(b) all sanctioned grants-in-aid, scholarships, and ordinary contingent charges;

(c) all sanctioned payments due from the Committee; and

(d) all bills of the contractors for public works when they have been checked passed and recommended by the Secretary for sanction.

32. The President may order the expenditure of any sum not exceeding Rs. 25 in any case at a time; provided that the Committee is informed of such expenditure at its next meeting.

33. The President may order the sale of dead and live stock and the moveable property of the Committee and sanction the sale-proceeds therefrom up to Rs. 50 subject to confirmation by the Committee.

34. The President may grant one month's leave to any officer or servant of the Committee without reference to the Committee. Any leave exceeding one month sanctioned by him shall require the approval of the Committee.

35. The President shall have the power to make necessary arrangements in case of leave granted by him under by-law 34 above.

36. The President may suspend any servant of the Committee for misconduct or neglect of duty but he shall bring the fact of his having done so to the notice of the Committee at the next meeting where a decision shall be arrived at as to whether the officer be reinstated or dismissed. For dismissal the procedure laid down in Punjab Government notification No. 13509, dated the 29th of April, 1927, as amended from time to time, shall have to be followed.

37. The President may sanction all appointments carrying a pay of Rs. 15 per mensem or less without reference to the Committee and may dismiss any servant so appointed for misconduct or neglect of duty, or any other fault subject to an appeal to the Committee.

38. The President shall exercise general control over all the Notified Area Committee's establishment and shall receive all reports, etc., concerning them. He is authorized to impose a fine of Rs. 5 or less on any servant of the Committee for misconduct or neglect of duty or for any other fault.

39.
